## REVISED BY-LAWS

### Town of Milton, March 2, 1902

*Adopted by the Town and approved by the Superior Court May 20, 1902*

*The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, March 12, 1927, March 10, 1928, June 13, 1928, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926, April 20, June 21, 1927, June 11, 1928, September 24, 1928, June 1, 1929*

*Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922*

*The amendment to Chapter 12, adopted by the Town March 13, 1926, was approved March 17, 1926*

## CHAPTER 1

### GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to

him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

## CHAPTER 2

### TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator.

If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and nays, then the roll of the meeting shall be called in alphabetical order and no town meeting member shall be allowed to vote after the vote is declared.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a certain time,
- to commit (or recommit) or refer,
- to amend or substitute,

shall have precedence in the order in which they are placed in this section; provided however, no article in the warrant shall be finally disposed of by a vote to lay upon table, to indefinitely postpone, or to take no action thereunder.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

## CHAPTER 3

## THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

## CHAPTER 4

## THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, except the poll tax list, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and fund of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the

means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

SECT. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

SECT. 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain" and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

## CHAPTER 5

### THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

## CHAPTER 6

### POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and

to be on such conditions as the Selectmen may require: and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Section 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Section 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 27. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

#### PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

## CHAPTER 7

## THE CONSTRUCTION AND INSPECTION OF BUILDINGS

SECTION 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act", for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

SECT. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

SECT. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, handrails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

## PERMITS

SECT. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform, or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

SECT. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

SECT. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

SECT. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

SECT. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on footings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height	Foundation	Basement	STORIES					
			1	2	3	4	5	6
1 story . . .	16	12	8					
2 stories . . .	16	12	12	8				
3 stories . . .	20	16	12	12	8			
4 stories . . .	20	16	16	12	12	8		
5 stories . . .	20	16	16	16	12	12	8	
6 stories . . .	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls shall not exceed:

First Story . . . . .	17 feet
Second Story . . . . .	15 feet
Third Story . . . . .	13 feet
Fourth and Upper Stories . . . . .	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portions of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross area. In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness, provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the superimposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs, and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

SECT. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

SECT. 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beam in stirrup-irons. When it is not practical to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

SECT. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

SECT. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or columns as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting posts below that required by the provisions of this chapter. No floor, timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These stops may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty

(250) pounds. Loads not included in the above classification shall be determined by the inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressure shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1,200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine, Oak and Locust	Other Woods
Direct tension on compression or fiber stress . . . . .	1,500	1,000
Direct compression side grain . . . . .	500	300
Shear across fiber . . . . .	1,200	800
Shear with fiber . . . . .	150	100
Short columns . . . . .	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3,000) pounds per square inch. The maximum compression fiber stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their external diameter. The unit stress for lengths up to three (3) times their diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:  
Tension and fiber stress, 16,000 pounds per square inch; compression in columns, 13,000 pounds per square inch.

Columns may be used with a ratio of length (l) to least radius of gyration (r) not exceeding 16, l being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for l/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1,000 pounds for each succeeding increase of 2 in the ratio of l to r.

Shear in rivets, 10,000 pounds per square inch; shear in rough bolts, 9,000 pounds per square inch; shear in web (stiffened), 8,000 pounds per square inch in short pieces, or compressive bearing on rough bolts, 15,000 pounds per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such material of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

SECT. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and bearing on rivets 18,000 pounds per square inch; shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

SECT. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter, extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

SECT. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

SECT. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

SECT. 38A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

#### ELECTRIC WIRING AND FIXTURES

SECT. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and

shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

#### GAS FIXTURES

SECT. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

SECT. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

SECT. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half ( $\frac{1}{2}$ ) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

#### REGULATIONS MADE BY THE FIRE ENGINEERS ACCORDING TO THE PROVISIONS OF CHAPTER 32, SECTION 46, OF THE REVISED LAWS IN REGARD TO CHIMNEYS, FLUES, FIREPLACES AND HEATING PIPES

SECT. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

SECT. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork, not less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

SECT. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete built of clay or

concrete at least eighteen (18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

SECT. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired or made safe, or taken down.

SECT. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

## CHAPTER 8

### THE REGULATION AND INSPECTION OF PLUMBING

SECTION 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent

to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a quarter ( $1\frac{1}{4}$ ) inches inside diameter.

SECT. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventilation pipes on the outside of any building shall be less than two (2) inches in diameter.

SECT. 9. All joints in iron pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe at a point not lower than the seal of the trap in such a manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead vent pipes may be used only where they are exposed to view.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

SECT. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter ( $1\frac{1}{4}$ ) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. No water-closet shall be enclosed with any woodwork.

SECT. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

SECT. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half ( $\frac{1}{2}$ ) inch.

SECT. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offence, to be paid into the treasury of the Town of Milton.

SECT. 18. Upon the approval of Chapter 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

## CHAPTER 9

### STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid in the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the traveling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

## CHAPTER 10

### TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time this amendment takes effect, shall have been duly approved by the Board of Survey. Provided, however, that upon written certification by the Board of Survey, in respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way, or ways, may be laid out less than fifty feet but not less than forty feet in width.

SECT. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

## CHAPTER 11

## BILLBOARDS

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

## CHAPTER 12

## USE OF BUILDINGS

SECTION 1. *Districts.*—A residence district is hereby created in the Town of Milton to be known as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

*District B.*—Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

*District C.*—Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.*—(a) The Zoning Map prepared by C. Frederick Joy, Jr. Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.*—In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purpose except for one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church, school or academy.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 3A. *Location of Buildings in District A.*—After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18" wide, shall be built within 15 feet of the sideline of the street on which it fronts, provided that no building need be set back more than the average of the set-back of the buildings on the lot next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet, and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of the building except steps, and eaves not exceeding 18" wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of the building except steps, chimneys, and eaves not exceeding 18" wide, and buildings of accessory use as defined in Section 3 paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on corner lot an additional area of 400 square feet may be occupied, however, subject to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot excepting buildings of accessory use as defined in Section 3, paragraph (h).

SECT. 3B. *Single Family Dwellings*.—After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective—

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yard adjacent thereto, no such side yard to exceed 10 feet width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by dwellings for two families.

SECT. 3C. *Validity*.—The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

SECT. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

SECT. 4. *Existing Buildings*.—Any building or part of a building in District A which at the time of adoption of this By-Law is being used for a purpose forbidden

in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.*—Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Selectmen may decide, the Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.*—Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.*—The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

## CHAPTER 13

### PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members to such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

## LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

---

MARCH 19, 1866. *Voted*, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

MARCH 7, 1881. *Voted*, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments, and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

FEBRUARY 12, 1891. *Voted*, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

FEBRUARY 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

NOVEMBER 28, 1894. *Voted*, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

MARCH 4, 1895. *Voted*, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

MARCH 1, 1897. *Voted*, To accept the provisions of Chapter 101 of the Public Statutes, relative to the suppression of common nuisances. (General Laws, Chapter 139.)

MARCH 7, 1898. *Voted*, To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

MARCH 5, 1900. *Voted*, To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

MARCH 3, 1902. *Voted*, To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

JULY 14, 1902. *Voted*, To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

AUGUST 16, 1902. *Voted*, To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

MARCH 2, 1903. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

MARCH 2, 1903. *Voted*, To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

MARCH 7, 1904. *Voted*, To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

MARCH 6, 1905. *Voted*, To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

JULY 21, 1905. *Voted*, To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

MARCH 1, 1909. *Voted*, To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

MARCH 8, 1910. *Voted*, To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

NOVEMBER 7, 1911. *Voted*, To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Acts to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

NOVEMBER 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

NOVEMBER 4, 1913. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

NOVEMBER 3, 1914. *Voted*, To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

MARCH 13, 1915. *Voted*, To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

MARCH 10, 1917. *Voted*, To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

MARCH 9, 1918. *Voted*, To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wadsworth. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

MARCH 13, 1920. *Voted*, To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

MAY 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

NOVEMBER 2, 1920. *Voted*, To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

MARCH 12, 1921. *Voted*, To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

MARCH 3, 1923. *Voted*, To accept the provisions of Chapter 516 of the Acts of 1922 relative to the adoption of the State accounting system.

JUNE 12, 1923. *Voted*, To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

MARCH 14, 1925. *Voted*, To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

MARCH 5, 1927. *Voted*, To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

# MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1931

## MARCH MEETING

### WARRANT

1931

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

*To any Constable of the Town of Milton, in said County,*

*Greetings:*

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct I, Polling Place, Town Hall, Canton Avenue,  
In Precinct II, Polling Place, Tucker School Hall, Blue Hills Parkway,  
In Precinct III, Polling Place, Police Station, Central Avenue,  
In Precinct IV, Polling Place, Belcher School, Church Street,  
on Saturday, March seventh next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

A Moderator for the term of one year.

A Town Clerk for the term of one year.

A Town Treasurer for the term of one year.

A Collector of Taxes for the term of one year

Three Selectmen and Surveyors of Highways for one year term.

One Assessor for the term of three years.

Two Members of the Board of Public Welfare for the term of three years.

One Sewer Commissioner for the term of three years.

A Tree Warden for the term of one year.

Two Members of the School Committee for the term of three years.

One Member of the Board of Health for the term of three years.

One Trustee of the Cemetery for the term of five years.

Three Library Trustees for the term of three years.

One Library Trustee for the term of one year to fill vacancy.

One Park Commissioner for the term of three years.

One Water Commissioner for the term of three years.

One Trustee of the Wadsworth Fund for the term of three years.

Two members of the Planning Board for the term of three years.

Four Constables for the term of one year.

Eighty-one Town Meeting Members as follows:

Precinct I—Sixteen for three years. One for two years to fill vacancy.

Precinct II—Twenty-eight for three years.

Precinct III—Ten for three years.

Precinct IV—Twenty-four for three years. Two for one year to fill vacancy.

For these purposes the polls will be open at each and all of said Precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March fourteenth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following Articles, to wit:

## RECOUNT OF VOTES CAST FOR SELECTMEN ON MARCH 7, 1931

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss.

Milton, Mass., March 11, 1931.

At a meeting called and held at the Town Hall in said Milton on the above date March 11, 1931, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the annual town meeting, held upon March 7, 1931, for Selectmen, having been petitioned for by more than ten voters), said recount was held upon the above date with results as follows:

	<i>Precincts</i>				TOTAL
	I	II	III	IV	
Josiah Babcock .....	601	891	417	1102	3011
Daniel F. Driscoll.....	341	727	202	548	1818
Laurence B. Flint.....	222	695	98	1019	2034
Frederick A. Gaskins.....	448	641	391	539	2019
Nelson F. Hermance.....	49	388	72	92	601
George S. Murray.....	627	636	362	839	2464
Howard S. Patterson.....	509	596	331	515	1951
William L. Wadsworth.....	140	268	97	376	881
Blanks .....	501	819	361	481	2162

All the above votes after being counted were again sealed up and delivered to the Town Clerk.

JOSEPH A. REIN,  
PATRICK F. MAHONEY,  
FRANK L. RICHARDS,  
G. FRANK KEMP,  
*Registrars of Voters.*

### Adjourned Meeting, March 14, 1931

Town Meeting Members Present 222; Town Meeting Members Absent 25.

ARTICLE 1. To choose all such Town Officers as are not required by law to be chosen by ballot.

The following officers were elected viva voce, namely:

Ralph E. Forbes . . . . .	Bird Warden
George E. Burt . . . . .	Measurer of Lumber
Carl R. Horne . . . . .	Measurer of Lumber

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

*Voted*, That the report of the Town Accountant be accepted and placed on file.

### LEGISLATIVE COMMITTEE REPORT

Milton, January 2nd, 1931.

The Legislative Committee appointed for the year 1930 followed its usual course in connection with Legislation, by employing Mr. L. B. Kent to examine all bills and then to report to the Committee such as seemed to affect the interests of the Town of Milton. The Committee also, through one or more of its members, examined all bills filed and met and discussed suggested legislation. Bills that seemed to be of sufficient interest to the Town, were passed on to the Selectmen with the recommendation of the Committee. The Selectmen then took such action as seemed to them proper, through the legislative counsel.

Respectfully submitted,

(Signed) LINCOLN BRYANT,  
*Chairman of the Committee.*

*Voted*, That the above report of the Legislative Committee be accepted and placed on file.

Report of The Special Committee Appointed by the Moderator under Article 80 of the Warrant of the Town Meeting of 1930 to Submit to the Town Meeting a Revision of the Present Building Law.

The Committee wishes to report that they have been making an exhaustive study of the subject under consideration. In order to make a comprehensive report and recommendation to the Town a large amount of detailed work has been necessary. The committee has at this time completed a preliminary revision of the present law. It is the opinion of the Committee, however, that this revision requires further consideration by it and further consultation with various experts in the various fields of building.

The Committee, therefore, requests that it be allowed to carry over and make its final report in March, 1932.

It further requests that the appropriation of Five Hundred Dollars which was made for its use at the 1930 Town Meeting be carried over until 1932.

Respectfully submitted,

(Signed) JOSEPH D. LELAND,

*Chairman.*

*Voted*, That the above preliminary report be accepted, the committee continued and the appropriation of Five Hundred Dollars which was made for its use at the 1930 Town Meeting be carried over until 1932.

#### GENERAL GOVERNMENT

ARTICLE 3. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes, the present year:

*Voted*, That the following amounts be appropriated:

1. Warrant Committee . . . . .	\$750 00
2. Selectmen . . . . .	\$5,800 00
Including salaries of \$1,500, \$500 for each Selectman	
3. Accountant . . . . .	\$2,600 00
4. Town Engineer . . . . .	\$20,000 00
Including \$1,150 for new equipment	
5. Assessors . . . . .	\$9,800 00
Including \$2,800 Salaries:	
Chairman . . . . .	\$1,200
2nd Member . . . . .	800
3rd Member . . . . .	800
6. Treasurer . . . . .	\$3,000 00
Including \$2,200 salary	
7. Collector . . . . .	\$4,800 00
Including \$2,500 salary	
8. Town Clerk . . . . .	\$1,830 00
Including \$500 salary	
9. Election and Registration . . . . .	\$2,500 00
10. Law . . . . .	\$5,750 00
11. Town Hall and Lot . . . . .	\$4,536 00
12. Thacher Building . . . . .	\$2,500 00
13. Insurance . . . . .	\$12,834 99
14. Town Reports . . . . .	\$2,800 00
15. Licensing Commission for one and two-car private garages . . . . .	\$150 00
16. Planning Board . . . . .	\$300 00
Total Appropriation Voted under this article . . . . .	\$79,950 99

ARTICLE 4. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

*Voted*, To appropriate \$23,000 for the Reserve Fund for extraordinary or unforeseen expenditures during the current year, it being understood that of this amount the sum of \$14,000 is appropriated to cover extraordinary expenses, including expenses incurred for laying out and constructing street drains, which may be incurred by Town Departments in the effort to lessen unemployment in the Town.

(Unanimous Vote)

ARTICLE 5. To see what sum of money the Town will vote to authorize the Assessors to use out of the Excess and Deficiency Account in fixing the tax rate for 1931.

*Voted*, That the Assessors be authorized to use \$100,000 out of the Excess and Deficiency Account, in fixing the tax rate for 1931.

ARTICLE 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the Revenue of the financial year ending December 31, 1931.

*Voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed \$650,000 in anticipation of the revenue of the financial year ending December 31, 1931, and to issue a note or notes therefor payable within one year from the date thereof, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1931.

(Unanimous Vote)

ARTICLE 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1932 in anticipation of the revenue of the financial year ending December 31, 1932.

*Voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1932 to an amount not to exceed \$200,000 in anticipation of the revenue of the financial year ending December 31, 1932, and to issue a note or notes therefor, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1932.

(Unanimous Vote)

ARTICLE 8. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

*Voted*, To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

*Voted*, To authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

(Unanimous Vote)

ARTICLE 10. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Board and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

*Voted*, To authorize the Moderator to appoint a committee of five citizens

to consider such proceedings of the Legislature and State Board and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

COMMITTEE

FREDERICK CHASE  
JOHN J. MOORE

KENNETH D. JOHNSON

LINCOLN BRYANT  
FELIX RACKEMANN

PROTECTION OF PERSONS AND PROPERTY

ARTICLE 11. To see what sum of money the Town will vote to appropriate for the Protection of Persons and Property the present year:

*Voted*, To appropriate the following sums:

1. Police Department	\$81,750 00
Including \$250.00 for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested, or which may tend to improve the service of the department; \$81,000.00 for General Expenses and \$500 for new equipment.	
2. Fire Department	\$57,550 00
Including \$50.00 for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested, or which may tend to improve the service of such department.	
3. Hydrant Service	\$20,685 00
4. Wire Department	\$8,825 00
5. Tree Warden Department:	
For Public Work	\$9,050 00
Including \$50.00 for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested, or which may tend to improve the service of the Dept.	
For Private Work	\$3,000 00
6. Moth Department:	
For Public Work	\$5,000 00
For Private Work	\$2,500 00
7. Street Lighting	\$27,650 00
8. Additional Lights	\$1,500 00
It is understood that the work to be done under this appropriation shall include the installation of lights in East Milton square as shown on plan by Town Engineer dated March 13, 1931.	
9. Building Inspector	\$3,500 00
For unpaid bills of 1930	\$47 36
10. Sealer of Weights and Measures	\$500 00
For unpaid bills of 1930	\$100 00

ARTICLE 12. To see what sum of money the Town will vote to appropriate for the further improvements of the present police signal system and act on anything relating thereto.

*Voted*, That the sum of \$20,150.00 be appropriated for the further improvements of the present police and fire signal systems.

## HEALTH AND SANITATION

ARTICLE 13. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year, and the sum of \$32.80 for unpaid bills for 1930.

*Voted*, To appropriate the following sums:

|--|------------|
| 1. Health General, for the expenses of the current year . . .  | \$8,250 00 |
| Including \$50.00 for the necessary expenses of officers and employees of the department incurred outside the Commonwealth, in securing information upon matters in which the Town is interested, or which may tend to improve the service of such department. |            |
| Unpaid bills of 1930 . . . . .   | \$32 80    |
| 2. Dental Dispensary for Schools . . . . .   | \$750 00   |
| 3. Inspector of Animals . . . . .  | \$300 00   |
| 4. Vital Statistics . . . . .  | \$750 00   |
| 5. Sewer Maintenance . . . . .   | \$4,000 00 |
| Voted that the Sewer Commissioners and Selectmen co-operate in an endeavor to consolidate all Sewer Engineering work under the direction of the Town Engineer.   |            |
| 6. Maintenance and Repairs of Norfolk County Hospital . . .  | \$9,153 52 |

ARTICLE 14. To see what sum of money the Town will appropriate for the disposal of garbage, ashes and other refuse and offal, for the present year.

*Voted*, To appropriate \$23,520.00 for the disposal of garbage, ashes and other refuse and offal, for the present year.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the Water Department the present year, to be expended by the Board of Water Commissioners and act on anything relating thereto.

*Voted*, To appropriate the sum of \$40,286.60 to be taken from the balance of water receipts accumulated as of December 31, 1930, and the further sum of \$115,000 for the use of the Water Department the current year, to be expended by the Water Commissioners pursuant to the provisions of the Acts of 1902, Chapter 307, and Acts in amendment thereof and addition thereto, said expenditures to include payment of the Metropolitan water assessment, the retirement of Bonds due in 1931, the interest on bonds and notes outstanding in Town of Milton water loans, and other expenditures authorized under said Act, including \$2,500 for new equipment, and to appropriate the further sum of \$15,612.36 from the Water Balance account to provide for construction actually made prior to December 31, 1930.

Two Hundred and fifty dollars (\$250.00) of the foregoing amount is appropriated for the necessary expenses of officers and employees of the department incurred outside the Commonwealth, in securing information upon matters in which the Town is interested, or which may tend to improve the service of such department.

(Carried by more than a  $\frac{2}{3}$  rds vote).

ARTICLE 16. To see what sum of money not exceeding \$100,000 the Town will vote to raise and appropriate under the provisions of Section 8 of Chapter 44 of the General Laws for the installation of water mains of not less than six inches in diameter, and to act on anything relating thereto.

*Voted*, That the Treasurer be and he hereby is authorized in the name and behalf of the Town and under authority granted in, and in compliance with, the provisions of Section 8 of Chapter 44 of the General Laws and other acts applicable thereto to borrow a sum not exceeding \$75,000, the same to be expended by the Board of Water Commissioners for the extension of water mains of not less than six inches in diameter and to issue bonds of the Town not exceeding said sum. Said bonds shall bear on their face the words "Town

of Milton Water Loan," and shall be payable as required by said Section 8 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than fifteen years from their date, or at such earlier dates as the Treasurer and the Water Commissioners may determine. They shall be sold at not less than the par value thereof from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

ARTICLE 17. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes, and for sewage disposal and to raise and appropriate money for the same.

*Voted*, That the Town appropriate the sum of \$35,000 for the construction of sewers for sanitary purposes and for sewage disposal; and that to meet said appropriation there be raised in the tax levy of the current year the sum of \$10,000, and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$25,000 and to issue bonds or notes of the Town therefor, said bonds or notes to bear on their face the words "Town of Milton Sewer Loan, 1931," and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note, or such earlier dates as the Treasurer or Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal and may be exchanged in compliance with the statutory provision for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

#### HIGHWAYS

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

*Voted*, To appropriate the following sums:

1. General Expense	.	.	.	.	.	.	.	.	.	\$85,000 00

For work on public ways, for which work private individuals or corporations are required to reimburse the town, or for which departments of the town other than the Highway Department are responsible.

5. New Equipment	.	.	.	.	.	.	.	.	.	\$10,000 00
------------------	---	---	---	---	---	---	---	---	---	-------------

ARTICLE 19. To see what sum of money the Town will appropriate for the drainage of public streets the ensuing year.

*Voted*, To appropriate \$15,679.22 for the drainage of public streets the ensuing year.

(Unanimous Vote)

ARTICLE 20. To see what sum of money the Town will vote for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

*Voted*, To appropriate \$8,016.70 for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

ARTICLE 21. To see if the Town will vote to accept a part of Parkway Crescent, running from Blue Hills Parkway to Audubon Road, as a Town way and a part of Audubon Road running from Parkway Crescent to Harold Street, as a Town way as laid out by the Selectmen under the laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 22. To see if the Town will vote to accept Braeburn Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 23. To see if the Town will vote to accept Cary Avenue, running 2,000 feet more or less easterly from Adams Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 24. To see if the Town will vote to accept Hillcrest Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 25. To see if the Town will vote to accept Meagher Avenue as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same, and to act on anything relating thereto.

See vote following Article 31.

ARTICLE 26. To see if the Town will vote to accept Pond Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 27. To see if the Town will vote to accept Pilgrim Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

*Voted*, Not to accept Pilgrim Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments.

ARTICLE 28. To see if the Town will vote to accept Petersburg Avenue Extension as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

Set vote following Article 31.

ARTICLE 29. To see if the Town will vote to accept Windsor Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 30. To see if the Town will vote to accept West Street as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

See vote following Article 31.

ARTICLE 31. To see if the Town will vote to accept Aberdeen Road as a Town way, as laid out by the Selectmen under laws authorizing assessment of betterments, and to raise and appropriate money for the same and act on anything relating thereto.

*Voted*, Under Articles 21, 22, 23, 24, 25, 26, 28, 29, 30 and 31 to accept the following streets as Town ways, as laid out by the Selectmen under the law authorizing the Assessment of Betterments, and that appropriations for said Streets, respectively, be made as follows:

Aberdeen Road . . . . .	\$10,931 79
Audubon Road . . . . .	6,661 11
Braeburn Road . . . . .	8,861 16
Cary Avenue . . . . .	10,442 46
Hillcrest Road . . . . .	8,135 46
Meagher Avenue . . . . .	9,535 47
Petersburg Avenue Extension . . . . .	7,576 51
Pond Street . . . . .	3,832 95
West Street . . . . .	6,538 86
Windsor Road . . . . .	4,500 00
 Total . . . . .	 \$77,015 77

(See Resolution under adjourned meeting March 21, 1931.)  
and that the sum of \$77,015.77 be raised as follows:

(a) The Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$32,000.00 and to issue notes of the Town therefor, said notes to be payable in accordance with the provisions of Section 19, Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier dates as the Treasurer and Selectmen may determine.

(b) *Voted* to appropriate \$36,119.24 to be taken from the tax levy of the current year.

(c) By the transfer of the following Street Construction Balances (\$8,896.53) on which work has been completed and bills paid:

Avalon Road, Construction Balance . . . . .	\$ 643 78

Hazel Street . . . . .	391 86
Howard Street . . . . .	303 71
Lawrence Road . . . . .	86 18
Meredith Circle . . . . .	1,325 78
Verndale Road . . . . .	519 88
Virginia Street . . . . .	14 99
Westbourne Street . . . . .	442 85
	<hr/>
	\$8,896 53

ARTICLE 32. To see if the Town will vote to accept the relocation and alteration of Washington Street at the junction of Adams Street, as laid out by the Selectmen, and to raise and appropriate money therefor and act on anything relating thereto.

*Voted*, To accept the relocation and alteration of Washington Street at the junction of Adams Street, as laid out by the Selectmen, and to appropriate \$616.00 for the same.

ARTICLE 33. To see if the Town will vote to accept the relocation and alteration of Highland Street at the junction of Canton Avenue, as laid out by the Selectmen, and to raise and appropriate money therefor and act on anything relating thereto.

*Voted*, To accept the relocation and alteration of Highland Street at the junction of Canton Avenue, as laid out by the Selectmen, and to appropriate \$385.00 for the same.

ARTICLE 33A. To see if the Town will vote to accept the relocation and alteration of Pleasant Street at the junction of Brook Road, as laid out by the Selectmen, and to raise and appropriate money therefor and act on anything relating thereto.

*Voted*, To appropriate \$37,000.00 for the relocation and alteration of Pleasant Street at the junction of Brook Road as laid out by the Selectmen.

#### PUBLIC WELFARE

ARTICLE 34. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year, and the sum of \$511.54 for unpaid bills of 1930.

*Voted*, To appropriate \$15,000.00 for the Public Welfare Department the present year and \$511.54 for unpaid bills of 1930.

#### SOLDIERS' BENEFITS

ARTICLE 35. To see what sum of money the Town will vote to appropriate for Soldiers' Relief the present year.

*Voted*, To appropriate \$3,100.00 for Soldiers' Relief the present year.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for State Aid and Military Aid under Chapter 200 General Acts of 1919, the present year.

*Voted*, To appropriate \$800.00 for State Aid and Military Aid under Chapter 200, General Acts of 1919, the present year.

ARTICLE 37. To see what sum of money the Town will vote to appropriate to be expended by the Huntington Frothingham Wolcott Post, No. 102, G. A. R., on Memorial Day.

*Voted*, To appropriate \$450.00 to be expended by the Huntington Frothingham Wolcott Post, No. 102, G. A. R., on Memorial Day.

ARTICLE 38. To see what sum of money the Town will vote to appropriate to be expended by the Milton Post American Legion on Armistice Day.

*Voted*, To appropriate \$100.00 to be expended by the Milton Post American Legion on Armistice Day.

ARTICLE 39. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for the celebration of the Fourth Day of July, 1931.

*Voted*, To appropriate \$1,000.00 to be expended by the Selectmen for the celebration of the Fourth Day of July, 1931.

#### SCHOOLS AND LIBRARIES

ARTICLE 40. To see what sum of money the Town will vote to appropriate for the support of the schools the present year, and unpaid bills of 1930 amounting to \$113.92.

*Voted*, To appropriate \$318,000.00 for the present year. One Hundred Dollars (\$100.00) of the foregoing amount is appropriated for the necessary ex-

penses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service of such department.

*Voted*, To appropriate \$113.92 for unpaid bills of 1930.

ARTICLE 41. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws, Chapter 74, and act on anything relating thereto, and unpaid bills of 1930 amounting to \$173.32 and also unpaid bills of 1929 of \$92.46.

*Voted*, To appropriate \$1,500.00 for Vocational Education the present year and \$173.32 for unpaid bills of 1930 and \$92.46 for unpaid bills of 1929.

ARTICLE 42. To see what action the Town will take concerning payment of salaries to teachers and principals for services rendered on December 18, 1929, and make appropriation therefor.

*Voted*, To appropriate \$1,149.76 to pay the salaries of principals and teachers for services rendered December 18, 1929.

ARTICLE 43. To see what sum of money the Town will vote to appropriate for the PUBLIC LIBRARY the present year.

*Voted*, To appropriate \$21,440.00 for the Public Library the present year. Fifty (\$50.00) Dollars of the foregoing amount is appropriated for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested or which may tend to improve the service of such department.

*Voted*, at 5:50 P. M., March 14, 1931, to adjourn the meeting until March 21, 1931 at 1:30 P. M.

Adjourned Meeting, March 21, 1931

Town Meeting Members Present 202; Town Meeting Members Absent 45.

It was brought to the attention of the meeting that Louis V. Gosselin, a Town Meeting Member, had passed away and as a token of respect the Moderator requested all Town Meeting Members present to stand.

RESOLUTION

RESOLVED: That it is the sense of the meeting that the Selectmen be requested to limit their recommendations for private ways, to be laid out and accepted by the Town under the Betterment Act in any one year, to a total sum of \$40,000.00.

RECREATION AND UNCLASSIFIED

ARTICLE 44. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

*Voted*, To appropriate \$5,600.00 for the general uses of the Board of Park Commissioners the present year.

ARTICLE 45. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year.

*Voted*, To appropriate the following sums:

1. Police and Firemen, Section 85, Chap. 32, General Laws . . . . .	\$2,616 66
2. Annuity, Chapter 16, Special Acts of 1919 . . . . .	\$300 00
3. Police and Firemen's Widows' Pensions, Sec. 88, Chap. 32, General Laws . . . . .	\$1,200 00
4. Laborers' Pensions, Section 77, Chapter 32, General Laws . . . . .	\$4,724 04
5. School Teachers' Pensions, Section 42, Chapter 32, General Laws . . . . .	\$925 00
6. Pension, Chapter 9, Special Acts of 1925 . . . . .	\$1,000 00

ENTERPRISES AND CEMETERIES

ARTICLE 46. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

*Voted*, To appropriate \$18,000.00 for the improvement of the Cemetery the present year. Fifty Dollars (\$50.00) of the foregoing amount is appropriated for the necessary expenses of officers and employees of the department incurred outside the Commonwealth in securing information upon matters in which the Town is interested, or which may tend to improve the service of such department.

INTEREST AND MATURING DEBT

ARTICLE 47. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year.

*Voted*, To appropriate the following sums:

1. Interest	.	.	.	.	.	.	.	\$46,922.50
2. Maturing Debt	.	.	.	.	.	.	.	84,000.00

ARTICLE 48. To see if the Town will accept the provisions of Section 56 of Chapter 399 of the General Laws of 1930, relating to the licensing of persons engaged in the business of conducting or maintaining an open air parking space.

*Voted*, To accept the provisions of Section 56 of Chapter 399 of the Acts of 1930, relating to the licensing of persons engaged in the business of conducting or maintaining an open air parking space.

(Unanimous Vote)

ARTICLE 49. To see what sum of money the Town will appropriate for the balance due from the Town on account of repairs on the Granite Avenue Bridge during the year 1930.

*Voted*, To appropriate \$349.72 for the balance due from the Town on account of repairs on the Granite Avenue Bridge during the year 1930.

ARTICLE 50. To see if the Town will authorize the Selectmen to transfer to the Metropolitan District Commission, under the provisions of Section 87 of Chapter 92 of the General Laws, that portion of Hillside Street lying in said Milton from the Milton-Canton boundary line to Blue Hill River Road and shown upon a plan entitled, "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Milton, Hillside Street, Canton-Milton boundary line to Blue Hill River Road, Plan of Street Layout to be Conveyed to the Commonwealth of Massachusetts for Care and Control, . . . November 20, 1930, Edwin H. Rogers, Director of Park Engineering" being numbered accession 19592, the original of which is on file at the office of said Metropolitan District Commission, for Care and Control, including police protection, by said Commission on such terms and conditions and for such period of time as may be agreed upon by said Metropolitan District Commission.

*Voted*, To authorize the Selectmen to transfer to the Metropolitan District Commission, under the provisions of Section 87 of Chapter 92 of the General Laws, that portion of Hillside Street lying in said Milton from the Milton-Canton boundary line to Blue Hill River Road and shown upon a plan entitled, "Commonwealth of Massachusetts, Metropolitan District Commission, Parks Division, Milton, Hillside Street, Canton-Milton boundary line to Blue Hill River Road, Plan of Street Layout to be Conveyed to the Commonwealth of Massachusetts for Care and Control, . . . November 20, 1930, Edwin H. Rogers, Director of Park Engineering," being numbered accession 19592, the original of which is on file at the office of said Metropolitan District Commission, for Care and Control, including police protection, by said Commission on such terms and conditions and for such period of time as may be agreed upon by said Metropolitan District Commission.

ARTICLE 51. To see what sum of money the Town will appropriate for office administration expenses for the Committee on Unemployment appointed by the Selectmen in 1930, for the present year.

*Voted*, To appropriate \$200.00 for office administration expenses for the Committee on Unemployment appointed by the Selectmen in 1930, for the present year.

ARTICLE 52. To see what action the Town will take relative to the Sumner School Building on Blue Hill Avenue no longer needed for school purposes, and act on anything relating thereto.

*Voted*, That the Selectmen be instructed to remove the Sumner School building on Blue Hill Avenue, no longer needed for school purposes.

ARTICLE 53. To see if the Town will vote to rescind the authorization of the balances remaining unissued of Water Loan Bonds as follows:

1925	Authorization	\$10,000
1926	"	15,000
1927	"	25,000
1930	"	35,000

*Voted*, To rescind the authorization of the authorization of the balances remaining unissued of Water Loan Bonds as follows:

1925	Authorization	\$10,000
1926	"	15,000
1927	"	25,000
1930	"	35,000

ARTICLE 54. To see if the Town will vote to establish and maintain within its limits, under the provisions of General Laws, Chapter 111, Section 57, and acts in amendment thereof and in addition thereto, a dispensary for the discovery, treatment and supervision of needy persons resident within its limits and afflicted with tuberculosis; and to see what sum of money the Town will appropriate therefor, and act on anything relating thereto.

*Voted*, To establish and maintain such dispensary and appropriate \$700.00 for the same.

ARTICLE 55. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens, which shall make a survey of the public school system of the Town and appropriate money for the use of the committee. Said committee shall report in writing to the Town at the Annual Meeting in March 1932, and also shall cause to be presented and distributed to Town Meeting Members, Town Officials and other interested citizens a summary of its findings and recommendations not later than February 1, 1932.

*Voted*, To authorize the Moderator to appoint a committee of five citizens to make a survey of the public school system of the Town and to appropriate \$500.00 for the purposes of said Committee, and that said Committee report not later than January 1, 1932.

#### Committee:

TILTON S. BELL  
JAMES F. BALLARD  
GEORGE A. CRANE  
WILLIAM F. DUGAN  
JESSICA M. SCAMMELL

ARTICLE 56. To see what action the Town will take upon the following proposed amendment to the present zoning By-Laws:

"Revised By-Laws, Chapter 12, Section 1, paragraph 1, is hereby amended to read as follows:

'A residence district is hereby created in the Town of Milton, to be known and designated as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said District comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B, C, and D on said Zoning Map, which are bounded and described as follows:'

Section 1 is hereby further amended by inserting at the end thereof the following words:

'District D: Beginning at a point on the boundary line between Milton and Quincy on the Neponset River; thence running westerly along the center line of the Neponset River to the east side line of Granite Avenue; thence turning and running southerly along the east side line of Granite Avenue to the northern side line of the roadbed of the Granite Branch of the New York, New Haven & Hartford Railroad, thence turning and running easterly along the northern side line of the roadbed of the Granite Branch of the New York, New Haven & Hartford Railroad to the boundary line between Milton and Quincy; thence turning and running northerly along the boundary line between Milton and Quincy to the point of beginning.'

The said District D may be put to any business or industrial use.

Provided, however, that no business or industry shall be permitted therein the conduct of which is offensive by reason of the creation of odors, gases, fumes, dust, smoke or noises, or which involves any kind of legal nuisance or which endangers health, safety, or good order.

Provided, further, that no building or structure hereafter erected within the said District D shall be used for residential or dwelling purposes and that no dwelling now existing therein shall be altered so as to form anything other than a single family dwelling."

*Voted, That the town do not so vote.*

ARTICLE 57. To see if the town will vote to amend Chapter 12, Section 1, of the By-Laws of the Town of Milton by striking out of Section 1 in the seventh line the words "B and C" and inserting in place thereof the words "B, C and D" and by adding in said Section 1 after the paragraph entitled "District C" the following:

"District D—Beginning at a point at the intersection of Granite Avenue and the Neponset River at the junction of property of Barney & Carey, and running Southerly along Granite Avenue and extended Southerly on the Easterly line of Granite Avenue to the Northerly line of the New York, New Haven & Hartford Railroad and extended in a general Easterly direction along the Northerly line of the New York, New Haven & Hartford Railroad to the boundary line of the City of Quincy; thence turning and running Northerly along the boundary line of the City of Quincy and the Southerly side to the Neponset River; and thence running in a general Westerly direction along the Neponset River to the point of beginning."

*Voted, That the Town do not so vote.*

ARTICLE 58. To see if the Town will vote to provide for the appointment of three additional Lieutenants to the Milton Permanent Fire Department.

*Voted, That the Town do not so vote.*

ARTICLE 59. To see if the Town will vote to employ only Citizens of the United States of America, and that the penalty for violation of this clause shall be the suspension of an employing officer for ten days without pay, after five days notice, following proof of lack of citizenship and refusal to dismiss such person.

*Voted, That the Town do not so vote.*

ARTICLE 60. To see if the Town will vote to require all Town Departments to advertise in the Public Press for bids on proposed expenditures of four hundred dollars or over, said bids to be publicly opened, subsequently, and the

award made to the lowest bidder demonstrating responsibility to fill the contract.

*Voted, That the Town do not so vote.*

ARTICLE 61. To see if the Town will authorize the Board of Park Commissioners in the name and behalf of the Town to acquire by purchase or by eminent domain, for the purposes of a public playground or recreation center, the land in the Town bounded and described as follows:

Northwesterly on Franklin Street, 250.71 feet; northeasterly on Howe Street, 97.85 feet; easterly on a line connecting souhtwesterly side line of Howe Street with the westerly side line of Belcher Circle, 230.6 feet; southerly on the Town of Milton Sewer and Drain Easement, 187.8 feet; southwesterly on Petersburg Avenue, 236.05 feet, be all of said measurements more or less. Containing about 64,900 square feet;

and appropriate money therefor and act on anything relating thereto.

*Voted, That the subject matter of this Article be referred to a Committee consisting of the members of the Park Commission, and the members of the Planning Board for further study of the Play Ground requirements in the East Milton section of the Town, and report their findings and recommendations to the Board of Selectmen and the Warrant Committee not later than December 1, 1931.*

ARTICLE 62. To see if the Town will vote to erect and equip a branch library building in the East Milton district, on land acquired by the Town by gift from N. T. Kidder, and raise and appropriate money therefor and act on anything relating thereto.

*Voted, To erect and equip a branch library in the East Milton district on land acquired by the Town by gift from N. T. Kidder, and to appropriate \$35,000 for this purpose, the building to be constructed under the direction of the Library Trustees.*

ARTICLE 63. To see if the Town will vote to improve the lighting conditions on Blue Hill Avenue from its northerly intersection with Brush Hill Road to Robbins Street and appropriate money for the same.

*Voted, That the subject matter of this Article be referred to the Board of Selectmen. Any expense for additional lights on Blue Hill Avenue, which the Board of Selectmen may consider advisable, shall be taken from the appropriation for additional lights recommended under Article 11, item 8, of this Warrant.*

ARTICLE 64. To see if the Town will vote to appropriate the sum of \$15,000 for the reconstruction of Randolph Avenue from Highland Street to Reedsdale Road, in conjunction with the Commonwealth of Massachusetts and/or the County of Norfolk, and to see if the Town will authorize the Board of Selectmen in its name and behalf to enter into all necessary and proper contracts, in connection with the same, with said Commonwealth and/or said County, and with corporations and persons, and act on anything relating thereto.

*Voted, To appropriate \$15,000 for the reconstruction of Randolph Avenue from Highland Street to Reedsdale Road, in conjunction with the Commonwealth of Massachusetts and/or the County of Norfolk, and to authorize the Board of Selectmen in its name and behalf to enter into all necessary and proper contracts, in connection with the same, with said Commonwealth and/or said County, and with corporations and persons, and act on anything relating thereto.*

ARTICLE 65. To see if the Town will vote to appropriate the sum of \$1,036.00 to cover the cost of repairs to the Town Hall.

*Voted, That the Town do not so vote.*

ARTICLE 66. To see if the Town will vote to appropriate the sum of \$4,544.00 to cover the cost of repairs to the Adams Street Bridge.

*Voted. To appropriate \$4,544.00 to cover the cost of repairs to the Adams Street Bridge.*

ARTICLE 67. To see if the Town will vote to construct and/or to equip and furnish a schoolhouse to be located on the land of the Town bordering on Eliot Street and to raise and appropriate money for the same and act on anything relating thereto.

*Voted*, That the Town do not so vote.

ARTICLE 68. To see if the Town will vote to transfer the following unexpended balances to the Excess and Deficiency Account, and act on anything relating thereto:

Committee on Office Space, appropriation of March 9, 1929	
(Article 13) . . . . .	\$750 00
Mattapan Branch Library, Appropriation of March 9, 1929	
(Article 56) . . . . .	2,697 94
New Building on Cemetery Grounds, appropriation of March 9, 1929 (Article 61) . . . . .	227 78

*Voted*, To transfer the following unexpended balances to the Excess and Deficiency Account:

Committee on Office Space, appropriation of March 9, 1929	
(Article 13) . . . . .	\$750 00
Mattapan Branch Library, appropriation of March 9, 1929	
(Article 56) . . . . .	2,697 94
New Building on Cemetery Grounds, appropriation of March 9, 1929 (Article 61) . . . . .	227 78

ARTICLE 69. To see if the Town will vote to change the name of Petersburg Avenue, running from Squantum Street to Wood Street, to *Church Street*.

*Voted*, To change the name of Petersburg Avenue, running from Squantum Street to Wood Street, to *Church Street*.

ARTICLE 70. To see if the Town will vote to change the name of that part of West Street running from the present southerly end of Laurel Road to Kahler Avenue, *Laurel Road*.

*Voted*, To change the name of that part of West Street, running from the present southerly end of Laurel Road to Kahler Avenue, to *Laurel Road*.

ARTICLE 71. To see if the Town will authorize or recommend that the Trustees of the Wadsworth Fund file a bill for instructions in the name and behalf of the Town, asking the Court whether they may transfer any part or all of the funds in their hands to the Milton Hospital and Convalescent Home to be used for the purpose of erecting and/or maintaining a hospital in the Town of Milton, or may otherwise use same, or the income thereof, in connection with any hospital so erected or maintained by said Milton Hospital and Convalescent Home, and to see if the Town will authorize or recommend that the Trustees may so use or dispose of the funds in their hands if the Court determine that they are authorized to do so.

*Voted*, WHEREAS The Trustees of the Wadsworth Fund have held said fund since 1917 and no additional funds for the purpose for which said Fund may be used have been bequeathed or given to the Town, or to the Trustees, and said Fund is insufficient to construct and maintain a hospital, and although allowed to accumulate will be insufficient for said purpose for an indefinite period, and the Town deems it inadvisable to supplement said Fund by appropriations for the purpose of erecting and maintaining a hospital,

NOW, THEREFORE, it is

*Voted*, That the Town hereby authorize the Trustees of the Wadsworth Fund in their discretion, to file a bill for instructions or to take other proceedings in the name and behalf of the Town in a court of competent jurisdiction, to ascertain whether any part or all of the funds and property of which the Wadsworth Fund may now or hereafter consist, and/or the income thereof, may be transferred to the Milton Hospital and Convalescent Home, a Massachusetts Corporation, to be used for the purpose of erecting and/or maintaining a hospital in the Town of Milton, provided, however, that no transfer of

such funds or property, or the income thereof, shall be made to said Milton Hospital and Convalescent Home unless and until a detailed plan for such transfer shall have been reported to the Town and said plan shall have been approved by a town meeting duly called and held for the purpose.

See report following Article 76.

ARTICLE 72. To see what sum of money the Town will vote to appropriate for land damages to the property of the First Baptist Church, located on Edge Hill Road, East Milton, Mass.

*Voted*, To appropriate \$1,965.00 for land damages to the property of the First Baptist Church, located on Edge Hill Road, East Milton, Massachusetts.

ARTICLE 73. To see whether the Sewer Commissioners shall be authorized and requested to reduce very materially the rate for sewer betterments.

*Voted*, That the Town do not so vote.

ARTICLE 74. To see what sum of money the Town will appropriate for Traffic Signals to be used on public ways, and act on anything relating thereto for 1931.

*Voted*, To appropriate \$500.00 for an additional Traffic Signal to be located at the junction of Adams Street and Edge Hill Road.

ARTICLE 75. To see what sum of money the Town will vote to expend for the payments of the Metropolitan Sewers Assessment for the year 1931 and to raise and appropriate money for the same.

*Voted*, That the Town do not so vote.

ARTICLE 76. To see what action the Town will take relative to House Bill No. 1097, providing that the Town of Milton be authorized to appropriate money for equipping athletic organizations, composed of school pupils.

Resolved, That the Town favors the passage of House Bill No. 1097, providing that the Town of Milton be authorized to appropriate money for equipping athletic organizations, composed of school pupils, or as said bill may be amended to include the compensation of officials and police for attendance at games.

---

**Special Report of Lincoln Bryant, Samuel H. Wolcott and  
Theodore T. Whitney, Jr., Trustees of the Wadsworth Fund.**

March 2, 1931.

*To the Inhabitants of Milton:*

During the past year we have invested the income of the Fund and added the same to the principal.

At the close of the year December 31, 1930, the book value of the Fund, including cash on hand, was \$133,868.78, as appears by our annual report already filed. If the securities were re-valued at their present market values, the Fund would be in excess of this amount.

The fund was appraised at the time it was delivered to the Trustees, April, 1918, and amounted at that time to \$71,845.77. In the thirteen years which have elapsed, the Fund has about doubled.

On November 25, 1930, Mr. George Wigglesworth died. He had been a Trustee of the Fund since 1918, when it was first received by this Board. His loss is keenly felt by the surviving members of the Board, not only for personal reasons, but on account of his great interest in the purposes for which this money was left to the Town, and for his advice as to investments.

In his place, as authorized by the provisions of the Act, the Board has elected Mr. Theodore T. Whitney, Jr., for the balance of Mr. Wigglesworth's unexpired term, which runs to March, 1933.

It has been felt by the Board for some time past, that it would be desirable to apply this Fund to actual use if a proper course, consistent with the purposes of the testator and satisfactory to the town, could be devised. The language of the clause creating the trust, is as follows:

... "the same shall go to, and I order and direct my trustee then acting to pay over, convey and deliver the same, to the Town of Milton aforesaid, for the purpose of establishing and maintaining a public hospital within said Town, to be under such regulations and board of management as said Town may from time to time adopt and establish."

It is obvious that at the present time the funds available are not sufficient for building a hospital for general purposes, although it is possible that a building might be erected, to be devoted to some specific hospital purpose. If that were done, the maintenance of such a hospital unit would presumably fall upon the Town.

Even if the Fund should be allowed to accumulate for another period of thirteen years, it would not amount to a sum sufficient to build and maintain a general hospital.

In the Town of Milton at the present time, there is a hospital known as the Milton Hospital and Convalescent Home, which is run by a Board of Trustees and which, your Trustees believe, is to all intents and purposes a public hospital, that is, a hospital open to use by the public. As in most, and probably all, public hospitals, a charge is made for service to people who can afford to pay, but the Milton Hospital has treated a great many people who could not afford to pay the full amount of the cost, on payment of a comparatively small charge, and, in some cases, without payment. The Hospital has a staff which includes many of the Milton physicians and also a highly skilled surgeon, Dr. George D. Cutler of Boston. It has performed and is performing most useful service in the Town, and bears an excellent reputation to which your Board of Trustees is glad to subscribe.

It has appeared to your Board that if some proper arrangement satisfactory to the Town could be made with the Milton Hospital and Convalescent Home for use of the Wadsworth Fund, the Fund would be put, in the near future, to actual service.

On conference with the Hospital Trustees we find that they are willing, if certain legal difficulties are overcome, to which we refer later, and if the Town desires to have them do so, to take over the Wadsworth Fund under a plan which, in a general way would be as follows:

We cannot at the present time outline a specific plan because it would be necessary before adopting a detailed plan, to obtain instructions from the Supreme Court of the Commonwealth, as to what disposition the Town and its Trustees are authorized to make under the terms of the gift from Mr. Wadsworth. The general plan would be as follows:

The Milton Hospital has available at the present time the sum of at least \$40,000, which may be used for building purposes. If the Hospital receives the Wadsworth Fund, it will add this \$40,000 to it, and will make a general appeal to the public for gifts of an additional \$75,000, bringing the fund up to say \$250,000, and will thereupon build a public hospital and will maintain it.

The hospital has recently been given, under the will of Henry W. Cunningham and under the will of Mary H. Cunningham, the sum of \$105,000, the income of which will shortly be available for maintenance of the hospital. At the present time the Hospital depends principally upon voluntary contributions, which have reached and net from year to year a substantial amount, about \$10,000 and which have been sufficient when added to the income of certain invested funds, to meet the expenses of the Hospital, over and above the receipts from patients at the Hospital.

From a purely business point of view, this would seem to be a good arrangement for the Town of Milton, because of the additional amount of funds that will be obtained for building purposes, and because of the fact that the cost of maintenance of the Hospital will be borne by the Milton Hospital and Convalescent Home and the Town will not be called upon to make appropriations for maintenance.

There are, however, some considerations outside of purely business considerations, which the Town will doubtless have in mind.

In the first place, the transfer of the funds could not be made from the Town to the hospital corporation without a decree of the Supreme Judicial Court of the Commonwealth authorizing and approving such transfer as being legally proper, taking into consideration the obligations under which the Town as Trustees now holds the property. In other words, the question must be decided whether the Town, in view of the provisions of Mr. Wadsworth's will, can legally make any transfer such as is proposed.

There is also the consideration that if the plan is approved and can be put through, the Fund will pass out of the control of the Town and will be vested in a corporation organized under Chapter 125 of the General Laws, which is the statute covering the organization of corporations "for charitable and other purposes." In other words, the management is very similar to the management of the Massachusetts General Hospital.

There are many instances of public hospitals being managed successfully and with satisfaction to the general public, who are the beneficiaries, by corporations of this kind.

For the purpose of ascertaining the general attitude of the Town toward a plan such as is proposed above, and for the further purpose of obtaining authority to bring such proceedings as may be necessary to ascertain the legal authority of the Town to act on such a matter if it desires to, your Trustees have had Article 71 inserted in the warrant for the Annual Meeting to be held in March 1931.

The Trustees wish to emphasize that they are not asking at the present time for a final approval by the Town of any disposition of the Wadsworth Fund. What they are asking is an approval by the Town of a general plan such as is outlined above, but before any transfer of the Wadsworth Fund is made (even if the Town approves the proposition at the present meeting) the Trustees intend to report back to the Town, if authorized by the Supreme Court so to do, a definite plan under which the transfer is to be made, and will not make any transfer until a definite and specific plan therefor has been approved by the Town at some subsequent meeting.

Your trustees are unanimous in recommending a general approval at the present time and authorization to proceed as above indicated.

- Respectfully submitted,

SAMUEL H. WOLCOTT  
THEODORE T. WHITNEY, JR.  
LINCOLN BRYANT

March 21, 1931 at 6:20 P.M.

*Voted*, That the Meeting be dissolved.

The foregoing meeting was opened March 7, 1931 at 5:45 A. M. by the Wardens in the several precincts.

Attest:

G. FRANK KEMP  
*Town Clerk*

#### WARRANT COMMITTEE

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz:

WILLIAM B. THURBER, *Chairman*  
ALFRED BECK, JR.  
TILTON S. BELL  
WILLIAM B. CROSBY  
DEMEREN L. DEAN, JR.  
WILLIAM R. DRIVER  
JAMES J. ENGLISH

JAMES S. GALLAGHER  
JOSEPHINE GRIFFITH  
EDWARD C. JOHNSON, 2nd  
CORNELIA L. LUNT  
FRANCIS S. MOULTON  
HOWARD E. MURPHY  
ELMER E. WADSWORTH

THOMAS F. WHITE

## Acceptance of Town Officers, 1931

- Jan. 5. Felix Rackemann, Legislative Counsel  
 Mar. 11. Nathaniel T. Kidder, Library Trustee.  
 18. Lincoln Bryant, Town Counsel.  
 Nov. 17. James F. Ballard, Library Trustee.

## Town Officers Sworn, 1931

- Feb. 9. Henry W. Kennedy, Weigher of Coal.  
 26. Ralph E. Forbes, Local Supt. of Gypsy Moth.

## Registry of Births, Marriages and Deaths in 1931

### BIRTHS

The whole number of births registered in 1931 (returned by physicians as by law required) was 320, as follows:

Date	Name	Residence
Jan. 4	Marie Loraine Glavin . . . . .	Boston
4	Dorothy Phyllis Harrington . . . . .	Milton
6	Anne Catherine Bosworth . . . . .	Canton
6	James Lawrence Chase . . . . .	Milton
7	Virginia Byrne . . . . .	Milton
8	Helen Margorie Swift . . . . .	Boston
10	Illegitimate . . . . .	
10	Alice Eleanor Hayden . . . . .	Milton
10	Carol Anne Burt . . . . .	Milton
10	Ruth Marie Anderson . . . . .	Milton
11	Clare Louise Connolly . . . . .	Milton
13	Katharine Martin Hannigan . . . . .	Milton
13	Richard Paul Collupy . . . . .	Quincy
14	Teresa Lynch . . . . .	Milton
14	Miriam Grace Bradley . . . . .	Milton
14	Willard George Hersee . . . . .	Milton
15	Alfred Worcester Crosby . . . . .	Milton
16	Evelyn Mary Waneta Monahan . . . . .	Milton
17	John Butler Harmon . . . . .	Quincy
22	Joseph Michael Riley . . . . .	Milton
24	Mildred Edythe Woodward . . . . .	Milton
25	Joseph Francis Barbone . . . . .	Milton
25	Dorothy Marie Tivnan . . . . .	Milton
26	Stillborn . . . . .	
26	Paul Dunn . . . . .	Westwood
26	Katherine Maley Kathan . . . . .	Milton
27	Sheila Margaret Hurley . . . . .	Milton
29	Jennetto Swan . . . . .	Milton
29	Richard Austin McCarthy . . . . .	Milton
Feb. 1	Illegitimate . . . . .	
2	George Buckley . . . . .	Milton

# REPORT OF SELECTMEN

---

Milton, Massachusetts, December 31, 1931

*To the Citizens of the Town of Milton:*

The following report of the Board of Selectmen is respectfully submitted for your consideration:

The many trying and complex questions of Town government have been met by your Board individually with open minds and, if differences of opinion as to procedure may have been voiced at times, conclusions have been arrived at in a harmonious manner and we trust for the best interest of the community at large.

At the March Meeting Josiah Babcock, Laurence B. Flint and George S. Murray were elected Selectmen for 1931-1932. The Board organized with Laurence B. Flint as chairman and George S. Murray as secretary.

## Appointments

In making the annual appointments under the jurisdiction of the Board, all appointees who had served during the previous year were returned to office. Joseph H. Duffy was re-appointed clerk of the Board for the thirtieth consecutive year. Mary Berni was re-appointed Town Accountant for the period of three years as provided by statute. She was also appointed secretary to the Board of Selectmen. On April 12th, Mr. Duffy died. Through his death the Board suffered a severe loss and the Town the services of a faithful employee. On April 24th, Raymond J. Duffy was appointed clerk of the Board. On April 27th, Miss Berni resigned as secretary.

A vacancy was created on the Board of Library Trustees through the resignation of Alexander McAdie, and at a joint meeting of the Board of Selectmen and surviving members of the Library Trustees, James F. Ballard was unanimously appointed to fill the position made vacant.

George F. Shepard was appointed a member of the Art Commission.

## Law

In addition to the adjustment of many claims of minor character against the Town, matters of vital legal importance, some several years in controversy, have been taken up by this Board and referred to Town Counsel resulting in the satisfactory disposition of many, while others are before the Courts awaiting final adjudication. These cases have necessitated an unusual number of appearances before the Courts and have also imposed a severe task on the time of Town Counsel in making preparation. Mr. Lincoln Bryant has continued to serve efficiently as Town Counsel and his advice and ready co-operation has been most helpful to this Board.

As Legislative Counsel, Mr. Felix Rackemann has rendered valuable services through his appearance before the Department of Public Works and the various legislative committees resulting in the prevention of legislation not acceptable to the Town of Milton.

## Licenses

The year 1931-1932 has been noticeable for the small number of petitions received for variation of the Zoning By-Law, a fact which may indicate a better understanding of the purposes for which this law was enacted. One petition was received to vary the Zoning By-Law so as to permit the erection of a gasoline station on Granite Avenue on a five acre lot within the residential Zone. This petition was unanimously denied by the Board. A petition was received to permit the enlargement and alteration of a building at 98 Houston Avenue existing for business purposes under the law as non-conforming prior to the adoption of the Zoning By-Law. The Board voted to grant this petition.

There were two petitions received during the year to permit an addition to two-car garages to make them three-car garages which were granted. Under an act of the Legislature of 1930, Chapter 399, Section 1, the Board of Selectmen are given the licensing authority to grant permits for the erection and maintenance of one and two-car garages. These licenses were formerly issued by the Licensing Commission on one and two-car garages which Commission was vacated by the act of the Legislature above referred to. One hundred and eighty-three petitions were received and permits granted after approval by the Chief of the Fire Department.

A petition was received by the Adams Theatre, Inc., to operate a moving picture exhibition in the East Milton Theatre. This petition was granted by the Board.

A petition was received to operate an outdoor amusement project consisting of merry-go-round, flying horses, etc., on a tract of land in East Milton within the residential zone. The Board unanimously denied the petition.

The Standard Oil Co. of N. Y. requested permission to operate a motor car with musical device and two other cars on certain streets in East Milton to advertise the opening of their new gasoline supply station on Granite Avenue. The Board voted to grant their request.

A similar petition from the same company to operate a motor car with musical device and two other cars on certain streets in the Mattapan district to advertise the opening of a new gasoline supply station on Blue Hill Avenue in the Mattapan section of Boston was unanimously denied by the Board.

The usual licenses to collect junk, peddle, common victualers, etc., were granted.

Permission was granted to George F. Dewey, owner of the Dewey Filling Station, and the Standard Oil Co. of N. Y. each to install one additional 1000 gallon tank and dispensing pump for the sale of gasoline at their respective existing gasoline stations on Granite Avenue; the Chief of the Fire Department having made approval.

### Highways

The program laid out by the Town Engineer and Superintendent of Streets, Forrest J. Maynard, as recommended by the Board of Selectmen of 1930 and voted at the 1931 March Meeting, has been efficiently carried out. All of the work where practicable was done by this Department giving work to town employees which materially helped to take care of the unemployment situation. For more detailed information on highways and drainage construction attention is invited to the extensive report of the Town Engineer and Superintendent of Streets.

Through an act of the 1930 Legislature, Brook and Reedsdale Roads were to be taken over by the State through the Metropolitan District Commission, to be part of a program to continue the route from the end of Reedsdale Road through the quarry section to Furnace Brook Parkway, and the sum of \$90,000.00 was appropriated for plans, study and necessary land damages. In accordance with statute the Commission took over the Milton streets designated and the car tracks in the center reservations were removed.

However, study of the proposed extension from Reedsdale Road to the Quincy line indicated that a boulevard there was impracticable, thereupon a bill was put before the Legislature to turn Brook and Reedsdale Roads back to the Town of Milton without reconstruction or improvements which would have left the center reservations in a condition constituting a menace to the safety of traffic. The Metropolitan Affairs Committee favored a bill turning these streets back to Milton without the expenditure of \$90,000.00 or any part thereof. The Committee on Ways and Means was inclined to do likewise.

Thanks to the co-operation given our Representative in General Court by the Legislative Committee and Planning Board, a bill was reported by the Ways and Means Committee to spend approximately \$90,000.00 previously appropriated for the quarry survey to recondition Brook and Reedsdale Roads prior to turning them back to the Town. This bill passed through its several readings and was finally signed by the Governor with the result that these roads were reconstructed and resurfaced, including the center reservations, and then turned back to the Town of Milton.

Acting under authority granted to the Board by vote of the Town under Article 50 of the 1931 Warrant, that portion of Hillside Street from the Milton-Canton boundary line to Blue Hill River Road was transferred under provision of Section 87 of Chapter 92 of the General Laws to the Metropolitan District Commission for care, control and police protection.

### Street Lighting

The substantial improvements voted for at the annual Town Meeting in 1931 for additional street lighting on Adams Street in East Milton and on Blue Hill Avenue from the junction of Brush Hill Road to Cheever Street, have been carried out. The lighting of this business area in East Milton has constituted a great improvement in that part of the Town and on Blue Hill Avenue traffic safety has thereby been much improved. Lights have also been installed in the newly developed area on Cary Hill, on Hurlcroft and Augusta Roads. Of importance is the installation of increased number and more powerful lights at the junction of Randolph Avenue and Reedsdale Road.

An arc light has been installed on Central Avenue between the two driveways leading to the high school, assuring increased safety to pedestrians from automobiles entering the high school premises.

Many petitions received from residents for additional single lights and also for shades on existing lights to shield their residences have been favorably acted on by this Board.

On August 21st notice was received from the Edison Electric Illuminating Company of Boston of the filing with the Department of Public Utilities a revised schedule of its street lighting Rate E. By this schedule a 4000 hour all night lighting schedule of hours has been standardized. Under this schedule a cash saving amounting to \$216.63 and an increase in the hours of service amounting to the additional sum of \$867.87 figured at the rate in force previous to September 1st has been gained.

### Bridges

Due to the fact that the construction of the old Granite Avenue Bridge is not adequate for the heavy automobile and truck traffic of the present day, constant repairs are necessary and it would appear that the time is not far distant when definite measures will have to be met to remove this increasing annual lay-out. The repairs laid out by Town Engineer Maynard acting for Milton and the Engineering Department of Bridges and Ferries for Suffolk County were carried out and it is hoped will at least for some time to come prove effective. It was found necessary to shore up the abutments at both ends of the bridge as the bridge did not register in opening and closing. For the repairs deemed necessary in 1932, replacement of the planking and protecting runways is recommended.

### Adams Street Bridge

The special appropriation of \$4,544.00 for Adams Street Bridge repairs proved to be in excess of what was necessary due to favorable change in conditions affecting construction work at the present time. The contract for this work was awarded the John Shea Co., the lowest bidder, who supplied all labor and materials for the sum of \$2,650.00. This resulted in a balance to revenue of \$1,894.00. The Milton side of the bridge may now be considered as being of permanent construction.

### Drainage

During the past year extensive operations in the construction of drainage have been undertaken with the result that in certain sections, notably Pleasant Street, Shadowlawn, Collicott School and Unquity Brook areas, Milton Hill, Cary Hill and all betterment streets where drainage was necessary, problems have been met and we believe permanently solved. With the rapid development of these tracts of land and concentration of flow of storm surface water which must be taken care of through the natural water ways, the difficulties which

have been a source of annoyance to the citizens and cause for complaint or possible litigation have been successfully overcome. A more detailed statement of the projects and expenditures will be found in the Town Engineer's report.

### **Traffic Regulations**

Additional traffic lights have been installed on Adams Street at the junction of Edge Hill Road synchronized with the lights in the tower at the junction of Adams Street and Granite Avenue. These lights have proven very effective in minimizing danger from accidents particularly on account of the intervening railroad tracks crossing Adams Street between the two towers. In view of the continual increase in automobile traffic with particular reference to the use of the main arteries in passing through our Town, the problems of regulation of traffic is one which merits serious consideration; especially in those areas where it is important to protect the lives of our school children at the various public as well as private schools.

The Board particularly wishes to emphasize the importance of the installation of traffic lights at the junction of Randolph Avenue and Reedsdale Road and Central Avenue and Eliot Street.

### **Bill Boards**

There were no applications received during the year for the erection of bill boards for advertising purposes. This fact indicates a healthier condition in recognizing the prevention of the disfigurement of the country road side.

### **Police Department**

Milton has been fortunate during the past year in the comparatively low percentage of crimes committed particularly when we regard the Town's geographical position bordering on a large metropolis and offering several avenues through which the criminal passes. The discipline in the department has been excellent and reprimands have only been meted out for minor infractions of the police manual. In one or more of these cases it was finally determined to give the officer the benefit of the doubt on account of old and faulty police signal equipment.

This year will see the completion of the installation of the new police signal system in circuits one and two; circuits three and four having been installed last year. This will insure to the Town a modern, reliable police signal service.

On September 3rd, officer Richard F. Chamberlain, having been given the highest rating in the eligible civil service list, was appointed a sergeant in the department.

The importance of having adequate motor cycle control of automobile traffic cannot be too strongly impressed on the citizens of Milton. The installation of radio receiving apparatus in police cars is today recognized as an important factor in transmitting information and orders in the apprehension of criminals and it is the opinion of the Board that the Town of Milton should not be deficient in its equipment necessary for the protection of its citizens.

Proficiency in pistol practice is recognized as one of the essential attributes for police officers in the performance of their duties. In our Milton department ability to use this weapon has been carried to a high degree of efficiency. This has been largely stimulated by the action of the Board of Selectmen in 1927 who presented a silver cup to be competed for each year and to become the property of the officer winning it three times. This year the cup was finally won by officer John W. Dalton in accordance with these conditions. Furthermore, following the custom of previous Boards prizes given by the Board of Selectmen were awarded the first three highest scores as follows: \$15.00 to officer John W. Dalton, \$10.00 to Sergeant Richard F. Chamberlain and \$5.00 to officer John A. Driscoll.

### **Fire Department**

Again the Town of Milton has been fortunate during the past year in effectively meeting emergencies due to the efficiency of our Fire Department. This offers, however, no guarantee for the future in event of a serious conflagration.

In a rapidly growing community the problem of adequate fire protection is of major importance and measures should be taken to attend that no part of the Town, particularly the congested areas such as East Milton and Milton Village, should be exposed without proper protection in event of the present force and equipment of apparatus being actively engaged in other parts of the Town.

### Insurance

The insurance problems of the Town of Milton have continued to be efficiently and satisfactorily handled by the Insurance Advisor Frank R. Forde.

In considering the requirements for the future the advisability of the Town purchasing Liability Insurance and also the installation of sprinklers in school buildings is recommended.

### Unemployment

In view of the continued conditions of unemployment due to the universal business depression, the Selectmen have endeavored to meet the situation and afford every relief within their power. The transfer requested by the Board of \$14,000.00 from the Reserve Fund to the Drainage Account, contributed materially to unemployment relief, preventing early in the Fall the discharge from the Street Department of about forty men. In considering the necessity for continued relief, it is hoped that the appropriation asked for to carry the drainage projects as outlined in the Town Engineer's report to conclusion, giving thereby employment to a force of about ninety men, will be recognized as a material and permanent benefit to the citizens of Milton. Following the request received from the committee appointed by President Hoover, the Board of Selectmen appointed "The Milton Employment Committee" consisting of: Philip S. Dalton as chairman and the following members: Jesse B. Baxter, Mrs. Roderick Stebbins, James W. Rollins, Mrs. Charles H. Williams, Michael W. O'Brien, Mrs. Henry E. Sheldon, Albert L. Schindler, and Judge Kenneth D. Johnson. Through the self-sacrificing and painstaking labors of this committee much relief is being afforded and in recognition the Board of Selectmen desire to express in this report their sincere appreciation.

## MISCELLANEOUS

### Fourth of July

The usual appropriation of \$1,000.00 for the celebration of this day was voted at the March Meeting, and at the request of the Board of Selectmen, the Milton Post No. 114, American Legion, took charge of the celebration.

### Armistice Day

At the request of the Board of Selectmen the exercises commemorating this day were conducted by a committee appointed by the Commander of the Milton Post No. 114, American Legion.

The members of the Board desire to express their thanks to the Committee for the efficient carrying out of the day's program.

In our efforts to solve the many problems of government of the Town of Milton during the past year of severe depression, your Board has endeavored to act with a broad and comprehensive visualization of the requirements of a changing and rapidly developing community.

LAURENCE B. FLINT,  
GEORGE S. MURRAY,  
JOSIAH BABCOCK,

*Selectmen of Milton.*

## REPORT OF TOWN ENGINEER

---

January 11, 1932.

*To the Honorable Board of Selectmen:*

Gentlemen:

I present the following as my annual report of the Engineering Department for the year ending December 31, 1931.

The work on the town survey during the year has been carried on according to the plans and recommendations made in my 1930 report. The major part of the outside work is completed, but there is still to be surveyed a small section in the vicinity of Canton Avenue and Dollar Lane, and an area south of Hillside Street, between Houghton's Pond and the Canton-Milton line. With one field party and a draughtsman constantly engaged with the plotting of this work, the town survey will be completed and entirely mapped during the year 1932. This survey, when plotted on a scale of forty (40) feet to an inch, will consist of thirty-four rolls, each roll being five feet wide and fifteen feet long. It will give to the town one of its most valuable records and will be available for use to all departments.

Following a meeting of the Assessors held January 21, 1931, at which meeting it was unanimously voted to adopt the section, block and lot system, the town engineer was requested to have plans made for their use not later than April 1, 1933. Upon completion of the town survey the office men will begin on this work.

### Construction

The engineering party laying out highway construction work has had an unusually busy year. In addition to this work they have furnished lines and grades for nearly every town department, such as staking out lots and avenues in the Milton Cemetery, locating lines for the Water Department, giving lines and grades to the Sewer Department, making surveys and plans of fatal accidents for the Police Department, giving lines to land owners for grading and erecting fences abutting public streets. They have also given lines and grades to the Park Department, made investigations and plans for draining the Vose School and have collected much data for plans required by the Town Counsel.

During the last two months of this year it has been necessary to use the entire engineering force to produce the plans, profiles and information necessary for the 1932 estimates. This work consists of making plans and estimates for 1932 betterment streets, planning drainage program, making plans and estimates for same, preparing plans for street widenings and plans for takings as recommended by the Selectmen. We have also distributed the cost of streets constructed during 1931 for the purpose of assessing the abutters.

I have, at the request of the Selectmen, attended hearings before State and County officials relative to projects in which the town is interested.

A considerable amount of drainage work has been done by the Highway Department this year and I wish particularly to draw your attention to the following tabulation.

## List of Drainage installed during 1931

Location	Length (feet)	Size (inches)	Size of open trench	No. of Basins	No. of Man- holes
Aberdeen Road . . . .				2

## Note:

No. of catchbasins in the town January 1, 1930	.	.	.	686
No. of catchbasins constructed in 1931	.	.	.	104
No. of catchbasins in the town January 1, 1932	.	.	.	<hr/> 790

In place of the usual vitrified pipe used in drainage work I have this year used concrete which has about twice the strength and is less expensive.

The drainage work now in progress is located between Squantum Street and Brook Road. The original estimate for this work was made to cover the section between Pleasant Street and Churchills Lane, but since Unquity Brook had been confined to a small channel between Adams and Squantum Streets, flowing under the show room and garage now owned by Woodward's Garage, Inc., the Town Counsel has ruled that this part of the work should be done first as this part of the drainage system is also the outlet of a thousand acre water shed. Part of the stream has been widened and deepened and the culvert under Squantum Street enlarged. The size of the opening under streets and buildings will be twenty-five square feet, thus taking care of any flood that may occur in the future.

Pleasant Street has been widened and the drainage installed as planned. The stream with its source in the vicinity of Cunningham Park, crossing Pleasant Street at the Shadowlawn Section, is now conducted through a 36-inch diameter drain down Pleasant Street to Unquity Brook and will no longer flood the Shadowlawn Section.

The culverts under Otis and Pleasant Streets have been enlarged, the brook between these points widened, deepened, and the banks walled up. The open ditch has been extended from Pleasant Street through land of Frederick O. Houghton for a distance of 1,000 feet. More work remains to be done on Unquity Brook than was anticipated, but when this is finished Milton's drainage will be well under control. Because of neglect to install drainage while streets were being built in the past and with the present rapid development, this acute drainage problem presented itself, but with the completion of these trunk lines the appropriations for drainage purposes should decrease.

### Recommendations

I recommend the taking of land between Brae Burn Road and Murray Avenue for the purpose of widening and straightening Pleasant Street to a 50-foot width so that this section of the road will be of sufficient width to care for future development of all abutting territory.

I also recommend the widening to a uniform width of 50 feet, the southerly side of Centre Street, between Gun Hill and Voses Lane—a distance of approximately 450 feet. At present this road is less than 30 feet in width at one point, thus causing traffic congestion and many near accidents.

I recommend the rounding of the southwesterly corner of Brook Road and Adams Street. In order to properly grade the road at this intersection and make it safe for the traveling public more area is required. I therefore recommend that the town purchase some land at this point.

When the Town Engineer's quarters were established in the Thacher Building, facilities were planned on a five-year basis. The present vault has served five years and is now very much over crowded. I am asking for an appropriation in 1932 of \$1650.00 for the enlargement and equipment of this vault.

*Town Engineer.*

## REPORT OF ASSESSORS OF TAXES

December 31, 1931

*To the Citizens of the Town of Milton:*

The Assessors of Taxes herewith submit their report for the year 1931.

At the annual election of town officers for 1931, Mr. Carl R. Horne was elected for the three year term, and on March 9th, the Board voted to organize as follows for the ensuing year: William W. Churchill, Chairman; Robert Bowie, Secretary; Miss Dorothy L. Maxwell, Clerk of the Board; Miss Bertha M. Johnson, Secretary to the Board.

During the past year, the following number of bills have been sent out: 4,850 real estate bills; 450 personal property bills; 5,000 poll tax bills; 5,000 Old Age Assistance tax bills; 6,200 motor vehicle excise taxes. The total, 21,500 bills, is an increase of 5,600 over the number committed last year. This large increase in the number of bills committed in 1931 over the number issued during the previous year was occasioned by the introduction of the Old Age Assistance tax, which is a tax of \$1.00 on each male resident over the age of twenty years. This law is effective for the years 1931 and 1932 only.

The tax rate for 1931 was announced by the Assessors on July 18th, immediately after the receipt of the State taxes. The financial condition of the town was such that the Assessors felt justified in reducing the rate \$1.20 per thousand from that of 1930 (\$26.80), the new rate being \$25.60.

The following figures were used by the Assessors in determining the tax rate for 1931:

### 1931 Income

#### Estimated:

##### Receipts from State—

Income tax	\$110,064 19	
Domestic, business, foreign corporations	6,397 69	
Gas, electric light, water companies	2,291 80	
Railroad, telephone, telegraph companies	4,357 82	
Trust companies	31,273 42	
National banks	3,395 15	
Street railway corporations	1,000 39	
Public service corporations	14 26	\$158,794 72

Licenses	405 00
Court fines	250 00
Special assessments	46,325 00
Departmental Revenue	33,870 00
Interest (on deposit, taxes, and assessments)	19,220 00
Water	115,000 00
Motor Vehicle Excise	54,000 00
Poll taxes (4,962)	9,924 00
Highway Appropriation Offset (Chapter 122, Acts of 1931)	12,707 74
Amount voted by town from free cash	100,000 00
	<u>\$550,496 46</u>

## 1931 Expenses

## To State:

State Tax	\$36,450 00	
Metropolitan Parks	24,512 93	
Metropolitan Planning Board	125 09	
South Metropolitan Sewer Tax	25,567 44	
Charles River Basin Tax	4,787 26	
Neponset River Cleansing	1,125 39	
Southern Artery	15 62	
Smoke Nuisance Abatement	574 23	
State Audit	610 31	
Cantebury Street Highway	19 57	
Broadway-Revere Beach Crossing	302 17	
West Roxbury-Brookline	44 58	
Malden, Braintree Highways	410 44	
Metropolitan Transit District	480 00	\$95,025 03

County tax	44,387 28
Town appropriations	1,335,258 75
Overlay deficit of 1929	203 23
Soldiers' Exemption	70 72
	<u>\$1,474,945 01</u>

Total expenses for 1931	\$1,474,945 01
Total income for 1931	550,496 46

Balance to be raised by tax on real and personal estate	924,448 55
Overlay reserve (to provide for abatements, exemptions, etc. except on motor excise)	6,768 09
Total amount to be raised by taxation	<u>\$931,216 64</u>

Valuation of real estate	\$32,853,750. @ \$25 60 =	\$841,056 00
Valuation of personal estate	3,521,900. @ 25 60 =	90,160 64
	<u>\$36,375,650. @ 25.60 =</u>	<u>\$931,216 64</u>

The population of the town, as computed by the Assessors for the year ending April 1, 1931, was 16,776.

## Other statistics are as follows:

Number of licensed dogs	. . . . .	1,074
Number of horses assessed	. . . . .	109
Number of cows assessed	. . . . .	291
Number of sheep assessed	. . . . .	30

## REPORT OF BIRD WARDEN

---

Milton, Mass., December 31, 1931.

*To the Citizens of the Town of Milton:*

I beg to submit to you my report as Bird Warden for the year 1931.

There was no appropriation and there are no accounts to be submitted.

Again I wish to appeal to those interested in the birdlife of the Town, to aid in the effort to diminish the number of Starlings which are doubtless doing more harm than good in the town. The only two methods which can be used to advantage are shooting and trapping. These birds are not protected by law, but notwithstanding the absence of protection they are apparently increasing, and where they become numerous the native birds are largely driven away.

My observations during the past year lead me to believe that the number of birds in the Town in 1931 was less even than in 1930 which I reported as a poor year for birds.

I wish to repeat my recommendation to the citizens who are interested in establishing feeding stations during the winter months, to continue this practice.

Respectfully submitted,

RALPH E. FORBES,

*Bird Warden.*

## REPORT OF TRUSTEES OF MILTON CEMETERY

---

Milton, Mass., January 6, 1932.

*To the Citizens of Milton:*

The Trustees of the Cemetery Department wish to report as follows for the year 1931:

There were one hundred sixty-eight interments in the Cemetery during the year, ninety-five of which were from out of town.

Forty-five new lots were completed. There were sixty lots taken by residents of the town and three single graves were sold to residents.

Perpetual Care was placed on twenty-eight lots.

Fifty cement foundations for monuments were made and twenty-one markers were set up on the different lots.

Twelve lots were filled to grade and reseeded.

A new road, five hundred eighty feet long and sixteen feet wide, was laid out and practically completed by the employees in the Cemetery during the year.

Through the generosity of the Francis Cunningham Fund the Cemetery Department received six hundred fifty small evergreen trees which were planted in the cemetery. In this lot of trees there were one hundred Mugho Pines, two hundred Red Pines, one hundred Canada Hemlocks, one hundred Carolina Hemlocks, one hundred Euonymous Vegetus and fifty Euonymous Kewensis.

Five extra men were employed by the Department for the month of December to help out the unemployment situation and it is intended that these men will be employed also for the months of January and February 1932.

Respectfully submitted,

P. E. SHELDON,  
REGINALD L. ROBBINS,  
W. P. WOLCOTT,  
THOMAS K. CUMMINS,  
ASAPH CHURCHILL,

*Trustees.*

THOMAS W. POND, *Superintendent.*

# REPORT OF THE FIRE DEPARTMENT

Milton, Mass., January 2, 1932.

To the Honorable Board of Selectmen, Milton, Massachusetts:

I herewith submit my report of the Fire Department for the year 1931.

## Alarms

There have been 318 alarms received as follows:

124 bell alarms, 194 telephone alarms, 31 calls to Boston.

Boston has responded to Milton 36 times.

Alarms each months:

January . . . . .	17	July . . . . .	19
February .. . . .	11	August . . . . .	15
March . . . . .	28	September . . . . .	12

Factory . . . . .	12		

Ninety-eight inspections made of plans and locations of proposed garages and reports submitted to Board of Selectmen, who act as License Commission on private garages.

### Personnel

One man has been appointed to the Call force.

One permanent man has died and application has been made to the Civil Service Commission for appointment of a new permanent man.

---

### IN MEMORIAM

Charles Stuart

Appointed a callman June 15, 1918

Appointed a permanent man April 15, 1926

Died December 10, 1931.

---

In the death of Charles Stuart, the Town has lost a loyal servant, and the Fire Department, a faithful and efficient member.

### Apparatus

The apparatus in service is the same as last year. The Chief's car, now five years old, will have to be replaced next year; the ladder truck and Chevrolet are in fine condition. It must be borne in mind that the Combination wagon purchased in 1915, the Pump Engine, purchased in 1916, and the Combination wagon purchased in 1919, are getting older each year, and of these three last named pieces of apparatus, the Pump Engine, which gets the hardest usage, will have to be replaced in the very near future.

### Fire Alarm

Five Fire Alarm Boxes have been purchased during the year, one for a new location, and four to replace old style boxes. The School Department has purchased new boxes to replace the old boxes on the Belcher School and the Glover School. Quite a lot of new wire cable has been installed in connection with the Police cable work throughout the Town.

### Buildings

Headquarters: walls and ceilings on second floor have been refinished, shed in rear has been repainted.

Hose No. 4: walls and ceiling on first floor have been refinished.

On November 26th a fire occurred in a dwelling on the J. S. Russell estate entailing a loss of over \$25,000.00. The cause of this fire was sparks from a chimney igniting the wooden shingles which covered the roof. When the department arrived on the scene, the fire was only on one end of the roof, and although there was a private hydrant near at hand, the water pressure was so low that the men were almost helpless for some few minutes. In a short time the Superintendent of the Water Department ordered a gate opened which allowed the high pressure system to be turned into this low pressure system, but by that time the fire had raced from one end of the roof to the other. I feel confident that had the high pressure been available at the start, the fire would have been extinguished with only a moderate loss.

I am pleased to say here that very satisfactory arrangements have now been made by the Superintendent of the Water Department to care for any such emergency that may arise in the future.

### Recommendations

I recommend that four new permanent firemen be appointed to the force. The Town has been growing by leaps and bounds and nothing has been done

to help out the fire protection. The time has come when a man should be on duty at Headquarters at all times, especially when the department is on duty at a fire, thereby having someone in touch with the situation so that extra alarms may be taken care of, and aid from outside summoned if necessary.

I recommend that a committee be appointed to investigate the needs of the fire department in the East Milton section, such as the question of a new fire house to replace the present one, and the addition of a new ladder truck.

After the test of hose conducted late this past year, 750 feet were discarded as unfit for further use, and I recommend that 500 feet of new hose be purchased.

During 1931 over \$26,000.00 damage resulted from fires caused by sparks igniting wooden shingles; I recommend that the new building laws require fire resisting shingles on all buildings in Milton.

In conclusion I wish to extend my sincere thanks to your Honorable Board for your assistance during the year.

I wish to thank the Police Department for their co-operation.

To the Officers and Members of this department, I wish to express my appreciation for the faithful and efficient manner in which you performed all of the duties imposed upon you.

Respectfully submitted,

J. HARRY HOLMES,

*Chief of Department.*

## REPORT OF TREE WARDEN

Milton, Mass., December 31, 1931.

*To the Honorable Board of Selectmen:*

I beg to submit the following report of the work of the Tree Warden Department of this town, for the past year.

## Trimming

There has been no damage to trees from storms during the past year. Besides the regular trimming, we have cut from trees, walls and fences, forty-three truck loads of poison ivy.

## Planting

We have planted 168 new trees, and have replaced six trees that were struck by automobiles.

## Insects

The infestation of the Elm Leaf Beetle is noticeably more than last year. We have been able to keep the Satin Moth and Tent Caterpillar under control. The Fall Webb Worm has been very noticeable during this year but we have been able by cutting the nests, to keep the street trees clean.

## Saw Mill

The work done at the saw mill was about the same as last year.

## Plans for Next Year

We would like to plant as many trees as possible the coming year.

REPORT OF MOTHS SUPERINTENDENT

Milton, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this town, for the past year.

Suppression Work

The infestation of the Gypsy Moth is somewhat different from the previous year. In some sections we are finding 25 per cent more than last year. There is probably a slight increase in the total number throughout the town.

Appendix A. (General Account)

Appropriation	.	.	.	.	.	.	.	.	.	.	\$5,000 00
Expenditures	.	.	.	.	.	.	.	.	.	.	4,810 12

Respectfully submitted,  
RALPH E. FORBES,  
Local Moth Superintendent.

# REPORT OF BOARD OF HEALTH

Milton, Mass., December 31, 1931.

*To the Citizens of Milton:*

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1931	1930	1929
Anterior Poliomyelitis . . . . .	6	0	1
Chicken Pox . . . . .	60	70	38
Diphtheria . . . . .	4	5	0
German Measles . . . . .	27	25	3
Lobar Pneumonia . . . . .	16	6	16
Measles . . . . .	50	54	35
Mumps . . . . .	24	45	5
Scarlet Fever . . . . .	50	29	40
Tuberculosis (Pulmonary) . . . . .	7	6	10
Tuberculosis (all other forms) . . . . .	0	4	2
Whooping Cough . . . . .	135	15	48
Influenza . . . . .	0	0	44
Dog Bite . . . . .	19	14	10
Typhoid Fever . . . . .	0	2	0
Septic Sore Throat . . . . .	0	3	3
Malaria . . . . .	1	0	0

The Board organized March 23rd, 1931. Mr. Hervey W. King was elected Chairman and Mr. Philip Y. DeNormandie, Secretary. The following appointments were made: Agent, Dr. Paul W. Kimball; Inspector of Milk, Dr. Paul W. Kimball; Deputy Inspector of Milk, S. R. Ramsdell; Inspector of Plumbing, L. E. Young; Deputy Plumbing Inspector, B. F. Murray; Agent for Issuing Burial Permits, G. F. Kemp; General Contractor, A. B. Snow; Inspector of Slaughtering, P. W. Kimball; Caretaker of Contagious Hospital, John Dexter. The contract for collecting ashes and garbage was awarded to S. G. Craig.

The Board appointed Miss Mary Berni Clerk of the Board, and arranged to have her in the office of the Board daily from nine o'clock to five o'clock to answer the telephone calls and take care of such routine matters as may arise.

The usual Schick Test clinics were held again this year with the co-operation of the school department, which arranged for more assistance this year in order that there might be less delay. Four hundred forty-five persons visited this clinic. Two hundred sixty-one were given the Schick Test, and of these one hundred ninety-three proved to be immune. Two hundred fifty-two persons were given toxin-antitoxin treatment. On the four days on which the clinic was held a total of twelve hundred five treatments was given at a total cost of \$293.70, or slightly less than 24½c per treatment.

The revised method of carrying on milk inspections has worked out very satisfactorily this year, and the Board feels that the closer check on the milk supply warrants the additional expense in protecting this important article of food.

At the Annual Town Meeting in March, 1931, the Town authorized the Board of Health to establish a clinic for the discovery and treatment of cases of Tuberculosis. This clinic which had been carried on for several months previous to this time under the joint auspices of the Milton Visiting Nurse and Social Service League and the Milton Women's Club was taken over by the Board at the end of March. The report of the clinic for the fifteen months

since its inception is appended hereto, as this report gives a clearer picture of what has happened than a report covering only the nine months since the clinic was taken over by the Board of Health.

During the year 1931 the Board spent \$2500 for the care and treatment of tuberculosis patients in the Norfolk County Hospital. With our growing population it is hoped that through this clinic, by means of the early discovery and early treatment of cases of tuberculosis, this expense for hospital treatment can be materially lowered.

Respectfully submitted,

HERVEY W. KING, *Chairman*

PAUL R. WITHINGTON, M. D.

PHILIP Y. DENORMANDIE, *Secretary*  
*Board of Health of Milton.*

## REPORT OF THE MILTON TUBERCULOSIS CLINIC

---

This clinic was organized and held its first meeting in October, 1931, under the auspices of the Board of Health and through the financial support of the Milton Women's Club. Since March, 1931, the clinic has been supported by the town. Advertisements announcing the opening were placed in the Milton News and the Milton-Mattapan News. Its object was to serve the people of the Town of Milton, particularly in the examination of individuals who had been in contact with open cases of tuberculosis. For the first six months, the Clinic was run twice a month in order to examine the new cases that might be brought in. Since that time, the Clinic has met once a month. In order to conform with the fiscal year of the Town of Milton, a report covering 15 months is rendered at this time as it was felt that a report covering about a year of operation would be of more value for comparative purposes later on than would two reports covering shorter periods.

The Clinic is held in the rooms of the Milton Social Service League in the basement of the Public Library on Blue Hill Parkway. It has been decided that the policy of the clinic shall be to accept no patients who are not referred by a physician. The physicians of Milton have been active and observant in caring for the tuberculous poor and their families, and the Clinic is not meant in any way to replace their efforts but to supplement them, and when they desire, to relieve them of the burden of some of the work. Funds generously provided by the Women's Club and later, by the Town, have been available so that every case could have x-ray studies provided they were indicated. These funds were also available to provide visiting nurses. It is our belief, that in a town like Milton, that many active cases of tuberculosis can be treated at home even better than in a sanatorium. The psychological effect of home treatment under good conditions is such that recovery is often more prompt and more complete than away from home; that such treatment is extremely effective has been shown by a number of observers even working in the slums of large cities.

Certain statistics of the Clinic are of general interest. Sixty individuals were examined. They made 139 visits to the Clinic and the district nurses made 240 visits to our patients either for checking up of home conditions, care, or the reading of tuberculin tests. Of the sixty individuals examined, 32 had been in contact with cases of open tuberculosis. Of the remainder, 4 were active cases, 3 were arrested cases which were sent in for check-up and the remainder were underweight or suspected of having tuberculosis. Of the active cases, two were sent to sanatoria, 2 were treated at home. Both of the latter are now considered to be arrested cases. Of the 3 arrested cases coming in for annual examination, none showed any signs of activity.

The most important single function was the examination of contacts and of these many were children. The examination consisted of physical examination and x-ray studies even if there was only the least indication that this might aid in uncovering early disease. Tuberculin tests were also done on the younger children by the intradermal method. Nine of these were positive and 10 negative. Of these the negative ones are of much the greater importance because it is a definite indication that these children were not infected at the time and, consequently, not infected by the contact that they had had. Of the 32 contacts that were examined, important advice as to general hygiene was given in 12. This varied from modifications of diet and procurement of milk for children, to the advice to have tonsils removed or other treatment carried out. A number were referred to the open-air room of the Collicott School. The importance of the x-ray examination may be seen when it is realized that only 17 of the 60 cases did not have an x-ray examination. All the others had one or more x-ray studies.

One of the most important functions of the Clinic is the attempt to make a definite negative decision in regard to the diagnosis of tuberculosis. This was

possible in 21 cases and these individuals, usually of the thin, underweight type, were given appropriate suggestions to build up their resistance and their bodies to prevent, if possible, any future trouble.

The co-operation of the physicians of Milton and the immediate neighborhood has been splendid, and it is gratifying to record that 13 different physicians have referred cases to the Clinic. It is our hope, as time goes on, to enlist not only the interest but the services of the physicians of the community in the Clinic. The co-operation of the Women's Club, Board of Health, and especially of the Milton Hospital and the X-ray Department, has made the work a great pleasure. Without the active, interested support of the district nurses, the Clinic could not run and would be almost valueless.

Our chief needs for the future are funds which may be employed flexibly in the assistance of families to carry out recommendations made by the Clinic. For example, in one family it was possible to send two children to camp last summer, but funds were not available for two other children in the same family for whom camp was equally desirable. A small contingent fund for use in this manner or in the supplementing of the milk funds already available would be a useful adjunct to the work in the Clinic.

G. PHILIP GRABFIELD, M. D.

*Physician in Charge.*

## REPORT OF COLLECTION OF ASHES AND GARBAGE

Milton, Mass., December 31, 1931.

*To the Board of Health:*

Dear Sirs: I herewith submit my report for the year ending December 31, 1931. There have been collected 514 truck loads and 6,196 double loads of ashes, and 384 cords of garbage.

Respectfully submitted,

SAMUEL G. CRAIG.

## REPORT OF GENERAL CONTRACTOR

Milton, Mass., January 9, 1932.

*To the Board of Health:*

Gentlemen: I herewith submit my report for the year ending December 31, 1931.

2 vaults cleaned.

39 cesspools cleaned.

46 loads removed from same.

24 dead animals removed and buried the same.

Yours respectfully,

ALVAH B. SNOW.

## REPORT OF INSPECTOR OF MILK

Milton, Mass., December 31, 1931.

To the Board of Health:

Gentlemen:

During the year ending Dec. 31, 1931, there were issued 53 licenses to sell milk or cream. Of this number 49 cover the sale of milk and cream that has been pasteurized and four are for the sale of milk and cream from cows that have been tuberculin tested and maintained in accordance with the State and Federal regulations.

Ten dealers were registered to sell oleomargarine. Four Milton establishments were licensed to pasteurize milk. Two were licensed to manufacture ice cream.

There were 695 tests made, of which 310 were chemical and 385 were bacteriological.

Respectfully submitted,  
PAUL W. KIMBALL,  
*Inspector.*

SHERMAN R. RAMSDELL,  
*Deputy Inspector.*

## REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., January 13, 1932.

To the Board of Health:

Gentlemen:

I submit report for the Department of Inspection of Plumbing for the year 1931.

Month	Permits	Valuation as per Applications
January . . . . .	20	\$ 8,365 00
February . . . . .	6	4,155 00
March . . . . .	25	11,835 00
April . . . . .	17	8,270 00
May . . . . .	38	13,605 00
June . . . . .	42	17,014 00
July . . . . .	35	12,300 00
August . . . . .	26	12,569 00
September . . . . .	23	7,765 00
October . . . . .	25	11,990 00
November . . . . .	13	6,080 00
December . . . . .	13	5,275 00
	283	\$119,223 00

Respectfully submitted,  
LORENZO E. YOUNG,  
*Inspector of Plumbing.*

## REPORT OF INSPECTOR OF SLAUGHTERING

Milton, Mass., December 31, 1931.

*To the Board of Health:*

Gentlemen: No animals were passed for food during the year 1931.

Respectfully submitted,

PAUL W. KIMBALL,

*Inspector of Slaughtering.*

## REPORT OF INSPECTOR OF ANIMALS

Milton, Mass., January 1, 1932.

*To the Honorable Board of Selectmen:*

GENTLEMEN: I herewith submit my report for the year ending December 31, 1931.

I visited and inspected 44 barns and premises where cattle are kept and found the conditions pertaining to health and sanitation generally satisfactory.

Physical examination was given to 397 cows and 8 bulls.

One barn was inspected for approved disinfection following the removal of a reactor to the tuberculin test.

It was necessary to quarantine 39 dogs that had bitten people. We also had 3 cases of rabies during this period.

Interstate shipments of cattle have been complied with.

Respectfully submitted,

ROBERT H. SEWELL,

*Inspector of Animals.*

## REPORT OF INSPECTOR OF BUILDINGS

Milton, Mass., January 6, 1932.

*Honorable Board of Selectmen:*

GENTLEMEN: I herewith submit my report for the Building Department for the year ending December 31, 1931.

Month	No. of permits	Dwellings	Alterations	Garages	All other	Valuation
January	16	4	9	3		\$ 31,885 00
February	15	5	4	5	1	43,875 00
March	59	17	17	25		119,060 00
April	46	19	12	14	1	140,550 00
May	53	19	12	21	1	190,819 00
June	41	12	8	21		73,260 00
July	30	7	12	11		59,370 00
August	36	18	11	7		113,965 00
September	58	14	11	33		97,215 00
October	44	12	7	25		75,225 00
November	32	8	10	14		56,660 00
December	22	5	11	6		50,140 00
Totals	452	140	124	185	3	\$1,052,024 00

Making valuation as per applications \$1,052,024.00.

Respectfully submitted,

G. E. BURT,

*Inspector of Buildings.*

# REPORT OF SUPERINTENDENT OF WIRES

---

To the Honorable Board of Selectmen:  
Town of Milton,  
Massachusetts.

Milton, Mass., January 13, 1932.

GENTLEMEN: I herewith present the report of the Wire Department for the year ending December 31, 1931.

This department has supervision of the Fire and Police Signal System, inspection of all buildings equipped with electric light service and all poles and wires on town streets.

## Interior Wiring

	1930	1931
Certificates issued for light and power . . .	344	224
Number of inspections . . . . .	756	867
Number of incandescent lights wired for . . .	7867	7942
Number of motors installed . . . . .	18	34
Total horsepower . . . . .	39	47
Number of electric heaters and ranges installed .	3	12
Total wats . . . . .	11000	705240

## Radio

All outside antenna wires must be protected by a lightning arrester.

Anyone wishing a copy of rules concerning Radio Installation may have same by notifying the Wire Department.

## Fire and Police Signal System (Overhead and Underground)

Have replaced arms on poles reset by different companies in town.  
Emergency calls 267.

For the maintenance of the Wire Department I have requested an appropriation of Ten Thousand, Eight Hundred and Fifty Dollars (\$10,850.00).

Respectfully submitted,

E. E. CHOATE,

*Superintendent of Wires.*

## REPORT OF PARK COMMISSIONERS

---

Milton, Mass., Dec. 31, 1931.

*To the Citizens of the Town of Milton:*

The Park Commissioners herewith present their report for the year ending December 31, 1931.

The personnel of the department was as follows:

Superintendent	.	.	.	.	.	John L. Kelly
Playground director (2 months)	.	.	.	.	.	Willard A. Burke
Assistants	.	.	.	.	.	Miss Helen Kelly
						Miss Ethel Hannigan
						Miss Barbara Hart
Supervisor of Academy tennis courts	.					Paul McPeake

The ordinary routine of the department was conducted as usual. The early spring cleaning, loaming and seeding of worn places upon the Brook Road playground and the opening of the grounds for the use of the public was earlier than in years previous, due to the early spring. The Park Commissioners were assisted by the forestry Department in cleaning the underbrush from the Lane Memorial playground and a much more satisfactory condition was obtained there.

The Public Works Department in their plans for a new roadway along the Neponset River commencing at Blue Hills Parkway thence proceeding along Brush Hill Road are making a taking of the land owned by the town known as the Hollingsworth Field. Your Park Commissioners have held conferences with the engineers of the Public Works Department, and have made a verbal agreement that in place of land taken from the town the State shall fill swamp land equal to the amount acquired, with loam, seeding, fencing and placing of the same in a fit condition for playground purposes.

The proposed taking by the Metropolitan District Commission from the Brook Road playground did not materialize and after the road was finished the Park Department erected a wall with chain link fence on top, along the slope near the field house. An entrance was effected by the erection of two piers in the wall and the whole appearance of this section of the playground was improved. The Park Commissioners hope to obtain an appropriation so that they may fence the entire boundary along Brook Road both as a measure of safety and also to protect the grounds from damages by autos.

The playground program this year was conducted by Mr. Willard Burke, a graduate of Milton High School and Springfield College, on account of leave of absence granted to Mr. Aron H. Yeaton.

The tennis courts at Milton Academy enjoyed a good attendance, more people coming from a distance to use them.

During the month of December, the department assisted the unemployment committee in the town by taking two men. The connecting of the field house with the sewer in Viola St., a distance of two hundred and ninety feet was accomplished with this labor, as was much painting and necessary cleaning.

Your commissioners ask for a maintenance appropriation of \$5,600 to conduct the usual routine of the department for 1932 and in addition ask for \$1,145 so that they may do the necessary fencing heretofore mentioned and also establish and maintain for two months a junior playground in the East Milton section of the town, easterly from the railroad tracks.

Respectfully submitted,  
WILLIAM G. RODD,  
GEORGE OWEN, Jr.,  
JOHN F. KERRIGAN,  
*Board of Park Commissioners.*

REPORT OF POLICE DEPARTMENT

Milton, Mass., January 11, 1932.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report of the Police Department for the year ending December 31, 1931.

Roster of the Department

Chief—James R. Travers Deputy Chief—Timothy McDermott

Detective Sergeant

John J. Haley

Insane taken to hospitals	11
Lost children restored	39
Lanterns placed on streets	62
Lights reported out	1,102
Milton writs served by other departments	113
Nuisances reported	3
Officers attending fires	225
Officers detailed for public service	147

Officers detailed at request of citizens . . . . .	289
Search warrant for liquor served . . . . .	1
Solicitors driven out of Town . . . . .	14
Street obstructions reported and removed . . . . .	7
Writs served for other departments . . . . .	427
Amount of property reported stolen . . . . .	\$9,161 49
Amount of stolen property recovered . . . . .	1,715 00

### Crime

Two young men entered one of the banks and stole a small sum of money. They were arrested and found guilty by a trial jury but were granted a new trial by the presiding justice. At the second trial they were found not guilty. Two safes were blown and the criminals have not been apprehended.

Breaking and entering has not been so prevalent as in past years. A young man who was convicted of housebreaking in this and other communities is serving a long term in State Prison.

### Traffic

The traffic problem is getting more serious each year and there is a greater demand for motorcycle officers. On account of caring for schools and churches the motorcycle officers were unable to devote much time to street patrol.

There were four fatal automobile accidents during the year and all of them occurred within the last three months.

I recommend the installation of traffic signals at Reedsdale Road and Randolph Avenue and Central Avenue and Eliot Street on account of the increase of traffic at those intersections.

### Police Alarm

The work of reconstructing Circuits No. 1 and No. 2 is nearing completion and they will be in working order at an early date.

### Motor Service

The Blue Hills and Brush Hill sections of the town are covered by two patrolmen in a Ford sedan and that car should be exchanged as it is used continually.

One of the motorcycles should be exchanged.

The Buick coach purchased in 1926 should be replaced as it will need constant repairing.

I recommend the purchase of another small automobile to patrol routes now uncovered by officers on days off or when transferred to other routes when emergencies arise. Another motorcycle should be purchased to patrol the streets and assist in the safety of our school children.

The station garage is too small to house the motor equipment but could be enlarged at a small expense.

I recommend radio for police use because the instantaneous and constant communication it affords with cruising automobiles is the most modern and powerful method of combating crime and protecting the public.

### Revolver Practice

The members of the Department continued weekly practice in the station and out of door ranges.

I recommend that a cement floor be constructed in the station range over the present wooden one that is unfinished and a fire hazard.

The annual shoot was held in November and Patrolman John W. Dalton was the high scorer and having previously won two legs of the silver trophy is now the permanent owner of it. I commend him for his fine marksmanship.

Selectman Flint has presented two revolvers to be awarded to the officers having the best yearly average and the highest score in the annual shoot. I thank Mr. Flint for his interest.

### The Force

September 3rd, Richard F. Chamberlain was appointed a Sergeant.

Ex-Chief Maurice Pierce died October 17th. He retired from active duty June 1st, 1923, after forty-three years of faithful and efficient service.

Many of the night officers were called upon to assist in the handling of school traffic as well as other duties and they responded willingly.

A few officers were reprimanded for infractions of the rules of the Department.

At times when officers are sick, on days off, or during summer vacations, some of the routes are uncovered. This is not giving the citizens the protection that they are entitled to but it is impossible to grant all requests for police protection with the present number of officers. There are vacancies existing by the promotion of patrolmen to sergeants and making Milton Village a fixed post.

### Conclusion

I take this opportunity to thank the Court and its Officers, the Selectmen, Town Officials, members of the Department and others who have assisted the Department in any way.

Respectfully submitted,

JAMES R. TRAVERS,

*Chief of Police.*

# REPORT OF BOARD OF PUBLIC WELFARE

January 9, 1932.

*To the Citizens of the Town of Milton:*

The resignation of Mr. Albert Rounseville from his position as Agent of the Milton Board of Public Welfare after a service of over twenty-five years, is a loss to the town that cannot be understood except by those who have worked closely with him. His knowledge of laws of settlement and the legal aspects of our problems is combined with an ability to see a man's difficulties from the inside, as the man himself sees them, and thus to gain the confidence of those who come to him for advice. We have had here in this town the kind of service that money cannot recompense and as members of the Board we wish to express publicly our debt of gratitude. We are most fortunate in his successor, Mr. Frederick F. Green, who was selected by Mr. Rounseville. Mr. Green has had a long experience in work for the State and he lives near enough to Milton so that he can get here easily. Mr. Green may be seen at the Town Hall on Wednesdays from ten to twelve o'clock.

For many years the Board has worked under great difficulties in not having any place to keep records or interview clients. This lack will be remedied when the new room, which is to be divided off from the stage end of the small Town Hall, is completed.

The demand for the Old Age Assistance has been much greater than we anticipated. There are at present 19 men and women over seventy years of age, who are receiving such aid. It has never been the policy of your Board to place people in our Town Farm if they had homes, or if there were relatives who would care for them with the assistance of some public relief. There are at present four inmates in the Town Farm, one of whom is a boarder. During last year there were five inmates. There has been one death, one removal, and one additional. The net cost of maintaining the place is \$1,910.63, so it still seems to us wise to keep it open. The other house on the Town Farm lot proved its usefulness this year when it gave shelter to a family who were turned on the street because of inability to keep up the payment of the interest on the mortgage on their house. We expect soon to rent it to the man who is working on the place. It is not possible to give hospital care to a sick patient at the Town Farm so under such circumstances an inmate is sent either to the Milton Hospital or to a hospital that receives chronic cases.

In giving relief, the standard of living that we try to maintain is that which we feel our fellow townsmen approve. If in any instance you question this, the members of the Board will accept with gratitude the opportunity to discuss the problem. We work in constant and most helpful co-operation with all the organizations in the towns with similar objects.

There has been very little aid given because of unemployment and in those instances where such relief has been necessary, the Board has expected a repayment of the amount of the aid through work done at the Town Farm.

The financial statistics will be found in the report of the Town Accountant. To speak here of families or individuals who are receiving town aid would not be appropriate. Each one presents an entirely different problem and therefore in every case the solution is different. It is not possible to classify and describe them. The reward for our efforts comes when a family that has received aid through a long term of years becomes self-supporting. It is our constant endeavor to hold that aim before them and to plan for the time when public assistance can be relinquished. The laws of the State prescribe that children should provide for their parents when they are able so to do.

We greatly appreciate the interest of the citizens of the town in the affairs of this department and we welcome your visits at the Town Farm and your questions in regard to any matter that interests you.

Respectfully submitted,

HORACE N. PLUMMER, *Chairman*,  
HUGH McCUE, *Secretary*,  
JOHN TALBOT,  
CHARLES W. ROLLINS,  
EDITH ENDICOTT STEBBINS.

# REPORT OF PLANNING BOARD

Milton, Mass., January 15, 1932.

*To the Citizens of the Town of Milton:*

## Playground Requirements in East Milton

As requested by the Town last March, we have acted with the Park Commissioners as a special committee to consider this subject. In the opinion of this Committee there is no need of additional playground facilities in East Milton at the present time, and the Committee has so reported to the Selectmen and to the Warrant Committee.

## Brook Road and Reedsdale Road

Last year the Legislature changed its mind about the proposed road from Mattapan to West Quincy via Brook Road and Reedsdale Road in Milton and through the quarries in Milton and Quincy. Instead of going ahead with this plan an act was passed to turn back Brook Road and Reedsdale Road to the Town of Milton after they had been put in order by the Metropolitan District Commission.

A discussion then arose in Milton as to the most desirable type of roadway for this important line of travel. While recognizing the wisdom of a central reserved space where there is room for it we did not feel that the 74 foot width of Brook and Reedsdale Roads offered such an opportunity, as the following letter indicates:

## Office of the Planning Board

Milton, Mass., July 14, 1931.

Metropolitan District Commission  
20 Somerset Street  
Boston, Massachusetts  
Gentlemen:

In handling Brook Road and Reedsdale Road in Milton we hope you will lay out a center strip 40 feet wide and improve it in as permanent a manner as possible with the money available.

A large volume of through traffic now comes to the junction of Randolph Avenue and Reedsdale Road from Brockton and other points south. This traffic is bound for Boston and will not be deflected by the Blue Hill River Circumferential route. At Reedsdale Road it has the choice of going to Mattapan or of continuing over Randolph Avenue to Milton Lower Mills. It is important for Milton to have as much as possible of this traffic sent to Mattapan over Reedsdale and Brook Roads; the Randolph Avenue line being narrow with bad grades and especially dangerous at Milton Village. In case the Furness Brook project through the Blue Hills to West Quincy is revived there will be still more business coming to this same junction of Randolph Avenue and Reedsdale Road.

If the new road from Boston to Providence starts near Mattapan another reason will exist for making Reedsdale Road and Brook Road capable of carrying a very heavy load.

Fortunately both Brook Road and Reedsdale Road were widened in 1898 to 74 feet by the Town. This makes possible a 40 foot travelled way in the center with parking spaces of 8 feet on the sides before coming to the 9 feet on each side reserved for grass and sidewalks. For thirty-two years the travel over these 74 foot roads has suffered from a 20 foot reserved space used by the Street Railway and lying between the two narrow 18 foot roadways.

Even under the light travel of a generation ago, and while the adjacent land was largely unbuilt upon these roadways were unsatisfactory; and to those of us who used them, the recent doing away of the car lines and the making of the former reserved spaces available for travel has come as a great relief.

This improved state of things can be seen on Central Avenue, Pleasant Street and Edge Hill Road.

Another reason for a 40 foot center roadway is the type of building going up on both Brook Road and Reedsdale Road. These buildings are almost all houses of moderate size without individual approaches. As a result much parking has to be done in the public streets where the 8 foot strips suggested above would prove useful. A case in point is the new Woman's Club on Reedsdale Road.

At the Conference with your Chairman and Chief Engineer on the 8th inst., our Mr. Ellsworth drew attention to the danger of accident if these discontinued reserved spaces were re-established and planted with shrubbery, thus making a playground for children, with the consequent indiscriminate crossing of the busy highway on either side. Pedestrians should cross at the regular places and, as in the case of our high school, where police, or traffic signal, protection can be provided.

Your board efficiently handles a somewhat similar situation at the Tucker School on the Blue Hills Parkway.

We respectfully urge you to act promptly, as the present condition of Brook and Reedsdale Roads is unsafe.

Yours very truly,

MILTON PLANNING BOARD.

In this connection the letter of September 3, 1931 from Chief Engineer A. W. Dean of the Mass. Department of Public Works to Mr. Jesse B. Baxter is of interest.

---

THE COMMONWEALTH OF MASSACHUSETTS  
DEPARTMENT OF PUBLIC WORKS

State House, Boston, September 3, 1931.

Jesse B. Baxter, President,  
Blue Hill Bank and Trust Co.,  
Milton, Mass.

Dear Mr. Baxter:

Replying to your inquiry regarding safety zones in the center of a highway, I would say that I believe the safest construction, where there is a large amount of traffic, is provided by having traffic in one direction separated from the traffic in the other direction by an open reservation that is distinctly not for traffic purposes. Where such a reservation is made there should be room on each side for at least two lanes of traffic with an additional lane for parking cars in case of necessity, in such manner that they will not interfere with the two lanes that are in use.

Regulations should be made and enforced requiring slow moving vehicles to keep in the outer lane of travel thus permitting the inner lane, meaning that next to the reservation, to be used for faster moving vehicles and for vehicles passing one another in the same direction.

Ideal construction would be to have this reservation at least 40 feet wide thereby enabling ordinary vehicles to make a complete turn at openings therein without interfering with the traffic in either direction. This cannot be done if the reservation is less than 40 feet in width. I am referring by a "complete turn" to a vehicle moving in one direction turning around to go in the opposite direction. This of course requires a location 120 feet in width thereby providing for two 10-foot sidewalks. However, unless this center reservation is continuous for a long distance, without openings therein, its purpose is defeated since every opening constitutes an intersection. Furthermore, with large traffic, unless there is 30 feet of space between the reservation and the sidewalk, traffic will be delayed frequently by cars parked on the side and thus encroaching upon the travelled way.

You ask me if I consider that a 74-foot width of location is sufficient for a roadway with large traffic and with a reservation in the center, and I answer most positively that it is not of sufficient width as you must have four lanes of travel, being two in each direction and sufficient room on each side thereof for temporary parking. With 74 feet of location and 40 feet thereof taken up for traffic lanes and 20 feet for temporary parking, you will see that you would have only 14 feet left for two sidewalks and a reservation.

Yours very truly,  
(signed) A. W. Dean,  
*Chief Engineer.*

The Metropolitan District Commission turned to the Selectmen as the officials authorized to speak for the Town of Milton and as they were in favor of a single travelled way without a center reserved space the reconstruction of those important roads has been done in that manner; and so far as we have observed has given general satisfaction.

It is fortunate that we have some main lines of sufficient width to carry the increasing burden of through traffic and to relieve the pressure on our many narrow streets.

Respectfully submitted,

JAMES S. RUSSELL,  
DAVID A. HEFFERNAN,  
JAMES F. BALLARD,  
ALFRED J. ELLSWORTH,  
FRED. N. RUSSELL,  
*Planning Board of Milton.*

# REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

---

January 14, 1932.

*To the Citizens of the Town of Milton:*

A twelve percent gain in circulation, to 166,618 books, is a marked increase and should prepare the Town for the statement that an increased appropriation will be needed. From every side comes the statement that the hard times are giving the people more time to read. Many are using their enforced leisure to fit themselves for positions. These needs should be met in a liberal spirit, even though the cry is loud for economy.

The new building for the East Milton Branch was dedicated on the first of December with simple exercises. The appropriation of \$35,000 for the erection and equipment of the building and grounds being a very close estimate even in these times of lower building rates, our Chairman came forward with a gift of \$2,000 for books at East Milton which make a very creditable showing on the shelves. The flags from the Woman's Relief Corps, the help of the Boy Scouts and other tokens of appreciation were most welcome.

The death of Miss Josephine M. Babcock, so long in charge at East Milton Branch was a great loss to the community, and we all wish that she might at least have seen the new building opened.

For the figures of the immediate increase in circulation after the opening of the building we refer to the Librarian's Report.

Increasing circulation at the Mattapan Branch is also gratifying. It cannot be said that the novelty is the reason for its continued growth.

The "Emma K. Gordon Collection of Pictures" will be much used in the work of the library.

Other information will be found in the Librarian's report. To repeat it here does not seem necessary, though it is as interesting and instructive as what we have recorded.

Professor McAdie, leaving Milton, resigned, and we shall miss him from the meetings of the Board. Mr. James F. Ballard was chosen to fill the vacancy until the March meeting of the Town.

We ask the town for \$22,750, to allow \$1,000 additional for the East Milton Branch, and \$300 for new books and binding, an increase of \$1,310 over last year's appropriation.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,  
FRANK E. LANE, *Treasurer*,  
STANLEY CUNNINGHAM, *Secretary*,  
JAMES F. BALLARD,  
VINCENT LEROY BENNETT,  
ROBERT L. RAYMOND,  
ROGER L. SCAIFE,  
FREDERIC M. STONE,  
ROGER WOLCOTT,  
*Trustees of the Milton Public Library.*

## REPORT OF LIBRARIAN

---

January 14, 1932.

*To the Trustees of the Milton Public Library:*

Gentlemen:

I have the honor to submit my report for the year ending December 31, 1931.

The year just finished has been the busiest in the history of the library. We have circulated 166,618 books, 18,056 more than in 1930, which is a 12% gain. This might not be a large figure for a city, but for a town with less than 17,000 inhabitants it is a substantial one.

The important event of the year has been the building and opening of the new East Milton Branch, for which the town appropriated \$35,000 at its meeting in March 1931. Construction began at once, according to plans made by Mr. Eliot T. Putnam and by the end of November the building was ready for occupancy.

On the morning of November 28, seven Boy Scouts under the direction of Mr. William L. Caldwell, moved the books and most of the furniture from the room in Ellsworth Building that we had occupied for thirty-seven years. The Scouts were Robert Hufton, Scoutmaster; Edward Gisburne, Walter Kopke, Ralph McLeod, Walter O'Neal, Edgar Hultgren, and Nelson Price. When 3 o'clock came on that Saturday afternoon, we opened the doors of the old reading room without a book on the shelves. From then until closing time at 9 o'clock, we issued 115 volumes from the books returned by borrowers, and on Monday 114 went out from the same seemingly non-existent supply.

The dedication was held on December 1 at 8 o'clock. The Milton Garden Club, under the direction of Mrs. Stanley Cunningham, had decorated the main floor with potted plants loaned by Mrs. N. Penrose Hallowell and Mrs. Alexander Forbes. The room presented a lovely appearance for the simple but appropriate exercises which followed.

Mr. Nathaniel T. Kidder, chairman of the Board of Trustees presented the keys to Mr. Laurence B. Flint, chairman of the Board of Selectmen, who accepted them in behalf of the town and then returned them to Mr. Kidder.

The East Milton Neighborhood Club, through its president, Mrs. George A. Williams, presented a copper vase. Mrs. Williams, then presented to Mr. Kidder a decorated parchment scroll, also from the East Milton Neighborhood Club, with the following tribute written by Mrs. A. J. Ellsworth: "The Neighborhood Club of East Milton feels that the gift of Mr. Kidder to this section of Milton offers possibilities to this and coming generations which cannot be estimated. To our children and our children's children, the value of good books must increase if civilization progresses. We feel that by such vision as our benefactor has shown there will be real advancement in the wisdom, which shall bring about peace on earth good will to men."

Mrs. Abner B. Cooper, acting for the Woman's Relief Corps next presented one standard national flag and two flags for the outside pole. The flags were brought in by Mr. E. Francis Kemp, who is a grandson of Samuel Hebard, a veteran of the Civil War. A salute to the flag closed the formal exercises, after which the 400 or more people present were invited to inspect the building.

That which should have been a most happy occasion was saddened for many of us by the absence of Miss Babcock, whose death occurred on October 22. Miss Babcock had been in charge of this Branch for 31 years. She had seen it grow from a circulation of 5,000 in 1900 to 30,000 in 1930. Yet during these years of ever increasing usefulness, she had refused all offers of help and it was not until January of 1931 that she consented to have a High School student assist her on the busiest days. For years she had looked forward to the day when her Branch would be housed in a separate building and only one week before her death, she remarked that she was living for the day when the new Branch would open. Such service as she gave cannot be evaluated in words but the constant expressions of appreciation and affection that we hear almost every day show what an influence she was in the community and that her death was sincerely regretted by people of all ages.

The Branch opened for business on Wednesday afternoon, December 2, and from 3 until 6 o'clock crowds of children and adults thronged in. We issued 602 books that first afternoon and while this figure still remains the high water mark for a daily circulation each succeeding day has been a busy one. 160 new borrowers' cards were issued during the twenty-five working days in December, which is almost 50% of the total East Milton registrations for the year. 92 were given to adults and 68 to children. About the same proportion is shown in the circulation, 3,498 books being issued to older people and 2,656 to the children. This would seem to indicate that both old and young are eager to avail themselves of the benefits of the new Branch. The average daily circulation in December was 246 and we feel that this one month's use has demonstrated the need and value of a separate building in the East part of the town. The year closed with a total circulation of 35,061, which is a gain of 6,399.

We hear much in praise and appreciation of the new service. We hear one criticism; that there are not enough books, this in spite of the fact that the \$2,000 which Mr. Kidder so generously gave, was spent exclusively on the book collection. This criticism, when followed up, usually means that there are not enough so called "7 day" books on the shelves. We admit this lack, and although we buy as generously as our funds permit, neither this library nor any other can ever hope to keep up with the demand for current fiction.

During Miss Babcock's brief illness, we were fortunate in securing the services of Mrs. Winifred S. Russell, who has continued temporarily in charge. Mrs. Russell has had much experience in Branch Library work. She received her training and worked four years in the Springfield Public Library, one of the recognized forces among the libraries of the United States. She also worked in the Branch Department of the Somerville Public Library, and for one year had charge of the Norfolk Downs Branch of the Quincy Public Library. She therefore came to us with valuable training and experience.

We did not expect much gain at the Mattapan Branch, for we had the large circulation of the opening year to compete with. It is all the more gratifying to report an increase of 3544, with a total circulation of 42,227. Of this 26,940 was adult and 15,287 juvenile. This shows that the Branch continues to be a busy, useful place and is growing along normal lines. The gain in two years has been 11,053. The lecture hall has been used several times, and to quote Miss Hills, "will undoubtedly be used more and more as the community realizes it is there for their use."

Russell Reading Room, which is open four hours a week, circulated 3403 books. Although this is a comparatively small number, the Branch is much appreciated and those who are its constant users often say they do not know what they would do without the service.

The House to House Delivery wagon continues to serve the people of Blue Hill and Brush Hill districts and last year 14,046 books were delivered. The children are particularly grateful for the service during the summer months.

There has been a slight gain in the circulation in the Children's Room, 1015 more books being issued than in 1930. More children than usual have been reading the books on the State Reading List and teachers from two of the schools have aided this interest greatly by their co-operation. We still need more duplicate copies of the standard books which are in constant demand by the schools. The circulation from classroom libraries was 300 less than last year and this was undoubtedly due to our inability to fill the requests of the various teachers.

We have had a valuable addition to our picture collection. Miss J. Dorothy Gordon and Miss Edith M. Gordon gave 184 mounted pictures of animals, birds, flowers and other nature subjects. These pictures had been used by their mother, Mrs. Emma K. Gordon, during the years she taught in the Milton Public Schools. They have been individually stamped, designating them as the "Emma K. Gordon Collection of Pictures."

Our reference work, the one important part of library service which cannot be shown by statistics, has been as interesting and varied as usual. It gives one a sense of satisfaction, it is also somewhat appalling to realize the faith that many people have that a library can solve any problem. We have had a boy who wanted a book "with a killing in it" for his father; a mother who wanted a practical nurse for a sick child. A special police officer from a

neighboring town wanted the address of a delinquent taxpayer; a student wanted material on primitive toys; an architect asked for a picture of London from across the Thames; one inquiring mind wanted to know from what other religions Christianity got its idea of purgatory and we helped find a Welsh name for a dog.

During March, Miss Gordon of the staff arranged a Chinese exhibit in the Art Room. This was of such educational value that the principals of the various schools were invited to bring classes to the library. 308 boys and girls came with teachers, and Miss Gordon spoke to many of these groups and described and explained the articles on exhibition.

The library lost a valuable assistant in March when Miss Estelle V. Hayes died after an illness of seven weeks. Miss Hayes had been on our staff since October, 1927. Her bright personality, her keen interest in her work and her splendid background of book knowledge made her an assistant of exceptional value.

Miss Miriam Marsh, a graduate of Simmons College, was engaged as a temporary assistant during Miss Hayes' illness and in August, Miss Lillian J. Johnson, also a graduate of Simmons College, was appointed to fill the vacancy.

In this year when all departments are sincerely trying to keep their budgets at least at a stationary figure, it is not easy to ask for more money. It must have been apparent, however, when the new East Milton Branch was voted, that more money would be needed to maintain it. We are asking for \$1310 more than in 1930. Of this amount, \$1000 is to meet the extra expense at East Milton. \$300 is for books and bindery. It is a foregone conclusion that as a circulation increases, more money must be provided for new books, the replacing of old copies and the rebinding of others. It has cost each inhabitant of the town \$1.27 to support its public library in 1931. This is 31 cents less than 10 years ago. Yet the circulation has increased 72% since 1921, while the amount spent for books and binding has only increased 35% and 34% respectively. Although we are asking for \$1310 more, may we point out that we took in for fines in 1931, \$1146, \$169 less than the extra amount we are asking for?

In closing, I wish to speak of the splendid work of the Staff. It has been a year of many readjustments; the equipping of the East Milton Branch added greatly to our work. All problems were met cheerfully and willingly by both the Central assistants and those at the Branches. To them and to the Trustees for their unfailing co-operation and encouragement, I am deeply grateful.

Respectfully submitted,

CARRIE S. ALLEN,

*Librarian.*

---

## APPENDIX I

### Art Room Exhibits

Portraits and paintings by Kleber Hall; Oriental Exhibit arranged by Miss J. Dorothy Gordon; Work of Milton Artists; Hand made rugs; Art Work of the children in the Milton Public Schools; Russian posters loaned by Mr. Talbot Baker; Paintings and portraits by Miss Alice F. Tilden; Hand colored reproductions of Antique pictures, loaned by Mr. Chester H. Phillips.

### GIFTS

#### Books, Magazines and Flowers

Mrs. Charles W. Lillie, Master Irving Meredith, Mr. Harry B. McCormick, Mrs. Wallace C. Tucker, Mrs. Albert W. Hunt, Mr. Herbert E. Fleischner, Mr. Edward P. Pierce, Miss J. # REPORT OF THE SEWER COMMISSIONERS

January 1, 1932.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1931.

## General

Population by the census of 1930	16,397
Estimated length of streets of the town (miles)	83.15
Percentage of length provided with sewers	36.16
Method of disposal	Metropolitan system

## Collection Mains

	For Sewage			For Sewage and Surface Water
	Town-built Sewers	Privately-built Sewers	Total Town+Private	
Linear feet:				700. (storm overflow)
Total, Dec. 31, 1930	146,585 43	12,368 87	158,954 30*	—
Extended, 1931	7,058 14	650 00	7,708 14	—
Total, Dec. 31, 1931	153,643 57	13,018 87	166,662 44	700.

\* During the year 1931 a retabulation of all the sewers in the town was made and these new totals obtained. They differ from the totals as given in last year's report by 1819.3 feet increase.

Number of manholes	817
Number of inverted siphons	2
Number of storm overflows	1
Number of emergency overflows	1
Number of automatic pumping stations	1
Linear feet of force-main (12")	960.6
Number of gate chambers on force-main	1

## House Connections

Number made during the year	178
Number of stoppages coming to the notice of the department	34

## Discharge of Sewers

Estimated population using the sewer system	12,564
Number of buildings connected	2,489

## Financial

Total cost of collection mains to December 31, 1931, (including the East Milton sewer and drain through Babcock Park district)	\$596,072 70
Bonded debt at date (including East Milton sewer and drain bonds)	\$169,000 00
Average rate of interest on bonds	4.00%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The sewer extensions made during the year were as follows:

By the town: Adams Street, Governors Road to Brook Road, 309.7 feet; Ballou Street, Pond Street to Quincy line, 95.6 feet; Belcher Circle, East Milton Sewer and Drain, southerly, 254.0 feet; Blue Hill Terrace Street, Mulberry Road to

Blue Hill Avenue, 150.51 feet; Bonad Road, Clapp Street to Fairbanks Road, 505.3 feet; Brae Burn Road, 837.43 feet; Centre Street, Churchill's Lane, easterly, 400.0 feet; Church Street, Wood Street to Emerson Road, 306.84 feet; Eliot Street, Hinckley Road to Columbine Road, 724.17 feet; Hillcrest Road, 797.84 feet; Hudson Street, Pagoda Circle to Blue Hill Avenue, 757.0 feet; Meagher Avenue, Weston Street, southerly, 252.0 feet; Nash Street, 196.54 feet; Parkway Crescent, East and West, 396.5 feet; Pilgrim Road, Quincy line to Adams Street, 288.43 feet; Pleasant Street, west of Brae Burn Road, 159.87 feet; Pond Street, 470.21 feet; Victoria Street, Ferncroft Road, northwesterly, 97.7 feet; Westvale Road, at Pleasant Street, 58.5 feet.

By private parties: Thompson Lane, 650.0 feet.

J. W. ROLLINS, Chairman,  
FRED. Y. MARSHALL,  
S. CUNNINGHAM,  
*Board of Sewer Commissioners.*

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass., January 8, 1932.

*Hon. Board of Selectmen, Town Hall, Milton, Massachusetts:*

GENTLEMEN: I herewith submit my report for the year ending December 31, 1931:

Number of scales, weights, and gasoline pumps sealed . . . .	1,026
Number condemned . . . . .	4
Number found incorrect and adjusted . . . . .	20
Number of inspections and re-weighings . . . . .	445

Respectfully submitted,  
JAMES SANGSTER,  
*Sealer of Weights and Measures.*

# REPORT OF THE HIGHWAY DEPARTMENT

---

Milton, Mass., January 11, 1932.

*Honorable Board of Selectmen, Milton, Massachusetts:*

GENTLEMEN: I herewith submit my report for the year ending December 31, 1931.

The work of the Street Department has been carried on during the last year according to the program planned.

## Permanent Construction

This work included the construction of Adams Street, Centre Street, and Canton Avenue.

On Adams Street the curbing on the westerly side of the street was reset, making a uniform 9 foot sidewalk extending from Eliot Street to Randolph Avenue. The old brick surface was replaced with concrete. The roadway was excavated, a gravel base put in its place and upon this surface a two course top road was constructed. The wearing surface of the road is of broken stone and asphalt.

Canton Avenue was rebuilt from Robbins Street to the boundary line of the Metropolitan District Commission, a distance of 900 linear feet. After necessary drainage was installed, this road, part of which borders on a semi-business area, was constructed by laying a four inch base of broken stone on gravel and surfacing it with sheet asphalt. The hot top was purchased by the ton and applied by our own men. A few outside experienced men were employed to break our men in on this type of road construction.

Centre Street, from Brook Road to Randolph Avenue was reconstructed this year. The necessary drainage with several dead end connections to Milton Cemetery was first installed. This roadway surface, having a width of 26 feet for the greater part of its length, is of the regular broken stone penetrated road type.

## General Highway

Highland Street and Squantum Street were the first two streets to be resurfaced early in the season.

Sections of Highland Street were stoned over and penetrated with asphalt, making the street a retread job all the way from Reed Street to Canton Avenue.

Squantum Street was in very poor condition because of unsatisfactory repair work done by the contractor engaged by the Sewer Department. It was also broken up by the Boston Consolidated Gas Company when laying a new high pressure main. The street could no longer be patched satisfactorily, so the entire width was spiked, resurfaced and penetrated with asphalt from Adams Street to Cedar Terrace Street. Part of this expense was met by the Gas Company.

Dyer Avenue is constructed of broken stone and asphalt from the Blue Hills Parkway easterly, as far as the first curve, but from this point the remainder of the street to Houston Avenue was a series of holes. This section of the street was stoned over and penetrated to lines and grades furnished by the Engineering Department. Additional work done on this street was to break up portions of the old, stoned road to make proper drainage to the catch-basins which had been built the winter before.

Kahler Avenue, Houston Avenue, Warren Avenue, and a small part of Dyer Avenue, all gravel roads and referred to at Town Meetings as a "chain of lakes," had drainage installed, were regraded, and then treated to a coat of light asphalt which was allowed to penetrate the gravel. After several weeks a heavy coat of 85% asphalt was applied and covered with stone chips. This treatment gives these roads a black top which sheds the water readily.

Blue Hill Terrace Street, from Crown Street to Mulberry Road, is another street that had been broken up by the Sewer Department. The most economical

Street List of General Highway and Permanent Construction

Street	From	To	Type	Length	Width	Sq. Yds.

Old Public Streets constructed . . . 5.46 miles  
 New Betterment Streets . . . 1.56 miles

Total mileage constructed in 1931 . . . 7.02 miles

way to repair this old gravel road was to resurface it. This was done with broken stone penetrated with asphalt.

Cheever Street another old gravel road, never built to any grade lines, was in very poor condition. The work here consisted of removing the old pipe crossings at the gutter, lowering the gutters in places and raising them in others. The crown of the street was also built up where needed to eliminate the puddles. These alterations were covered with broken stone, penetrated, and the entire length of the road sealed with 85% asphalt which was covered with stone chips.

Belcher Circle, in East Milton, one of the oldest streets in that section of the Town, is for the most part in fair condition. The lower part, from Bates Road to the Babcock line, has never been surfaced and the water from several streets is conducted to the lower end of this road so during a storm the street looks more like a river than a street. The road scraper and roller were used here and the road shaped with a crown and oiled, thus making the roadway safe. As this part of Belcher Circle is becoming a much used way since the development of Babcock Park, I am recommending that drainage be installed and the street be resurfaced.

Much minor repairing has been done on School Street from time to time in order to make the roadway safe so it seemed economy to resurface it from Randolph Avenue to Canton Avenue. The drainage system was extended from Canton Avenue up the hill to a point above the Glover School. The roadway was excavated, a foundation being made by putting in and shaping gravel and the entire area covered with broken stone, rolled and penetrated with asphalt. This portion of the road is now in good condition and should give many years of service.

Wharf Street was resurfaced in conjunction with the permanent construction work of Adams Street. It was very much worn out and broken up. Since the advent of the Rapid Transit it has been as much used as any way in town. The area covered was from Adams Street to the Yacht Club building and across to the Boston Rapid Transit line. This is a broken stone, penetrated job and should last many years with very little maintenance cost.

Otis Street, one of the jobs in the latter part of the season, was done about the time the new culvert was being put in so that the part of Otis Street from Brook Road to Adams Street is now in first class condition. A tree lawn will have to be put in this spring and seeded.

Central Avenue, Pleasant Street and Edge Hill Road, where the car tracks had been removed by the Eastern Massachusetts Street Railway Company, were in a very unattractive and dangerous condition to the traveling public. As a temporary repair, these areas have been filled with gravel, rolled and oiled with Asphaltic road oil and covered with stone chips but will need constant attention. A special appropriation will be required to stone over these areas.

Other work done and charged to this appropriation was street oiling. The benefit of the use of heavier road oil is visible to all who use the highways and most of the streets treated with 85% asphaltic oil a year ago required no maintenance this year.

The replacement of some equipment has been necessary. A new sand spreader, a new mounted tar kettle, a new light truck snowplow and a new tractor snowplow have been bought out of this appropriation. Most of our other motors and equipment are in good condition with the exception of several small trucks which are worn out and should be replaced.

### New Equipment

The new five ton Mack Truck has been in constant use and has covered 7,000 miles on town work since purchased.

The air compressor purchased this year has been in constant use and has paid for itself in this one season.

I recommend that the Town appropriate money for the purchase of another 5 to 7 ton truck and thus reduce the cost of hiring trucks. The Town this year has paid \$11,980.14 for truck hire and it has cost the Town 40c a ton in addition to the cost of stone for every ton delivered which alone would pay for the investment.

This department has paid \$8,934.77 for excavator hire this year. I therefore recommend the purchase of a power shovel.

### Relocation and Alteration of Pleasant Street Appropriation

In 1931, \$37,000.00 was appropriated for the relocation and alteration of Pleasant Street. The work consisted of widening and building 1400 linear feet of Pleasant Street from an average 27 foot width road to a uniform 50 foot street, installing the necessary drainage, curbing the street corners, and building retaining walls from Brook Road to a point about 200 feet westerly from Brae Burn Road.

This work was in progress nearly the whole construction season and necessitated the use of a steam shovel with which most of the excavation was done. Any material such as loam or good gravel was salvaged and stored for use on other jobs about town. The trees were cut and removed by the Tree Warden Department and from the logs the Highway Department procured about 10,000 board feet of lumber for use on other jobs, as well as about 10 cords of wood. The steam shovel, hired from Dwyer of Braintree, made light work of removing the stumps, which were carted away on the large platform truck of the Tree Warden Department.

With the steam shovel also was installed the 36 inch diameter reinforced concrete pipe which came in four foot sections, weighing about 1600 pounds each. This machine, with a crew of five men did the excavating for the trench, laid the pipe and did the back filling, averaging about 50 linear feet a day. This big pipe extends from Unquity Brook and intercepts the brook from Cunningham Park.

The stone wall was built by F. S. O'Neill and Son of Milton, at a cost of \$1.50 per linear foot. This is a rubble wall and parts of it will be removed when the land of the Davis Estate is developed.

Pleasant Street now has a good gravel base and a 4 inch penetrated stone surface from Brook Road the entire length of the new construction.

The following picture shows the wall and the 36" pipe as installed.

Part of this appropriation was used for installation of two culverts and the widening and deepening of Unquity Brook from Otis Street to Pleasant Street which was necessary to afford an outfall for the 36" pipe from Pleasant Street as the old brook bed was too high. This is also part of the plan for the main trunk line drain to Churchills Lane.

The Water Department's excavator was used to remove the old culvert on Otis Street and to handle the 48" diameter pipes. These pipes are laid in a double line and weigh about 2 ton for each 4 foot section. As soon as the culvert was installed the work of widening and deepening the brook channel was started. This work was done by hand labor and the material was carted out in small trucks. Immediately after the excavating was done, the walling up the sides of the brook was started. The walls are laid in cement mortar. They are four foot apart at the bottom and are laid on a batter so that they are 6' 4" apart on top and 6 feet high. Abutment masonry walls were built on each end of the culvert on Otis Street and one abutment wall built at the culvert at Pleasant Street. Both of these culverts are completed. This work required the alteration of several pipes by the utilities such as the water, gas, and sewer pipes. With the co-operation of all the Departments the work has progressed and has been completed as estimated and planned before December 31st. All this work—our largest, single appropriation—was done to the lines and grades as planned by the Engineering Department.

### Betterment Streets

The work of construction on the Betterment Streets was done entirely by this department, a list of which is given in the Town Engineer's report. Some economies were effected by doing the work ourselves and using surplus material from one street to make up the lack of materials for another. This work was completed by the middle of November and the cost of each street turned over to the Engineering Department for distribution.

### Rounded Corners

Three corners were rounded and curbed during the year and the necessary sidewalk work done. Two of these corners were at Washington Street and Adams Street, and one at Highland Street and Canton Avenue.

### Drainage

Much drainage has been installed this year in connection with both the Betterment Streets and the reconstructed public streets. A list of this work will be found in the Engineer's Report.

For the last two months of this year drainage work has been in progress on Unquity Brook. Practically all of this has been day labor work and the excavated material required a second handling. This has made the work somewhat more costly but has provided employment to about forty-five more men than are usually employed by this department at this time of the year. The work consisted of the deepening and widening of Unquity Brook. Part of this project completed this year is from a point 160 feet below Squantum Street to the line of Woodward's Garage, Inc., and required the removal of the old culvert and the reconstruction of the sewer crossing at this point. The new sewer was installed from plans supplied by the Sewer Department which required building two manholes and connecting the same with an 8 inch cast iron pipe siphon with leaded joints and entirely encased in ten inches of concrete. The overflow for this sewer remains to be done. The new culvert is complete. Other ditching, as part of this drainage project, is in progress between Pleasant Street and Brooks Pond, bordering Brook Road. It is estimated that the same force of men will be kept on this work until next March.

The financial statement of this department will be found in the Town Accountant's report.

The town employees have worked faithfully and have shown a splendid spirit of co-operation.

Respectfully submitted,

FORREST J. MAYNARD,

*Superintendent of Streets.*

# REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 14, 1932.

To the Citizens of the Town of Milton:

The Board of Water Commissioners submits its Annual Report for 1931:

Operations					
Operating Revenue	.	.	.	.	\$128,606 10
Operating Expenses	.	.	.	.	68,439 98
Net Operating Revenue	.	.	.	.	\$60,166 12
Interest	.	.	.	.	\$14,321 99
Bond Retirement	.	.	.	.	27,083 33
Total Fixed Charges	.	.	.	.	\$41,405 32
Balance for replacement and new construction					\$18,760 80*

\* The law requires the Commissioners to fix water charges sufficient each year to cover costs of water, operating, interest and retirement of water bonds, and \$10,000 additional for new construction.

Receipts increased due principally to the larger minimum quarterly charge effective June 30, 1931.

At the last Town Meeting the Commissioners were denied an increase in the appropriation for "Hydrant Rental," hence it became necessary to increase charges.

Your Commissioners believe the Town is not contributing a sufficient amount under "Hydrant Rental" for the constantly increasing costs to the Department for adequate fire protection to avoid an increase in fire insurance rates.

Fire protection requires an ample supply of water at all Hydrants so that the Fire Department can use the necessary lines of hose to fight a particular fire and at the same time protect adjacent property. An inadequate supply is soon discovered by Boards of Fire Underwriters and higher rates enforced.

"Hydrant Rentals" so-called are a charge against the entire community, whether users of water or not, for protection against fire. Everyone's property benefits because this protection is provided. It is, therefore, more equitable that the entire community should provide the necessary money through Hydrant Rental than that only householders should pay for lack of such a service through increased insurance premiums.

A table showing comparative figures for cities and towns in the Metropolitan Water District presented at the 1931 September convention of the New England Water Works Association is reprinted herewith.

This table was part of a paper presented at the convention by your Superintendent, David A. Heffernan, who is a past President of that organization and was last year elected Chairman of the New England Section of the American Water Works Association.

Please notice particularly:

1. Milton has the **lowest** per capita water consumption and has a **high** per capita Valuation. All Metropolitan Assessments are by law based on both consumption and valuation and a community having a **low consumption** and **high valuation** pays a high rate for its water. Our rate is the highest in the district because of these facts.

2. Milton's water debt per mile of main is the highest in the district; its debt per service is second highest. These high debts are due in part to special physical difficulties encountered because the town shifted from the old private source at Brush Hill to the Metropolitan supply at the Lower Mills and in part because the major growth of the town occurred during recent years when costs of new construction made necessary by this growth were high.

3. Its services per mile of main are next to the lowest. This is because Milton is a community of scattered homes and requires more miles of main to supply water to its people than all other cities and towns in the district with one exception. This again is a contributing cause to the high debt per mile of the system.

Comparative Statistics Relating to  
Cities and Towns in the Metropolitan Water District

Municipality	Population	Consump- tion per Capita per day	Valuation per Capita	Cost of Water per 100 cu. ft.	Services per Mile of Main	Water Debt per Service	Water Debt per Mile of Main	Hydrant Rental	Annual Minimum Charge	Excess Water per 100 cu. ft.

WINTHROP	16,890	71	1,500	5.71c	55.0	18	1,007	\$15 ea.	12	18 to 16c

\*Estimated Cost, if all water were taken from Metropolitan System.

Note—Under "Annual Minimum Charge," quarterly and semi-annual charges have been placed on annual basis for simplicity.

Note—Under "Excess Water" only high and low steps are listed, omitting intermediate steps.

Prepared in 1930 and 1931.

A study of the table will disclose wide variations in the conditions of the Water Departments listed and will make clear the difficulty of comparing our own Water Department with others. The basic conditions vary—often starting with the conditions and requirements of the Enabling Acts under which they operate. Milton, for example, has always tried to keep its Water Department self supporting, and has tried to show in its accounting the true financial conditions of its system. In this it has been so successful that many water departments of other towns and cities have asked for copies of Mr. Heffernan's table given above with a view to revising their own estimates of their condition.

In this effort of Milton to face the facts, Hydrant Rental was originally recognized as Fire protection and a proper community item. It was established at \$35.00 per hydrant when the Town acquired the system.

It is evident from the table that the Fire problem is not met by many communities in the same forthright way as we do—although obviously the same problem is common to all of them. Perhaps it is not as well understood by other towns and it can be easily overlooked in the general tax levy.

Operating and Maintenance Expenses of your Department other than cost of water remained about at 1930 figures.

Conditions in 1902 (the year the Department was established) and in 1930 and 1931 are presented in the following table:

	Hydrants	Meters in Service	Miles of Mains	Population April 1
1902 . . . . .	266	1,000	35	7,100
1930 . . . . .	591	3,814	76	16,220
1931 . . . . .	617	3,945	77	16,776

The Department continues to be operated efficiently and economically.

We regret to report the death of A. B. Cooper—after more than thirty years of faithful service to the Department.

As its part in relieving unemployment the Department set ahead some improvements planned for later years.

### Financing

This coming year the last of the Bonds issued to finance the original purchase of the system will be retired.

Construction completed during 1931 has been financed by issuing bonds totalling \$50,000. This leaves \$25,000 authorized but unissued. We suggest the authority to issue this \$25,000 be cancelled. New construction for 1932 is cared for by an article in the Warrant.

Articles covering Hydrant Rental and Departmental Operating expenses will also be in the Warrant.

Respectfully submitted,

EDWARD L. HURD,  
EDWARD E. FORD,  
WILLIAM J. McCLUSKEY,

*Board of Water Commissioners.*

## REPORT OF TOWN ACCOUNTANT

---

Milton, Mass., January 19, 1932.

*To the Honorable Board of Selectmen:*

I herewith submit the report of the Town Accountant for the year ending December 31, 1931, arranged as follows:

1. Detailed accounts of all receipts as classified in accordance with the requirements of the Division of Accounts of the State.
2. Details of all departmental accounts showing appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.
3. Balance sheet as of December 31, 1931, showing debit or credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1931, have been examined and found to be correct.

Respectfully submitted,

MARY A. BERNI,

*Town Accountant.*

## FUNDS HELD BY THE TOWN

---

### Perpetual Care Fund

Amount held December 31, 1931 . . . . . \$92,429 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes.

### Jason Reed Fund

Amount held December 31, 1931 . . . . . \$2,626 67

The income on this fund is paid over to the Trustees of the Cemetery.

### E. T. L. Reed Public Park Fund

Amount held December 31, 1931 . . . . . \$6,788 94

### Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

### Mary L. Peabody Fund

Amount held December 31, 1931 . . . . . \$5,177 50

The clause under which this bequest is given as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

REPORT  
OF THE  
SCHOOL COMMITTEE  
AND THE  
Fifty-second Annual Report  
OF THE  
Superintendent of Schools

---

# REPORT OF THE SCHOOL COMMITTEE

---

## *To the Citizens of the Town of Milton:*

The School Committee herewith submits in detail its report for 1931. Although pertaining generally to finances, it should be remembered that the justification of a public school system is service it renders in terms of efficiency and character. For a discussion of the work of our schools we invite your attention to the report of the Superintendent.

### Gifts

The School Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

#### High School:

Picture—Music and Poetry—Class of 1931  
Picture—The Origin of Parties—Class of 1931  
Stage Scenery—Milton Woman's Club and Milton High School Dramatic Club  
United States Flag and Standard—Woman's Relief Corps  
Support of Athletics

    \$20—Class of 1931  
    \$20.72—Class of 1930  
Shrubbery—Miss Harriet Whittier  
Black and Colored Inks for Printing—Mr. John R. Donahue  
Half-tone and Electroplates for Printing—Mr. John Berrigan

#### Belcher School:

\$25—Belcher-Collicot Association

#### Collicot School:

\$25—Belcher-Collicot Association  
Fresh-Air Room  
    \$137.65—Milton Woman's Club  
    \$10.00—Neighborhood Club  
    \$54.15—Milton Social Service League  
    \$7.00—Interested Friends  
Expense of lunch and transportation—Tucker School Association

#### Tucker School:

Shrubbery—Miss Harriet Whittier

#### Vose School:

Shrubbery—Miss Harriet Whittier

#### All Schools:

Use of Valuable Character Education Exhibits—Women's Municipal League of Boston

#### Elementary Schools:

\$154.35 for instrumental music instruction—Milton Education Society

The Committee desires further to record its appreciation for assistance, co-operation, and interest manifested by town officials, social groups, and individuals. The police have shown vigilance and kindly manner in handling children at opening and close of schools. The Milton Education Society has been generous in defraying a deficit for instrumental music instruction in the elementary schools. Assistance for high school athletics by the Lions Club has been large and timely. Parent-Teacher Associations contribute much to social interests of the community, and better understanding of the schools. Above all, credit should be given to the entire personnel of the Milton schools for their enthusiasm and their loyalty, for their devotion to the ideals of education and their generous service and contributions to community needs wholly apart from official duties.

## General Policy

Conditions of 1931 have placed exacting requirements upon every unit of government. To maintain standards of public service and to reduce taxation are requirements difficult to reconcile.

The School Committee has endeavored to adjust its policies to meet existing conditions. Expenditures have been made according to close economy. Buildings and equipment have been examined, and considerable study has been given to the growth of school population in order to determine the need for additional accommodations.

## The School Survey

We fully appreciate the sincere purpose of the Survey Committee, and we believe that their efforts will help to solve many of the problems of the Milton school system. The reports of the Survey Committee, School Committee and Superintendent taken as a single study furnish an exceptional amount of information. Even though the citizens of the town regard the schools from widely differing standpoints, the reports may be a common basis upon which public opinion can come to general agreement.

Does the Survey Committee believe that the Milton schools, as a whole, are giving satisfactory service? Upon this question the report states, "any educational survey we might make would have little, if any, value to the town." The responsibility of approving or disapproving curriculum, the School Committee cannot evade. At almost every meeting questions of policy arise which involve the inseparable factors of cost and service. Decisions must be made.

Is the economy of the School Committee too drastic? We note recommendations for larger expenditures for repair and maintenance of buildings, for purchase of additional equipment, and criticism of the School Committee for returning to the town a large unexpended balance. The report further recommends employment of an additional janitor and teacher at the Collicot School, and suggests that an assistant to the Superintendent be added in the administrative department. We should interpret these recommendations as disapproval of the economy measures of the School Committee were it not for such comments as the following: "We are happy to state that whereas the total expenditures for support of Milton schools has been constantly increasing, the relative cost per pupil to Milton (in comparison with other towns) has decreased."

Time does not permit us to make a detailed estimate of what the additional expense to the town would be if all of the recommendations of the Survey Committee were adopted.

## School Enrollment

Increase of population in Milton is not merely a fact to be accepted with indifference. Growing enrollment must be measured, and met with intelligent action.

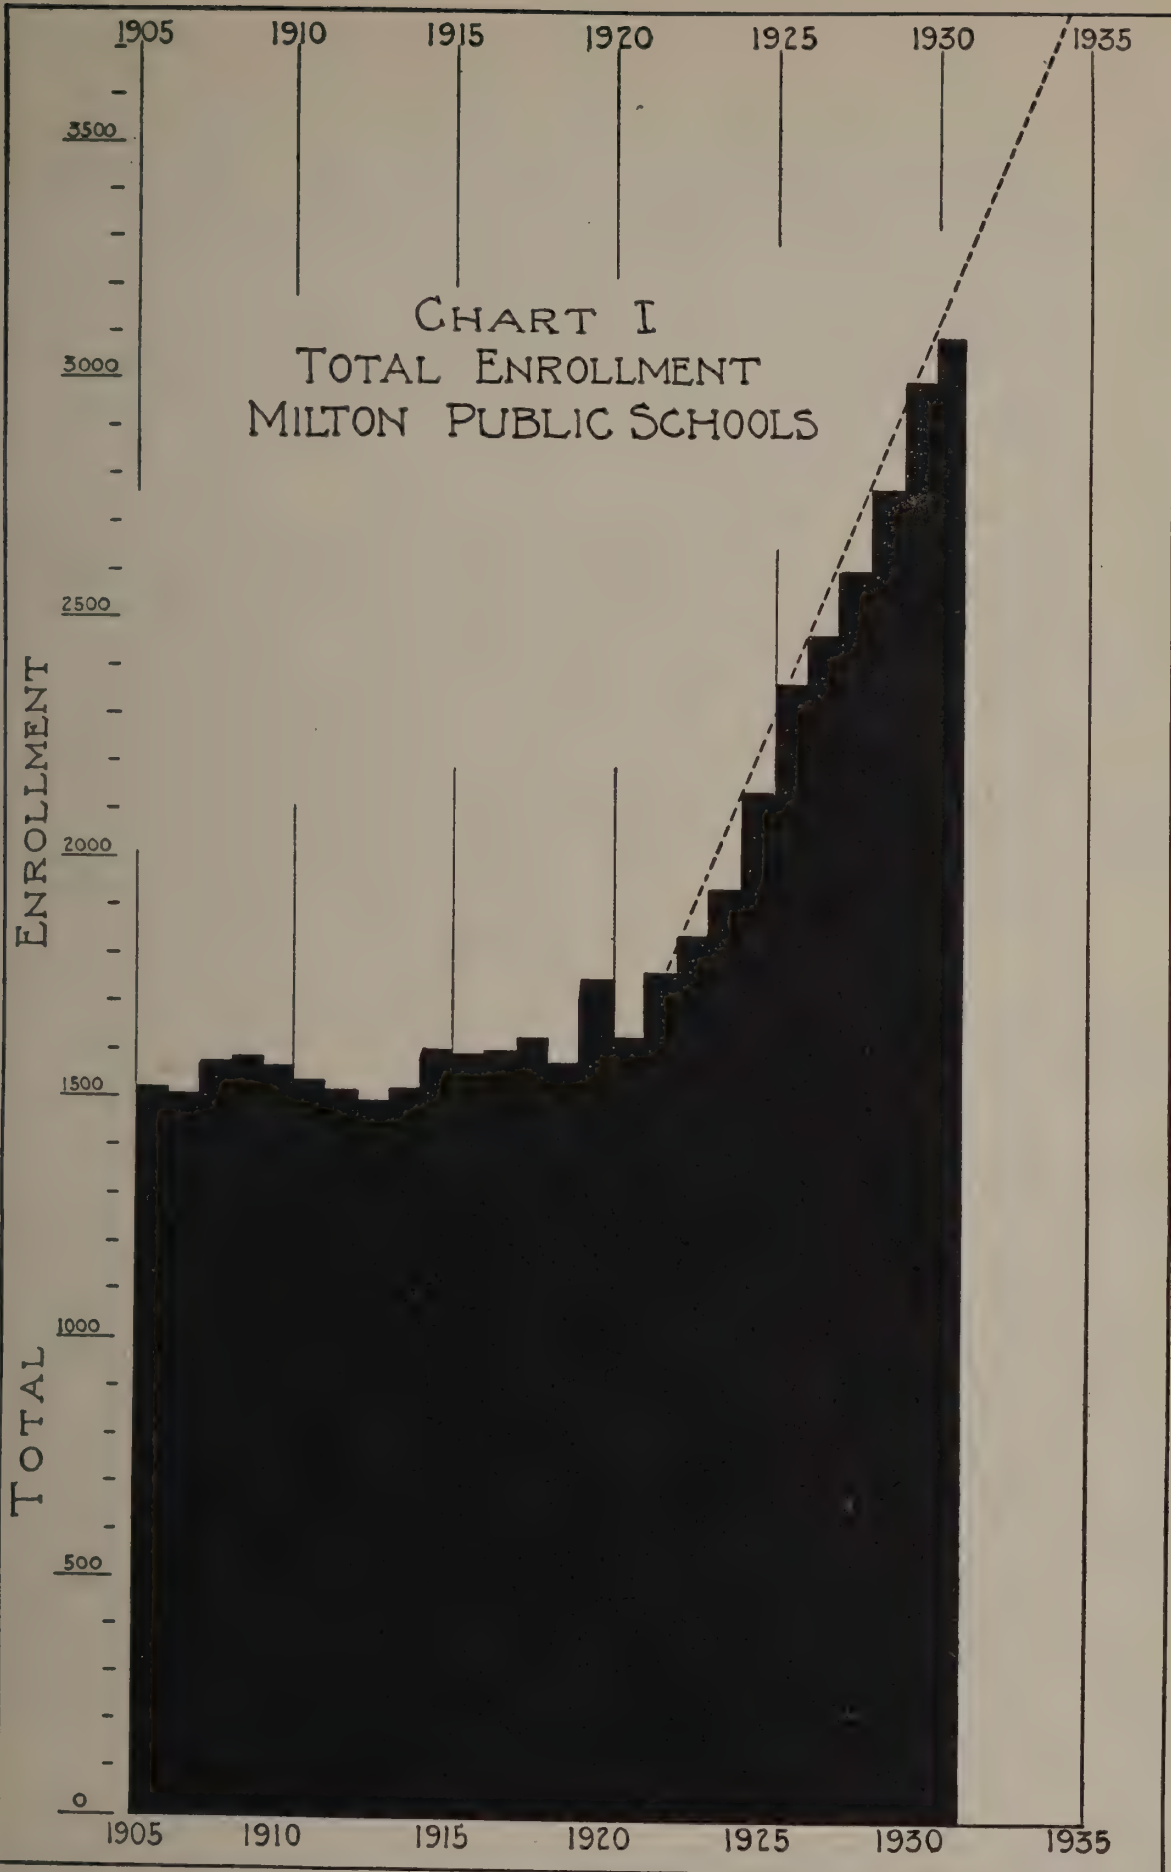

Chart I, covering the twenty-seven year period, 1905-1931, shows that since 1922 our growth has been rapid and uniform. In this ten-year period the enrollment increased from 1630 to 3042. Yet the density of population in Milton is one of the lowest of any community adjacent to Boston. Considerable land is available for development, and we should anticipate that the present rate of growth will continue. The average annual increase in membership for the past ten years has been about 140. For the year 1929-1930 it was 200. The unavoidable consequence of increasing enrollment is continual need of additional teachers, text-books, equipment, and buildings.

## Building Program

Which section of the Town is increasing most rapidly? Is the need for relief of crowded conditions in the high school greater than the need for more elementary school rooms? What is the best plan for orderly development? What plan offers the most far-sighted economy? The Superintendent of Schools, in his report for 1929, and the Eliot Street Building Committee in 1931 gave warning that delayed action will result in crowded conditions in high as well as in elementary schools. The building program outlined in the School Report of 1926 was approved by a special committee appointed by the Moderator, and has been accepted by every subsequent committee that has considered the need of additional school buildings. This program should not be discarded. We urge at the next March meeting favorable action upon the article providing for the appointment of a committee to make recommendations and prepare plans for additional schoolhouse facilities. Especially do we suggest careful study for alterations of the Vose School and the establishment of a secondary school in East Milton.

CHART I  
TOTAL ENROLLMENT  
MILTON PUBLIC SCHOOLS

Repairs

Three-fourths of the school population are housed in the High, Tucker, and Collicot buildings. It has been a standing policy of the School Department to maintain the larger buildings (including the Vose and Belcher Schools) with funds available. The Wadsworth and Glover Schools, built about fifty years ago, receive minimum apportionment for upkeep. These small wooden buildings may still serve useful purposes, but should be permanently abandoned as soon as modern units are available.

The largest item for repairs this year was the replacement of the roofing material on the section of the High School built in 1909. The work was done under contract by John F. Shea & Company, Mattapan, Massachusetts, for \$1,185.

At the Vose School the drainage system for ground and roof water built in 1913 became so badly clogged that water in the basement made it difficult to maintain fires. The Water Department provided a pump to meet the emergency. A contract for laying underdrains was then voted to F. S. O'Neill & Son at \$402.

All other repairs have been comparatively small and carefully considered by the Committee.

In making allotments for repairs the Committee experienced difficulty in deciding whether postponement of expenditure should be considered as money saved or as neglect of economical maintenance. A study of data on valuations of school buildings and expenditures for repairs in twenty Metropolitan towns over 5,000 population seem to warrant the following conclusions:

The School buildings in Milton are, as a whole, modern and well equipped. The State Department of Education places a comparatively large valuation upon our school plant (\$1,885,670).

The number of pupils per building is large. This fact was considered by the Wellesley School Survey Committee to be an advantage that contributed to lower costs of instruction in Milton.

Significant comparison of cost of repairs as percentage of valuation and as cost per pupil of enrollment are as follows:

	Repairs per Pupil	Repairs % valuation of school buildings
State, 1931 . . . . .	\$5.08	2.1
20 Metropolitan Towns, 1930 . . . . .	4.49	1.0
Milton, 1931 . . . . .	1.75	.3
Rank of Milton (20 towns considered) . . . . .	19	20

Another comparison may be obtained by reference to Town Reports, as follows:  
School Report for 1907—Page 7—"During 1907 we spent over \$3,000 for the maintenance and repairs of our school buildings. This figure does not include the changes in the sanitary conditions at the Sumner and Thacher Schools."

School Report for 1908—Page 6—"During the year \$7,000.62 has been spent in the upkeep of the school buildings,—a larger amount than has ever been expended in any previous year for a similar purpose."

School Report for 1909—Page 6—"During the past year there has been expended in repairs and maintenance of the school buildings the sum of \$3,084.17, which is considerably less than in our opinion circumstances now demand. As we feel it an unwise economy not to keep the buildings in first-class condition, for the coming year we have asked for \$2,200 more than the previous year."

For 1907 to 1909 the enrollment in the schools was less than one-half of our present membership. The present High, Tucker, and Collicot buildings were not then in existence. In comparison to the enrollment alone, making no allowance for the greater value of the dollar twenty-five years ago, the expenditures for repairs and upkeep were between fifty and seventy-five per cent greater than the amount used for similar purposes during 1930-1931. (See financial statement.)

From our inspection of buildings we are certain that moderately larger allotments for repairs would be sound economy.

Teaching Load

The kindergarten at the Vose School has been conducted since the beginning of the present school year by one teacher instead of two as formerly. In the high and junior high schools an increased membership of 92 has been met without increase in the number of teachers. The first grade group at the Collicot School was organized as three classes

from January to June, 1931, but continued in September in two rooms only, following the resignation of Miss Whidden. Enrollments this year in second grade classes as well as first grade were over forty. In December it became evident that the saving of the salary of one teacher did not justify the additional teaching load imposed. Accordingly the Committee voted to fill the vacancy open since September.

Exclusive of kindergarten twenty-three of forty-eight classes in the elementary schools include thirty-five or more pupils. The average enrollment for all elementary classes is thirty-four. We believe the present ratio of pupils to teachers to be as high as justifiable and recommend that the Town appropriate sufficient funds to employ additional teachers for increased membership in September, 1932.

For the school year 1931-1932 the total salaries for teachers will be about \$4,000 less than was expended during 1930-1931. This saving, effected by organizing larger classes, has been returned to the Town in the revert of \$4,196.97 reported in the financial statement.

### Economies in Management

The Committee has unanimously favored a policy of economy although there have been differences of opinion as to the methods and extent.

The text-books and supplies have been purchased in quantities sufficient only for minimum requirements of the enrollment, and repairs have been limited to the most urgent needs. For these three items, per pupil expenditures in Milton are considerably lower than in most cities and towns within the Metropolitan area.

Restrictions upon expenditures for the support of athletics have reduced the item for play and games considerably below the amount adopted in former budgets.

By vote of the Committee no expenditures are now made from the general appropriation for instrumental music instruction in the elementary schools. Continuance of such classes depends entirely upon fees paid by pupils, and the number in attendance.

Traveling expenses formerly allowed to Superintendent and principals attending conventions have been practically eliminated.

Saving in certain items of the school budget is shown by comparison as follows:

	1930	1931
Traveling Expenses . . . . .	\$170 80	\$68 00
Office Expenses . . . . .	1,591 84	1,503 34
Libraries . . . . .	394 23	278 89
Play and Games . . . . .	577 52	354 60
Sundries . . . . .	1,342 53	1,131 34

No salary increases have been voted to caretakers of buildings. No additional janitors have been employed. The larger enrollment this year has been cared for without increase of teaching positions. Replacement of teachers who resigned during the year have been made at lower entrance salaries, with a net annual saving to the town of more than \$3,600. This amount to a very substantial extent offsets salary increments voted under the schedule adopted in 1928.

### Purchases and Contracts

Whenever practicable expenditures are made competitive. It is not generally known that the amount of money spent through direct quotation is comparatively small,—so small that it would be unprofitable to attempt to write technical specifications for a wide range of materials, provide corresponding inspection, and incur expense of clerical and legal services that are a part of large city school systems.

Arguments for establishment of a new position of assistant superintendent, business manager, or purchasing agent have been considered, and our expenditures for 1931 classified as follows:

Salaries and personal services . . . . .	\$266,653 48
Contracts and purchases through competition . . . . .	23,259 81
Direct purchases from publishers and others not open to further discount . . . . .	20,885 23
Miscellaneous expenditures not subject to variations in prices and discounts . . . . .	3,118 43
<b>Total . . . . .</b>	<b>\$313,916 95</b>

It is evident that the amount upon which any saving might possibly be affected, is so small that the net results of another administrative office would be greater expense.

### Standards and Expenditures

It is our conviction that further economies would result in abandonment of the standards which have prevailed in the town for more than a quarter of a century.

Numerous references in town reports testify to high, progressive standards of education followed in the Milton Public Schools. It appears that the diversity of vocational studies in Milton was regarded with approval twenty years ago. In 1922 it was a matter of pride that the proportion of pupils in the high school in Milton was not exceeded by any other city or town in Massachusetts. When the kindergarten privilege was available to all children in the town it was referred to as the outstanding accomplishment of the year. The School Committee of 1909 notes that "the expense per pupil gives Milton the fifth place in the list of cities and towns." The School Committee of 1916 gave prominence to the fact that Milton schools ranked forty-first in the State in expenditures per pupil.

Milton is now following a more conservative policy in support of schools. There is an increasing tendency to restrict rather than enlarge opportunities offered. Although the valuation of the town remains relatively high (54th of 355 cities and towns in the State) our rank in expenditures per pupil has dropped from 5th place in 1909 to 155th position according to the latest published figures.

### Statistics

Statistics alone should not determine a school policy, but in time of need for public retrenchment figures furnish precedent for spending wisely as well as for denial of non-essentials. Statistics may also give warning when a policy of economy carried to extreme becomes parsimonious.

The cost of maintaining our schools is moderate in comparison to the scale established by other communities of comparable valuations per capita. The total cost per pupil in Milton for all items of the budget except salaries of teachers is more than 25% below state average, and is only slightly above the standard set by the poorest cities and towns in the vicinity of Boston. Salaries paid are considerably below those prevailing in Boston, Cambridge, Somerville, Brookline, Newton, and Wellesley. Salary rates in Milton are closely comparable to the schedules of Winchester, Beverly, Lynn, Malden, Melrose, Dover, and Weston.

Economies already referred to in reporting the increase of teaching load went into effect in September and therefore do not appear in the State report which covers the year ending June 30, 1931. Unit costs for 1932 will be lower.

It is desirable that adequate allotments should be made regularly for text books, supplies, and repairs. In comparing per pupil cost for text books with State averages shown in the appendix, allowance should be made for the larger requirements of our growing enrollment. In Milton it is necessary not only to maintain some 25,000 text-books in good condition, but also to provide complete sets of new books annually for approximately 150 new pupils. \$3,549.71 for purchase and renewal of text books in Milton for the last school year (see Table III, Appendix) is the lowest sum so expended since 1925. Almost one-half of the expenditure was outlay for additional text books required by the larger number of pupils enrolled this year. \$1.25 per pupil cost of text books for a year is very exceptional. Not more than seventy-five cents of the \$1.25 apportionment was used for binding and replacement of worn-out books.

Continuation of disproportionate allotments for supplies such as appear for 1930 and 1931 can only result in large corrective expenditures at a later time. The same principle applies in making repairs.

Regular, conservative expenditures should be made for maximum educational efficiency, and for most economical maintenance of plant.

The Committee is unanimously opposed to salary reductions. It continues most earnest effort to reduce expense so far as possible without undue sacrifice of quality in education.

Compared with Massachusetts standards, school expenditures in Milton are not excessive. The valuation of the town is large, and the relatively small part of the local tax rate used for education is evidence that the town may well afford to support good schools.

**Appropriation for 1932**

The appropriation of \$325,000, which we ask, has been carefully considered. The increase over the amount voted in March, 1931, is much less than the proportionate increase of enrollment and restrictions even more rigid than those of 1931 must be put into effect for 1932.

Respectfully submitted,

ARTHUR W. VOSE, *Chairman*  
JAMES G. RUSSELL, *Secretary*  
FRANCIS C. BATES,  
*School Committee.*

January 18, 1932.

---

January 28, 1932.

I hereby certify that at a meeting of the School Committee, duly notified and held on January 25, 1932, a quorum being present, the following vote was passed:

"*Voted* to submit to the Town the annual report of the School Committee including reports of the Superintendent, Principal of the High School, and others, statistics, etc., as filed with the Selectmen on January 20, 1932."

The following members of the Committee voted in the affirmative: Vose, Russell and Bates. The following members voted in the negative: Miss Miley and Mr. Desmond.

JAMES G. RUSSELL,  
*Secretary, School Committee.*

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

## *To the Milton School Committee:*

Information concerning school enrollment, building program, repairs, and school finance is brought up to date in the report of your committee and requires no further treatment in that of the Superintendent. This report will present more particularly those policies and activities for which teaching personnel, building accommodations, and equipment are provided.

## INSTRUCTION

There has been noteworthy progress in those educational activities in our schools which are undertaken with the optimum development of the whole child as the aim. Classroom instruction has continued to be the largest influence in the process.

In mass education there is of necessity much that is artificial. This is most pronounced in the traditional type of school. Restraint under the name of good discipline, instead of wise direction of impulses into natural activities, is responsible for much of the emotional strain under which children do their school work. A teacher who retains the ability to sense as a child does all of the doings of the school day realizes the restlessness, irritability, nervousness and even the anxiety that her pupils experience under pressure of classroom routine.

It is most desirable that our children receive instruction from the best trained and experienced teachers—those who deal with their pupils' problems in the limited scope of their pupil's understanding, and bring about natural conditions for educational development of all the children entrusted to them.

The salary schedule which has been in operation in the Milton school system for several years is making it possible to maintain a generally satisfactory standard of instruction which recognizes the conditions necessary for all-round child growth.

## REPORT TO PARENTS

Very definite improvement has been achieved in the form and content of the report to parents of progress which their children are making in the elementary schools. The traditional procedure of grading a pupil's achievement in a subject on a per cent scale with one hundred as perfect—whether it takes the form of A, B, C, D, or E, G, F, P, or 1, 2, 3, 4—does not convey to the pupil or his parents an adequate measure of his progress towards mastery of the subject, nor does it give information concerning his development in some other respects more valuable. With too much emphasis on the passing grade in the elementary schools, which erroneously is sometimes thought of as an absolute standard of measure, pupils often limit their efforts to what experience teaches them will be accepted by the teacher. There is a tendency for pupils of more than average ability to be content with the standard of accomplishment set for the class, and for those with less than average ability to despair of achieving even that standard. This condition is one of drifting educationally from both extremes of individual ability in the direction of a single level of mediocre accomplishment.

It is reasonable to assume that we are justified in changing a practice in education after experimentation and experience have shown that there is a better method. Two years ago a meeting of principals was called to discuss limitations of the pupils' report card then in use. A committee appointed at that time eagerly set to work on the task of working out a more satisfactory form. The report now used in our elementary schools is the outgrowth of their careful study and first-hand experience with children and parents. A pupil's achievement is judged satisfactory or unsatisfactory in relation to his own ability rather than in relation to a general standard which is the average accomplishment for all pupils in a grade without reference to their differences in ability. There is encouragement of activities in the direction of wholesome growth rather than passing of subjects as the chief objective.

The report form has received favorable editorial comment from one of the leading Boston papers and requests concerning it have come from those engaged in educational work both within and outside the State. It has been in use a sufficient length of time to demonstrate its value above anything for this purpose that has preceded it in our schools.

## Educational Standard

Evaluation of the educational offering provided in our school system for the children of Milton is a matter which requires expert professional services, if it is to be of reliable value. Our inability to obtain the materials necessary to carry out a program of testing has restricted efforts to secure comparative data in relation to pupil achievement.

Wholesome enjoyment of their school life by pupils, together with their standing in colleges and other institutions of learning and in commercial positions after graduation, lead us to the conclusion that our schools are maintaining a high standard of education. This, however, is largely based on subjective observation. Provision should be made to obtain more extensive objective information in this most important aspect of Milton public school education.

We are indebted to Dr. Francis T. Spaulding of the Graduate School of Education, Harvard University, for permission to quote from his study of our High and Junior High Schools in connection with the National Survey of Secondary Education, with the understanding that it is his own rather than that of the National Committee which is interested in the general findings instead of those of a particular school. The report of the National Committee has not yet been published.

"This study of the Milton High School was a part of one phase of the National Survey of Secondary Education now being conducted by the United States Office of Education. In connection with that survey, I have been assigned responsibility for investigation of certain problems relating to the organization of secondary schools. The study of those problems has involved the sending out of a very extensive checking list on school organization to some hundreds of schools throughout the United States. On the basis of replies from over four hundred separate schools representing various enrollment groups and various types of organization I selected last spring about a score of high schools scattered all over the country to visit for the purpose of finding out first to what extent the checklist returns gave us a clear picture of the school's organization, and second, to gather certain supplementary data not included in the checklist. The schools thus selected were in all cases those which stood out as having been unusually successful in adopting promising forms of organization. To determine what schools were thus outstanding we devised at the Office of Education a method of scoring the checklist so as to give us fairly objectively an indication of a school's relative rank in each of nine phases of its organization, viz., admission and promotion, organization of instruction, the program of studies, articulation, the organization of the teaching staff, the extra-curriculum, guidance, supervision, and housing and equipment. The visits which we made to the schools thus selected gave us ground for believing that the checklist did indeed afford a reasonably accurate picture of the organization of an individual school and afforded us as well certain data which may be of value in formulating some of the recommendations to which we hope that this phase of the survey will lead.

"Milton High School was selected as one of the outstanding schools to be visited on the basis of the checklist report submitted to us last winter by Mr. Marsden. Having known something of the school previously, I was not surprised that it scored as it did with respect to its organization, and my visit to the school last spring confirmed my belief that it should fairly be included among the group of schools which we selected for special study. Unfortunately I cannot give you a detailed report on the school since the survey is concerned rather with general trends than with individual institutions. I can, however, tell you approximately how the school stood as compared with other schools of its type and size. You will no doubt find the comparative data interesting, and they may perhaps be of value to you in carrying out your policies.

"The school was classified as a junior-senior high school and was compared with other schools of this type in terms of the organization of its junior high school grades and its senior high school grades separately. As compared with the junior high school organization of other schools of this type, the junior high school grades at Milton ranked at or above the upper quartile with respect to admission and promotion, program of studies, extra-curriculum, guidance, supervision, and housing and equipment. (The rankings as thus determined were based on the assumption that the more completely and extensively a school provided for the educational needs of its pupils in connection with each of these phases of organization the higher its score should be.) On this same basis the junior high school grades ranked at or above the average as compared with the corresponding grades of schools of its type in the other three phases of organization, namely, organization of instruction, articulation, and the organization of the teaching staff. The

senior high school grades, likewise compared with corresponding grades of other junior-senior high schools, ranked at or above the upper quartile with respect to all of the nine phases of organization, except the organization of the teaching staff.

"In comparing an individual school with other schools of its size, we took junior high school grades and senior high school grades into separate account as above. The groups of schools to be compared with each other on the basis of size were determined with respect to average grade enrollment in the junior and senior high school units respectively. In this comparison schools of all types were grouped together. Compared with the organization of the junior high school grades in schools of its size irrespective of type, Milton stands at or above the upper quartile in admission and promotion, organization of instruction, program of studies, articulation, extra-curriculum, guidance, supervision, and housing and equipment. It stands at or above the average in the organization of the teaching staff. Its senior high school grades stand at or above the upper quartile in all phases of organization except admission and promotion, in which it is average or better, the extra-curriculum in which it is likewise average or better, and the organization of the teaching staff in which it falls below average."

### Play and Games

Instruction and training in indoor and outdoor games and athletic exercise in the public schools is made compulsory by law as set forth in Section 1 of Chapter 71 of the General Laws relating to education. In carrying out the purpose of this law from the time of its enactment it has been the policy in the Milton schools to conduct games and athletics as educational activities for physical, mental, and moral development of those participating, rather than as public exhibitions in which boys are exploited for the entertainment of a public audience.

An interpretation of a supreme court decision in 1929 has placed restrictions on the expenditure from the general appropriation for the equipment worn by pupils for their protection in athletic contests and for services of necessary officials.

Gifts from interested citizens and public service organizations have made it possible to continue the same policy to the present time. This means of support is bound to break down in the stress of curtailed private incomes and increased demands.

House Bill No. 1097, introduced into the General Court in 1931, providing that the Town of Milton be authorized to appropriate money for this purpose was considered as calling for special legislation which would not meet the need of other communities. This objection is avoided in a general bill filed this year by our Representative. An article has been inserted in the Warrant for the 1932 Annual Town meeting relating to the matter.

We do not see how to avoid drastic curtailment of activities in play and games in the physical education program without appropriation of town funds for their support.

Attention is referred to the treatment of the subject in the report of the High School Principal.

## REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

My dear Mr. Turner:

My fifth annual report as principal of the high school and the junior high school is herewith presented.

### Enrollment

The enrollment of the student body, which has had a gradual, wholesome growth for a decade, continued to increase during the year. Twelve hundred and sixty-two pupils have been in attendance during the autumn. The enrollment has not been diminishing since the opening of school in September. Very few registrants have left the school for other occupations. There has been a noticeable influx of former members of the school. Milton has not been deluged with a tidal wave of post graduates—a condition that has caused grave problems in many communities of suburban Boston.

The continued growth of the school population is a problem that needs immediate consideration. Already there are more pupils in the school than the designers of the building intended. Storage rooms and conference rooms have been converted into classrooms. Permissible temporary expedients within the building, such as the utilization of certain corridor spaces for class purposes, cannot avert demoralizing congestion for more than two years.

### Size of Classes

In the senior high school academic subjects there are over eleven thousand pupil class periods each week. In one class of higher mathematics these pupils meet in a group of twelve. However, more than one half of the pupils have their academic recitations in groups of thirty-one or more. In some sections of English the class size is forty.

In the junior high school academic subjects there are nearly thirteen thousand pupil class periods each week. Due to the small size of the rooms in the latest addition to the building nearly four per cent of the pupil class periods are in groups under twenty pupils. More than one half of the junior high school pupils have their academic recitations in groups of thirty-four pupils or more.

In the special work, such as domestic science and manual arts, the room size and equipment provide for a maximum individual accommodation of twenty pupils in a group. There are three thousand pupil periods of such special work in the building. More than one half of these pupil periods are in groups of eighteen or more.

In the physical education department the type of exercise or instruction presented is frequently determined or hampered by the size of the group. More than one half the pupils obtain their physical education instruction in groups of forty-two or more.

Instruction in vocal music is conducted in groups which exceed one hundred pupils.

### Teacher Pupil Ratio

During the current school year there are forty-eight full time teachers (inclusive of principal and assistant principal) in the junior-senior high school. There are also four teachers or supervisors who teach approximately one half of their time in the building. Therefore, there is the equivalent of fifty active teachers whose services are directly chargeable to the junior-senior high school. On the first day of October the membership of the combined school was twelve hundred and twenty-five pupils. This was an average of twenty-four and one half pupils for each teacher.

### 100 Graduates in College

The records of the school indicate that there are in colleges and normal schools at the present time one hundred students who entered directly from Milton High School. There are seventeen at Boston University, fourteen at Simmons College, twelve at Massachusetts Institute of Technology, eight at Harvard College, and seven at Northeastern University. Other institutions include Dartmouth, Bates, Radcliffe, Norwich, Middlebury, Wellesley, Smith, Mt. Holyoke, Vassar, Wheaton, Columbia, Tufts, Emanuel, Purdue, Regis, St. Dunstan's, University of Maine, Massachusetts College of Pharmacy, and New England Conservatory of Music.

### College Records

It is customary for colleges to forward to high school headmasters the scholastic records of Freshmen at the close of the first semester. The high school is held accountable by certificate colleges for the scholastic records of pupils who have been certified. Colleges also associate with preparatory high schools the distinctions of credit and honor which their former pupils are awarded.

In general colleges use the following scale of marks for the scholastic rating of each subject or activity in which pupils are engaged.

- A—passed with high honor
- B—passed with honor or credit
- C—satisfactory
- D—a low passing grade
- E—conditioned or failure

The Milton High School composite record of college Freshman grades in each subject during the first semester of the past college year is as follows:

- A's—13
- B's—47
- C's—62
- D's—12
- E's— 1

### Graduates at Work

Last February our guidance director, who endeavors to assist in the allocation of pupils who wish immediate contact with productive or commercial phases of life, made a questionnaire investigation of the quality of work of the most recent graduates. He also selected for his survey the graduating class of the previous June. The director wished not only to ascertain the degree of satisfaction which these workers were rendering to their employers but also to elicit tangible criticisms and suggestions which might be of use in the preparation of undergraduates. The responses have not provided much assistance. In general they were of a laudatory trend. One employer alone offered a criticism. He deplored the insatiable curiosity of his clerk. The school will endeavor to redirect this worthy attribute to more laudable purposes.

### Practical Arts Exhibit

In May 1931 an exhibition of the work of the Practical Arts department was held in the high school gymnasium. The spacious accommodations were filled with dresses and coats—products of the sewing department. Stands, tip-top tables, cabinets, racks, boats, baskets, and bookcases were displayed.

The hand work of pupils from the elementary school to the senior high school was open for inspection.

The main purpose of the exhibition was to give to parents and townspeople tangible evidence of the type of work performed and the quality of the workmanship. The demonstration did, however, quicken the interests of the pupils and furnish an immediate incentive.

The work in the various branches of the practical arts department is of vital importance to the school. In this special work the individual has the opportunity to grow, develop, and produce without the confining restrictions of class recitation procedure. Each pupil can advance at his own rate of speed. Each pupil can venture forth on projects of little interest to others. Each pupil can learn by contact with materials in special projects.

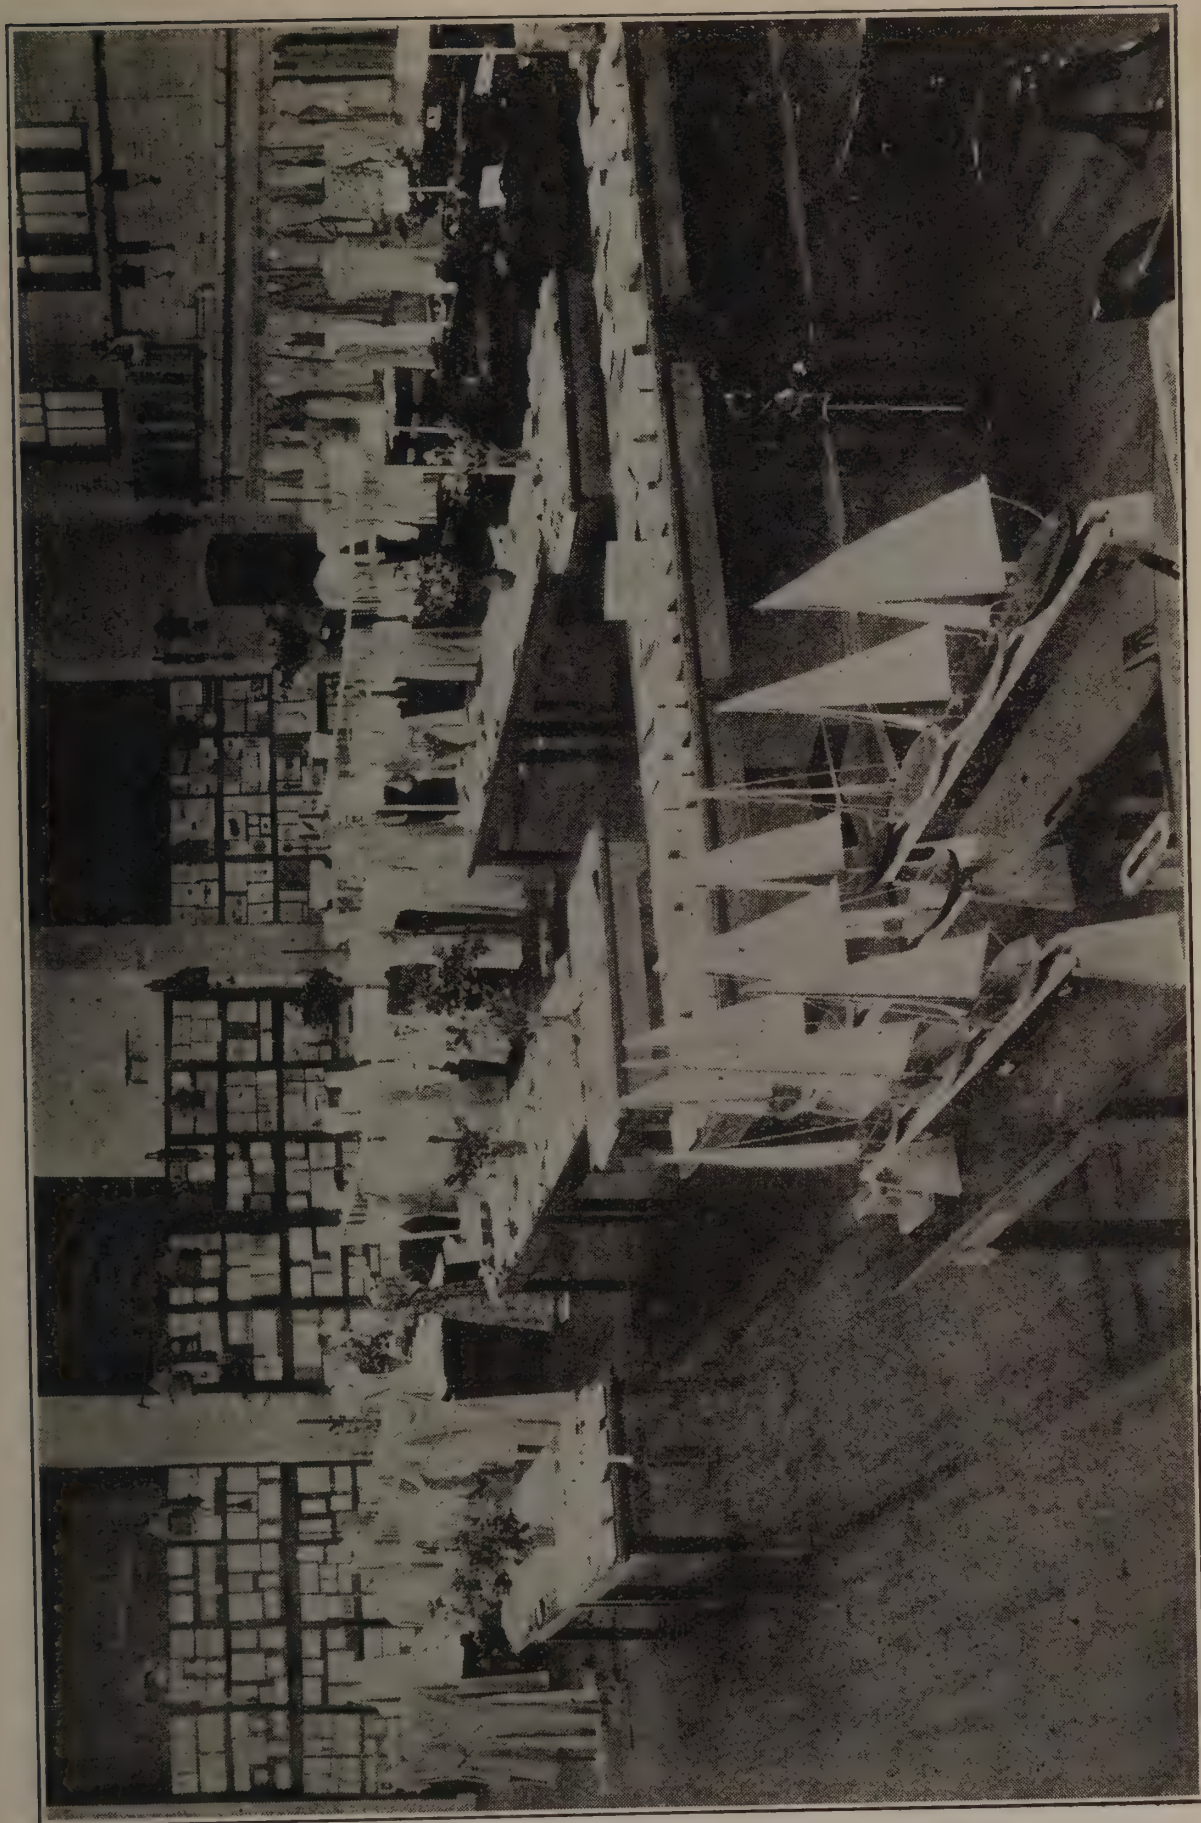

Pupils who do not easily transcribe book knowledge into everyday life frequently find in this individual opportunity an educational oasis.

### Wholesome Recreation

The future basis of high school sports in Milton has been the cause of grave concern for several years. For nearly two decades an athletic program has been recognized as an integral and important part of education. Games and sports have been organized and conducted among groups as soon as pupils have been sufficiently mature for organized play. A list of afternoon sport activities for boys in the upper six grades include football, baseball, basketball, track and field events, tennis, soccer, and swimming. Afternoon athletic activities for girls include field hockey, track and field events, basketball, and baseball. The following facts indicate the scope and magnitude of the program.

1. Sixty-nine per cent of the boys who graduated last June had been members of varsity squads.
2. The varsity football squad last fall contained seventy-seven members.
3. The varsity basketball squad last winter averaged forty-three members.
4. The varsity baseball squad last spring averaged forty-nine members.
5. The track and field squad last spring averaged thirty members.
6. The tennis squad last spring averaged twenty members.
7. The ninth grade football squad averaged thirty-five members.
8. The junior high basketball league involved two hundred and twenty-five boys.
9. The junior high baseball league engaged two hundred boys.
10. Soccer was played by fifty seventh grade boys.

The underlying principle of this program is mass participation. If an athletic program is good for a few physically mature individuals, it is good for all youths who are physically able to take an active part. The varsity teams form the capstone which crowns the various activities and toward which the competitors look forward with eager expectation. Without the varsity team as an incentive mass interest would wane and mass participation would crumble.

The benefits which accrue from a comprehensive athletic program are both immediate and remote. They pertain not only to the participant. The community is likewise a beneficiary. The healthful results from supervised exercise in sunshine and fresh air is obvious. The assembling of play groups on public parks usually obviates playing in the street or loitering in gangs. Sports are safety valves which permit the release of excess energy which, if repressed, would culminate in emotional and physical explosions. Athletics provide an excellent medium for the development of emotional control under stress. Emotional control is a vital factor in the worth or utility of everyone. The daily newspaper headlines show the existence of anti-social members of society operating violently and illegally even in metropolitan Boston. Society must meet this condition with curative and preventive remedies. Many of these criminals are young. Crime is not an instinct. At birth these young men were as free from social contamination as any other children. What they have become is the product of their comprehensive environment, their associations, their education, their work or activities, their reactions and the resulting thought. How a person spends his leisure is an important contributing factor in his citizenship. Anti-social ideas germinate and breed during idleness. Athletics supplant idleness with healthful recreation and wholesome interests and habits. Athletics are an antidote and preventive of insidious ideas and anti-social proclivities. The school cannot solve the problem alone. However, the school cannot avoid the issue. School spirit, leadership, and the subordination of self to team welfare are immediate striking results from athletics. However latent community benefits are important reasons for the retention of mass participation. Every boy regardless of natural talent and economic heritage should have an opportunity to take part.

For fifteen years the town fostered school sports on a non-commercial basis. The educational results were extremely satisfactory. School authorities in other communities admired the plan and the manner in which it operated. Three years ago a technicality was revealed by state officials which prevented the plan from functioning. For three years the school has prevented the disintegration of the entire program of mass participation. Commercial sports in schools are low forms of education. State and town action that will enable the conduct of school athletics to revert to the plan whose worth is assured by fifteen years of experience is requested. No new financial outlay is expected.

No new plan is proposed. Athletics, sports, mass participation can be maintained by recognizing these as substantial forms of education and by legalizing financial assistance.

Permit me to thank you and those associated with you for the co-operation you have enlisted to make education accessible for boys and girls while they are of an educable age.

Respectfully submitted,

GEORGE C. MARSDEN,

*Principal.*

## REPORT OF SCHOOL PHYSICIAN

Dear Mr. Turner:

I am pleased to report to you that during the past school year the general health of the children throughout the system has been excellent. We have been free from epidemics of contagious disease, and have encountered but little serious illness. Under the present health program it is believed that illness is reduced to a minimum by three factors, viz.,

1. Daily visits to each school by the school physician to examine such cases as are suspicious of sickness from whatever cause.
2. Routine morning inspections of the children by the classroom teacher.
3. Co-operation of the parents with the health program of the school.

The first factor comprises the major work of the school physician after the completion of the annual physical examinations in the fall. This work requires a minimum of two hours daily. The number of children seen and examined varies from forty to eighty. In the winter months the high level is reached owing to the prevalence of the "common cold." Of the number seen very few are excluded, and only those who have suspicious symptoms. In this way early isolation is obtained and the possibility of communication of sickness reduced to its lowest level. Advice is given to the children as to the care of their bodies in health as well as in sickness. Also first aid treatment is given to those who are injured on the playground, or to and from school. These injuries are of a minor nature, and the more serious injuries are referred to the family physician. The Fall of 1931 brought us many cases of Infantile Paralysis throughout the State. The soundness of the judgment that opened the schools on schedule is seen in the fact that the prevalence of the disease waned as school went on. In the classroom the children are not congregated in crowds, the rooms are well ventilated, and proper physical exercises are enjoyed. Under these conditions the children should have their best health.

The second factor, that of routine inspection by the teachers, has been one of gradual growth. Teachers have come to recognize the early signs and symptoms of disease and are thus in a position to refer the child for a "check-up" examination. Sick children do not do good classroom work, and many times physical defects are found to account for it.

The third factor, that of co-operation of the parents, reached its peak during the past year. It has been a source of pleasure to find that the children are being watched more carefully than ever before. Parents do not hesitate to call in the family physician to see just what the trouble is, and if it is all right to send the child to school. Early diagnosis means early treatment, and this in turn a minimum loss of time from school. A delay in the institution of proper treatment may result in more serious illness. Principally, however, the parents have been very co-operative in having the remediable defects of their children cared for. In this respect care is being given to the primary teeth as well as to the secondary; diseased tonsils and adenoids are being removed; impaired hearing and visual defects are promptly cared for; nutritional disorders are being more promptly checked, and good posture is being emphasized. Such a program of health carried out over a period of years will produce a splendid type of child which will manifest itself later in a more intelligent, more law-abiding, and more useful citizen in the community. Sound minds and sound bodies are inseparable, and the combination will mean power.

Athletic injuries during the past year totalled three, *i. e.*, three major injuries, such as fractures, dislocations. In past years the number has been larger. In this respect it is felt that we now have a more adequate equipment to properly protect the child. Times were when the football suits were not properly padded to afford enough protection, but now we have well padded suits and other equipment to reduce the possibility of injury. Without proper equipment it is better not to play the game.

Better health is on the forward march among the children of the fresh-air room of the Collicot School. We see them gaining in weight, increasing in appetite, and thereby

increasing their vitality and resistance. Under optimum conditions of fresh air, sunshine, and rest periods, together with nourishing foods, these children will continue to improve in health and soon take their places in their regular classes.

In the pre-school clinic held in the spring of the year, one hundred and twenty children were examined by the school physician. Remediable defects were pointed out to the parents, and advice given as to treatment. This phase of the school health program has seen an increasing number of pre-school children examined each year, and now presents itself as an important factor in our program.

Co-operation has been extended in our work from all sources, and by such co-operation only can the health of the school children be safeguarded.

Following is a summary of monthly reports to the Superintendent for the year ending December 31, 1931:

Visits to schools . . . . .	942
Total number of hours . . . . .	406
Yearly examinations . . . . .	1,565
Children defective . . . . .	244
Re-examinations . . . . .	13
Special examinations . . . . .	4,614
Examinations for work . . . . .	11
Children excluded . . . . .	21
First aid treatments . . . . .	46

Yours truly,

CHESTER L. GLENN, M. D.,  
*School Physician.*

December 23, 1931.

## REPORT OF SCHOOL NURSE

My dear Mr. Turner:

The aims and aspirations of those engaged in health work in the schools are very much the same from day to day and from year to year, and the same results which we were striving to attain last year we are still striving for today. Each new class entering sees new problems to be solved and what we sought to accomplish for one child last year we are now seeking to accomplish for another. An interesting, endless, but a worth-while cycle.

We are particularly enthusiastic this year over the results of our latest project—namely, the pre-school clinic. These clinics are being organized throughout the state for the purpose of examining the child before he enters school to discover and, if possible, correct all remediable physical defects that he may enter with a clean bill of health in the fall. In June, 1931, 120 young aspirants were examined—twice as many as were examined the preceding year. Twenty-nine were found to have defects which could be corrected and the parents were advised to consult their family physician. During the summer the Social Service nurses made a check-up visit on these children and assisted in hospital arrangements where it was necessary. Consequently, in September, two of the schools found 100% of the children who had attended the clinic entering Physically Fit. Of the twenty-nine who needed attention, eighteen had received all necessary treatment, two had moved away, leaving nine children out of the total number of 120 that were examined who still need medical attention before they may be held entirely accountable for their academic work.

The tag contest which is sponsored by the state was again used last year throughout the elementary schools. This included the Physically Fit tags, Teeth tags, and Improvement tags. The number of tags given out totalled 1223. Of that number 633 were physically fit—an increase of 153 over last year. In the high school, health work found itself taking a stand through the art department. Original Health Posters were exhibited by the pupils and the most outstanding ones were selected by a committee to be entered in the Norfolk County Health poster contest. Our home talent is to be congratulated on carrying off three of the prizes.

Examinations this year were as usual. A physical examination for each child and an examination of his teeth, ears, and eyes. We find there are fewer children suffering from deafness and failing vision than it sometimes seems to the classroom teacher. Reports of these examinations are being sent home to the parents.

The Fresh Air room which is our pride and joy is accomplishing what we hoped of it.

and this year we have added two new cots to the equipment to provide for its growing popularity. We are happy to find that every child in the room is making some gain, however great or small. Much of the credit (aside from the ideal conditions) is due to the untiring efforts of Miss Phipps and also to the splendid co-operation of the parents and the children themselves. From September 9 to December 1, the average gain in weight per child was approximately  $4\frac{1}{2}$  lbs. The greatest gain made by any one child was  $8\frac{3}{4}$  lbs., and the least gained was  $\frac{3}{4}$  lb. This may not sound like much, but it is very gratifying to those who know the youngsters and realize what the individual struggles have been. The average gain in weight last year from September to June was 6.7 lbs. per child. It was interesting to us to learn from two of the mothers that their children attending the Fresh Air room, who previously had been rather subject to colds, were the only members of the household who did not succumb to the grippe when it laid the rest of the family low this fall.

The State follow-up clinic for the Ten Year Program came to Milton the first of December and the children who have been under supervision for the past four years were X-rayed. Already six of the original group have been discharged and we are hoping this year's X-ray and examination will drop several more from the list or at least show a marked improvement. Last summer through the combined efforts of the Social Service League and other organizations, sixteen boys and eight girls, who otherwise would not have had the privilege, enjoyed and were benefited by camp life. Although the need in Milton for summer camping is not so urgent as in more thickly populated places, still the children who go gain something they do not get when they spend all summer at home. Perhaps it is change of environment or cooking, but more likely it may be attributed to the early bed time and long hours of rest which they are required to get.

Probably the most important phase of our work is in handling the emergencies which arise daily in the schools, in administering first aid and in placing the child in contact with his home and family physician. These cases, of course, demand our immediate attention. We are hoping that through the constant working together of teachers, the physical training department, ourselves, and most important of all, the family, these cases, through preventive work, will eventually be fewer in number. Our greatest hope and first step lies in entering the children in kindergarten and first grade 100% Physically Fit.

Very truly yours,

BARBARA ROBINSON,

*School Nurse.*

## REPORT OF SCHOOL DENTIST

Dear Mr. Turner:

I am enclosing a report of the work that has been accomplished at the Dental Clinic for the school year ending June 26, 1931.

There were many days spent at the beginning of the school year making a dental examination of all the children in the school system and notations made on the health cards by the school nurse.

It was noted that there is still need of intensive instruction in care of the teeth especially among the children in the lower grades. From the Junior High on more pride seems to be developed and results are much more gratifying.

For details of the work a summary follows:

Number of days spent in the clinic	.	.	.	.	63
Number of appointments made	.	.	.	.	332
Number of children treated	.	.	.	.	162
Number of children discharged as finished	.	.	.	.	118
Number amalgam fillings inserted	.	.	.	.	210
Number teeth extracted, mostly temporary	.	.	.	.	193
Number cement fillings inserted	.	.	.	.	94
Number prophylaxis given	.	.	.	.	138
Number treatments	.	.	.	.	10

Respectfully yours,

WILBER H. MORRILL,  
*School Dentist.*

## Conclusion

Administration of public school education calls for long-range vision. When public discussion is surcharged with suggestions for reduction in costs, the results which will inevitably follow their adoption in the field of school finance should be considered, not only in respect to economic principles, but in the light of basic educational principles as well. Both Present and Future hold for our children more and greater problems of living than public school education at its best can hope to equip them for adequately. It is reasonable to believe that the educational offering which was considered necessary in a time of prosperity is none the less essential now. In public school education today's saving is inseparable from tomorrow's loss.

Respectfully submitted,

HORACE F. TURNER,  
*Superintendent of Schools.*

January 14, 1932.

---

APPENDIX

---

SPECIAL REPORTS

AND

STATISTICS

---

## QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

---

### 1. Admission to Kindergarten and to First Grade

**Section 45.** Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year, or later if their residence in Milton began after the beginning of the school year.

### 2. Tuition Pupils

**Section 69.** Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High School, \$100 (One Hundred Dollars) per year in the Junior High School, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

### 3. No-School Signal

**Section 61.** The Signal 2-2 sounded four times on the fire alarm at:

7:15 means no school sessions for all schools for entire day.

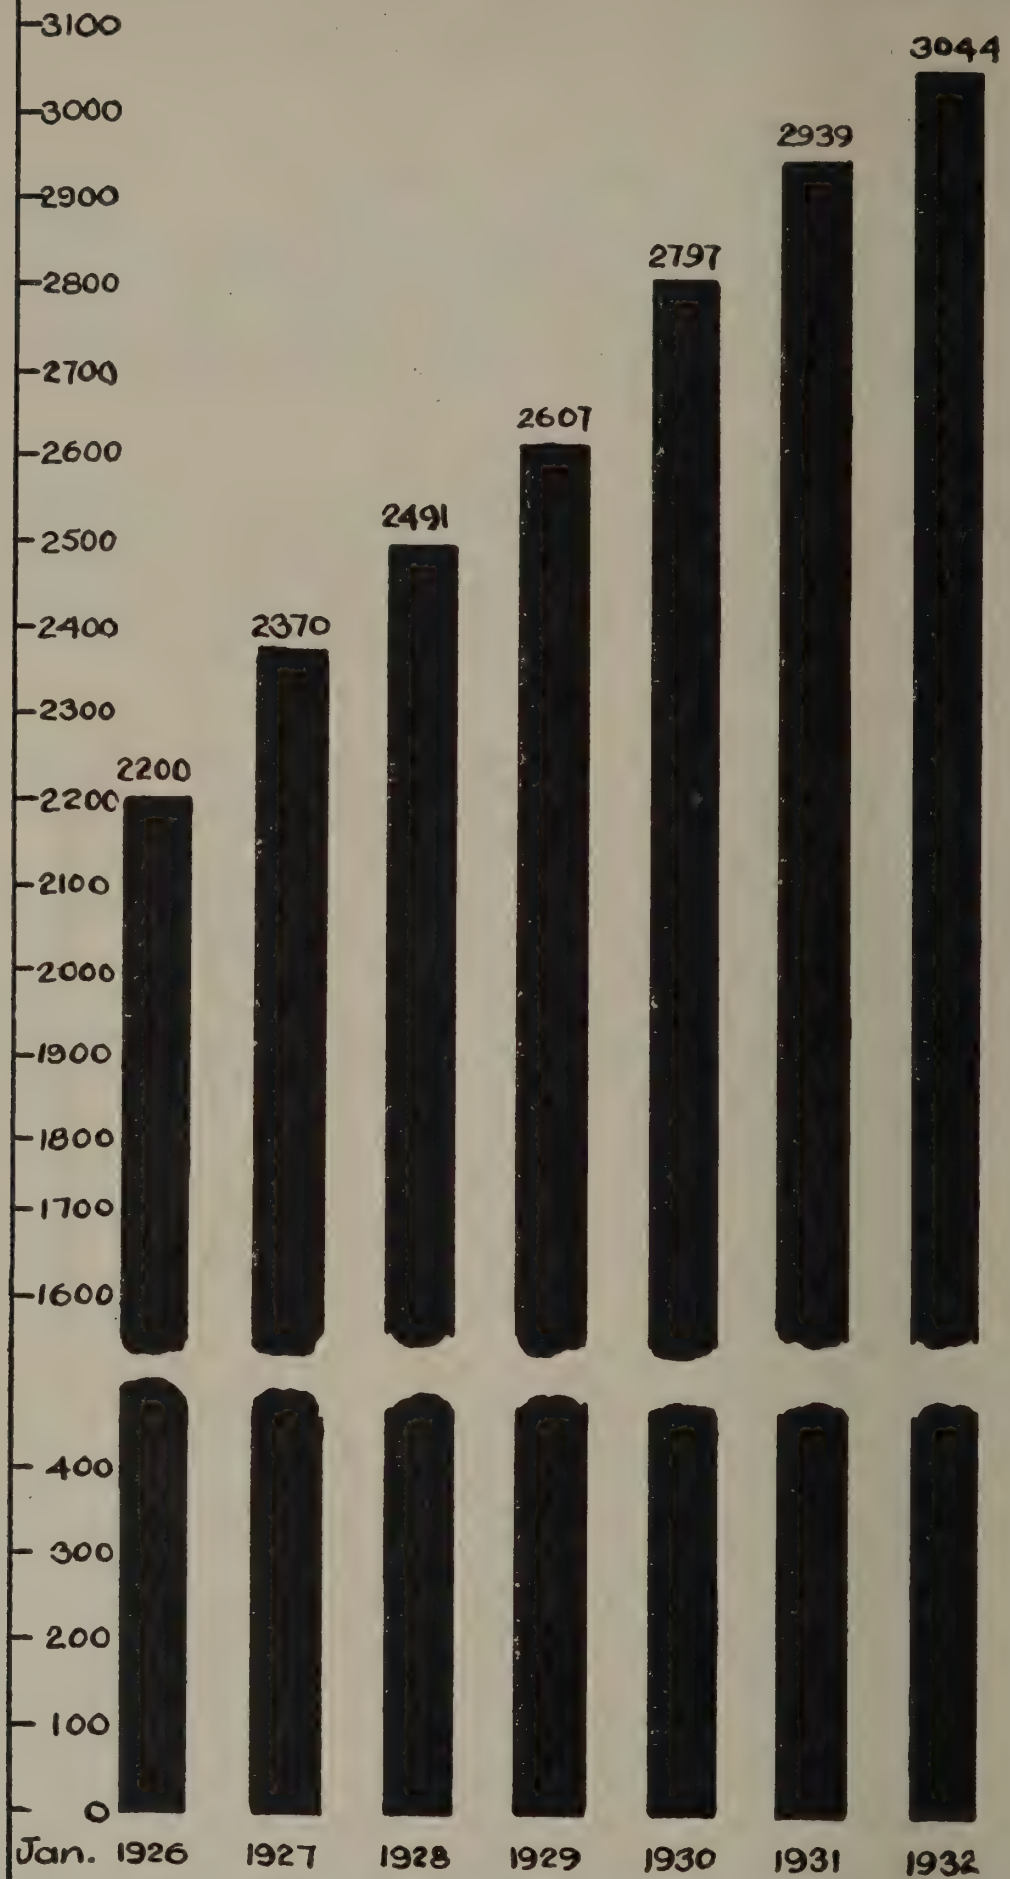

7:30 means no school sessions for all schools below the Junior High School for the entire day.

11:40 means no afternoon session for all schools below the Junior High School. This signal will not be sounded if the 7:15 or the 7:30 signal has been sounded. The session at the Vose School will not be affected by this signal.

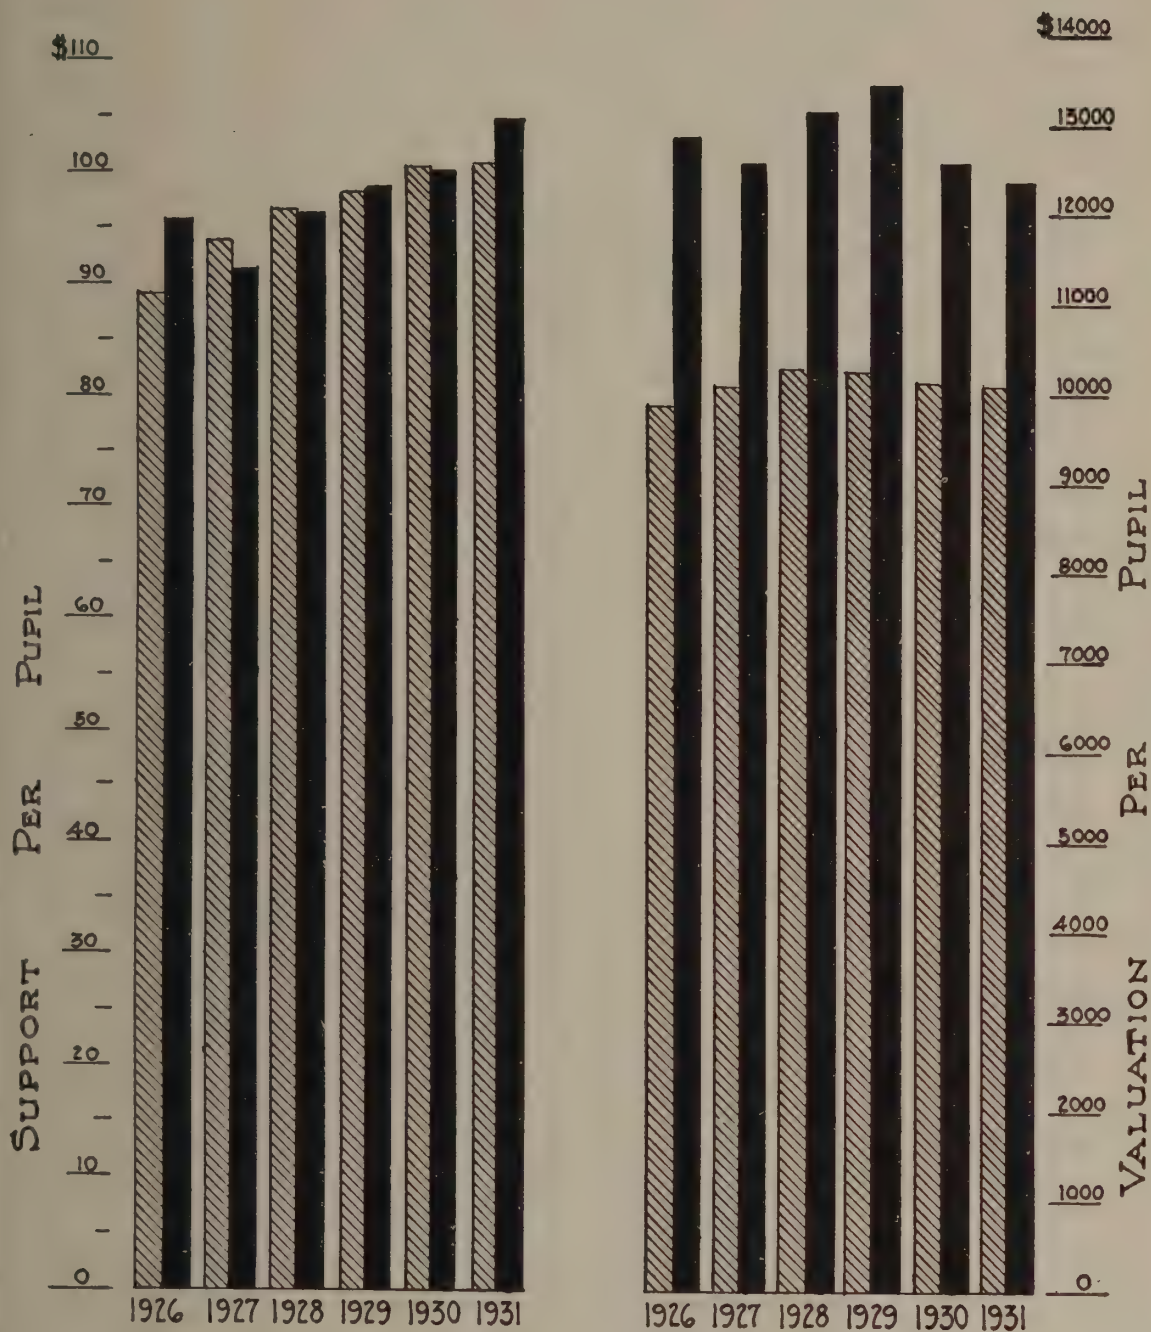

The 7:15 signal will rarely be sounded, as it includes the closing of the High and Junior High Schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

## HONOR ROLL

ALANA BAXTER  
ELEANOR DODD  
BETTY GROVER  
MARY LANE

PAUL MORRIS  
ESTHER NELSON  
ETHEL RUDOLPH  
CATHERINE SCANNELL

MARY ZANIBONI

Members of the graduation honor roll have won yearly certificate marks in all their subjects during the three years of their course. They have been members of three successive annual honor rolls.

STATISTICS OF CLASS OF 1931, MILTON HIGH SCHOOL

Total number of pupils in class of 1931—122

	Boys	Girls	Total
Colleges . . . . .	16	6	22
Normal School . . . . .	1	4	5
Other Institutions . . . . .	8	17	25
Graduate course, Milton High School . . . . .	1	4	5
Total in schools or colleges . . . . .	26	31	57
At work . . . . .	19	24	43
At home . . . . .	4	18	22
Total . . . . .	49	73	122

Harvard . . . . .	1	Franklin Institute . . . . .	1
Wellesley . . . . .	1	Bryant & Stratton . . . . .	1
Boston University . . . . .	7	Katherine Gibbs Secretarial School . . . . .	2
Purdue . . . . .	1	Thayer Academy . . . . .	2
Bates . . . . .	2	Colby School for Girls . . . . .	1
Mass. Institute of Technology . . . . .	1	Deaconess Hospital . . . . .	1
Northeastern . . . . .	5	Massachusetts General Hospital . . . . .	1
Boston College . . . . .	1	Faulkner Hospital . . . . .	1
St. Dunstons . . . . .	2	Gorham Normal . . . . .	1
Emerson . . . . .	1	Kents Hill . . . . .	1
Framingham . . . . .	3	Forsythe Dental . . . . .	1
Perry Kindergarten . . . . .	1	Worcester Academy . . . . .	1
Boston School of Practical Arts . . . . .	1	Huntington School . . . . .	1
Boston Settlement Music School . . . . .	1	Bethlehem, N. H. High School . . . . .	1
Norfolk County Agricultural School . . . . .	2	Burdett . . . . .	1
Brockton Training School for Nurses . . . . .	1	P. G. Milton High School . . . . .	6
Boston School of Hairdressing . . . . .	1	P. G. Quincy High School . . . . .	1
Fisher Business College . . . . .	1		

Requests for pupil assistance was received by the Advisory Bureau for the year 1930-31 in the following occupations:

Stenographers  
Typists  
Clerks

Salesmen  
Mothers' Helpers  
Chauffeurs

Whole number in class of 1931 . . . . .	122
Whole number in class of 1931 at work . . . . .	43
Whole number in class of 1931 at home . . . . .	22
Number placed by help of Advisory Bureau . . . . .	14

Following is a report of nine graduates of Milton High School from one employer:

	Perfect	Excellent	Good	Fair	Poor	Unsatisfactory
Quality of work . . .		2	7			
Capacity for work . .		1	7	1		
Care and accuracy . .		2	7			
Disposition and attitude toward work . . .		2	7			
Initiative . . . . .			9			
Attendance . . . . .	2	6	1			
Punctuality . . . . .	3	6				
Ability to learn . . .		2	7			

In addition to this tabulation, replies were received from twenty-five other employers hiring Milton High School graduates. In twenty-four of these cases the employers were able to speak well of their employees.

# REVISED BY-LAWS

## Town of Milton, March 2, 1902

---

*Adopted by the Town and approved by the Superior Court May 20, 1902*

*The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, March 12, 1927, March 10, 1928, June 13, 1928, May 28, 1932, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926, April 20, June 21, 1927, June 11, 1928, September 24, 1928, June 1, 1929, June 29, 1932*

*Chapters 12 and 13, adopted by the Town July 10, 1922, were approved July 11 and 21, 1922*

*The amendment to Chapter 12, adopted by the Town March 13, 1926, was approved March 17, 1926*

### CHAPTER 1

#### GENERAL PROVISIONS

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being thirteen chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not effect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to

him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

## CHAPTER 2

### TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator.

If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and nays, then the roll of the meeting shall be called in alphabetical order and no town meeting member shall be allowed to vote after the vote is declared.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a certain time,
- to commit (or recommit) or refer,
- to amend or substitute,

shall have precedence in the order in which they are placed in this section; provided however, no article in the warrant shall be finally disposed of by a vote to lay upon table, to indefinitely postpone, or to take no action thereunder.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

## CHAPTER 3

## THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

## CHAPTER 4

## THE TOWN'S FINANCES AND PROPERTY

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, except the poll tax list, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and fund of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part I, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

SECT. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

SECT. 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain" and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

SECT. 16. (a) The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds.

(b) If it shall seem advisable to the Town Collector that suit, or suits, should be instituted and prosecuted in the name of the Town, in connection with the collection of an account, or accounts, due to the Town, he shall so advise the Board of Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

(c) All accounts due the Town when this section takes effect and all accounts coming due thereafter shall forthwith be committed by the several boards and officials of the Town to the Town Collector for collection hereunder.

(d) This section shall take effect on March 6, 1933.

## CHAPTER 5

### THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

## CHAPTER 6

### POLICE REGULATIONS

SECTION 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except

in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Section 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Section 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 27. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

## PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

## CHAPTER 7 AND 8

## REVISED BY-LAWS

At the Annual Town Meeting in March 1932 it was voted:

"To amend Chapter 7 of the Revised By-Laws, entitled 'Construction and Inspection of Buildings', known as the Building Code, and Chapter 8 of the Revised By-Laws, entitled 'Regulation and Inspection of Plumbing', by striking out the entire chapters and inserting in place thereof the 'Proposed Building and Plumbing Laws'." The Building and Plumbing Laws thus adopted were approved by the Attorney General June 9, 1932 as shown in "Building and Plumbing Laws of the Town of Milton" now available in pamphlet form in the Selectmen's Office, and included in these By-Laws by reference thereto. The Building and Plumbing Laws became effective on October 15, 1932 by publication.

## CHAPTER 9

## STREET RAILWAYS

SECTION 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid in the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the traveling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

## CHAPTER 10

## TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time this amendment takes effect, shall have been duly approved by the Board of Survey. Provided, however, that upon written certification by the Board of Survey, in respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way, or ways, may be laid out less than fifty feet but not less than forty feet in width.

SECT. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way, such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construction of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

## CHAPTER 11

## BILLBOARDS

SECTION 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupæ, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

## CHAPTER 12

## USE OF BUILDINGS

SECTION 1. *Districts.*—A residence district is hereby created in the Town of Milton to be known as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

*District B.*—Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road: thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

*District C.*—Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street; thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

SECT. 2. *Zoning Map.*—(a) The Zoning Map prepared by C. Frederick Joy, Jr. Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

SECT. 3. *Residence Purposes.*—In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purpose except for one or more of the following:

- (a) A dwelling for one or more families.
- (b) A hotel or a lodging or boarding house.
- (c) A club other than a club the chief activity of which is a service customarily carried on as a business.
- (d) A church, school or academy.
- (e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.
- (f) A railroad passenger station.
- (g) A farm, truck garden, nursery or greenhouse.
- (h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.
- (i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the \*Selectmen shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

SECT. 3A. *Location of Buildings in District A.*—After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. Set-back: No part of a building except steps, and eaves not exceeding 18" wide, shall be built within 15 feet of the sideline of the street on which it fronts, provided that no building need be set back more than the average of the set-back of the buildings on the lot next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases exceptions shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. Rear Yards: No part of the building except steps, and eaves not exceeding 18" wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. Side Yards: No part of the building except steps, chimneys, and eaves not exceeding 18" wide, and buildings of accessory use as defined in Section 3, paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in Registry of Deeds at the time this section becomes effective, shall the buildable width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on corner lot an additional area of 400 square feet may be occupied, however, subject to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot excepting buildings of accessory use as defined in Section 3, paragraph (h).

SECT. 3B. *Single Family Dwellings.*—After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective—

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yard adjacent thereto, no such side yard to exceed 10 feet width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by dwellings for two families.

SECT. 3C. *Validity.*—The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

SECT. 3D. So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

SECT. 4. *Existing Buildings.*—Any building or part of a building in District A which at the time of adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the \*Selectmen as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case that after a public hearing, of which fourteen days' notice shall be given in such manner as the \*Selectmen may decide, the \*Selectmen shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the \*Selectmen shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

SECT. 5. *Incidental Use of Residential Buildings.*—Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the \*Selectmen may decide, the \*Selectmen shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

SECT. 6. *Enforcement.*—Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

SECT. 7. *Validity.*—The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

SECT. 8. The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

SECT. 9. So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

**\*Note: Amendment in March 1933 Town Meeting Warrant proposes substituting Board of Appeal for Selectmen.**

## CHAPTER 13

### PLANNING BOARD

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members to such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

## LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

---

MARCH 19, 1866. *Voted*, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

MARCH 7, 1881. *Voted*, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

FEBRUARY 12, 1891. *Voted*, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

FEBRUARY 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

NOVEMBER 28, 1894. *Voted*, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

MARCH 4, 1895. *Voted*, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

MARCH 4, 1895. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

MARCH 4, 1895. *Voted*, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

MARCH 1, 1897. *Voted*, To accept the provisions of Chapter 101 of the Public Statutes relative to the suppression of common nuisances. (General Laws, Chapter 139.)

MARCH 7, 1898. *Voted*, To accept the provisions of Section 11 of Chapter 481 of the Acts of 1894, relative to the regulation and inspection of buildings. (General Laws, Chapter 143, Section 3.)

MARCH 5, 1900. *Voted*, To accept the provisions of Chapter 344 of the Acts of 1899, relative to eight-hour day for town employees. (General Laws, Chapter 149, Section 31.)

MARCH 3, 1902. *Voted*, To accept the provisions of Section 18 of Chapter 122 of the Revised Laws (General Laws, Chapter 166, Section 32), relative to the appointment of an Inspector of Wires by the Selectmen.

JULY 14, 1902. *Voted*, To accept the provisions of Chapter 307 of the Acts of 1902, relative to water supply. (General Laws, Chapter 92, Section 10.)

AUGUST 16, 1902. *Voted*, To accept the provisions of Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to the jurisdiction of towns over highways and county bridges. (General Laws, Chapter 82, Sections 17 to 20.)

MARCH 2, 1903. *Voted*, To accept the provisions of Sections 20 and 21 of Chapter 25 of the Revised Laws, relative to public baths. (General Laws, Chapter 40, Section 12.)

MARCH 2, 1903. *Voted*, To accept the provisions of Section 339 of Chapter 11 of the Revised Laws, relative to the election of Overseers of the Poor. (General Laws, Chapter 41, Section 1.)

MARCH 7, 1904. *Voted*, To accept the provisions of Section 70 of Chapter 75 of the Revised Laws, relative to privy vaults. (General Laws, Chapter 111, Section 126.)

MARCH 6, 1905. *Voted*, To accept the provisions of Chapter 103 of the Revised Laws, relative to the supervision of plumbing. (General Laws, Chapter 142.)

JULY 21, 1905. *Voted*, To accept the provisions of Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths. (General Laws, Chapter 132.)

MARCH 1, 1909. *Voted*, To accept the provisions of Chapter 476 of the Acts of 1908, relative to vacations for members of the Police Department. (General Laws, Chapter 92, Section 62, and Chapter 147, Sections 14 and 17.)

MARCH 8, 1910. *Voted*, To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks. (General Laws, Chapter 83, Section 25.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderators. (General Laws, Chapter 41, Section 1.)

MARCH 6, 1911. *Voted*, To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the election of four constables. (General Laws, Chapter 41, Section 1.)

NOVEMBER 7, 1911. *Voted*, To accept the provisions of Chapter 634 of the Acts of 1911, relative to the establishment by counties of the retirement system for employees. (General Laws, Chapter 32.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 146 of the Acts of 1911, relative to the establishment of an Art Commission. (General Laws, Chapter 41, Sections 82 to 84.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of Civil Service Acts to Chiefs of Police. (General Laws, Chapter 31, Section 49.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 314 of the Acts of 1911, relative to the expending of money by the School Committee for the supervision of sports. (General Laws, Chapter 71, Section 47.)

MARCH 4, 1912. *Voted*, To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes. (General Laws, Chapter 71, Section 71.)

NOVEMBER 5, 1912. *Voted*, To accept the provisions of Chapter 503 of the Acts of 1912, relative to the pensioning of laborers in the employ of the town. (General Laws, Chapter 32, Section 77.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments. (General Laws, Chapter 32, Section 85.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 498 of the Acts of 1908, relative to the pension funds for teachers in the public schools. (General Laws, Chapter 32, Section 42.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 635 of the Acts of 1912, relative to tenement house regulation. (General Laws, Chapter 145.)

MARCH 3, 1913. *Voted*, To accept the provisions of Chapter 191 of the Acts of 1907, relative to the establishment of a Board of Survey. (General Laws, Chapter 41, Sections 73 to 81.)

NOVEMBER 4, 1913. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to the compensation of certain employees for injuries sustained in the course of their employment. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Chapter 807 of the Acts of 1913, relative to workmen's compensation. (General Laws, Chapter 152, Section 69.)

MARCH 2, 1914. *Voted*, To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909 as amended by the provisions of Chapter 494 of the Acts of 1911, relative to the eight-hour day for city and town employees. (General Laws, Chapter 149, Sections 30 to 33.)

NOVEMBER 3, 1914. *Voted*, To accept the provisions of Chapter 217 of the Acts of 1914, relative to vacations for town laborers. (General Laws, Chapter 41, Section 111.)

MARCH 13, 1915. *Voted*, To accept the provisions of Chapter 296 of the Acts of 1913, relative to the appointment of a Bird Warden. (General Laws, Chapter 131, Section 76.)

MARCH 10, 1917. *Voted*, To accept the provisions of Chapter 15 of the Special Acts of 1917, revoking the reservation of space for use of street railway on Blue Hill Avenue. (Special Act.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 140 of the Acts of 1917, amending Chapter 291 of the Acts of 1916, relative to the tenure of office of Chiefs of Fire Departments in the Metropolitan Fire Prevention District. (General Laws, Chapter 48, Section 58.)

MARCH 2, 1918. *Voted*, To accept the provisions of Chapter 575 of the Acts of 1913, relative to the furnishing of lunches for school children. (General Laws, Chapter 71, Section 72.)

MARCH 9, 1918. *Voted*, To accept the provisions of Chapter 305 of the Special Acts of 1917, relative to the management of the property received under the terms of the will of Edwin W. Wadsworth. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 293 of the Acts of 1916, relative to the licensing of motor vehicles carrying passengers for hire. (General Laws, Chapter 159, Sections 45 and 46.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 17 of the Special Acts of 1919, relative to the payment of an annuity to Catherine M. Moran. (Special Act.)

MARCH 8, 1919. *Voted*, To accept the provisions of Chapter 16 of the Special Acts of 1919, relative to the payment of an annuity to Katherine K. McDermott.

MARCH 13, 1920. *Voted*, To accept the provisions of Chapter 186 of the Acts of 1907, relative to the pensioning of widows and children of members of the Police and Fire Departments. (General Laws, Chapter 32, Section 88.)

MAY 3, 1920. *Voted*, To accept the provisions of Chapter 240 of the Acts of 1920, relative to sports and games on the Lord's Day. (General Laws, Chapter 136, Sections 21 to 28.)

NOVEMBER 2, 1920. *Voted*, To accept the provisions of Chapter 166 of the Acts of 1920, relative to the granting of one day off in every eight days to police officers without loss of pay. (General Laws, Chapter 147, Sections 16 and 17.)

MARCH 12, 1921. *Voted*, To accept the provisions of Section 25A of Chapter 41 of the General Laws, relative to the appointment and renewal of Assistant Assessors by the Assessors.

MARCH 3, 1923. *Voted*, To accept the provisions of Chapter 516 of the Acts of 1922 relative to the adoption of the State accounting system.

JUNE 12, 1923. *Voted*, To accept the provisions of Section 20 of Chapter 39 of the General Laws, relative to precinct voting.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 26 of the Acts of 1923, relative to Boards of Public Welfare.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

MARCH 8, 1924. *Voted*, To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

MARCH 14, 1925. *Voted*, To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

MARCH 5, 1927. *Voted*, To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

MARCH 10, 1928. *Voted*, To accept the provisions of Sections 42, 43 and 44 of Chapter 48 of the General Laws to establish a Fire Department to be under the control of an officer to be known as the Chief of the Fire Department.

# MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1932

1932

## MARCH MEETING WARRANT

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

*To any Constable of the Town of Milton, in said County,  
Greetings:*

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

- In Precinct 1—Polling Place, Town Hall, Canton Avenue,
- In Precinct 2—Polling Place, Tucker School Hall, Blue Hills Parkway,
- In Precinct 3—Polling Place, Police Station, Central Avenue,
- In Precinct 4—Polling Place, Belcher School, Church Street.

on Saturday, March fifth next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

- A Moderator for the term of one year.
- A Town Clerk for the term of one year.
- A Town Treasurer for the term of one year.
- A Collector of Taxes for the term of one year.
- Three Selectmen and Surveyors of Highways for one year term.
- One Assessor for the term of three years.
- Two members of the Board of Public Welfare for the term of three years.
- One Sewer Commissioner for the term of three years.
- A Tree Warden for the term of one year.
- Two Members of the School Committee for the term of three years.
- One Member of the Board of Health for the term of three years.
- One Trustee of the Cemetery for the term of five years.
- Three Library Trustees for the term of three years.
- One Library Trustee for the term of two years to fill vacancy.
- One Park Commissioner for the term of three years.
- One Water Commissioner for the term of three years.
- One Trustee of the Wadsworth Fund for the term of three years.
- Two Members of the Planning Board for the term of three years.
- Four Constables for the term of one year.

Eighty-six Town Meeting Members as follows:

- Precinct 1—Sixteen for three years. One for two years to fill vacancy.
- Precinct 2—Thirty for three years. Two for two years to fill vacancy. One for one year to fill vacancy.
- Precinct 3.—Ten for three years.
- Precinct 4.—Twenty-five for three years. One for one year to fill vacancy.

For these purposes the polls will be open at each and all of said Precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March twelfth next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following articles, to wit:

#### Adjourned Meeting, March 12, 1932

Town Meeting Members Present 228; Town Meeting Members Absent 22.

Upon calling the meeting to order Moderator Pierce asked that all stand for a brief interval in memory of four Town Meeting members—Louis V. Gosselin, Horace F. Nason, Peleg Bronsdon, James J. English—also Clerk of the Selectmen, Joseph H. Duffy, and former Chief of Police Maurice Pierce, who had died since the last annual meeting. He spoke a few words of eulogy.

ARTICLE 1. To choose all such Town Officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce*, namely:

Ralph E. Forbes	Bird Warden
George E. Burt	Measurer of Lumber
Carl R. Horne	Measurer of Lumber

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

*Voted*, That the report of the Town Accountant be accepted and placed on file.

The following statement was read by the Moderator:

Milton, Mass., March 12, 1932.

#### STATEMENT ISSUED BY DIRECTORS OF THE BLUE HILL BANK & TRUST COMPANY

Irregularities in the handling of seven accounts at the Blue Hill Bank & Trust Company were discovered a short time ago. An audit of the bank was immediately commenced by expert accountants retained by the Directors. Apparently there is a shortage of about \$18,000 as to which the bank is amply covered by insurance. The bank will make good the deficiency in these accounts. The Treasurer of the bank has resigned.

#### STATEMENT ISSUED BY TOWN TREASURER

As this is the article under which reports are submitted to the Town, I should like to make a statement at this time, as a matter of clearness, in regard to one item in the treasurer's report, on page 192 of the Town Report.

The Treasurer's report is made up in the form approved by the State Accountants. The item about the middle of the page, dated December, 1931, "cash on hand, \$16,945.25, includes a deposit of \$10,265.99 in the Federal National Bank, so that the whole of that item is not available to the town as cash. Other matters concerning the administration of the Treasurer's office will be taken up under Article 4.

(Signed) MAURICE A. DUFFY,  
*Treasurer.*

#### REPORT OF THE LEGISLATIVE COMMITTEE

March 1, 1932.

The Legislative Committee has examined all bills submitted to the 1931 Legislature, and has referred to the Board of Selectmen such bills as seemed to need action with the recommendation of your committee.

The Town has been represented at hearings by the Legislative Counsel.

Respectfully submitted,  
LINCOLN BRYANT,  
*Chairman of the Committee.*

*Voted,* That the above report of the Legislative Committee be accepted and placed on file.

#### ADDITIONAL REPORT FOR THE YEAR 1931, OF SAMUEL H. WOLCOTT, THEODORE T. WHITNEY, JR. AND LINCOLN BRYANT, TRUSTEES OF THE WADSWORTH FUND

The Trustees were authorized at the Town Meeting for 1931, to take proceedings in court to determine whether, under the provisions of the Edwin D. Wadsworth will, the Town would be authorized to deliver the funds to the Milton Hospital and Convalescent Home under an arrangement which contemplated that this corporation would add a certain amount of its funds to the Wadsworth Fund, and would raise \$75,000 by subscription, for the purpose of building a hospital.

The Trustees made some preparations for bringing the suit contemplated. In the fall of 1931, however, they were advised by the Hospital corporation that its officers did not think it at all wise to attempt to raise money at the present time.

As the raising of funds was a necessary part of the plan which was to be presented to the Supreme Court for its consideration, the Trustees decided that proceedings had better not be taken this year.

Respectfully submitted,  
LINCOLN BRYANT,  
THEODORE T. WHITNEY, JR.,  
S. H. WOLCOTT,  
*Trustees of the Wadsworth Fund.*

*Voted,* That the above report on the Wadsworth Fund be accepted and placed on file.

#### REPORT OF THE COMMITTEE ON "BUILDING LAWS"

January 11, 1932.

The Committee, after study, reached the conclusion that the Town's present Building Law was inadequate for existing and future needs. The existing By-Law was passed in 1902 and has had no thorough revision since that date.

Existing and anticipated advances in engineering and manufacturing science, new methods of building construction, and the greatly increased growth of the Town in the past twenty years, has led the Committee to believe that a more modern By-Law was desirable.

The Committee has therefore prepared a proposed new By-Law and has caused it to be inserted in the March, 1932, Warrant for the Town's consideration. The committee recommends the repeal of the existing By-Law and the enactment of this proposed new one. It feels that by so doing the Town will be in a better position to prevent undesirable construction methods and to promote modern, sanitary and safe building without unduly restricting the rights of individual builders, or materially affecting the present cost of construction.

Respectfully submitted,  
JOSEPH D. LELAND,  
*Chairman.*

*Voted,* That the above report on the Building Laws be accepted and placed on file.

*Voted,* That the report of the School Survey Committee, as printed in pamphlet, be accepted and the committee discharged.

## COMMITTEE ON SCHOOL HOUSE ACCOMMODATIONS

The Committee on School House Accommodations in the Mattapan District, believing that no useful purpose will be served by its continued existence, requests that it be discharged.

(Signed)- CHARLES M. ROGERSON,  
*Chairman.*

*Voted*, That the above report on School House Accommodations be accepted and the committee discharged.

## COMMITTEE'S REPORT ON PLAYGROUND REQUIREMENTS

November 12, 1931.

*To the Honorable Board of Selectmen  
and Warrant Committee of Milton,*

*Gentlemen:*

At the March, 1931, Town Meeting it was voted under Article 61 that a committee consisting of the Park Commission and the Planning Board should study the Playground requirements in the East Milton section of the Town and report to the Board of Selectmen and Warrant Committee not later than December 1, 1931.

The Committee respectfully present the following report:

The 64,900 square feet of land described in Article 61 is not in the market, having been divided into house lots, sold, and partially built upon.

It was the unanimous opinion that the Town now owns land in the East Milton section adequate for playground purposes. Also that the East Milton Playground lying between Adams Street and Squantum Street, now owned by the Town, as requirement-develop could and should be improved. This playground at the present is so far out-rivalled by the Cunningham Park facilities that it is very little used.

The parcel of land comprising 11.2 acres lying within the boundaries of Granite Place, Bates Road and Belcher Circle, being a park known as Crane Field, was acquired by the Town in 1913 for \$13,000 and had betterment charges of approximately \$2,000 collected from owners of the adjoining properties. Other than as an open plot little use of this holding has been made for the past nineteen years. If demand for Playground opportunities for little children under ten years becomes necessary in future years, we believe that authority could be obtained to provide a Playground in the center of this Park. Properly screened by shrubbery and enclosed by wire fence, supplied with sand boxes and appropriate utilities and sanitary conveniences together with attractive landscaped grounds the somewhat bleak spot could be converted into an attractive plot. As an alternative to the most ideal of Play Places, namely the home yard, we hope that Crane Field may serve the Town more noticeably in years hence than in the past.

We are impressed by the suggestion of utilizing the Belcher School yard for July and August, under a paid supervisor, with a small equipment, such as sand box covered with awnings, etc., and access to the drinking water and toilet in the basement of Belcher School.

This use of school yards would permit Milton to furnish the coming generations with the opportunities for outdoor activities which the older generations enjoyed in years gone by when building was less intensive and we feel merits an interested co-operation from the School Department and the citizens at large.

No appropriation is recommended in this report.

Signed:

WILLIAM G. RODD, *Chairman*,  
GEORGE OWEN, JR.,  
JOHN F. KERRIGAN,  
*Park Commission.*

JAMES S. RUSSELL, *Chairman*,  
DAVID A. HEFFERNAN,  
FRED N. RUSSELL,  
ALFRED J. ELLSWORTH,  
JAMES F. BALLARD,  
*Planning Board.*

*Voted*, That the above report on Playground Requirements be accepted and the committee discharged.

ARTICLE 3. To see if the Town will vote to instruct the Moderator to appoint a committee of seven citizens which shall study the wages and salaries paid in all departments of the Town and report its findings and recommendations regarding such wages and salaries at the next Annual Meeting or at a special meeting called for the purpose, and appropriate money for the use of said committee, and act upon anything relating thereto.

*Voted*, To authorize the Moderator to appoint a committee of seven citizens to study the wages and salaries paid in all departments and that the Committee be requested to report at a special meeting called for the purpose, not later than June 1st, 1932, and that the sum of \$100 be appropriated for the purposes of said committee.

(Voted by Roll Call, 114 Voting Yes, and 113 Voting No)

## COMMITTEE

## GENERAL GOVERNMENT

ARTICLE 4. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes the present year, and for unpaid bills of 1931.

*Voted*, That the following amounts be so appropriated;

1. Warrant Committee	\$600.00
2. Selectmen	5,000.00
Including salaries of \$500 for each Selectman.	
3. Accountant	2,600.00
4. Town Engineer	18,302.00
5. Assessors	9,350.00
Including \$2,800 salaries: Chairman \$1,200, 2nd and 3rd members \$800 each.	
6. Treasurer	3,500.00
Including \$2,200 salary.	
7. Collector	4,800.00
Including \$2,500 salary.	
8. Town Clerk	1,830.00
Including \$500 salary.	
9. Election and Registration.	6,700.00
10. Law	6,050.00
Of this amount \$50 is for unpaid bills.	
11. Town Hall and Lot	4,200.00
12. Thatcher Building	2,800.00
13. Insurance	11,924.50
14. Town Reports	2,500.00
15. Licensing Commission for one and two-car garages	150.00
16. Planning Board	200.00
Total Appropriation Voted under this Article	\$80,506.50

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

*Voted*, To appropriate the sum of \$24,000 for the Reserve Fund for extraordinary or unforeseen expenditures during the current year, it being understood that of this amount the sum of \$15,000 is appropriated to cover extraordinary expenses which may be incurred by Town Departments in the effort to lessen unemployment in the Town; and it is further *Voted* to request the heads of departments to pay a maximum wage of not over \$3.20 per day for eight hours when any part of this sum of \$15,000 is used for relieving unemployment in the Town.

ARTICLE 6. To see what sum of money the Town will vote to authorize the Assessors to use out of the Excess and Deficiency Account in fixing the tax rate for 1932.

*Voted*, No authorization to the Assessors to use money from the Excess and Deficiency Account, in fixing the tax rate for 1932.

ARTICLE 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1932.

*Voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow to an amount not to exceed \$650,000 in anticipation of the revenue of the financial year ending December 31, 1932, and to issue a note or notes therefor payable within one year from the date thereof, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1932.

(Unanimous Vote)

ARTICLE 8. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1933, in anticipation of the revenue of the financial year ending December 31, 1933.

*Voted*, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1933, to an amount not to exceed \$200,000 in anticipation of the revenue of the financial year ending December 31, 1933, and to issue a note or notes therefor, and that any debt or debts incurred under this vote be paid from the revenue of the financial year ending December 31, 1933.

(Unanimous Vote)

ARTICLE 9. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector, may use.

*Voted*, To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector, may use.

ARTICLE 10. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

*Voted*, To authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

(Unanimous Vote)

ARTICLE 11. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards, and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have full power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

*Voted*, That the Moderator be authorized to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have full power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

## PROTECTION OF PERSONS AND PROPERTY

ARTICLE 12. To see what sum of money the Town will vote to appropriate for the Protection of Persons and Property the present year.

*Voted*, To appropriate the following sums:

1. Police Department . . . . .	\$83,284.00
Of which \$1,160 is for replacement and new equipment, and \$200 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested, or which may tend to improve the service of the Department.	
2. Fire Department . . . . .	57,000.00
3. Hydrant Service . . . . .	21,595.00
4. Wire Department . . . . .	8,825.00
5. Tree Warden Department:	
For Public Work . . . . .	8,700.00
For Private Work . . . . .	3,000.00
6. Moth Department:	
For Public Work . . . . .	4,700.00
For Private Work . . . . .	2,500.00
7. Street Lighting . . . . .	29,907.80
8. Additional Street Lights . . . . .	750.00
9. Building Inspector . . . . .	3,542.00
10. Sealer of Weights and Measures . . . . .	500.00
\$224,303.80, Total amount voted under this article.	

## HEALTH AND SANITATION

ARTICLE 13. To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year, and for unpaid bills of 1930.

*Voted*, To appropriate the following sums:

1. Health—General . . . . .	\$7,900.00
(Inspector of Slaughtering, no salary.) . . . . .	
2. Dental Dispensary for Schools . . . . .	500.00
3. Inspection of Animals . . . . .	300.00
4. Vital Statistics . . . . .	750.00
5. Sewer Maintenance . . . . .	4,000.00
Unpaid Bill, 1930 . . . . .	434.84
<i>Voted</i> , To request the Sewer Commissioner and the Selectmen to co-operate in an endeavor to consolidate all Sewer Engineering work under the direction of the Town Engineer.	
6. Maintenance and Repairs of Norfolk County Hospital. . . . .	9,948.59
7. Tuberculosis Clinic . . . . .	700.00
Total Amount voted under this Article . . . . .	
	\$24,533.43

ARTICLE 14. To see what sum of money the Town will appropriate for the disposal of garbage, ashes and other refuse and offal, for the present year.

*Voted*, To appropriate the sum of \$23,520 for the disposal of garbage, ashes and other refuse and offal, for the present year.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the Water Department for the present year, to be expended by the Board of Water Commissioners and act on anything relating thereto.

*Voted*, To appropriate the sum of \$53,398.39 to be taken from balance of water receipts accumulated as of December 31, 1931, and the further sum of \$115,000 for the use of the Water Department the current year, to be expended by the Water Commissioners pursuant to the provisions of the Acts of 1902, Chapter 307, and Acts in amendment thereof and in addition thereto, said expenditures to include payment of the Metropolitan water assessment, the retirement of Bonds due in 1932, the interest on bonds and notes outstanding in Town of Milton water loans, \$2,500 for new equipment, and other expenditures authorized under this Act.

ARTICLE 16. To see what sum of money not exceeding \$100,000, the Town will vote to raise and appropriate under the provisions of Section 8 of Chapter 44 of the General Laws for the installation of water mains of not less than six inches but less than sixteen inches in diameter, and act upon anything relating thereto.

*Voted*, That the Treasurer be and he hereby is authorized in the name and behalf of the Town and under authority granted in, and in compliance with, the provisions of Section 8 of Chapter 44 of the General Laws and other acts applicable thereto to borrow a sum not exceeding \$50,000, the same to be expended by the Board of Water Commissioners for the extension of water mains of not less than six inches in diameter but less than sixteen inches in diameter, and to issue bonds of the Town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton Water Loan," and shall be payable as required by said Section 8 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than fifteen years from their date, or at such earlier dates as the Treasurer and the Water Commissioners may determine. They shall be sold at not less than par value thereof, from time to time, by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

ARTICLE 17. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal and to raise and appropriate money for the same.

*Voted*, To appropriate the sum of \$17,500 for the construction of sewers for sanitary purposes and for sewage disposal; and that to meet said appropriation there be raised in the tax levy of the current year the sum of \$8,500 and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$9,000 and to issue bonds or notes of the Town therefor, said bonds or notes to bear on their face the words "Town of Milton Sewer Loan, 1932" and to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twelve years from the date of the first bond or note, or such earlier dates as the Treasurer or Selectmen may determine. Each bond shall be in coupon form and shall be subject to registration as to principal and may be exchanged in compliance with the statutory provision for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of the First National Bank of Boston thereon.

(Unanimous Vote)

HIGHWAYS

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

*Voted*, To appropriate the following sums:

- |   |  |
|---|--|
| 1. General Expense . . . . .                      | \$90,000.00                              |
| Of which \$2,700 is for replacement of equipment. |  |
| 2. Permanent Construction . . . . .               | 20,565.00                                |
| 3. Sidewalks . . . . .                            | 8,000.00                                 |
| 4. Private Work . . . . .                         | 3,000.00                                 |
| 5. New Equipment . . . . .                        | <i>Voted</i> , To make no appropriation. |

\$121,565.00 Total Amount voted under this article.

ARTICLE 19. To see what sum of money the Town will vote to appropriate for the drainage of public streets the ensuing year.

*Voted*, That the sum of \$35,489 be appropriated for the drainage of public streets the ensuing year.

ARTICLE 20. To see if the Town will vote to adopt Parkway Crescent and its extensions from Audubon Road to Blue Hills Parkway as a Town way as laid out by the Selectmen under laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and act upon anything relating thereto.

See Vote under Article 25.

ARTICLE 21. To see if the Town will vote to accept a part of Audubon Road running from the west line of Harold Street to the west line of Grove Street as a Town way, as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

See Vote under Article 25.

ARTICLE 22. To see if the Town will vote to accept Pilgrim Road as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

West Street Construction	.	.	.	.	.	877.48
Windsor Road Construction	.	.	.	.	.	337.71
						<hr/> \$11,702.95

At 6.06 P.M. the Meeting adjourned until the following Saturday, March 19, 1932, at 1.30 P.M.

**Second Adjourned Meeting, Saturday, March 19, 1932, 1.30 p.m.**

Town Meeting Members Present 208, Town Meeting Members Absent 43.

ARTICLE 26. To see if the Town will vote to accept the relocation and alteration of Granite Place and Adams Street at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

*Voted*, To accept the re-location and alteration of Granite Place and Adams Street at their junction, as laid out by the Selectmen, and to raise and appropriate \$1,400 therefor.

ARTICLE 27. To see if the Town will vote to accept the re-location and alteration of Centre Street near the junction of Gun Hill Street, as laid out by the Selectmen, and to raise and appropriate money therefor, and act upon anything relating thereto.

*Voted*, That the Town do not so vote.

ARTICLE 28. To see if the Town will vote to accept the relocation and alteration of Brook Road and Adams Street at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

*Voted*, To accept the relocation and alteration of Brook Road and Adams Street at their junction, as laid out by the Selectmen, and raise and appropriate the sum of \$282.00 for land damages.

ARTICLE 29. To see if the Town will vote to construct a granolithic sidewalk on the northerly side of Brook Road from Blue Hills Parkway to Central Avenue and to raise and appropriate money therefor.

*Voted*, That the Town do not so vote.

ARTICLE 30. To see if the Town will vote to accept Thompson Lane, running from Brook Road to Reedsdale Road, as a Town way as laid out by the Selectmen, and act upon anything relating thereto.

*Voted*, To accept Thompson Lane, running from Brook Road to Reedsdale Road, as a Town way as laid out by the Selectmen.

ARTICLE 31. To see if the Town will vote to discontinue as a Town way, a certain parcel of land at the junction of Brush Hill Road and Blue Hill Avenue, bounded and described as follows:

Beginning at a point in the northwesterly side line of Blue Hill Avenue, said point being distant 138.20 feet northeasterly from a stone bound in said northwesterly side line at land now or formerly of Sarah P. O'Connell, thence running northwesterly and bearing westerly on a curve having a radius of 10.73 feet, 30.35 feet to the southeasterly side line of Brush Hill Road; thence running north  $51^{\circ} 30'$  east, 68 feet to a point; thence running south  $33^{\circ} 33' 40''$  west, 68 feet to the point of beginning. Containing 584 square feet.

Said premises are shown on a plan entitled "Copy of Plan by W. W. Churchill—January, 1925—titled: 'Plan Showing Alteration and Widening of the Southeasterly side line of Brush Hill Road near its Intersection with the Northwest Side Line of Blue Hill Avenue, in the Mattapan Section of Milton, Mass., as Received for Record, January 26, 1925, by G. Frank Kemp, Town Clerk'," made by Forrest J. Maynard, Town Engineer, dated December 24, 1931, and on file in the Office of the Town Clerk. and act on anything relating thereto.

See Vote under Article 32.

ARTICLE 32. To see if the Town will vote to accept as a Town way, the relocation and alteration of Brush Hill Road and Blue Hill Avenue, at the junction thereof, as relocated and altered by the Board of Selectmen, and to appropriate money therefor, and act on anything relating thereto.

*Voted*, That the subject matter under Articles 31 and 32 be referred back to the Selectmen for report at a subsequent Town Meeting.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

*Voted*, That the sum of \$4,898.69 be appropriated for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

#### PUBLIC WELFARE

ARTICLE 34. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the present year.

*Voted*, That the sum of \$22,500.00 be appropriated. Of this amount \$535 is for replacement of truck.

#### SOLDIERS' BENEFITS

ARTICLE 35. To see what sum of money the Town will vote to appropriate for Soldiers' Relief the present year.

*Voted*, That the sum of \$4,000.00 be appropriated.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for State and Military Aid under General Laws Chapter 115, the present year.

*Voted*, That the sum of \$800.00 be appropriated.

ARTICLE 37. To see what sum of money the Town will vote to appropriate for the observance of Memorial Day.

*Voted*, That the sum of \$450.00 be appropriated; said amount to be expended under the direction of the Huntington Frothingham Wolcott Post, No. 102, G.A.R., in cooperation with the Col. Oliver W. Peabody Camp 74, Sons of Union Veterans.

ARTICLE 38. To see what sum of money the Town will vote to appropriate for the observance of Armistice Day.

*Voted*, To appropriate the sum of \$100 for the observance of Armistice Day.

ARTICLE 39. To see what sum of money the Town will vote to appropriate for the celebration of the Fourth of July, 1932.

*Voted*, To appropriate the sum of \$500 to be expended by the Selectmen for the celebration of the Fourth of July, 1932.

#### SCHOOLS AND LIBRARIES

ARTICLE 40. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

*Voted*, To appropriate for the support of the schools the present year the sum of \$240,000 to cover salaries of principals, teachers and instructors, and the sum of \$75,000 for all other expenses.

ARTICLE 41. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws, Chapter 74, and act upon anything relating thereto.

*Voted*, To appropriate the sum of \$1500 for Vocational Education under the provisions of General Laws, Chapter 74.

ARTICLE 42. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

*Voted*, To appropriate the sum of \$22,750 for the Public Library the present year.

RECREATION AND UNCLASSIFIED

ARTICLE 43. To see what sum of money the Town will vote to appropriate for the general use of the Board of Park Commissioners the present year, and for unpaid bills for the year 1930.

*Voted*, That the sum of \$6300 be appropriated for the year 1932 together with the sum of \$42.00 for unpaid bills for the year 1930.

ARTICLE 44. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year.

*Voted*, To appropriate the following sums:

1. Police and Firemen, Sec. 85, Chap. 32, Gen. Laws . . . . .	\$1,000.00
2. Annuity, Chap. 16, Sp. Acts of 1919 . . . . .	300.00
3. Police and Firemen's Widows' Pensions, Sec. 88, Chap. 32, General Laws . . . . .	1,200.00
4. Laborers' Pensions, Sec. 77, Chap. 32, General Laws . . . . .	4,724.04
5. School Teachers' Pensions, Sec. 42, Chap. 32, General Laws . . . . .	1,425.00
6. Pensions, Chap. 9, Spec. Acts of 1925 . . . . .	1,000.00

ARTICLE 45. To see if the Town will authorize the Moderator to appoint a committee to consider retirement systems and pensions, especially in relation to contributory pensions, and appropriate money for the use of the committee.

*Voted*, to authorize the Moderator to appoint a committee of five to consider the subject matter of this Article, and that the sum of \$100 be appropriated for the purposes of said committee; the committee to report to the Selectmen and Warrant Committee not later than January 1, 1933.

COMMITTEE

Relocation and alteration of Pleasant Street at Brook Road. . . . .	1,051.38
Alteration of Washington Street at junction of Adams Street . . . . .	6.10

*Voted*, To transfer the following unexpended balances to the Excess and Deficiency Account.

Blue Hills Parkway Special Drainage . . . . .	\$223.36
Granite Avenue—State Land Damage Awards. . . . .	54.95
Bassett Street Construction and Damages . . . . .	289.42
Adams Street Bridge Repairs. . . . .	\$1,894.00
Relocation and alteration of Pleasant Street at Brook Road. . . . .	1,051.38
Alteration of Washington Street at junction of Adams Street . . . . .	6.10

ARTICLE 49. To see what sum of money the Town will appropriate for office and administration expenses for the Unemployment Committee appointed by the Selectmen in 1931, for the present year.

*Voted*, To appropriate the sum of \$100 for office and administration expenses for the Unemployment Committee appointed by the Selectmen in 1931, for the present year.

ARTICLE 50. To see if the Town will vote to authorize the appointment of a committee which shall have authority to consider the need for additional schoolhouse accommodations, and to appropriate the sum of Three Thousand Dollars (\$3000) to defray the expenses of such Committee, said Committee to report to the Selectmen in writing not later than December 1, 1932, and act upon anything relating thereto.

*Voted*, That the Moderator appoint a Committee of five to study the need for additional schoolhouse accommodations, and that the sum of \$100 be appropriated for the expenses of said Committee; the Committee to report its recommendations to the Selectmen and Warrant Committee not later than December 1, 1932, or to make a preliminary report at the Special Meeting to be called not later than June 1, 1932 as voted under Article 3 of this Warrant.

#### COMMITTEE

Howard E. Murphy  
Arthur W. Vose

Thomas M. Gibbons

Jessica M. Scammell  
Donald C. Watson

ARTICLE 51. To see if the Town will vote to increase the number of members of the School Committee from six to seven, so that there shall be elected at the Annual Meeting to be held in March, 1933, three members of said Committee to hold office for three years, and thereafter members of the School Committee shall be elected as the terms of members expire.

*Voted*, That the Town do not so vote.

ARTICLE 52. To see if the Town will accept the legacy under the will of Mary E. Lamson, late of Boston, Massachusetts, as follows:

"6. All my books to the Town of Milton, Massachusetts, for its Public Library in memory of my father, Joseph E. Whitcher, and my mother, Barbara A. Whitcher and my sister, Olive A. Whitcher."

and act on anything relating thereto.

*Voted*, To accept the legacy under the will of Mary E. Lamson, late of Boston, Massachusetts, as follows:

"6. All my books to the Town of Milton, Massachusetts, for its Public Library in memory of my father, Joseph E. Whitcher, and my mother, Barbara A. Whitcher and my sister, Olive A. Whitcher."

ARTICLE 53. To see if the Town will vote to instruct the Moderator to appoint a committee of three citizens to study and report upon the provisions of Chapter 307 of the Acts of 1902, relative to water supply, said committee to report in writing to the Water Commissioners and the Board of Selectmen a summary of its findings and recommendations not later than January 2, 1933, and appropriate money for the use of the committee.

*Voted*, That the Moderator appoint a committee of three citizens to study and report upon the provisions of Chapter 307 of the Acts of 1902, relative to water supply, said committee to report in writing to the Water Commissioners and the Board of Selectmen a summary of its findings and recommendations not later than January 2, 1933.

#### COMMITTEE

\*Marcy L. Sperry

William B. Crosby

Felix Rackemann

ARTICLE 54. To see if the Town will vote to revoke in whole or in part, any or all of the reserved spaces established under Acts of 1895, Chapter 121, in the following streets:

Adams Street, Eliot Street, Central Avenue, Reedsdale Road, (formerly White Street) Reedsdale Road, Reedsdale Road (formerly Quarry Street) Pleasant Street, Edge Hill Road, Boulevard Street, Bryant Avenue, Brook Road and Randolph Avenue; and act on anything relating thereto.

\*Resigned. John P. Ilsley appointed to fill vacancy.

*Voted*, To revoke the reserved spaces established under Acts of 1895, Chapter 121, in the following streets:

Adams Street, Eliot Street, Central Avenue, Reedsdale Road, (formerly White Street) Reedsdale Road, Reedsdale Road (formerly Quarry Street) Pleasant Street, Edge Hill Road, Boulevard Street, Bryant Avenue, Brook Road and Randolph Avenue.

ARTICLE 55. To see if the Town will vote to revoke or discontinue the trolley car reservations in Central Avenue and Edge Hill Road and to designate or establish portions thereof as reserved spaces, and to act upon anything in relation to said trolley car reservations.

*Voted*, That the Town do not so vote.

ARTICLE 56. To see what action the Town will take toward reconstructing Central Avenue, Pleasant Street and Edge Hill Road and appropriate money for the same.

*Voted*, That the Town take no action.

ARTICLE 57. To see if the Town will vote to amend Chapter 6 of the Revised By-Laws in section 23 thereof by adding thereto substantially the following:

Nor shall any person fire, discharge, explode or set off any fireworks between sunset on any day and the hour of 9.00 A.M. on the succeeding day, specifically including said hours on the Fourth of July, the 17th of June and all other holidays, except common illuminating fireworks which produce light or color without detonation and do not contain picric acids, picrates, phosphorous, fulminates or any highly explosive substance or compound.

*Voted*, That the Town do not so vote.

ARTICLE 58. To see what sum the Town will vote to appropriate for the purchase of knock-down bleachers for the Brook Road playground.

*Voted*, That no appropriation be made for the purchase of knock-down bleachers for the Brook Road playground.

ARTICLE 59. To see if the Town will vote to have Article No. 14 in the 1931 Warrant changed in wording so as to include in its interpretation of the words, refuse and offal, to include grass and other garden combings and Christmas trees.

*Voted*, That the Town do not so vote.

ARTICLE 60. To see if the Town will vote to prescribe terms, conditions and regulations relative to the connection of private drains with the south metropolitan sewerage system in the following form, or in such form as the Town may decide, and act on anything relating thereto, to wit:

Terms, conditions and regulations relative to the connection of private drains with the metropolitan sewer, under General Laws, Chapter 92, Section 2.

1. No building or structure shall be directly or indirectly connected with the south metropolitan sewer by a private drain except upon payment of the following charges:

For buildings having a fair market value when completed of \$5,000 or less	\$50.00
Of more than \$ 5,000 and not more than \$10,000	60.00
Of more than 10,000 and not more than 15,000	75.00
Of more than 15,000 and not more than 20,000	100.00
Of more than 20,000 and not more than 30,000	125.00
Of more than 30,000 and not more than 45,000	150.00
Of more than 45,000 and not more than 60,000	200.00
Of more than 60,000 and not more than 75,000	250.00
Of more than 75,000	300.00

The fair market value shall be determined by the Board of Sewer Commissioners.

2. Any person who desires to connect a private drain with the main sewer of the south metropolitan sewer, within the Town, or to connect a building or structure with a private drain already connected with such sewer, shall make written application to the Board of Sewer Commissioners, stating the location of the private drain, the size

and description thereof, and a description of the property intended to be served by such private drain.

3. The Board of Sewer Commissioners may from time to time adopt and establish such other regulations not inconsistent herewith, relating to the connection of private drains with said metropolitan sewer, as to such Board shall seem advisable.

4. Amounts payable hereunder may be divided into not more than ten annual installments, provided that the applicant shall, in writing, request division of the same before the issuance of the permit, as hereinafter provided, said installments to be payable as follows: First installment upon issuance of the permit hereunder, and thereafter one installment on or before October first in each calendar year following the year in which the first installment was paid.

5. The Board of Sewer Commissioners may issue permits for the connection of private drains with the metropolitan sewer as aforesaid, and no person shall connect a private drain with such sewer, or shall connect a building or structure with a private drain already connected with such sewer, until after such permit has been issued to him, and after compliance with the terms herein set forth, and with any regulations made hereunder by the Board of Sewer Commissioners.

6. After issuance of a permit, no private drain connected with said metropolitan sewer thereunder, shall be used to serve any property other than the property described in the permit, except upon further application and a new permit issued thereunder.

7. Permits hereunder shall be issued conditional on the compliance with the provisions hereof and with the regulations from time to time adopted and established by the Sewer Commissioners, and conditional on the payment of installments when due, and upon any failure to comply with the provisions hereof or with the said regulations of the Board of Sewer Commissioners, or upon failure to pay any installment when due, the Board of Sewer Commissioners may revoke such permit and cause the private drain to be disconnected from the said metropolitan sewer, and may enter any land upon which such private drain is constructed, for the purpose of discontinuing the same.

8. Persons to whom permits are issued shall agree in writing upon said permit, to comply with the aforesaid terms, conditions and regulations, and regulations adopted from time to time by the Board of Sewer Commissioners.

9. These terms, conditions and regulations shall stay in effect until revoked, altered or amended by the Town.

*Voted, That the Town do not so vote.*

ARTICLE 61. To see what sum of money the Town will appropriate for the payment of damages to Lavina Magee in connection with land taken and construction in connection with Bassett Street as laid out by the Selectmen and accepted by vote of the Town at the Annual Meeting in March, 1928.

*Voted, That the Town make no appropriation.*

ARTICLE 62. To see what sum of money the Town will appropriate for the payment of damages to Flora M. Babcock and Martha E. Babcock, *et als*, in connection with Bassett Street, as laid out by the Selectmen and accepted by the vote of the Town at the Annual Meeting in March, 1928, and act upon anything relating thereto.

*Voted, To appropriate \$1,000 for the payment of damages to Flora M. Babcock and Martha E. Babcock, et als, as laid out by the Selectmen and accepted by the vote of the Town at the Annual Meeting in March, 1928.*

ARTICLE 63. To see what sum of money the Town will appropriate for the payment of damages to Flora M. Babcock and Martha E. Babcock in connection with the easement taken by the Board of Sewage Commissioners for sewage disposal and sanitary and surface drainage purposes under authority of a vote at the Special Town Meeting, June 30, 1928, and act upon anything relating thereto.

*Voted, That the Town make no appropriation.*

ARTICLE 64. To see if the Town will vote to amend Chapter 7 of the Revised By-Laws, entitled "Construction and Inspection of Buildings," known as the Building Code, and Chapter 8 of the Revised By-Laws, entitled "Regulation and Inspection of Plumbing,"

by striking out the entire chapters and inserting in place thereof the "Proposed Building and Plumbing Laws" recommended by the Committee appointed under Article 80 of the Warrant of the March Town Meeting of 1930, printed copies of which are distributed to the citizens of the Town with this Warrant as part hereof, subject to such amendments as the Town may make.

*Voted*, To amend Chapter 7 of the Revised By-Laws, entitled "Construction and Inspection of Buildings," known as the Building Code, and Chapter 8 of the Revised By-Laws, entitled "Regulation and Inspection of Plumbing," by striking out the entire chapters and inserting in place thereof the "Proposed building and Plumbing Laws" recommended by the committee appointed under Article 30 of the Warrant of the March Town Meeting of 1930, with the following amendments:

1. Page 6. Change Section III (A) (g) now reading houses four (4) stories, so that it shall read "Houses two and one-half ( $2\frac{1}{2}$ ) stories.

2. Insert on page 7 as Section III. A 5 (b): The Building Inspector shall have power in his discretion to waive any or all requirements of this code (other than those also contained in any statute of the Commonwealth) in the case of small dairy rooms, root cellars, poultry houses, farm and storage sheds, and other similar small structures to be so located on the owner's property as not to menace the property of another.

3. Page 19, Paragraph 15—Continuous Beams: Change the formula third line from the bottom from  $\frac{wl^3}{8}$  to  $\frac{wl^3}{8}$  so that it will read . . .

"that the negative moments specified above bear to  $wl^2$ .

4. Page 20, first line: Change the formula  $wl^3$  to  $wl^2$  so that this shall read ". . . shall be designed for bending moments at the ends equal to  $\frac{wl^2}{12}$

5. Page 23, first line: Omit the words "seven-eighths" so that this line will read: ". . . and a depth equal to the depth of footing from top to center of reinforcing steel."

6. Page 23, paragraph 12: Dropped Panel: Next to the last sentence: Omit the sentence now reading, "The allowable unit shear to be used shall be that specified for punching shear elsewhere in those regulations" and insert "The allowable punching shear over edge of capital shall not exceed six (6%) per cent and at the edge of the drop panel shall not exceed three (3%) per cent of the compressive strength fixed by these regulations."

(Unanimous Vote)

Boston, Mass., June 9, 1932.

The foregoing building and plumbing laws are hereby approved with the exception of:

Section	I (C),
"	XV (A) 1, as indicated,
"	XVI (A) 2, " "
"	XVII (A) 7, " "

which are hereby disapproved,

JOSEPH E. WARNER,  
*Attorney General.*

October 27, 1932.

Acting under the new By-Laws of the Town, the Moderator appoints the following as a Board of Appeal:

George S. Murray, to serve until the March Meeting of 1933.

Fred N. Russell, to serve until the March Meeting of 1934.

Oscar W. Haussermann, to serve until the March Meeting of 1935.

ARTICLE 65. To see if the Town will vote to instruct the Moderator to appoint a committee of three citizens to study the general question of fire protection in the Town particularly with respect to the necessity for a new fire house in East Milton and additional fire fighting equipment, the installation of sprinkler systems in Town buildings

and other details, said committee to report its findings to the Board of Selectmen and the Warrant Committee not later than December 1, 1932, and appropriate money for the use of the committee.

*Voted*, That the Moderator appoint a committee of three citizens to study the general question of fire protection in the Town particularly with respect to the necessity for a new fire house in East Milton and additional fire fighting equipment, the installation of sprinkler systems in Town buildings, and other details, said committee to report its findings to the Board of Selectmen and the Warrant Committee not later than December 1, 1932, and to appropriate the sum of \$100 for the uses of this committee.

## COMMITTEE

Frank M. Eshleman

Ernest E. Erickson

Howard S. Patterson

ARTICLE 66. To see if the Town will purchase a ladder truck equipped with a five hundred gallon pump and a booster tank to be stationed in East Milton, and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose.

*Voted*, That the Town do not so vote.

ARTICLE 67. To see if the Town will vote to increase the Fire Department by two new members of each platoon.

*Voted*, That the Town do not so vote.

ARTICLE 68. To see if the Town will vote to accept Section 100-A of Chapter 41 of the General Laws, as contained in Acts of 1931, Chapter 458, Section 4, for the indemnification of officers or employees of the Town for expenses or damages incurred in defence or settlement of claims on account of the operation of motor vehicles owned by the Town.

*Voted*, That the Town do not so vote.

ARTICLE 69. To see what sum of money the Town will appropriate for effecting insurance for municipal officers and employees against loss by reason of liability to pay damages for bodily injuries caused by the operation of motor vehicles owned by the Town, under the provisions of Clause 1 of Section 5, of Chapter 40 of the General Laws as amended by Statutes of 1931, Chapter 458, Section 3.

*Voted*, That the Town make no appropriation.

ARTICLE 70. To see if the Town will vote to accept Chapter 41, Section 103, of the General Laws; authorizing the establishment of a Purchasing Department in the Town, and to appropriate money for the same.

*Voted*, That the Town do not so vote.

ARTICLE 71. To see if the Town will vote to require all Town Departments to advertise in the public press for bids on proposed expenditures of Ten Hundred Dollars, (\$1000) or over, said bids to be publicly opened subsequently, and the award made to the lowest bidder demonstrating responsibility to fill the contract.

*Voted*, That the Town do not so vote.

ARTICLE 72. To see what action the Town will take toward acquiring Turner's Pond and the adjacent land in the Turner Estate and raise and appropriate money for the same.

*Voted*, That the Town looks with favor on the acquisition of Turner's Pond and the adjacent land in the Turner Estate if such acquisition can be accomplished without expense to the Town, but not otherwise; and that with this understanding the subject matter of this Article is referred to the Planning Board for investigation and report to the Selectmen and the Warrant Committee, not later than January 1, 1933.

ARTICLE 73. To see what action the Town will take with respect to proposals for the formation of a Greater Boston as described in the Beale Plan or any other plan presented to the General Court this year.

*Voted*, as follows: Resolved that the inhabitants of the Town of Milton are unalterably opposed to the surrender of their municipal independence as guaranteed by the Constitution of the Commonwealth, and are equally opposed to the so-called "Beale Plan," (House Bill 564) or to any other legislation which would or might be construed or accepted as a first step in the direction of merging the Town in any manner or to any extent in the City of Boston, or any plan of an enlarged metropolitan Boston which would include the Town of Milton.

ARTICLE 74. To see if the Town will vote to rescind the authorization of Water Loan Bonds as follows:

1931 Authorization—\$25,000.

*Voted*, To rescind the authorization of Water Loan Bonds as follows:

1931 Authorization—\$25,000.

At the close of the meeting the following resolution was offered by Mr. Felix Rackemann—that a Vote of thanks be extended to an excellent Warrant Committee.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Town fourteen days at least, before said fifth of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said fifth of March, next.

Given under our hands at Milton, the sixteenth day of February, nineteen hundred and thirty-two.

(Signed) LAURENCE B. FLINT,  
GEORGE S. MURRAY,  
JOSIAH BABCOCK,  
*Selectmen of Milton.*

Commonwealth of Massachusetts

Norfolk ss.

February 25, 1932. 5 P.M.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving copies at the dwellings of the inhabitants.

(Signed) JAMES R. TRAVERS,  
*Constable of Milton.*

March 19, 1932, at 5.45 P.M.

*Voted*, That the Meeting be dissolved.

The foregoing meeting was opened March 5, 1932, at 5.45 A.M., by the Wardens in the several precincts.

ATTEST,

G. FRANK KEMP,  
*Town Clerk.*

#### WARRANT COMMITTEE

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz.:

Kenneth D. Johnson  
Alfred Beck, Jr.  
Elizabeth H. Cox  
Philip S. Dalton  
William R. Driver

William F. Dugan  
James S. Gallagher  
John F. Gould  
James T. Keating  
Cornelia L. Lunt

Howard E. Murphy  
Percy E. Sheldon  
J. Arthur Spencer  
Elmer E. Wadsworth  
Thomas F. White

# APRIL PRIMARIES

1932

## WARRANT

Commonwealth of Massachusetts:

*To any of the Constables of the Town of Milton in said County,*

*Greetings:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in elections and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct 1—Polling Place, Town Hall, Canton Avenue,

In Precinct 2—Polling Place, Tucker School, Blue Hills Parkway,

In Precinct 3—Polling Place, Milton Police Station, Central Avenue,

In Precinct 4—Polling Place, Belcher School, Church Street,

on Tuesday, the Twenty-sixth day of April, 1932, at 4-o'clock in the afternoon, for the following purposes:

To bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

4 Delegates at Large to the National Convention of the Republican Party.

4 Alternate Delegates at Large to the National Convention of the Republican Party.

12 Delegates at Large to the National Convention of the Democratic Party.

12 Alternate Delegates at Large to the National Convention of the Democratic Party.

2 District Delegates to the National Convention of the Republican Party. 13th Congressional District.

2 Alternate District Delegates to the National Convention of the Republican Party. 13th Congressional District.

2 District Delegates to the National Convention of the Democratic Party. 13th Congressional District.

2 Alternate District Delegates to the National Convention of the Democratic Party. 13th Congressional District.

The Polls will be open from 4 o'clock P.M. to 9 o'clock P.M.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of this warrant in each of the Post Offices of said Town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the town at least four days, before the day of said meeting in said several precincts.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk, on or before said April 26th next.

Given under our hands at Milton, this seventh day of April, nineteen hundred and thirty-two.

GEORGE S. MURRAY

JOSIAH BABCOCK

WM. B. THURBER

*Selectmen of Milton.*

Milton, Mass., April 12, 1932.

*This is to certify,* That I have this day posted attested copies of this Warrant in the Post Office in Milton and the Post Office in East Milton.

(Signed) JOHN B. SHIELDS,  
*Constable of Milton.*

Commonwealth of Massachusetts

Norfolk ss.

Milton, Mass., April 21, 1932.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by leaving attested copies of the same at the dwellings of the inhabitants.

(Signed) WILLIAM B. LADD,

# MAY SPECIAL MEETING

1932

## WARRANT

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS:

*To any Constable of the Town of Milton, in said County,  
Greetings:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon Saturday, the twenty-eighth day of May next, at thirty minutes past one o'clock in the afternoon, then and there to act upon the following articles, to wit:

ARTICLE 1. To see if the Town will authorize and direct the Board of Selectmen to favor the general plan at present being developed by the post office authorities in Washington and the Postmaster in Boston for a consolidation of the several post offices (Milton, East Milton, Mattapan, Hyde Park and Readville) through which mail matter (often delayed) reaches the inhabitants of the Town, and thus establish for all the inhabitants of the Town a single uniform post office address of "Milton, Massachusetts" and that an attested copy of this vote be sent to Hon. Richard B. Wigglesworth, M.C.

*Voted,* The Special Town Meeting held on May 28, 1932 authorizes the Board of Selectmen, on behalf of the Town, to impress upon the post office authorities in Washington and the Postmaster in Boston the wish of the inhabitants of the Town that every economical effort be made to centralize postal delivery service in Milton, so that there may be established for all the inhabitants of the Town a single uniform post office address of "Milton, Massachusetts," but that the Town, although desiring such improved facilities, hereby declares that it does not urge the construction of a Federal Building in Milton in these days of serious economic depression, but rather it urges upon the Federal Government, through its Member in Congress, the adoption of every wise governmental economy and the speedy balancing of the Federal Budget to the end that the confidence of the people of this Nation may be restored, and that an attested copy of this Vote be sent to Hon. Richard B. Wigglesworth, M.C.

ARTICLE 2. To see what sum of money the Town will vote to appropriate for schools for unpaid bills of 1931.

*Voted,* To appropriate the sum of \$413.65 for schools for unpaid bills of 1931.

ARTICLE 3. To see what sum of money the Town will vote to appropriate for unpaid bills on account of Vocational Education under provision of General Laws, Chapter 74, and act upon anything relating thereto.

*Voted,* To appropriate the sum of \$202.26 for unpaid bills of 1931 and the sum of \$90.00 for unpaid bills of 1930.

ARTICLE 4. To see if the Town will vote to appropriate the sum of Five Hundred Forty-two Dollars and Sixty-two Cents (\$542.62) for unpaid bills of the Board of Public Welfare for 1931, and act upon anything relating thereto.

*Voted,* To appropriate the sum of \$542.62 for unpaid bills of the Board of Public Welfare for the year 1931.

ARTICLE 5. To see if the Town will appropriate the sum of Two Hundred Eighteen Dollars and Fifty-nine Cents (\$218.59) for the balance due for construction and equipment of East Milton Library, and act upon anything relating thereto.

*Voted,* To appropriate the sum of \$218.59 for the balance due for construction and equipment of East Milton Library.

ARTICLE 6. To see if the Town will vote to accept Parkway Crescent and its extensions from Audubon Road to Blue Hills Parkway as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and act upon anything relating thereto.

See Vote under Article 11.

ARTICLE 7. To see if the Town will vote to accept a part of Audubon Road running from the west line of Harold Street to the west line of Grove Street as a Town way, as laid out by the Selectmen, under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

See Vote under Article 11.

ARTICLE 8. To see if the Town will vote to accept Pilgrim Road as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

See Vote under Article 11.

ARTICLE 9. To see if the Town will vote to accept Milton Street as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

See Vote under Article 11.

ARTICLE 10. To see if the Town will vote to accept Johnson Street as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

See Vote under Article 11.

ARTICLE 11. To see if the Town will vote to accept Bradford Road as a Town way as laid out by the Selectmen under the laws authorizing the assessment of betterments, and to raise and appropriate money for the same, and to act upon anything relating thereto.

*Voted*, To accept the following streets as town ways, as laid out by the Selectmen under the law authorizing the assessment of betterments, and that the amounts appropriated at the Annual Meeting held in March 1932 be reappropriated for use for the same streets, as now accepted, as follows:

Parkway Crescent	.	.	.	.	.	\$11,456 60
Audubon Road	.	.	.	.	.	5,253 90
Pilgrim Road	.	.	.	.	.	2,805 57
Milton Street	.	.	.	.	.	1,236 06
Johnson Street	.	.	.	.	.	2,423 93
Bradford Road	.	.	.	.	.	4,940 47
						<hr/>
						\$28,116 53

And that the sum of \$28,116.53 be raised as follows:

(a) In the Tax Levy of the current year the sum of \$16,413.58.

(b) By transfer of the following Street Construction balances now available for this purpose, the sum of \$11,702.95.

Aberdeen Road Construction	.	.	.	.	.	\$1,687 79
Audubon Road Construction	.	.	.	.	.	1,098 64
Brae Burn Road Construction	.	.	.	.	.	1,016 63
Cary Avenue Construction	.	.	.	.	.	492 65
Cedar Terrace Construction	.	.	.	.	.	772 00
Hillcrest Road Construction	.	.	.	.	.	1,730 40
Meagher Avenue Construction	.	.	.	.	.	1,865 05
Petersburg Avenue Construction	.	.	.	.	.	1,777 51
Pond Street Construction	.	.	.	.	.	47 09
West Street Construction	.	.	.	.	.	877 48
Windsor Road Construction	.	.	.	.	.	337 71
						<hr/>
						\$11,702 95

ARTICLE 12. To see if the Town will vote to accept the relocation and alteration of Granite Place and Adams Street at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

*Voted*, To accept the relocation and alteration of Granite Place and Adams Street at their junction, as laid out by the Selectmen, and ratify the appropriation of \$1400 for

the construction of said way as relocated and altered as voted under Article 26 of the Warrant, March 1932 Town Meeting.

ARTICLE 13. To see if the Town will vote to accept the relocation and alteration of Brook Road and Adams Street at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

*Voted*, To accept the relocation and alteration of Brook Road and Adams Street at their junction as laid out by the Selectmen, and ratify the appropriation of \$282 for land damages as voted under Article 28 of the Warrant, March 1932 Town Meeting.

ARTICLE 14. To see if the Town will vote to accept Thompson Lane, running from Brook Road to Reedsdale Road, as a Town way as laid out by the Selectmen, and act upon anything relating thereto.

*Voted*, To accept Thompson Lane, running from Brook Road to Reedsdale Road, as a Town way as laid out by the Selectmen. This vote was passed to ratify the Vote under Article 30 of the Warrant, March 1932 Town Meeting.

ARTICLE 15. To see if the Town will vote to appropriate the sum of One Hundred Eighty-two Dollars and Forty Cents (\$182.40) for unpaid Highway Department bills of 1931, and act upon anything relating thereto.

*Voted*, To appropriate the sum of \$182.40 for unpaid Highway Department bills of 1931.

ARTICLE 16. To see what further sum of money the Town will vote to appropriate for Laborers' Pensions (Sec. 77, Chapter 32, G. L.) the present year, and act upon anything relating thereto.

*Voted*, To appropriate the sum of \$3,050.23 for Laborers' Pensions (Sec. 77, Chap. 32, G. L.) the present year.

ARTICLE 17. To see what sum of money the Town will appropriate for the payment of damages to Lavina Magee in connection with land taken and construction in connection with Bassett Street as laid out by the Selectmen and accepted by vote of the Town.

*Voted*, To appropriate the sum of \$200 for the payment of damages to Lavina Magee in connection with land taken and construction in connection with Bassett Street as laid out by the Selectmen and accepted by vote of the Town at the annual meeting in March, 1928.

ARTICLE 18. To see whether the Board of Water Commissioners shall be authorized and requested to reduce materially the water rates by retiring the Milton Water Loan Bonds due in 1932, by applying a portion of the balance of the water receipts accumulated as of December 31, 1931, the aforesaid balance having been voted to the use of the Water Department at the Town Meeting on March 12, 1932, and act on anything relating thereto.

*Voted*, To refer the subject matter of this Article to the Special Committee appointed by the Moderator under Article 53 of the 1932 Annual Town Meeting Warrant.

ARTICLE 19. To see if the Town will vote to amend the Revised By-Laws substantially as follows to wit: by inserting in Chapter 4 at the end thereof, the following, to be known as Section 16 of said chapter, to wit:

Section 16: (a) The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds.

(b) If it shall seem advisable to the Town Collector that suit, or suits, should be instituted and prosecuted in the name of the Town, in connection with the collection of an account, or accounts, due to the Town, he shall so advise the Board of Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

(c) All accounts due the Town when this section takes effect and all accounts coming due thereafter shall forthwith be committed by the several boards and officials of the Town to the Town Collector for collection hereunder.

(d) This section shall take effect on March 6, 1933.

Boston, Mass., June 29, 1932,

The foregoing amended By-Law is hereby approved.

(Signed) JOSEPH E. WARNER,  
Attorney General.

*Voted*, To amend the Revised By-Laws as follows to wit: in inserting in Chapter 4 at the end thereof, the following, to be known as Section 16 of said chapter, to wit:

Section 16: (a) The Collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds.

(b) If it shall seem advisable to the Town Collector that suit, or suits, should be instituted and prosecuted in the name of the Town, in connection with the collection of an account, or accounts, due to the Town, he shall so advise the Board of Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

(c) All accounts due the Town when this section takes effect and all accounts coming due thereafter, except as mentioned in (a), shall forthwith be committed by the several boards and officials of the Town to the Town Collector for collection hereunder.

(d) This section shall take effect on March 6, 1933.

ARTICLE 20. To see what sum of money the Town will vote for the relief of unemployment the present year, and act upon anything relating thereto.

*Voted*, To appropriate the sum of \$15,000 for the reserve fund for extraordinary or unforeseen expenditures during the current year, it being understood that this amount is appropriated to cover extraordinary expenses which may be incurred by any Town Board in an effort to lessen unemployment in the Town or by the Board of Public Welfare; and it is further voted that there be paid a maximum wage of not over \$3.20 per day for eight hours when any part of this sum of \$15,000 is used for relieving unemployment in the Town.

ARTICLE 21. To see if the Town will vote to instruct the Moderator to appoint a committee of five citizens to proceed with remodeling and other changes in the Vose School, as recommended by the committee on additional school-house accommodations, to provide not less than five additional class rooms, and appropriate money therefor, and act upon anything relating thereto.

*Voted*, That the Town do not so vote.

#### REPORT OF SPECIAL COMMITTEE ON SCHOOL ACCOMMODATIONS TOWN OF MILTON

SPECIAL MEETING OF MAY 28, 1932

A request was made by vote of the town, at the March meeting, for the appointment of a committee of five citizens to study the need for additional schoolhouse accommodations, and the further request was made that a preliminary report be made at a special meeting to be held in May. The personnel of the committee as appointed by the Moderator included three citizens who have been in intimate contact with the school situation in Milton for one or more years, and thus your committee found itself in a particularly fortunate position to proceed with little delay to a study of the situation as it now exists.

Your committee has held two formal meetings and three members of the committee have inspected the Vose School for the purpose of studying the possibilities for providing additional elementary accommodations in that building.

The report of the special school committee of last year has been carefully reviewed with particular reference to its bearing upon the present problem. Data with reference to present enrollment, increases in enrollment at the several schools has been considered.

It appears obvious to your committee that two serious situations confront the Town in the matter of additional schoolhouse accommodations. The first, and in our opinion the most pressing of these, is the present overcrowded condition of the Tucker School.

Second, and of almost equal importance, is the crowded condition of the High School building.

It is the preliminary decision of your committee that some action leading to the relief of the Tucker School should be taken, and that any action so taken should provide relief for the elementary schools, for a period of not less than five years. This decision is based upon the opinion of your committee that such relief may be given at comparatively small expense by alterations in existing buildings. By providing much needed immediate relief for the elementary schools in this manner, your committee feels that it may then proceed to the study of Junior or Senior High School accommodations and in the event that it should see fit to recommend to the town the building of additional accommodations of this class, the elementary problem will have been deferred until

such time as any new building which may be required for High School purposes shall have been completed.

Your committee has given serious consideration to the recommendation of last year's committee that six additional classrooms be added to the Tucker School at an estimated probable cost of \$40,000. Your committee feels that the Tucker School as it now stands is entirely adequate to care for the natural population of the area in which it is located. Your committee believes that a school must ultimately be provided on the Eliot Street lot, which school will very materially reduce the enrollment at the Tucker School when and if built. Certain territory lying between the Vose and the Tucker Schools is now served by the Tucker School, although geographically it might well be served by the Vose School if accommodations were available. The Vose School is now operating as an inefficient unit because of considerable space being unsuitable for school purposes. An inspection and study of the building revealed the fact that five classrooms could be provided in this building at an estimated total cost of \$25,000, including school equipment at an estimated cost of \$2,500, and painting and rehabilitation of lighting system of the entire building. This painting and improvement of the lighting system while not absolutely necessary is very much needed, particularly if improvements are made in certain sections of the building.

At the request of the committee an article was inserted in the warrant for the special May Meeting asking that the Town vote to instruct the Moderator to appoint a committee of five citizens to carry out the improvements recommended by this committee, and that the sum of \$25,000 be appropriated for the use of the committee in carrying on this work.

Your committee recommends favorable action on this article.

HOWARD E. MURPHY  
THOMAS M. GIBBONS  
JESSICA M. SCAMMELL  
ARTHUR W. VOSE  
DONALD C. WATSON

For the committee by: (signed) HOWARD E. MURPHY, *Chairman.*

ARTICLE 22. To see if the Town will vote to reduce the compensation or salaries of such town officers as hold elective office, and to recommend a reduction in the compensation or wages or salaries in Departments and Boards of the Town in which compensation, wages or salaries are fixed by the head of a Department or Board, and act on anything relating thereto.

*Voted*, (1) That the pay of all appointed Town officials and all Town employees whose compensation is fixed by boards or heads of departments be reduced as of July 1, 1932, and that the several boards or heads of departments in charge of these officials and employees be requested to effect reductions as follows:

If the pay is at a rate which amounts to less than \$1500 per year, that the rate be reduced 5%.

If the pay is at a rate which amounts to from \$1500 to \$1999 per year inclusive, that the rate be reduced 7½%.

If the pay is at a rate which amounts to \$2000 or over per year, that the rate be reduced 10%.

(2) That all elected Town officials be requested voluntarily to accept a reduction in their compensation as of July 1, 1932, on the basis described above.

Roll Call Vote on above Article: Yes, 95; No, 79.

The above Vote under Article 22 was annulled by the result of a Referendum Vote on June 23, 1932.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post offices of said Town fourteen days at least before said twenty-eighth day of May, and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail note, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said twenty-eighth of May, next.

Given under our hands at Milton, the thirteenth day of May, nineteen hundred and thirty-two.

## SPECIAL TOWN MEETING

JUNE 23, 1932

### REFERENDUM ON THE WAGE QUESTION

NORFOLK, SS.

*To any of the Constables of the Town of Milton, in said County,  
Greeting:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct 1, Polling Place, Town Hall, Canton Avenue,  
In Precinct 2, Polling Place, Tucker School Hall, Blue Hills Parkway,  
In Precinct 3, Polling Place, Milton Police Station, Central Avenue,  
In Precinct 4, Polling Place, Belcher School, Church Street,

on Thursday the 23rd day of June 1932, at two o'clock in the afternoon then and there to vote upon the questions involved in the votes of the Town in the representative town meeting held May 28th, 1932 under Article 22 of the Warrant for said meeting, said questions when finally presented to said meeting being substantially, in language and form, as follows:

#### Question 1. Will the Town vote:

That the pay of all appointed Town officials and all Town employees whose compensation is fixed by boards or heads of departments be reduced as of July 1, 1932, and that the several boards or heads of departments in charge of these officials and employees be requested to effect reductions as follows:

If the pay is at a rate which amounts to less than \$1500 per year, that the rate be reduced 5%.

If the pay is at a rate which amounts to from \$1500 to \$1999 per year inclusive, that the rate be reduced 7½%.

If the pay is at a rate which amounts to \$2000 or over per year, that the rate be reduced 10%.

#### Question 2. Will the Town vote:

That all elected Town officials be requested voluntarily to accept a reduction in their compensation as of July 1, 1932, on the basis described above.

The polls will be open from two o'clock P.M. to nine o'clock P.M. And you are directed to warn said inhabitants qualified as aforesaid, to meet at the times and places, and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post offices of said Town, fourteen days at least before said 23rd day of June 1932, and leaving printed copies thereof at the dwelling houses in said Town at least four days before said date.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk, on or before said 23rd day of June, 1932.

Given under our hands at Milton, the 9th day of June, Nineteen hundred and Thirty-two.

(Signed) GEORGE S. MURRAY

## WARRANT

NOVEMBER MEETING

COMMONWEALTH OF MASSACHUSETTS

COUNTY OF NORFOLK, SS.

*To any of the Constables of the Town of Milton in said County,  
Greetings:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in elections and in town affairs, to meet at the several designated polling places in their respective precincts in said Milton, to wit:

In Precinct 1—Polling Place, Town Hall, Canton Avenue,  
In Precinct 2—Polling Place, Tucker School Hall, Blue Hills Parkway,  
In Precinct 3—Polling Place, Milton Police Station, Central Avenue,  
In Precinct 4—Polling Place, Belcher School, Church Street,

on Tuesday, the eighth day of November, 1932 at 6 o'clock in the forenoon, then and there to bring in their ballots for Presidential Electors for President and Vice-President; Governor, Lieutenant-Governor, Secretary, Treasurer and Receiver-General, Auditor, Attorney-General, all of this Commonwealth; Representative in Congress for the thirteenth Congressional District; Councillor for the Second Councillor District; Senator for the Norfolk Senatorial District; Representative in the General Court for the Seventh Norfolk District, Two County Commissioners for the County of Norfolk; Sheriff for the County of Norfolk; and County Treasurer for the County of Norfolk to fill vacancy; also to vote on the acceptance of the following questions:

## QUESTION NO. 1

## LAW PROPOSED BY INITIATIVE PETITION

Shall the proposed law which defines and legalizes the practice of chiropractic; establishes a board of registration of chiropractors and defines the number, mode of appointment, tenure, qualification and compensation of its members, and its powers and duties; provides for the preliminary qualifications, examination, certification, original registration and annual license of chiropractors and regulation of their practice, and defines the mode, subjects of and fees for examination, the mode of practice and penalties; and other matters related thereto, which are chiefly as follows:

That chiropractic be "the science or practice of locating and adjusting by hand the malpositions of the articulations of the human spine."

That any person, with one preceding year's residence in this Commonwealth and with degree from a qualified chiropractic school received at least one year prior to the date when this law takes effect, may, within ninety days after such date, be certified by the board at its discretion without examination.

That otherwise no person, except a member of the board of registration, shall practice chiropractic unless, being over twenty-one years of age, of good moral character and graduated from a reputable chiropractic school after personally attending courses of at least twenty-two hundred sixty minute daylight hours given to persons qualified to graduate from a public school, he shall qualify by examination, pay a fee of twenty-five dollars and be registered and certified; except that any person licensed in another State maintaining standards equal to those of this Commonwealth may be registered without examination.

That the examination be scientific and practical in character in subjects including anatomy, physiology, symptomatology, hygiene, sanitation, chemistry, histology, pathology, chiropractic analysis, and the principles and practice of chiropractic.

That the board may, after hearing, revoke a certificate for cause.

That the board shall make an annual report and shall keep public records of its proceedings and of the names of persons examined or registered by it and of the names and addresses of all registered chiropractors, who shall pay an annual license fee, promptly notify the board of any change in address and furnish such other information as the board may require.

That the board consist of three members, residents of the Commonwealth for three years, graduates of a chartered chiropractic school having power to confer degrees in chiropractic, to be appointed by the governor, with the advice and consent of the council, for a term of three years.

That the board have authority to administer oaths, summon witnesses and take testimony and adopt reasonable rules and regulations pertaining to their duties, and that they pay into the state treasury fees received by them, and that they receive compensation and reimbursement for expenses in such amounts as may be annually appropriated therefor not exceeding the amount of such fees.

Penalties are provided for practicing chiropractic without holding a certificate or for using the words "Chiropractic Practitioner," the letters "D.C.," or any title or letters indicating engagement in such practice, or for buying, selling or fraudulently obtaining any diploma or record of registration.

It is further provided that the present law relating to the registration of physicians and surgeons and providing penalties for the unauthorized practice of medicine, shall not be held to discriminate against registered chiropractors; but no chiropractor, unless registered as a physician or surgeon, may practice obstetrics, or administer drugs, or perform surgical operations by the use of instruments, or hold himself out as and for other than a chiropractor, which was disapproved in the House of Representatives by a vote of 50 in the affirmative and 151 in the negative and in the Senate by a vote of 13 in the affirmative and 21 in the negative, be approved?

Yes

No

## QUESTION NO. 2

### LAW PROPOSED BY INITIATIVE PETITION

Shall the proposed law which provides for an additional method of nominating candidates for nomination, at the state primaries in September, by members of political parties, for those offices to be filled by all the voters of the Commonwealth at a state election.

It provides that the state conventions of the political parties in each state election year, shall be held before and not after the state primaries, as now, namely, not later than June 15. In order to elect delegates to such party conventions, party primaries are established to be held on the last Tuesday in April. Among other things, these state conventions may endorse candidates for offices to be filled by all the voters and to be voted upon at the state primaries. Such endorsement places a candidate in nomination, at such state primaries, without the necessity of filing nomination papers. The name of the endorsed candidate is to be placed first on the ballot and against his name is to be placed the words "Endorsed by (the name of political party) convention" in addition to the eight-word statement now authorized by law. Candidates endorsed by a party convention may accept said endorsement within ten days, and having so accepted may not withdraw.

It also provides for the election of district members of state committees and members of ward and town committees at the proposed party primaries in April, as well as delegates to the state party conventions, instead of at the state primaries in September, as now.

It also provides for the election of Delegates to national conventions (to nominate candidates for President) at the proposed party primaries instead of at the primaries, now specially held for that purpose, and which existing law requires to be held on the last Tuesday in April (the same day proposed for the proposed party primaries).

It also provides for certain other new provisions of law and certain changes in existing laws, relating to holding state conventions and party primaries, the number and election of delegates to state convention, the number of members at large of a state committee, and other matters, which in more detail chiefly are as follows:

State Conventions are to be composed solely of delegates elected at the party primaries, and the number is to be one from each ward and town and one additional for every fifteen hundred votes or major fraction thereof above the first fifteen hundred votes cast at the preceding state election in such ward or town for the political party candidate for Governor, instead of a number now fixed by the state committee of each party (not less than one from each ward or town) and certain members designated by existing law.

The time, for notice to the State Secretary by aldermen or selectmen of their determination to hold primaries by wards, precincts or groups of precincts, to be March 1, instead of August 1, as now.

The names of candidates for election for delegates to a state convention and for district members of a state committee to be arranged individually by alphabet instead of in groups arranged by lot, as now.

Vacancies in the office of delegate to a state or national convention not to be filled except in case of a tie vote, and then by delegates from the same district, within ten days, and if no other delegate or if not so filled, then by a state committee, rather than solely by the remaining members of the delegation; and statement of filling of such vacancy to be filed with the State Secretary.

Seating of delegates at state conventions to be in groups by senatorial districts, and order of business at said conventions defined.

Voting on candidates, by a convention, to be by roll call, if more than one candidate for the office, or by groups of delegates unless any member of such group objects.

The number of members at large of a state committee of a political party to be fixed by the state convention of a party instead of by the state committee, as now.

The existing provisions as to preparation and filing of nomination papers, objections to nominations, preparation, number, substance, arrangement and form of ballots, hours during which polls shall be open, opening of ballot boxes, canvass and return of votes, return and certification of votes, now applicable to state primaries, to be applicable to the proposed party primaries.

The power of a state committee to fix the number of district delegates to a national convention to be continued, but the date, of giving notice to the State Secretary, of such fixation to be March 1 instead of on or before the third Wednesday in March, as now.

The power of city and town committees to fix the number of members of ward and town committees to be continued, but the date, of giving notice to the State Secretary, of such fixation to be March 1 instead of August 1 as now, which was approved in the Senate by a vote of 21 in the affirmative and 17 in the negative and was disapproved in the House of Representatives by a vote of 62 in the affirmative and 138 in the negative, be approved.

YES

### QUESTION NO. 3

#### PROPOSED AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES

Is it desirable that the proposed amendment to the Constitution of the United States

#### “ARTICLE—

“Section 1. The terms of the President and Vice-President shall end at noon on the 20th day of January, and the terms of Senators and Representatives at noon on the 3d day of January, of the years in which such terms would have ended if this article had not been ratified; and the terms of their successors shall then begin.

“Sec. 2. The Congress shall assemble at least once in every year, and such meeting shall begin at noon on the 3d day of January, unless they shall by law appoint a different day.

“Sec. 3. If, at the time fixed for the beginning of the term of the President, the President elect shall have died the Vice-President elect shall become President. If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President elect shall have failed to qualify, then the Vice-President elect shall act as President until a President shall have qualified; and the Congress may by law provide for the case wherein neither a President elect nor a Vice-President elect shall have qualified, declaring who shall then act as President, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or Vice-President shall have qualified.

“Sec. 4. The Congress may by law provide for the case of the death of any of the persons from whom the House of Representatives may choose a President whenever the right of choice shall have devolved upon them, and for the case of the death of any of the persons from whom the Senate may choose a Vice-President whenever the right of choice shall have devolved upon them.

“Sec. 5. Sections 1 and 2 shall take effect on the 15th day of October following the ratification of this article.

“Sec. 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission,”—be ratified by the General Court?

YES  
No

All to be voted for on one ballot.

The polls will be open from 6 o'clock A.M., to 8 o'clock P.M., and you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purpose herein mentioned by posting attested copies of this Warrant in each of the post offices of said Town fourteen days at least before said meeting and leaving printed copies thereof at the dwelling houses of said town at least four days before said meeting.

Hereof fail not and make due return of this Warrant or a certified copy thereof with your doings thereon to the Town Clerk as soon as may be and before said meeting.

Given under our hands at Milton this 24th day of October, nineteen hundred and thirty-two.

GEORGE S. MURRAY  
JOSIAH BABCOCK  
WM. B. THURBER  
*Selectmen of Milton.*

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.  
Milton, Mass., November 3, 1932.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants.

(Signed) WILLIAM B. LADD,

November 18, 1932.

Nov. 18, 1932.—The Board of Registrars met at the Town Hall upon the petition of George A. Sullivan and others for the purpose of holding a recount of the ballots cast for the office of Lieutenant Governor. Upon opening the box containing the ballots cast in Precinct 2, the Town Clerk discovered that there was 1506 ballots missing; and as there was no representative for Mr. Swift present with credentials, upon a motion made by Mr. George S. Murray, representative for Mr. Bacon, the recount was postponed until Monday, November 21, 1932 at 10 A.M.

1932

RECOUNT OF VOTES CAST FOR LIEUTENANT-GOVERNOR  
ON NOVEMBER 8, 1932

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS  
Milton, Mass., November 21, 1932.

At a meeting called and held at the Town Hall in said Milton on the above date, November 21, 1932, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the State Election held on November 8, 1932 for Lieutenant Governor having been petitioned for by George A. Sullivan and others), said recount was held upon the above date with results as follows:

	PRECINCTS				TOTAL
	1	2	3	4	
Gaspar G. Bacon . . . . .	1209	1762	763	1610	5344
Morris I. Becker . . . . .	7	11	0	13	31
James W. Dawson . . . . .	2	4	0	5	11
Walter S. Hutchins . . . . .	8	24	7	18	57
John E. Swift . . . . .	572	1220	281	944	3017
Blanks . . . . .	64	85	36	82	267

All the above votes after being counted were delivered to the Town Clerk.  
In Precinct 2 we recounted 1600 ballots out of a total of 3106 ballots cast as the other 1506 ballots had been destroyed by mistake.  
The Count on the 1600 ballots was Bacon 1030, Becker 3, Dawson 0, Hutchins, 8, Swift 514, Blanks 45 and the figures turned in by the Precinct Officers for the missing 1506 ballots were added to our count of 1600 ballots and made no change in the original figures as compiled by the Election Officers on the day of election.

G. FRANK KEMP,  
*Registrars of Voters.*

THE COMMONWEALTH OF MASSACHUSETTS  
OFFICE OF THE SECRETARY

1932

November 30, 1932.

To City and Town Clerks and Election Commissioners:

Whereas, petitions have been filed with the State Secretary, in the interest of Gaspar G. Bacon of Boston, Republican, and of John E. Swift of Milford, Democratic, candidates for the office of Lieutenant-Governor,—and in the interest of John F. Buckley of

Boston, Democratic, and of Frederic W. Cook, of Somerville, Republican, candidates for the office of Secretary,—for state-wide recounts of ballots cast at the election held November 8, 1932 for the offices of Lieutenant-Governor and Secretary, under the provisions of General Laws, chapter 54, section 135, as amended; and

Whereas, after the official tabulation of votes by the Governor and Council it appears that the difference in the number of votes cast for the two leading candidates for each of said offices of Lieutenant-Governor and Secretary is less than one per cent of the total number of votes cast for such offices;

Therefore it becomes my duty to, and I do hereby, order the clerk of each city and town of the commonwealth to transmit forthwith, and said clerk shall so transmit, the envelopes containing the ballots, sealed except in the case of those containing ballots which have already been recounted in respect to said offices, to the registrars of the city or town who shall, without unnecessary delay, open the envelopes, recount the ballots cast for said offices and determine the questions raised.

(Signed) F. W. COOK,  
FREDERIC W. COOK,  
Secretary.

1932

RECOUNT OF VOTES CAST FOR SECRETARY OF STATE  
ON NOVEMBER 8, 1932

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.  
Milton, Mass., December 9, 1932.

At a meeting called and held at the Town Hall in said Milton on the above date, December 9, 1932, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the State Election held on November 8, 1932 for Secretary of State, as per notice received from the office of the Secretary of State dated Nov. 30, 1932), said recount was held upon the above date with results as follows:

	PRECINCTS				TOTAL
	1	2	3	4	
John F. Buckley . . . . .	573	1240	277	904	2994
Frederic W. Cook . . . . .	1172	1701	750	1615	5238
Albert S. Coolidge . . . . .	12	30	11	26	79
Max Lerner . . . . .	2	3	2	6	13
Albert L. Waterman . . . . .	3	9	0	7	19
Blanks . . . . .	100	123	47	114	384

Of the above, 7221 votes after being counted were delivered to the Town Clerk. In Precinct 2 we recounted 1600 ballots out of a total of 3106 ballots cast as the other 1506 ballots were missing.

The count on the 1600 ballots was: Buckley 518, Cook 1009, Coolidge 11, Lerner 0, Waterman 3, Blanks 59; and the figures turned in by the Precinct Officers for the missing 1506 ballots were: Buckley 722, Cook 692, Coolidge 19, Lerner 3, Waterman 6, Blanks 64.

PATRICK F. MAHONEY,  
FRANK L. RICHARDS,  
JOSEPH A. REIN,  
G. FRANK KEMP,  
Registrars of Voters.

(Signed) G. FRANK KEMP,  
Town Clerk.

- June 29. Charles H. McMahon of Boston and Helen Tully of Milton.
- July 3. Earl P. Holman of Milton and Mary F. (McGovern) Roche of Boston.
9. Henry E. Stebbins of Milton and Jacquelin (Barker) Greene of Hot Springs.  
Arkansas.
12. Walter E. Ladd and Eleanor E. (Plummer) Dorothy, both of Milton.
16. James T. Miley of Milton and Katherine E. Flaherty of Manchester, Mass.
20. Lyndon E. Parker of Boston and Rose E. McGrath of Milton.
22. William J. Cashman of Milton and Elsie M. Miller of Dorchester.
24. Howard W. Banker of Milton and Mary E. Blessington of Belmont.
24. Frederick E. Fallon of Milton and Ethel O'Brien of Boston.
26. David J. Nilson of Milton and Ethel B. Olson of Boston.
27. Charles F. Campbell, Jr. of Milton and Catherine F. O'Brien of Boston.
30. Joseph H. Treanor of Dorchester and Mary J. McCarthy of Milton.
- Aug. 1. Joseph E. Keating of Boston and Catherine F. Litchfield of Milton.
10. James S. Ryan of Boston and Florence M. Wynacht of Newton.
13. Eben B. Haskell of Marblehead and Marion M. Raymond of Milton.
13. Charles E. Doherty of Boston and Thelma M. McCauley of Milton.
13. Walter W. Werner of Milton and Gertrude E. Richardson of Medford.
17. Henry H. Hadley, Jr. of Syracuse, N. Y., and Annette Trafford of Milton.
19. Gray W. Pearson of Fitchburg and Margaret B. Sears of Milton.
21. Patrick Murray, Jr. of Newton and Mary Doherty of Milton.
23. Floyd B. MacDonald and Marion E. Graham, both of Milton.
27. Frank W. Harriman and Thelma M. (Bonnell) Guarente, both of Milton.
31. Benjamin C. Svehla of Brookline and Hylda J. (Kletecha) Ticha of Milton.
- Sept. 3. Harold E. Davis of Milton and Mary A. Brown of Jaffrey, N. H.
3. Eugene L. Jordan of Dorchester and Mary G. Hurley of Milton.
3. Henry E. Baker of Jamaica Plain and Anna T. Hughes of Milton.
3. Paul A. Smith of Malden and Lila H. Paul of Milton.
3. Joseph P. Hynes of Brooklyn, N. Y., and Margaret F. Maguire of Milton.
4. Richard T. Duggan and Marion F. Kely, both of Milton.
5. Karl F. Klasson and Alice (Peterson) Summerton, both of Canton.
6. George N. Milroy and Alma Clark, both of Milton.
8. Burton Brown of Milton and Catherine Perro of Brookline.
10. Wallace R. Marden of Lawrence and Marjorie L. Maclary of Milton.
10. Laurence S. Holland and Frances A. Johnson, both of Milton.
10. James I. Orr of Wayland and Isabel B. Webster of Milton.
10. Charles E. Holt, Jr. of Lexington and Penelope R. Webster of Milton.
10. Frank M. Bremer of Milton and Virginia Badger of Cohasset.
10. Earle G. Lovell of Hingham and Flora L. Wood of Milton.
11. Joseph C. French of Boston and Georgene R. MacDonald of Milton.
14. Roderick Perry of Milton and Margarette Tyo of Jamaica Plain.
18. Paul W. Ericson of Gardner and Ina L. Smith of Milton.
18. Patrick J. Mullins of Boston and Margaret M. Duggan of Milton.
18. John Hurley and Mary B. Glynn, both of Milton.
19. Ralph M. Sutcliffe of England and Ann Bartol of Milton.
21. Alfred L. Hersey and Laura B. Nelson, both of Milton.
25. Paul H. Miller of Milton and Anna Bittman of Boston.
26. William S. Fallon, Jr. of Milton and Kathleen R. Mitchell of Boston.
- Oct. 1. Louis B. Graton of Cambridge and Catherine Hurd of Milton.
2. John C. McGahan of Boston and Anna T. Wirth of Milton.
6. Frank P. Dillon of Milton and Mary A. Gouthro of Belmont.
7. Edward Fairbanks and Lorraine C. Kmito, both of Milton.
8. Allan L. Dow of Boston and Margaret L. Corey of Milton.
8. Irving G. Lunt and Ruth Stavert, both of Milton.
10. Joseph C. Devine of Boston and Helen E. McCurdy of Milton.
12. Malcolm A. Morgan of Milton and Ethel M. Code of Boston.
12. Sidney Williams and Annie Wells, both of Boston.
12. John A. MacMahon of Milton and Beatrice M. Vining of Somerville.
12. Robert L. McIntosh of Dorchester and Catherine J. Fairweather of Milton.
16. Walter E. Dow, Jr. of Milton and Frances L. Loughlin of Concord.
30. John J. O'Brien of Cambridge and Mary M. Halloran of Milton.
30. Alexander L. Gillis of Watertown and Mary J. MacIsaac of Milton.
- Nov. 1. Edward J. Jackson and Margaret E. Sadler, both of Milton.
2. James A. Daniels of Wakefield and Grace M. Cutter of Milton.

- Nov. 2. Robert W. Fairbanks of Milton and Edna Minor of Macon, Georgia.  
7. William A. Brown of Milton and Catherine MacDonald of Brookline.  
17. Robert C. Knowles of Cohasset and Gretchen Bremer of Milton.  
22. Proctor Wells of Milton and Ella Cook of Quincy.  
23. Bernard Flynn of Boston and Margaret Clougherty of Milton.
- Dec. 6. George E. Mears of Essex and Harriet T. Brierly of Milton.  
24. James T. MacDonald of Milton and Barbara Munn of Stoneham.  
28. William C. Flaherty of Georgetown and Rosemary F. Lydon of Milton.

## DEATHS

The whole number of deaths registered in the Town of Milton for the year 1932 was 178, as follows:

# REPORTS OF SPECIAL COMMITTEES

Appointed at the  
ANNUAL TOWN MEETING  
MARCH, 1932

---

---

# REPORT OF THE SPECIAL COMMITTEE APPOINTED TO STUDY FIRE PREVENTION MEASURES IN THE TOWN OF MILTON

*To the Board of Selectmen:*

Town of Milton,  
Milton, Massachusetts.

*Gentlemen:*

At the annual Town Meeting held March 19, 1932 there was passed, under Article 65 of the Warrant, the following vote:

"Voted, that the Moderator appoint a Committee of three citizens to study the general question of fire protection in the Town, particularly with respect to the necessity for a new fire house in East Milton and additional fire fighting equipment, the installation of sprinkler systems in Town buildings, and other details; said Committee to report its findings to the Board of Selectmen and the Warrant Committee not later than December 1, 1932 and to appropriate the sum of \$100 for the uses of this Committee."

In accordance with the terms of the vote above set forth, the Moderator appointed the following citizens to serve as a Committee—Frank N. Eshleman, Ernest E. Erickson and Howard S. Patterson.

Your Committee met shortly after its appointment and organized with Frank M. Eshleman as Chairman and Howard S. Patterson as Secretary.

In pursuing its studies of fire department matters and related subjects, your Committee have inspected your fire stations and apparatus as well as those of other municipalities. They have conferred with the Chiefs of departments of other communities and the Chief of your own Department. They have had made an inspection by a competent engineer, of the various Town buildings with reference to the installation of a sprinkler system besides making a detailed personal inspection of their own. During this period of investigation, the New England Insurance Exchange made an independent survey of the fire protection facilities of Milton and have rendered a detailed written report of their findings to you, and this report has been carefully studied by your Committee.

In considering the subject matter of this vote, your Committee have constantly had in mind that expenses be kept at a minimum, especially so while the present economic conditions continue—and they are also fully aware of the need and importance of keeping taxes as low as is consistent with the proper and efficient functioning of the various departments of the Town.

They also realize that the present is not an appropriate time for any unnecessary expenditures and that for each dollar spent, the Town must have the equivalent of value received. So in presenting their report, it must be borne in mind that their recommendations have been influenced both by the desire and ability of the Town to pay for them if adopted, and also while some of these recommendations may not seem to be essential, they feel that they are based absolutely on the facts which they have secured by careful investigation and study.

If the Town does not see fit to adopt their recommendations, or that they be not adopted at the present time, your Committee think that they have performed the duty assigned to them. Their recommendations of the specific needs of the Fire Department, both present and future, they feel sure merit the careful consideration of the Town and are made regardless of whether the Town wishes to adopt them now or at some future date.

Your Fire Department, due to the lack of sufficient numerical strength of its personnel, modern apparatus and equipment, adequate means of communication of alarms of fire and modern organization, **does not give to the citizens of the Town the protection to which they are entitled.** For the reasons above set forth, your Committee feel that the citizens of this Town should be fully informed so that the necessary steps to improve the Department be taken without delay if the Town so decides.

The recommendations are set forth below in what seem to your Committee the order of their importance.

## Water Supply

Full particulars of the Town's needs in this connection have been submitted to you in the survey of the New England Insurance Exchange and your Committee understand that the Water Commissioners will make their recommendations to improve further the water supply for fire purposes.

Personnel

Your Committee's examination of the personnel of the Fire Department indicates that individually the men are capable firemen but they find that there is a lack of well directed co-ordination which is reflected in the efficient operation of the Department.

They believe that a greatly improved condition may be obtained by providing a series of activities to interest the members of the department—such as the establishment of a drill tower and smoke-house, that a sufficient number of the members take a course in the Boston Fire College and that one officer (a recent graduate of the Boston Fire College) be designated as Drill Master to instruct and train the members of the Department in modern methods of fire fighting, that drills be held at least once a week so that every man will be thoroughly familiar with the proper handling and use of all apparatus and equipment.

We find that in the Fire Departments of some neighboring towns, such active duties are welcomed by the men, keep their interest alive in their work, tend to keep them physically fit and to give a unified departmental spirit that is reflected throughout the entire Department.

These suggestions are made by your Committee because they are satisfied that they are worth while. They know that they have produced satisfactory results elsewhere and the expense connected with them amounts to practically nothing.

The present numerical strength of the Fire Department is as follows:

Permanent Men:		Call Men:	
Chief	1	Captains	2
Deputy Chief	1	Lieutenants	3
Lieutenants	3	Privates	10
Privates	16		
Total Permanent		Total Call Men	
21		15	
Total number of firemen available		36	

Permanent Men:

This force of twenty officers and men (Chief excluded) is divided into two platoons of ten men each. One of these platoons is on duty at all times and is assigned to the several stations as follows:

Stations	Number of Officers and Men
Headquarters: Ladder 1—Engine 1	6
East Milton: Hose 2	2
Brush Hill: Hose 4	2
Total 10	

Age

One member is sixty years of age, two between fifty-five and sixty, five between fifty and fifty-five, four between forty-five and fifty, two between forty and forty-five, five between thirty-five and forty and one man is thirty-four. It is evident that within the next few years there will be several members who will be eligible for a pension and steps should be taken at this time to bring younger men into the Department in order that they may have the necessary experience when those who have long and faithfully served the Department find it necessary to retire from active duty.

Call Men

The call force of any Department cannot be classed as an effective fire fighting body. The value of a sufficient number of men leaving quarters with the apparatus is far superior to a large call force responding by their own means of transportation and arriving usually after the apparatus has reached the scene of the fire. Then again, call men cannot make the Fire Department their means of a livelihood and necessarily must be employed in other ways. Four of your call men have their place of employment out of town and can only be depended upon to be available during the night or Sundays and holidays. Others are busy in the Town and may be unaware of an alarm of fire. In short, to count upon any given number of call men at a fire is impossible.

The present organization of the call force into call companies, commanded by their own call officers, does not lend itself to efficient operation and should be changed.

### Recommendations

Your Committee recommends that in view of the fact that the present permanent force is not adequate to properly operate the present apparatus to the best advantage, that four additional permanent men be appointed at once. These appointments to be made from the present call force wherever practical and that the four new men be stationed at East Milton.

It is further recommended that the present call companies be disbanded at once, the rank of call officers be abolished and as many of the call force as remain, after any appointments to the permanent force are made, be re-assigned to the various stations and apparatus in the Department under the command of the regular permanent officers. Any substitute call men should be honorably discharged from active duty and no additions to the call force should be made except to fill future vacancies.

### Officers

At the present time the stations at East Milton and Brush Hill are commanded by one officer only. This means that one platoon is in charge of a senior man who is held equally responsible for the conduct of the station with a man who holds the rank of an officer. This is unjust and unfair to the senior man and tends to dampen the ambitions of other men in the Department who are eligible for promotion.

Your Committee recommend that two additional lieutenants be appointed so that one officer be on duty in each station at all times.

### Apparatus

Nearly all of the present apparatus is old and somewhat antiquated. Outlined below is a schedule showing the date of acquisition as well as the station in which located.

Pumping Engine	Purchased 1916	Headquarters
Ladder Truck	" 1926	"
Combination Wagon	" 1919	East Milton
"	" 1915	Brush Hill
Brush Fire Wagon	" 1930	Headquarters
Chief's Car	" 1927	"

Your Committee are of the opinion that there should be in the Town eventually three pumping engines and two ladder trucks. Each of the two present combination wagons should be replaced by a combination pumping engine and hose wagon having a pumping capacity of not less than 750 gallons of water per minute and equipped with water tank and booster pump and ladders sufficient in number and length to reach the roof of the ordinary dwelling house. One of the present combination wagons should be placed in reserve for emergency use.

Ladder service should eventually be improved by the purchase of a new 55 foot city service type ladder truck for East Milton but is not necessary at this time if a new pumping engine and additional men are to be stationed there.

### Recommendations

Your Committee recommend that a new combination pump and hose wagon of not less than 750 gallons capacity be purchased at once and placed in service at the East Milton station and that the present combination wagon now stationed there be placed in reserve at the Brush Hill station. They further recommend that in 1934 a new combination pumping engine and hose wagon of similar type be purchased and placed in service at Headquarters and that the present pumping engine be then rebuilt and stationed at the Brush Hill station.

### Fire Alarm System

The present fire alarm system is not adequate to take care of all the demands that may be made upon it. There are times under the arrangement now in operation when all stations may be vacant and no telephone alarms of fire could be received because all members of the department are engaged elsewhere. Thus it is apparent that such a situation may at some time be responsible for either loss of life or serious property damage due to the delay in giving the alarm.

Your Committee recommend that there be established at once in Headquarters an office where all telephone calls to the Department can be received and that a fast and slow time transmitter be installed to dispatch alarms of fire.

It is further recommended that for the above duty there be one man (not a member of the fire fighting force) present at all times.

It is also recommended that the sounding of the whistle and outside bells be dispensed with unless in the case of a multiple alarm of fire or when an alarm is received while another fire is in progress.

It is recommended further that, that part of the Wire Department having to do with the fire alarm system be placed under the control and supervision of the Fire Department as to operation and appropriation.

### New Fire Station

Your Committee is of the opinion that at the present there is no need for a new fire station in East Milton.

The new pumping engine and additional men recommended by your Committee for East Milton can be properly housed in the present station. If in the future a ladder truck be installed in East Milton with additional men to operate it, then would be the time to consider a new station.

### Mutual Aid System

Under present arrangements, there exists Mutual Aid only with the City of Boston, as follows:

Brush Hill section receives aid from Engine No. 49 located at Readville.

Mattapan section receives aid from Engine No. 19 located near Mattapan Square.

Village section receives aid from Engine No. 16 and Ladder No. 6 located near Central Avenue.

In return, Milton sends Engine No. 1 from Headquarters to boxes located in or near the vicinity of Mattapan and Pierce Square and when necessary "covers" in at the station of Engine No. 16 during a large fire in Boston.

It must be borne in mind that this system does not involve the payment of money for services by either municipality but is purely a matter of agreement between Boston and Milton. It must also be understood that this aid from Boston is received automatically with the sounding of the alarm in Milton but only when the apparatus designated to respond is in its respective station. Your Committee believe that this system should not be a factor in reaching a decision regarding the increase of men and apparatus in your own Department.

Such a system should be established at once with the City of Quincy in order to improve fire protection in East Milton. However, such an arrangement should not be suggested unless and until this Town can send to Quincy in return a modern pumping engine with a sufficient number of men to properly operate it. This factor should be seriously considered in passing upon the question of new apparatus and additional men for East Milton.

### Sprinkler System for Public Buildings

Your Committee has caused to be made a thorough detailed study of this question by competent engineers and they have themselves made a personal inspection of the several public buildings in the Town, and they have also had conferences with the Engineers and the Insurance Advisor of the Town.

Your Committee recommend that:

The following buildings be equipped with sprinklers in the manner and at a cost not to exceed the amounts as indicated.

Name of School	Part of Bldg. to Be Equipped	Type of System	No. of Heads	*Cost (Including Cost of Town Connections)
High School	Entire	Dry and Wet	1550	\$12,100
Colicott School	"	Dry	750	6,400
Belcher School	"	"	380	3,750
Vose School	"	"	1000	8,600
Tucker School	"	Wet	320	2,950
Glover School	"	Dry	184	2,200
Total Cost				\$36,000

\*These costs are figured on a cash basis for 1933 installation and are estimates.

In arriving at the above recommendation, your Committee considered and discussed the following factors:

1. Saving of lives of children by sprinklers holding fire in check while building is cleared and awaiting arrival of fire department.
2. Saving of property damage and resulting inconvenience.
3. Loss of use of property if destroyed by fire.
4. Saving in insurance premiums over a period of time.

The first three factors are self-explanatory and need no further mention. The fourth and last is set forth in detail. Figures as compiled are furnished to your Committee by the Town's Insurance Advisor, Mr. Frank R. Forde.

	Insurance in Force	Average Rate 5-Year Term	Five Year Premium
Unsprinklered Buildings	Bldg. Value \$1,636,125 Contents 285,000	1.68	\$32,274 90
If Sprinklered	Same	.80	15,369 00

Saving over a five-year period in premiums . . . . . \*\$16,905 90

Relative to the Town Hall, your Committee recommend that it be safeguarded from fire by installing an Aero automatic fire alarm system at once. This system would be leased from the American District Telegraph Company which would install and supervise it for a flat fee of \$375 per year on a five-year agreement, and would connect it over tamper-proof wires direct with fire headquarters. The Aero system operates on a rate of rise-of-temperature principle and in the opinion of your Committee, who have seen it demonstrated in the Brookline Town Hall, it would give an instant alarm in case of fire in any part of the Town Hall and would insure the safety of the important Town papers and documents stored therein. If a fire should get well under way without being observed for some time, it is a question of great doubt whether the present vaults could withstand the heat generated.

### General Remarks

Your Committee think that it is in order to remind the citizens that the Town has gone along for a great number of years at a minimum expenditure for fire protection. The time has come, however, when this policy cannot be continued without serious danger to life and to property.

To support further your Committee's reasons in arriving at the various recommendations as outlined above, they submit the following comparisons:

	Population	Number of Dwellings	Number of Hydrants	Valuations	Fire Dept. Appropriation
1912	7,848	1,542	353	\$27,359,789	\$31,061 68
1922	10,630	2,230	434	22,508,030	56,050 00
1932	17,207	3,891	630	37,177,550	57,000 00

Your Committee wish to emphasize the fact that during this period of twenty years in which the Town has had a fairly rapid growth, the amount of money appropriated annually for fire protection purposes has not been in proportion to the growth of the Town.

Your Committee wish to state further that this program of rehabilitation should be spread over a period of five years so that the expense may not be too large in any one year and also that each step be taken after due consultation with experts so that eventually the Town may have a Fire Department which can give satisfactory service at all times.

Undoubtedly the whole Department reorganization can best be made by the appointment, by the Board of Selectmen, of some one competent to take entire charge of the Department, see to the carrying out of any of your Committee's recommendations if the town so votes and who would act as a liaison officer between the Board of Selectmen and the Fire Department, and who would serve without pay.

Respectfully submitted,

FRANK M. ESHLEMAN,  
ERNEST E. ERICKSON,  
HOWARD S. PATTERSON.

November 30, 1932.

\*If sprinklers are installed and in operation as of September 1, 1933, there will be a return premium of \$7,600.00 revert to the Town Treasury available for general purposes. On the above basis, the sprinkler system would be paid for in about eight years out of premium savings.

## Summary of Recommendations

	1933	1934	1935	1936	1937
4 Additional Men	\$ 5,400				
2 Additional Officers	266.66				
1 New Pumping Engine	12,500	\$12,500			
Rebuild Present Pump		2,000			
Fire Alarm Office:					
2 Men	2,200				
Equipment, etc.	2,500				
Automatic Alarm System for Town Hall	375				
New Fire Station			*\$45,000		
Additional Ladder Truck				\$10,000	
4 Additional Men				5,400	
2 Additional Men					\$2,700

\*Less the amount secured from sale of present East Milton Fire Station.

**REPORT OF THE COMMITTEE APPOINTED UNDER ARTICLE  
53 OF THE WARRANT FOR THE MILTON TOWN  
MEETING OF MARCH, 1932.**

Board of Water Commissioners,  
Board of Selectmen,  
Milton, Massachusetts.

Dec. 7, 1932

*Sirs:*

Your committee, appointed by the moderator in accordance with the vote of the Town under Article 53 of the Warrant for the meeting of March, 1932, respectfully beg to report as follows:

We have had a number of meetings and various conferences with the Board of Water Commissioners and their engineers.

We find that Chapter 307 of the Acts of 1902 was badly devised and badly drawn, containing provisions, not only inconsistent with each other, but provisions at wide variance with the General Laws and amendments thereof.

We find, in consequence, that the Board of Water Commissioners has been acting, or attempting to act, in accordance with the law which was uncertain, self-contradictory and entirely unsatisfactory, and we are inclined, on the whole, to think that they have managed under the circumstances with commendable judgment.

We annex to this report a draft of an Act to amend and make certain changes in the Act of 1902, Chapter 307, which we believe will remove the uncertainties and afford a proper guide for the future conduct of the department, because most of the matters, not covered at all by the Act of 1902 and which were, in consequence, uncertain, are quite definitely covered by the General Laws and amendments thereof.

We suggest that a Bill be seasonably introduced into the Legislature of 1933 so that this amendment, if desired by the Town, may be duly presented for enactment in the form suggested, or some modification thereof.

It will be noted that in the amendment which we suggest of Section 13, we propose a distinct authorization from the Legislature to the Town for the adoption of By-Laws and rules and regulations, not inconsistent with statutory provisions, to govern all matter of detail in the administration of the Water Department. Such items as the water bills, interest thereon, collection thereof, arrangements with contractors and non-residents, payment of water bills required before adjustment of disputed accounts, rebates to which water users may be entitled, the method of accounting, the form of bookkeeping and reports, minimum rates, leakages and services, and matters of such kind should not be controlled by permanent legislation, but rather by By-Laws and regulations subject to easy change as circumstances require.

We are not unmindful of the apparent feeling in the Town that the water rates heretofore and at the present time being charged are excessive. And it is true that these rates in Milton are higher than in nearly all of the other municipalities in the Metropolitan District. For this, however, there are very definite reasons, some of which are not easy to change or overcome, and they may be briefly stated as follows:

1. In the first place, the number of water services per mile of main pipe in Milton is 52.7, which is about 60 per cent of the average number in the municipalities of the District. This, in itself, necessarily means higher rates per service.

It is obvious that if one hundred dwellings are served by one mile of water pipe, the cost to each will be less than if only sixty dwellings be so served. This higher cost is one of the prices which we have to pay for the privilege of living in a sparsely settled town like Milton.

2. The water debt per mile of pipe is the highest, with one exception, in the District. This debt is, of course, a burden which lies heavily on the water user.

3. The cost of water purchased by the Town from the Metropolitan system is at the highest rate paid by any of the twenty municipalities in the Metropolitan District. This is owing to the fact that, under the law, the apportionment of the Metropolitan

Water Department charges for water is made, one-third on the basis of assessed valuation, and two-thirds on the basis of consumption. As the Milton valuation is high and our per capita consumption is the lowest in the District, the result is that our cost per hundred cubic feet is high.

We believe that this is an unfair distribution of the burden and that it would be proper for the Town to make an application to the Legislature for a revision of these provisions. We are unable to appreciate why, when a large supply of water is provided for a Metropolitan District, the cost of the water to the various inhabitants of that district should not be uniform. It is distinctly not uniform at the present time.

We suggest that our Representative in the General Court be requested to introduce a Bill in the Legislature of 1933 seeking a modification of the present law in this respect.

4. The rates during the last eight years have resulted in the accumulation, as of December 31, 1931, of a surplus of over \$50,000. We do not believe that the Commissioners, in the future, should undertake to accumulate any surplus, but should, on the other hand, figure the rates as nearly as reasonably may be so that, at the end of the year, they will have neither surplus nor deficit; because, under the law, if there should be a deficit in the Department, the Town is obliged to make it up by general taxation. If the accumulation of such surplus be hereafter avoided, the rates can be somewhat reduced in consequence.

We do not hereby intend any criticism whatever of the Commissioners, who have been dealing with a confused law and a new and complicated system of accounting put in by State authority.

5. The high rates in Milton are also in part due to the wages paid by the Department, viz., \$5.00 per day. If the wage was reduced to the present current rate for such labor, our study shows that the minimum charge for water might be reduced about \$2.00 per year.

The Town, however, in its recent referendum vote, determined that wages should not be reduced. So long as the Town insists upon paying its labor higher wages than current rates, the citizens cannot expect to avoid the resulting costs thereof.

It has been suggested to us that it is unfair to put the entire water burden on the water users, and that the general tax levy should bear a part.

There is some force in this suggestion. It is, we believe, answered by the fact that unlike the majority of the municipalities in the District, Milton pays a large sum annually in the form of "hydrant rental" (so-called) which is raised by general taxation.

We are not unmindful that the matter of Article 18 of the May 28, 1932, Warrant, was referred to us, but we feel that that Article was mistakenly inserted, the matter therein suggested having been fully disposed of by the vote of the Town in Article 15 of the March meeting, and, therefore that nothing further from us is required in that respect.

Respectfully submitted,

FELIX RACKEMANN  
JOHN P. ILSLEY  
WILLIAM B. CROSBY  
*Committee.*

## AN ACT TO AMEND AND MAKE CERTAIN CHANGES IN ACTS OF 1902; CHAPTER 307, BEING AN ACT TO SUPPLY THE TOWN OF MILTON WITH WATER

*Be it Enacted as Follows:*

Section 1. Chapter three hundred seven of the Acts of nineteen hundred two is hereby amended by striking out section six and inserting in place thereof the following:—

Sec. 6. Said town may, for the purposes provided by this Act, issue from time to time bonds, notes or scrip as provided by the General Laws, chapter forty-four and the amendments thereof and additions thereto. Such bonds, notes or scrip shall be in serial form, shall bear on their face the words "Town of Milton Water Loan," shall be signed, made payable and bear interest, and be used and disposed of by said town, all as provided in said General Laws, and amendments thereof and additions thereto, now or hereafter made.

Sec. 2. Said Act, chapter three hundred seven, is hereby further amended by striking out and repealing sections seven and eight thereof.

Sec. 3. Said Act, chapter three hundred seven, is hereby further amended by striking out and repealing section thirteen thereof and inserting in the place thereof the following:

Sec. 13. The prices or rates for the use of water in said town shall be determined in each year, from time to time, in accordance with the provisions of the General Laws, chapter ninety-two, section twenty-seven, and amendments thereof and additions thereto, now and hereafter in force. And said town may adopt such By-Laws, and authorize the Water Commissioners to adopt such rules and regulations, not inconsistent with statutory provisions, as may be convenient or proper for regulating all minor matters of business routine.

Sec. 4. Said Act, chapter three hundred seven, is hereby further amended by adding thereto the following new section:—

Sec. 18. Any surplus realized by the Water Department of said town from the rates and charges, may, from time to time, be disposed of or applied, either in the discharge of obligations of the town in connection with its water department, or for the extension or replacements of its works, as the Commissioners may determine.

## REPORT OF THE COMMITTEE TO CONSIDER RETIREMENT SYSTEMS AND PENSIONS

In the 1932 Town Warrant, there appeared the following Article:

"Article 45. To see if the Town will authorize the Moderator to appoint a committee to consider retirement systems and pensions, especially in relation to contributory pensions, and appropriate money for the use of the committee."

On said Article, the town voted as follows:

"VOTED, to authorize the Moderator to appoint a committee of five to consider the subject matter of this Article, and that the sum of \$100 be appropriated for the purposes of said committee; the committee to report to the selectmen and Warrant Committee not later than January 1, 1933."

Pursuant to the foregoing vote, the Moderator appointed the undersigned committee. The committee met on May 13, 1932 and organized, electing Francis S. Moulton, chairman, and Marion F. Hall, secretary. The committee has now completed its consideration of the matters involved and reports as follows.

At the outset, it should be stated that the committee has been greatly hampered in its investigation by the lack of an adequate appropriation. The study of contributory pension systems as applied to a particular town, can be made only with the help of expert actuarial advice. Without such advice, it is impossible to determine the cost to the town of installing and maintaining such a system. So far as the committee has been able to discover, there are two recognized experts on the subject. Mr. George B. Buck, of New York, and Mr. E. E. Rice, of Boston. Mr. Buck did the actuarial work connected with the installation of the Newton and Somerville contributory pension systems, hereinafter referred to, and is at the present employed by these cities on an annual retainer. Mr. Rice did the work on the proposed Brookline system, hereinafter referred to, and will probably be retained by Brookline if the system becomes effective. The committee has been in touch with both of these men, and finds that to obtain the services of either of them would involve an expenditure from \$1,000 to \$1,500. On learning this fact, it became clear to the committee that it would be impossible to make an investigation which dealt fully with the cost to the town of a contributory pension system, without further funds. It, therefore, applied to the Warrant Committee for a transfer from the Reserve Fund. The Warrant Committee felt that such a transfer would be improper and, therefore, denied the application. As a result, the committee can not at this time embody in a report the actuarial data which would give accurately the cost to the Town of Milton of installing and maintaining a contributory pension system.

The committee has, however, considered with care the desirability of substituting for the present pension system, a contributory system. It has also considered the various systems now in effect, notably in Newton and Somerville, and the proposed system for the Town of Brookline. The Newton system went into effect in 1928; the Somerville system a year or so later. Both systems appear to be working satisfactorily. The Town of Brookline appointed a committee in 1929 to make an investigation of contributory pensions. This committee worked on the problem until 1931, when it submitted a report recommending the adoption of such a system. The report embodied the Act which it was proposed to have passed by the Legislature. That Act has not yet been passed, and Brookline is still without a contributory system.

It should be noted here that the existing Statutes contain provisions allowing cities and towns to establish contributory pension systems. These provisions are contained in General Laws, Chapter 32, Sections 26 to 31. This Statute, however, has not been considered adequate and most, if not all cities and towns establishing systems, have done so by special Act. If Milton should have such a system, it is believed that it should be established by special Act and not by acceptance of the above provision of the General Laws.

At the present time the Town pays the following pensions:

### A. Police and Firemen.

The police and firemen are covered by Chapter 32, Section 85 of the General Laws, which provides for retirement after the age of sixty (60) of members of the Department having not less than twenty-five (25) years of continuous service to their credit at a pension equal to one-half of the annual compensation of the member at the time of his retirement.

**B. Laborers.**

Laborers are covered by Chapter 32, Section 77 of the General Laws, which provides for retirement at the age of sixty-five (65) of laborers having not less than twenty-five (25) years of service to their credit, at a pension equal to one-half of the annual compensation of the laborer at the time of retirement.

**C. School Janitors.**

School janitors are covered by Chapter 32, Section 44 of the General Laws, which provides for retirement at the age of sixty (60) of school janitors having not less than twenty-five (25) years of service to their credit at a pension equal to one-half of the annual compensation of the janitors at the time of retirement.

All of the foregoing pensions are non-contributory and the entire cost of the same must be borne by the Town.

**D. School Teachers.**

School teachers are covered by Chapter 32, Sections 6 to 19, which contain elaborate provision setting up a contributory pension system. School teachers' pensions are the only contributory pensions provided for by the existing Statutes.

Any contributory pension system adopted by the Town of Milton should, it is submitted, be established substantially along the lines followed by the cities of Newton and Somerville in their respective Acts. Such Acts in substance provide for the following set up:

**I. Administration.**

The system would be known as the Milton Retirement System and would have the powers and privileges of a corporation. The management of the system would be vested in a Retirement Board, the membership of which would be constituted as follows:

- (a) The treasurer of the Town for the time being.
- (b) One person appointed by the Selectmen who would serve for a term of three (3) years commencing on the date when the retirement system becomes first operative and until the qualification of his successor, and
- (c) One person who would be a member of the retirement system and who would be appointed by the Selectmen to serve for a term of one year commencing on the date when the retirement system becomes first operative and until the qualification of his successor.

As the terms of office of the appointed members expire, their successors would be appointed for a term of three (3) years each and until the qualification of their successors.

The members of the Retirement Board would serve without compensation, but would be reimbursed for any expense or loss of salary or wages which they might incur through service on the Retirement Board.

**II. Membership of the System.**

Membership would be open to all employees who receive their compensation from the Town of Milton, excluding school teachers, and elected employees. Employees who are covered by any other pension or retirement law who elect to be members, must waive all present and prospective pensions under such laws. Employees in service on the date the system became effective may elect whether they want to join. If they are not covered at the present time by any other pension or retirement law and wish to be excluded from the system, they must file a non-election blank before a certain date. If police, firemen or other employees who are covered by any pension or retirement law, wish to join the new system, they must make a written application to the Retirement Board. All employees who enter the service of the Town may join the system immediately if they desire, but if they enter after the date the system becomes effective, they are required to join the system after completing one year of service.

**III. Service Retirement.**

Any member who has attained the age of sixty (60) may retire on his own application regardless of the number of his years of service. Retirement is compulsory at the age of seventy (70), except for policemen or firemen who must retire at the age of sixty-five (65), and except for department heads who, under certain conditions, may be retained in service after attaining the age of compulsory retirement.

Each member will have a savings account in the system, to which he will contribute 4% of his salary. Interest will be credited regularly to his savings. When the member reaches the age of retirement, if he retires he will receive

- (a) an annuity which shall be the actuarial equivalent of his contributions at the time of his retirement, and
- (b) a pension equal to the annuity computed on the basis of contributions made prior to the attaining of the age of sixty.

If the member has rendered service prior to the date the Act becomes effective, he would receive additional pensions from the Town so that his total allowance is about equal to that which he would receive if he had made contributions during the entire time of his service.

#### **IV. Ordinary Disability Benefit.**

If as a result of permanent disability an employee becomes unable to work before he reaches age 60 but after he has 20 or more years of service he may retire regardless of age on a disability allowance payable for the remainder of his life, unless a medical examination shows him to be able to work, in which case his retirement allowance may be reduced or discontinued. Upon ordinary disability retirement the employee receives the annuity which can be provided by his contributions with interest and a pension of 9-10 of the pension which he would have received had he remained in service to age 60 without change in compensation.

#### **V. Accidental Disability Benefit.**

If an employee meets with an accident in the performance of duty which renders him incapable of continuing his work he may retire on a pension of 50 per cent of his regular annual compensation for his last year of service if he is under age 60. If he has attained age 60 he will receive the pension which he would have received had he retired on account of service. In addition he will receive the annuity which can be provided by his contributions with interest.

#### **VI. Ordinary Death Benefit.**

If an employee should die from ordinary causes before retirement all his contributions with interest are payable to his legal representative.

#### **VII. Accidental Death Benefit.**

If an employee dies as a result of accident occurring while in the actual performance of duty a pension of one-half of his regular annual compensation at the time of death is payable to his widow or to his children, who are under eighteen years of age, or to his dependent parents. In addition his legal representative is entitled to receive all his contributions with interest.

#### **VIII. Withdrawal Benefit.**

If an employee leaves the service for any reason other than by death or retirement his contributions with interest compounded at 4 per cent per annum will be returned to him.

#### **IX. Optional Benefits.**

If the employee receives the ordinary retirement allowance all payments are discontinued at his death. But if at retirement the employee wishes to arrange to have a benefit paid upon his death in case he dies before receiving the amount of his own contributions he may elect to take instead of a regular allowance a reduced retirement allowance with a provision that if he dies before receiving from the payments of the annuity provided from his own contributions an amount equivalent to the amount of his contributions as they stood at retirement, the balance will be paid to his legal representatives or to the person whom he has designated as beneficiary. Or if he prefers he may elect to take a smaller retirement allowance for himself and provide that at his death the allowance or one-half the allowance will be continued to his wife or other dependent as he may designate at retirement.

From the foregoing summary, it will be seen that a contributory pension system offers definite advantages in that

(1) It affords a comprehensive scheme for covering all employees in the Town, except school teachers and elected officials.

(2) The cost of the retirement allowance is shared by the employees and eventually the cost to the Town for providing pensions for all deserving employees would be less than under non-contributory system.

On the other hand, the cost of adopting a contributory system may be high, because of the fact that the Town must give credit for periods of prior service when no contribu-

tions were made by the members of the system. As has been pointed out, this cost cannot be determined without a detailed actuarial study and until it is known, this Committee does not feel that it can recommend the adoption of a contributory system. But the Committee is unanimously of the opinion that provided the cost of amortizing prior service is not prohibitive, such a system would be highly desirable for the Town of Milton.

It, therefore, recommends that an Article be inserted in this year's Warrant to see if the Town will authorize the appointment of a new committee with an appropriation sufficient to permit it to employ an actuary to determine the cost to Milton of adopting a contributory system, said committee, when said cost has been determined, to recommend to the Town whether or not such a system should be adopted and if its recommendation is in the affirmative, to prepare the necessary Act for submission to the Legislature.

Respectfully submitted,

WALTER H. NEAVES,  
WALLACE D. DEXTER, JR.,  
GEORGE A. SULLIVAN,  
MARIAN F. HALL,  
FRANCIS S. MOULTON, *Chairman*.

## DEPARTMENT REPORTS

---

---

## REPORT OF SELECTMEN

December 31, 1932.

*To the Citizens of the Town of Milton:*

At the March Meeting George S. Murray, Josiah Babcock and William B. Thurber were elected Selectmen for 1932-1933. The Board organized with George S. Murray as Chairman and William B. Thurber as Secretary.

Although we regret the passing of time, the Selectmen greet the New Year with a small sigh of relief that 1932 and its problems are now behind us. The duties and responsibilities of the Selectmen's office have presented increasing problems in recent years and more than the usual difficulties this last year. We have made every effort to conduct the Town's business in a way which we thought was for the general good of the whole Town. The continuing economic depression influenced the Selectmen, unanimously, to decide to reduce so far as practicable all salaries and wages 10 per cent for those receiving \$2,000 per year and less, and 12½ per cent for those receiving over \$2,000 per year, such reductions becoming effective January 1, 1933. This decision was reached with great reluctance but in the conviction that sympathy and friendship must bow to the public need.

The decision concerning reduction of pay for our Civil Service Police and Fire Departments occasioned hearings and the red tape alleged to be required by Civil Service laws. A hearing for the Police Department reduction was held on the contemplation to reduce, and for the Fire Department on whether the Selectmen would affirm their original decision to reduce. On the original vote, the decision of the Selectmen was unanimous. After the hearings, Selectman Babcock favored a ten per cent "Contribution Agreement" to run for one year, proposed by counsel for the men. Selectmen Murray and Thurber rejected the proposal as unsound in principle and not in the public interest. The final decision to effect the reduction was made by Selectmen Murray and Thurber. Selectman Babcock voted against the reduction for these two Departments upon the failure of his motion for the "Contribution Agreement." The Attorney for the Policemen and Firemen, during the hearings, threatened court action if we attempted to make the reduction effective. Pending judicial review therefore, further discussion at this time is undesirable.

Late in December, the Chairman of the Board called the attention of the Selectmen to the fact that 25 per cent of the total personnel of the Police and Fire Departments are receiving Federal Government Veterans' Disability Compensation or Disability Allowance for physical disabilities claimed by these individuals. The ordering of physical examinations for all members of these two Departments to determine their physical fitness to perform satisfactorily their respective duties is now under consideration.

The large amount of annual expenditures for which the Selectmen are directly or indirectly responsible has always required careful supervision. The present vital necessity for sound economy now demands better supervision by the Selectmen's office than has been necessary in recent years. The Selectmen have been actively engaged this year in reorganizing the office in order to provide better departmental administration.

The Selectmen's vault has been cleaned and all its contents of papers and correspondence have been read and classified. Mr. Frank R. Forde, our Insurance Adviser, gave generously of his experienced judgment in the filing of records, so that the Selectmen's files are now carefully classified by subjects. This has simplified and greatly improved the work of the office and increased the ready availability of the recent history of individual subjects, of which there are some 150 under the direct jurisdiction of the Selectmen. The present personnel of the Selectmen's office is now able to do all necessary stenographic work.

The reorganization of the Selectmen's office has demanded much time and thought, and the necessity for regular daily morning conferences of the Chairman and Secretary, extending over the last six months, forced one member of the Board to remark, that meeting in the Selectmen's office was equivalent to meeting "at the corner of Washington and Summer Streets in Boston." This condition has been improved by the assistance of the Employment Committee in helping to provide by its efforts and the assistance of private funds, a conference room in what was previously a dark and dirty corner of the basement adjoining the Selectmen's office. This room will be of great help to the Selectmen and improve their administrative efficiency.

New forms for detailed departmental budget estimates have been prepared and have met with the hearty approval of the Town Accountant and the Warrant Committee. It is anticipated that these estimates will now provide much helpful information, which has previously not been readily available and will, therefore, tend to improve the conduct of the public business. In addition there has been developed a form of record,

which the Selectmen for want of a better name have called Expense Control Sheets, which it is planned to require to be submitted monthly by the Selectmen's department heads for monthly advance approval of contemplated expenditures. By this method, it is hoped economies and better financial control will result.

It is the opinion of the Board of Selectmen, based on its experience and full appreciation of the many complexities of the office, that Milton should quickly adopt a three-year term for Selectmen. One year is hardly sufficient time to learn to realize that there are so many problems, let alone to gain enough experience to solve them wisely.

The increasing seriousness of unemployment in the Town since 1929 caused successive Boards of Selectmen to assume responsibility for its alleviation. Although this is not one of the Selectmen's official duties, it seemed unavoidable that the Selectmen should take the initiative. The Employment Committee was appointed by the Selectmen to undertake the responsibility and solution of all the details of that great problem. It has continued to render service for which the community can never express enough thanks and is discharging its task in a manner which has earned the confidence and gratefulness of the Selectmen to a degree that we can never express in words. Its work has become so important that we have asked the Committee to write its report to the Town for the year to be included in the Town Report.

The enlarged activities of the Town's departments have finally forced certain changes in the Town Hall, which have been discussed in one form or another since before the beginning of the century. As the result of the action of the Town at the last March Meeting the small Town Hall has been partitioned off to provide an office for the Town Treasurer, an office for the Board of Public Welfare, and the remaining space has been arranged for hearings and small gatherings. With the co-operation of the Employment Committee the Town Hall basement, halls and corridors have been subjected to a house-cleaning and repainting, such as has not before been experienced. We are sure that all those who have occasion to visit the Town Hall appreciate the improvement which has taken place. There is none more appreciative than our greatly beloved James Sangster, who served as Superintendent of the Town Hall and Lot so many years, and who now is enjoying the benefits of a pension which the Selectmen were very happy to vote him during the past year. He is succeeded by his son, Roger Sangster, who for many years has been a janitor in the School Department, and who has assumed his new duties with an attitude which speaks well for the future.

Other appointments made by the Selectmen, during the year, appear elsewhere in the Town Report. Departmental Reports contain departmental history for the year and other records of the year are available in the Selectmen's records and files for those who are interested.

The Selectmen's attitude toward next year's policies is reflected in the budget estimates which will be presented for 1933. There is included in the Town Report, and incorporated in this report by reference thereto, a statement of financial facts and figures, which is self-explanatory.

Although there have been a few matters of important policy on which opinions differed, there has been a very agreeable harmony in personal relations among the members of the Board of Selectmen and in our relations with the various departments, our appreciation of which we should like to record publicly at this time.

GEORGE S. MURRAY,  
JOSIAH BABCOCK,  
WILLIAM B. THURBER,

## Town of Milton

---

ELEVEN YEARS  
1922 - 1932

### FINANCIAL FACTS AND FIGURES

POPULATION—TAX RATES—VALUATIONS—TAXES  
UNCOLLECTED TAXES—OTHER INCOME—APPROPRIATIONS  
FUNDED DEBT—and VARIOUS OTHERS

---

TO THE WARRANT COMMITTEE, TOWN MEETING MEMBERS, AND ALL TOWN OFFICERS:

The New Year's problems of the Town are now before us and promise to be the most serious that have faced the Town in this generation. Those who have worked conscientiously to conduct the Town's affairs for the good of the whole Town can appreciate what that may mean.

In order to predicate my judgment of the problems of 1933 on a sound basis of financial fact, with the assistance of Miss Berni, the Town Accountant, Miss Maxwell and Miss Johnson of the Assessors' Office and others, I have prepared these Financial Facts and Figures. They do not pretend to be exhaustive. The Selectmen thought them of sufficient interest and importance, however, to order them published for your use, as part of our report to the Town this year.

Our fellow citizens trust us to administer their affairs wisely in their interest. That trust calls for sound economy now as never before! That trust calls for a recognition of, and insistence upon equitable, sensible relations between the public employee and the public employer! The one's demands must not be allowed to threaten the security of the other by over-zealous insistence on unreasonable preference. That trust also calls for reasonable recognition of the pressing obligations of the community to those who are unemployed because of the maladjustment of our economic machinery!

1932 has gone and carried with it disappointed hopes of a year ago, for an early improvement in affairs which would have avoided many of the problems which face us this year. 1932 brought and left with us lower incomes and lower realizable property values. Our municipal income for 1933 depends on these two fundamentals. We must remember, the power to tax still is the power to destroy!

Respectfully yours,

GEORGE S. MURRAY,

CHAIRMAN,  
BOARD OF SELECTMEN.

February 8, 1933.

e. and o. e. October, 1932.  
Revised, Dec. 1932 and Jan. 1933  
GEORGE S. MURRAY

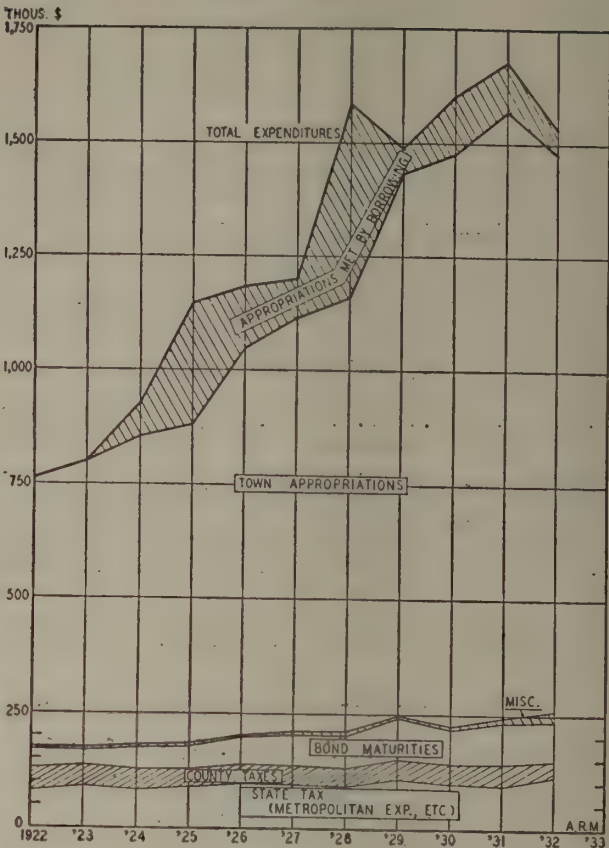

CHART I

MILTON'S ANNUAL INCOME FROM ALL SOURCES  
(Detailed figures on Page 2)

Chart I shows the amount of income from various sources and presents a clear picture of the way in which Real Estate and Personal Property is taxed to provide the total income necessary to meet the expenditures shown in Chart II.

CHART II

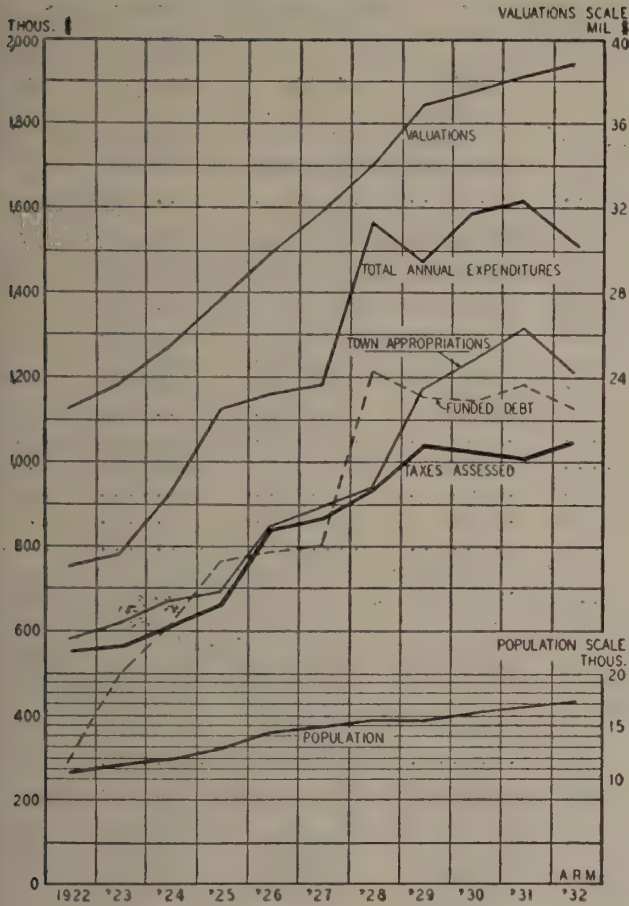

MILTON'S ANNUAL EXPENDITURES  
(Detailed figures on Page 2)

Chart II shows the great magnitude of Town appropriations in proportion to all other annual expenditures and indicates that substantial reductions in our cost of Town government can only be made by reductions in appropriations.

It is interesting to note that of the Town appropriations of \$1,215,000.00 in 1932, \$700,000.00 was spent for salaries and wages of which something over \$310,000.00 was for salaries in excess of \$2,000.00. In other words, 57½ per cent of the Town's Departmental appropriations was for salaries and wages. This figure compares with \$700,000.00 spent in 1931 out of appropriations of \$1,316,000.00 or 53 per cent. About 3,900 people paid the real estate taxes in 1931, and the average bill was about \$212.00. The figures for 1932 would show a somewhat higher average. Real Estate has carried the load of increased expenditures. The average man who pays the average tax bill is going to get substantial relief only by reducing appropriations.

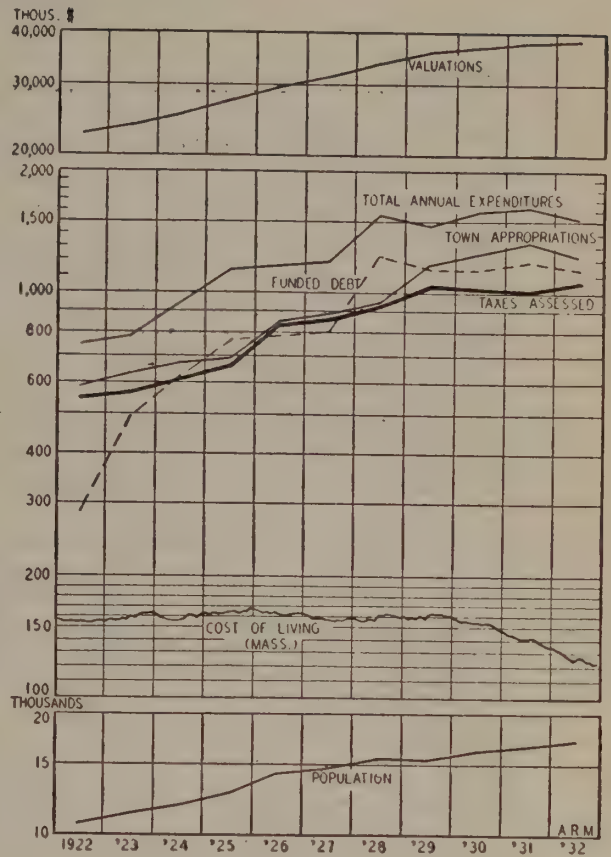

CHART III

MILTON'S POPULATION VS. VALUATIONS  
AND EXPENDITURES  
(Arithmetic Scale)

CHART IV

MILTON'S POPULATION VS. VALUATIONS  
AND EXPENDITURES  
(Logarithmic or Ratio Scale)

Equal percentage changes on this chart are of equal height, so that proportionate changes are not exaggerated as they appear to be in arithmetic plotting.

Both Charts show that from 1922 to 1929 assessed valuations increased more rapidly than population (60% against 46%). From 1929 to 1932 valuations grew less rapidly than population (5.5% against 11%). For the 11 years, valuations grew 74% and population 62%. In the meantime, funded debt grew by leaps and bounds from \$288,500 to \$1,131,000, an increase of \$843,000 or 290%! Taxes assessed increased \$490,000 from \$554,857 to \$1,044,476, or 88½%. In other words, valuations grew 1.2 times faster than population; annual expenditures grew 1.4 times faster than population; and funded debt grew 4.7 times faster. The line representing taxes assessed has shown a steady, rapidly rising trend to an amount in 1932 of \$1,044,476, the highest amount ever assessed on real and personal property in Milton. It is high time to change the trend.

CHART V

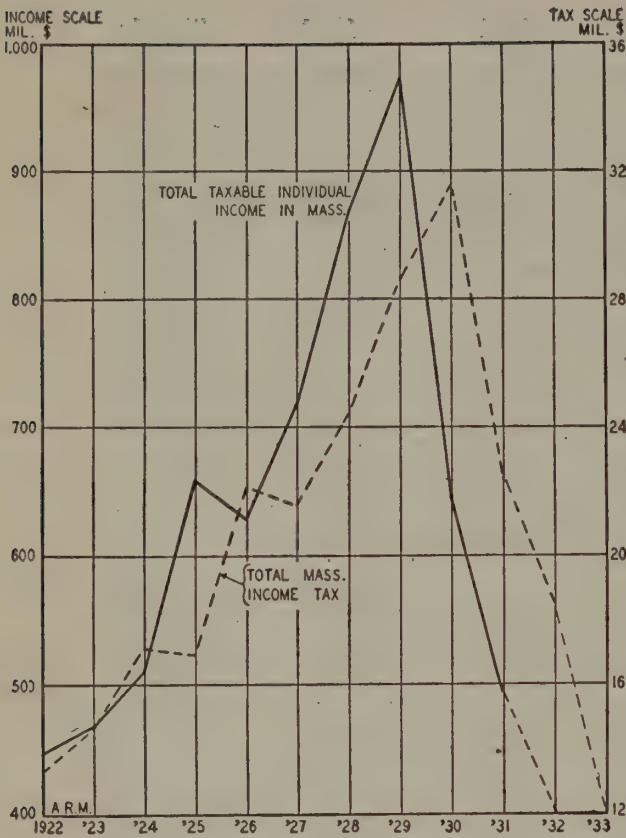

CHART VI

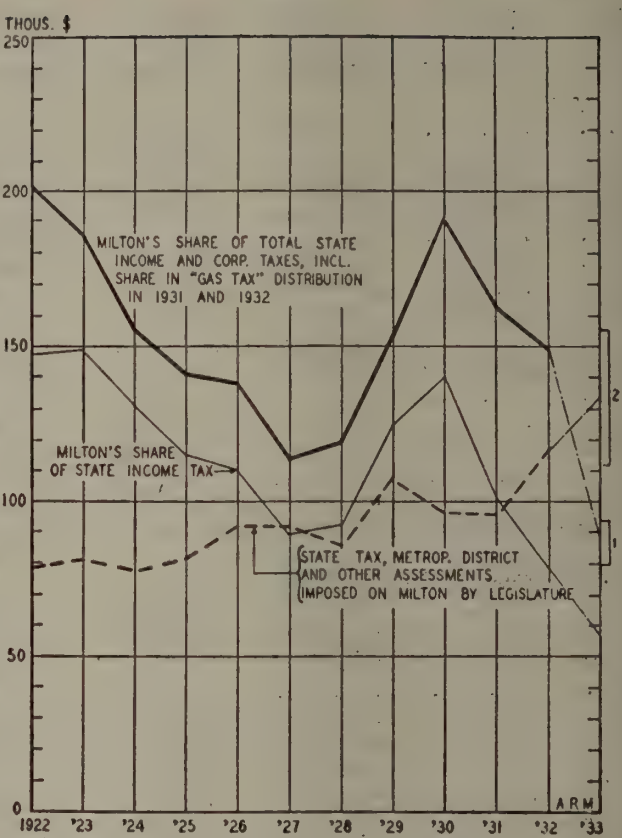

CHART V—TAXABLE INCOME AND INCOME TAX IN MASSACHUSETTS

Chart V shows the total individual income in Massachusetts subject to the income tax and also the income tax derived from that total income. Taxable income rose rather rapidly in the eight years from 1922-1929 from about \$425,000,000 in 1922 to close to \$1,000,000,000 in 1929. The very sharp drop in 1930 and 1931 is estimated by the Commissioner of Corporations and Taxation to have continued through 1932 so that in three years the drop has been from about one billion dollars to four hundred million dollars, an amount less than the taxable income of 1922. The income tax as assessed is, of course, based on the previous year's income and shows a corresponding rise and fall. The Tax Commissioner estimates that the total income tax to be distributed to cities and towns in 1933 will not exceed \$12,000,000.

CHART VI—MILTON'S STATE INCOME VS. STATE OUTGO

"The Income Tax law which went into effect in 1917, deprived municipalities of the right to tax intangible personal property, such as stocks and bonds, and substituted an income tax which is collected by the State and distributed to the local municipalities. The State distributes . . . on a somewhat complicated basis under which Milton . . . will continue to receive until the year 1928 a smaller proportion each year."—(Donald Report, 1924.)

In 1922, Milton received through various State sources slightly over \$200,000 and was required to pay assessments imposed by the Legislature of slightly under \$80,000, an advantage to the Town for the relief of real estate taxes of \$120,000. The State tax and other legislative assessments of \$116,000 in 1932 was the highest ever assessed. Surplus of income from State sources over State's expenses was about \$30,000. Income for 1933 is estimated to come somewhere in the range of bracket No. 1 and estimated State tax, increased Elevated deficit and other Metropolitan assessments are expected to come in the range of bracket No. 2, so that Milton can expect to receive from the State something between \$20,000 and \$75,000 less than will be assessed upon it. Compared to the \$30,000 excess of last year, this means that Milton starts the financial year 1933, \$50,000 to \$105,000 worse off in its relations with the State than in 1932. In other words, continuously increasing State expenditures have acted to offset the relief which the income tax was supposed to provide for real estate and this year real estate taxes must provide funds with which to meet State and Metropolitan District expenses. Therefore, the difficulty of Town officials in reducing the cost of local government is made doubly great for not only must we reduce appropriations to maintain or reduce recent annual taxes, but we must reduce appropriations still further if we are to avoid increased taxes on account of increased State assessments.

## PUBLIC EXPENDITURES in MASSACHUSETTS

The Massachusetts Legislature, in 1932, created a most important Committee, the Joint Special Committee on Public Expenditures, . . . "to investigate and study the entire problem of Public Expenditures with a view to relieving the burden thereof." In its report dated December 1, 1932, the Committee says much which deserves the serious thought and consideration of all citizens of Massachusetts and particularly officials of municipal governments. It says:

" . . . At the outset of its investigation, the Committee was confronted with the realization that the Commonwealth and its political sub-divisions are facing, in 1933, the most trying financial situation in their history. . . . With little hope that 1934 would be any better, (financially than 1933) it set to work to find means by which State, county and municipal expenditures might be brought down to the level of estimated income."

" . . . The need for a general reduction in all public expenditures is not merely an economic theory to be preached by all and practiced only in a few isolated instances, under the moving factor of compulsion. If this principle is not voluntarily accepted now, it is only a question of time when it will force itself upon us, with attendant circumstances that will be little short of disastrous."

" . . . We have found . . . that with a few exceptions of this kind, the solution of municipal problems rests directly upon the municipalities themselves."

" . . . Unusual times and conditions have placed unprecedented burdens upon municipal governments. These have been multiplied by the fact that the same conditions that have reduced the circumstances of the individual have been reflected in reduced income from channels through which large contributions to the public treasury ordinarily are received. . . . Necessity exists and must be satisfied."

" . . . The emergency is more pronounced this year than before. It is entirely reasonable to say that it is twice as great as it was a year ago."

" . . . His Excellency the Governor, in his annual message at the beginning of the legislative session of 1932, advocated a 10 per cent reduction in the salaries of all state employees receiving \$2,000 or more. It has become obvious that such a course is the inevitable consequence of the inability of the people to support their government on the same scale as that which obtained at the peak of prosperity. . . . It is inconceivable that the compensation of public employees be maintained without regard for the declining values of all other commodities.

"There appears to be a general misconception, however, regarding the salaries paid to state and county employees. This Committee believes that few of them are overpaid for the work they do. In the main, they are conscientious and capable. But the status of a public employee is no different from that of an employee of private enterprise, with this exception: That the private employee not only is subject to a reduction in compensation when his employers are unable to realize a profit from the operation of their business, but may lose his job entirely as a result of a continued unprofitable operation; whereas the public employee is always reasonably certain that the business in which he is engaged must be carried on without regard for the element of sustaining profit.

"The position of the public employee is therefore of much greater security than that of the employee of private enterprise, and employment at reduced wages is preferable to no employment at all."

His Excellency, Governor Joseph B. Ely, sent the State Budget for the year 1933 to the General Court on January 24, 1933 together with his Budget Message. His Excellency has the advantage of much of the best advice and opinion available today in the Commonwealth of Massachusetts. His well considered opinions and judgments are those of a man in high office charged with responsibilities affecting four and one-quarter million people in Massachusetts. In the course of his Budget Message, he said the following:

" . . . Like every other institution requiring financial consideration, the effect of this depression has been to lower the revenue available for the expenses of government. The collections of ordinary revenue for the last three years are conclusive evidence of the effect of depressed business conditions upon the finances of the State."

" . . . We cannot afford to over-estimate seriously our expected income and remain upon the pay-as-you-go policy. It is absolutely essential for the preservation of that idea of government to indulge in conservative estimates."

His Excellency incorporated in his Budget the plan of the Joint Special Committee for reduction of all State salaries and in submitting his recommendation for such reductions said:

" . . . The necessity for these reductions needs no argument beyond the recital of the figures (reduced income) to which I have made reference. The taxpayer has a right to expect such action. It is consistent in principle, although much less in amount, with the general reduction of incomes in the field of business and industry. It is an essential part of the process of bringing the cost of government to the new scale of economic values."

" . . . When the recommendations contained in this Message are adopted, it will be possible to balance the Budget. . . . We have balanced the Budget quite satisfactorily, so far as the State is concerned, but we have not aided in the relief of the burden for the cities and towns. . . ."

The Governor concludes his Budget Message with a very apt characterization of the situation which confronts municipal government throughout Massachusetts as well as here in Milton. It fairly characterizes the point of view which your Selectmen have tried consistently to hold throughout the year in the actions which we have taken.

" . . . We do not fear the future; it is only the present that causes us anxiety. I am not one of those who holds any doubt concerning the future prosperity of Massachusetts and this great country of ours. The wealth of our nation, the ingenuity of our people, the sound base upon which our civilization rests, and above all, the faith which we hold and the courage which we display, guarantee the future. The present times create our problem. This is a period of universal change. It is our duty so to legislate that the transition may be made with as little discomfort as possible. It is required of us that we bring the cost of government at once to the new level of economic values. Such action upon the part of the States and the Federal government, as well as the cities and towns, favorably establishes one element upon which is predicated practically every business venture. Such action, therefore, tends to promote our economic life and to bring it back to a more normal flow. . . ."

### Concerning the Cost of Living

" . . . . The tendency . . . to estimate wages solely in terms of dollars frequently leads to serious economic error. The real significance . . . is not the dollar in hand, but rather what the dollar will buy. Wages are always comparative. Cheap money means dear commodities and dear money means cheap commodities. . . . Attention . . . is too frequently directed toward the dollar instead of the buying power of the dollar. . . ."

The cost of living in Massachusetts, prepared by the Bureau of Labor and Industries, and shown in Chart IV, fluctuated moderately above and below 160 from 1922 through 1929. During that entire period, taxes assessed and funded debt in Milton rose constantly. From 1929 to 1932 there has been a steady, pronounced decline in the cost of living from around 160 to 123. Is it any wonder that the Taxpayer asks why the cost of his local government should not go down in keeping with all other costs of living?

Chart IV clearly shows that \$123.00 in December 1932 would buy the goods and services which required \$160.00 in the period from 1922 to 1929; or, in other words, \$1.00 in December, 1932 would buy as much as \$1.30 in the period from 1922 to 1929; therefore, one could suffer a reduction in income of 23% and still be able to maintain his standard of living of 1922 to 1929; or, in different words again, one who today receives 10 to 12½% less than in 1922 to 1929 is able to buy 14 to 17% more than was possible in 1922 to 1929. A weekly pay envelope containing \$40.00 today is worth as much as \$52.00 was in the 1922 to 1929 period; \$37.00 per week is the equivalent of \$48.00 then, and \$27.00 per week will buy what required \$35.00 in those days.

ONE OF THE BEST WAYS TO INCREASE A FAMILY'S INCOME IS  
TO REDUCE GOVERNMENT EXPENDITURES.

## REPORT OF THE BOARD OF APPEAL

December 31, 1932.

*To the Citizens of the Town of Milton:*

Chapter 40, Section 27 occasioned the appointment, by the Town Moderator, of a Board of Appeal to succeed the Selectmen in Zoning By-Law matters because of the adoption of the new Building and Plumbing Laws by the Town Meeting in March, 1932.

Mr. Oscar W. Haussermann was appointed to serve until the March Meeting of 1935. Fred N. Russell to serve until the March Meeting of 1934 and George S. Murray until the March Meeting of 1933. The Board of Appeal met on November 17, 1932 and organized with George S. Murray as Chairman and Oscar W. Haussermann as Secretary. No appeals of importance have been presented since organization.

Respectfully submitted,

GEORGE S. MURRAY, *Chairman*  
FRED N. RUSSELL,  
OSCAR W. HAUSSERMANN.

## REPORT OF TOWN ENGINEER

Milton, Mass., January 12, 1933.

*To the Honorable Board of Selectmen:*

Gentlemen:

I present the following as my annual report of the Engineering Department for the year ending December 31, 1932.

This department has had an unusually busy year, due to the problems brought about by the unemployment situation. Never has the Engineering Department been more necessary to the tax payer than this past year. The uppermost thought in the minds of the town officials has been to make work for the unemployed citizens where the maximum amount of money could be spent for labor, and the minimum amount for material.

It has been found that drainage work is one of the jobs where labor can be used to the best advantage to all concerned, therefore much has been expended for that purpose to keep men at work. About 60% of all money spent for drainage has gone for labor and 40% for materials, that is, during the seasons of no frost. When there is frost in the ground, the percentage of labor on all excavation is much more, depending on how deep the frost is and the ground conditions.

### DRAINAGE

From January 1st to May 1st drainage work was carried on in the Unquity Brook section. On January 1st there were one hundred men of the Highway Department working on two sections of this brook, described in the 1931 Engineer's report.

The drainage in this section was completed as planned in 1932. The brook is now widened and deepened from Brook Road to tide water below Squantum Street except for a portion between Adams Street and Otis Street where easements are now in the process of being procured. An 18-inch pipe line was laid from the culvert at what was the locus of Brook's Pond to Churchills Lane along the north side of Brook Road. Openings were left at various low points to allow the ground and surface water to enter this line.

Brook Road Valley, from Randolph Avenue to Squantum Street, is well drained and the low areas are now dry during most of the year. Many people have remarked about the absence of the mosquitoes in this district.

Milton has had much more drainage installed during the year, cost of same being charged to the Special Employment Appropriation as well as from funds provided for the purpose by private individuals. Both Mr. Arthur O. Allen of the Tree Warden Department and Mr. C. Fred Joy, Jr. of the Sewer Department have cooperated in handling the so-called unemployed gangs in opening up water ways in marshy areas and deepening and widening the brooks. During the latter part of the year about ninety men have been kept busy installing drains and digging ditches. The Engineering Department ran the lines and gave grades for all of such work.

Drainage has been installed and other ground improvements made on the Belcher and Collicot School properties at the request of Mr. Horace Turner, Superintendent of the School Department. Plans and estimates of all this work have also been supplied from this department. We have made plans relative to improving the grounds around the Vose School and High School. The work, now in progress, is being done by crews of the unemployed.

Drainage has also been installed in certain public streets of the town, which have not been re-surfaced for some time because of the lack of adequate drainage systems. All areas and streets where drainage is installed have required much study and planning, especially so that all pipe lines be of sufficient size to care for possible future extensions and connections where developments of real estate, such as sub-divisions, might affect the volume of water to be conducted to the main outfall points.

The main trunk line drains in the populated areas have now been completed. Of course it will always be necessary to install drains as long as there are private ways to be constructed, but I cannot see how such large appropriations will be necessary for this type of work in the future.

## LIST OF DRAINAGE INSTALLED DURING 1932

Location	Length (feet)	Size (inches)	Open Trench		No. of Basins	No. of Man- holes
			Length (feet)	Average Cross Section		
Avalon Road . . . . .	184.0	12			1	2

CONSTRUCTION

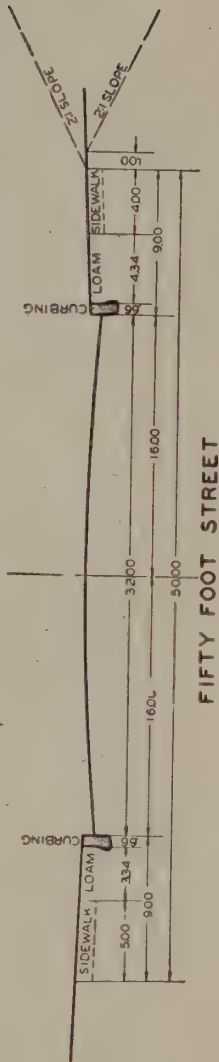

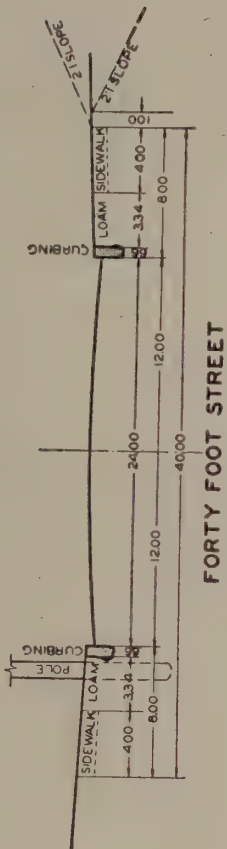

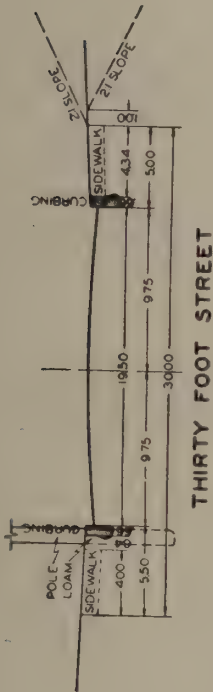

This department made all estimates and plans for construction work, such as making surveys, running levels for making the plans, setting the bounds where necessary, staking out for drainage, and lines and grades for curbing. The actual construction work was followed daily. Many problems arise while construction is in progress, such as caring for an abutters private drain of which there had been no record, ground water appearing after the old road surface has been removed, entrances to driveways to be remodelled to fit the new grades, and many others too numerous to mention.

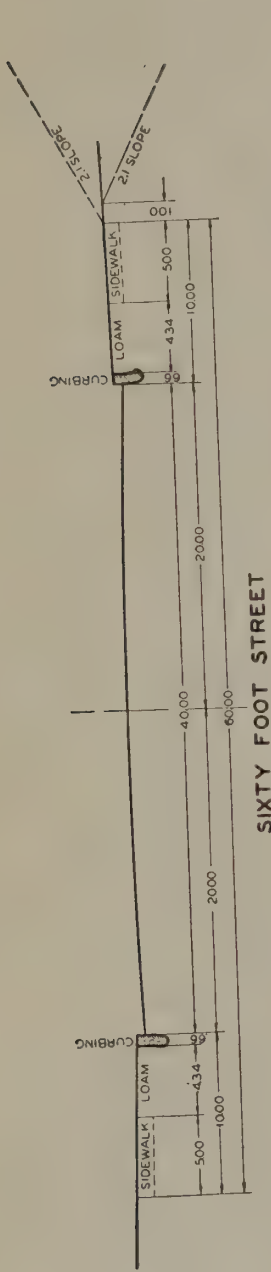

Every effort is made as far as practicable to give the new surfaced street a rural appearance after the work is completed, every effort is made not to injure the trees growing along the street and curbing is omitted except where it is considered necessary for the benefit and safety of pedestrians.

The following plan shows cross sections of various widths of streets which apply to our varying roadway widths. This sheet was made shortly after the engineer's office was established so that we would have a standard from which to work, when giving locations for pole lines, hydrants, catchbasins, service gate boxes, etc.

TOWN SURVEY

The town survey was carried on as planned and as reported last year is completed as far as the outside surveying work is concerned. The plotting of the large rolls, on a scale of forty feet to one inch, is about 95% complete. These plans are and will always be Milton's most valuable records. Every square foot of Milton territory is accounted for on these thirty-four sheets, each being five feet wide and fifteen feet long. A steel cabinet on wheels, with pigeon holes that hold most of these rolls, is run into the engineer's vault every night. This is necessary because of the crowded condition of the vault which was referred to in my last year's report. Record books of all the traverses run, with all the coordinates figured, are being made in case the rolls should be destroyed. Others could then be produced without having to do the field work all over again. All the note books used on the town survey are indexed and filed for future reference.

## MAPS FOR ASSESSORS USE

The town map has been divided into fourteen sections and of these sections tracings are being made to give the Assessors copies of the entire town for the purpose of assessing. On these plans will be shown the section, block, and lot number, also every building and the house number. Except for the large open areas, all plans will be to a scale of forty feet to one inch, the large areas being scaled, but at a reduced size to fit the sheets, which are 21 x 30 inches. These sheets will require changes to be made in the future as property is subdivided and new streets are laid out.

## WORK FOR OTHER DEPARTMENTS

For all fatal accidents, surveys are made and plans filed in this office. Blue prints of same are supplied the Police Department for their records.

Center lines have been spiked out for the Police Department on main thoroughfares for the purpose of painting traffic lanes.

Lines have been run for the Water Department for the purpose of laying water mains and many plans have been made and descriptions furnished for easements through private ways and lands. All of the new water mains, house connections, service gates, etc. have been located and plotted. Record plans of same were made and kept up to date.

Much work is required of this department by the Town Counsel for minor accident plans, checking up land court plans and many other minor plans that are necessary to a Town Counsel.

We can truly say that there are but few departments in Milton that do not call on the Engineering Department for service.

We have furnished house numbers to thirty-five applicants, issued one hundred sixty permits for street occupancy and openings during the year and made cash collections for the sums where necessary.

The Engineers Office requires the entire time of a draughtsman making plans for other departments, answering questions and phone inquiries that come to this office. Many lawyers, real estate men, public utility employees and citizens come here for information.

A financial statement of this department will be found in the Town Accountant's report. Reductions of the appropriations for the Engineering Department have been made during the past three years and a still greater reduction is made in the 1933 budget.

## RECOMMENDATIONS

I recommend the completion of the widening and deepening of Unquity Brook between Adams Street and Otis Street, also the construction of new culverts at Rowe Street and Reservation Road.

I recommend the taking of land for the rounding of corners for the safety of pedestrians and motorists as follows:

Two corners at the intersection of Church Street and Church Place.

Two corners at the intersection of Otis Street and Edge Hill Road.

Two corners at the intersection of Brook Road and Canton Avenue.

The northwesterly corner of the intersection of Canton Avenue and Thacher Street.

The southeasterly corner of Huntington Road and Edge Hill Road.

I also recommend the installation of drainage in the Brush Hill section of the town. Metropolitan Avenue and that part of Brush Hill Road between Brush Hill Lane and Robbins Street should be cared for as this section is rapidly developing and storm water from the public streets does considerable damage to private lands. Smith Road is inadequately drained and Robbins Street between Trout Brook and Blue Hill Avenue should also have drainage installed.

I would recommend the Board of Survey regulations be printed so that applicants wishing to develop property in Milton would know just what the requirements are to build a street and obtain public utilities.

In conclusion, I wish to thank the Board of Selectmen and all other Boards and Departments for their cooperation with this department. The men working in this department have not only done their work well, but have made every effort to give prompt and cheerful service to all.

Respectfully submitted,

FORREST J. MAYNARD,  
*Town Engineer.*

## REPORT OF ASSESSORS OF TAXES

December 31, 1932

*To the Citizens of the Town of Milton:*

The Assessors of Taxes herewith submit their report for the year 1932.

At the annual election of town officers for 1932, Mr. Robert Bowie was elected for the three year term, and on March 7th the Board voted to organize as follows for the ensuing year: William W. Churchill, Chairman; Robert Bowie, Secretary. Miss Dorothy L. Maxwell was appointed Clerk of the Board, and Miss Bertha M. Johnson was appointed Secretary to the Board.

21,910 tax bills have been rendered by this office during the past year, their classification being as follows: 4,999 real estate taxes; 437 personal property taxes; 6,158 Motor Vehicle Excise taxes; 5,158 poll taxes; 5,158 Old Age Assistance taxes. The total shows an increase of 410 over the number of taxes committed in 1931.

As a result of new legislation, necessitated by a demand for Old Age Assistance which has far exceeded the estimates of the Welfare authorities, the Assessors have been notified that the Old Age Assistance tax will continue in effect in 1933.

The Town of Milton was obliged to pay this year to the Commonwealth approximately \$11,000, as the Town's share in the deficit of the Boston Elevated Railway Company. This assessment was caused by legislation which provides that any deficit shall be assessed upon the cities and towns in which the company operates, in proportion to the number of persons using the service of the company.

Owing to the delay in accurately ascertaining Milton's share in this deficit, the Assessors were unable to determine the tax rate until a much later date than usual. The rate was announced on August 4th as \$26.30 per thousand, an increase of \$.70 over that of 1931 (\$25.60).

The following figures were used by the Assessors in determining the tax rate for 1932:

### 1932 Expenses

To State:

State Tax	\$48,652 50	
Auditing Municipal Accounts	1,208 83	
Metropolitan Parks Tax	21,710 58	
Metropolitan Planning Board	173 77	
South Metropolitan Sewer Tax	25,357 00	
Charles River Basin	3,070 52	
Boston Metropolitan District	237 96	
Canterbury Street Highway	532 07	
Broadway, Revere Beach Parkway Crossing	220 19	
West Roxbury, Brookline Parkway	2,361 22	
Ways in Malden, Braintree, Weymouth, Hingham	28 06	
Southern Traffic Route	89	
Public Health in Valley of Neponset River	1,125 39	
Abatement of Smoke Nuisance	421 05	\$105,100 03
<hr/>		
Boston Elevated Railway Deficiency	\$11,294 71	
Interest on money borrowed	52 56	11,347 27

County Tax	31,566 21	
Town appropriations, March, 1932 (Tax levy)	1,212,398 87	
Town appropriations, March, 1932 (Unexpended balances transferred from 1931 accounts, by vote at town meeting)	*66,153 01	
Town appropriations, May, 1932	19,899 75	
Overlay deficit of 1929	834 00	
Overlay deficit of 1931	839 64	
Soldiers' Exemption	111 63	

Special State Tax—Old Age Assistance	\$1,382,097 40	
	5,158 00	
	<hr/>	
	\$1,387,255 40	

\*Not included in totals.

## 1932 Income

Highway Appropriation Offset (Chapter 122, Acts of 1931)		\$28,700 94

## REPORT OF BIRD WARDEN

Milton, Mass., December 31, 1932.

*To the Citizens of the Town of Milton:*

I beg to submit to you my report as Bird Warden for the year 1932.

There was no appropriation and there are no accounts to be submitted.

I regret to report that there is again a noticeable diminution in the number of common wild birds in various sections of the town, and a number of less common birds which could usually be found in certain localities, are disappearing entirely. This is of course due in part to the increasing population of the town and the clearing away of the natural shelters resulting therefrom. It is inevitable that with such development as is going on in Milton, the woodland and meadow and pasture birds should move farther away from the proximity of so large a city as Boston.

I wish to repeat the appeal which I have made in recent years to those citizens who are interested, to aid in the fight against the European Starling which is a pugnacious bird and is very successful in driving away the native birds from the regions in which they congregate. Trapping and shooting are the only methods practical for lessening the Starling within the town.

I am glad to record that in various parts of the town the citizens are interested in maintaining feeding stations for the birds during the winter months and many people derive much pleasure from watching our winter residents at the feeding stations. I wish to encourage all who are interested in doing so, to continue this practice, and I hope that others may adopt it.

Respectfully submitted,

RALPH E. FORBES,  
*Bird Warden.*

## REPORT OF MILTON CEMETERY

Milton, Mass., January 11, 1933.

*To the Citizens of Milton:*

The Trustees of the Cemetery Department wish to report as follows for the year 1932:

There were one hundred seventy-nine interments in the Cemetery during the year, one hundred seventeen of which were from out of town.

Seventy-two new lots were completed. There were fifty-five lots taken by residents of the town and five single graves sold to residents.

Perpetual Care was placed on twenty-two lots and three single graves.

Forty-six cement foundations for monuments were made and twenty markers were set up on the different lots.

Twenty-two lots were filled to grade, regraded and reseeded.

One lot was sold back to Milton Cemetery and the amounts paid for the lot and for Perpetual Care were refunded to the former proprietor.

During the entire year the department assisted the Special Employment Committee in the town by taking on men as follows:

January . . . . .	5 men	July . . . . .	10 men
February . . . . .	5 "	August . . . . .	10 "
March . . . . .	10 "	September . . . . .	9 "
April . . . . .	10 "	October . . . . .	10 "
May . . . . .	4 "	November . . . . .	10 "
June . . . . .	7 "	December . . . . .	11 "

For the month of January, two weeks in February and for the month of December, the men sent by the Special Employment Committee were paid out of the Cemetery funds—a total amount of \$1,300.80.

Respectfully submitted,

PERCY E. SHELDON,  
*Chairman.*

REGINALD L. ROBBINS,  
*Treasurer and Secretary.*

THOMAS K. CUMMINS,  
ASAPH CHURCHILL,  
W. PRESCOTT WOLCOTT,  
*Trustees.*

# REPORT OF THE FIRE DEPARTMENT

Milton, Mass., January 4, 1933

To the Honorable Board of Selectmen, Milton, Massachusetts:

Gentlemen:

I herewith submit my report of the Fire Department for the year 1932.

## ALARMS

There have been 389 alarms received as follows:  
141 bell alarms, 248 still alarms, 28 calls to Boston.  
Boston has responded to Milton 38 times.  
Alarms each month:

January	22	July	53
February	14	August	21
March	63	September	17
April	86	October	22
May	27	November	22
June	16	December	26

## CLASSIFICATION

Automobile	29	Motor Boat	1
Awning	2	Needless calls	11
Blacksmith shop	2	Oil Burner	2
Bonfire	1	Old wagon	3
Brush	58	Overheated boiler	1
Dump	23	Pile lumber	4
Dwelling	20	Rubbish	18
False	28	Shed	8
Faulty electric wires	1	Smoke in building	3
Fence	2	Station platform	2
Foul chimney	15	Stable	1
Garage	3	Store	2
Gas oven	2	Tree	7
Grass	93	Woods	1
Leaves	4		

## OTHER CALLS

Pulmotor, child locked in room, drowning, assist persons to enter house.

## PROPERTY AT RISK

Value	\$542,700.00	Insurance paid	\$33,250.00
Fire loss	34,232.00	Per Capita loss	2.00

## WORK PERFORMED

Feet of hose laid	31,350	Feet of ladder raised	1,342
Gallons of chemical used	1,758	Miles travelled	1,854.4

## PERMITS ISSUED

Out-of-door fires	1,001	Explosives	26
Oil Burners	137	Fireworks	6
Range Burners	243		

## INSPECTIONS

On Oil Burners	156	Stores, garages, filling stations,	
On Range Burners	276	bowling alleys, factories	360

103 inspections made of plans and locations of proposed garages and reports submitted to License Commission for private garages.

## PERSONNEL

One permanent man and one callman have been appointed to fill vacancies.

## APPARATUS

The apparatus in service is the same as last year except that all is getting older and nearer the time when replacements should be made. All pieces are in fair working condition. Pneumatic tires have been installed on the front wheels of Hose No. 2, and the rear wheels will be equipped this year; new front tires have been installed on Ladder No. 1, replacing tires six years old. The Chief's car should be replaced this year (6 years old).

## FIRE ALARM

Five new Fire Alarm Boxes have been purchased this year to replace boxes of old type (these being over thirty-five years old).

## BUILDINGS

All of the buildings are in fair condition. Hose house No. 4 has been resingled on the west side, and the outside has been painted. Minor repairs have been made at Headquarters and Hose No. 2.

## RECOMMENDATIONS

Again I recommend that four new permanent men be appointed to the force; I recommend that a 750 gallon Pump Engine with booster tank replace Hose No. 2; I recommend that the practice of replacing the very old type Fire Alarm Boxes be continued until all are replaced (about 15 in all).

A year ago I recommended that a committee be appointed to study the needs of the Fire Department. That committee was appointed and they have rendered a report. During the past year the New England Insurance Exchange has made a reinspection of the Town with regard to fire protection. It is pleasing to note that both the committee and the Exchange have practically substantiated my recommendations of the past for more permanent men and apparatus.

I wish to thank your Honorable Board for your assistance during the year.

I extend to the Police Department my thanks for their cooperation.

To the officers and men of the Department, I think that a word of commendation is appropriate here for the wonderful spirit of cooperation and coordination shown during the past year. There have been several bad fires and thanks to this spirit the jobs have been well taken care of both in extinguishing and preventing the spread of these fires.

Respectfully yours,

J. HARRY HOLMES,  
*Chief of Department.*

# REPORT OF THE TREE WARDEN DEPARTMENT

Milton, Mass., December 31, 1932.

*To the Honorable Board of Selectmen:*

I beg to submit the following report of the work of the Tree Warden Department of this town, for the past year.

## TRIMMING

There has been no damage to trees from storms during the past year. The regular trimming has required considerably more work than in the past two or three years.

## PLANTING

We have planted 286 trees and have replaced a few trees that were struck by automobiles.

## INSECTS

The infestation of the Elm Leaf Beetle is noticeably more than last year. We have been able to keep the Satin Moth and Tent Caterpillar under control. The Fall Webb Worm has been very noticeable during this year but we have been able by cutting the nests, to keep the street trees clean. This latter pest has increased noticeably during the year.

## SAW MILL

The work done at the saw mill was about the same as last year.

## PLANS FOR NEXT YEAR

We would like to plant as many trees as we did this year, during the coming year.

It is to be hoped that if the business depression improves, the requests for private work will return to normal. This year it showed a marked falling off, but I believe it would be a mistake to reduce the appropriation as the town loses nothing by making it large enough to cover any probable work desired, owing to the fact that the money not used reverts to the Town Treasurer.

## APPENDIX A

Trees planted:											
Norway Maples	.	.	.	.	.	.	.	.	.	.	286
Trees removed:											
American Elms	.	.	.	.	.	.	.	.	.	.	9
Maples	.	.	.	.	.	.	.	.	.	.	3
Ash	.	.	.	.	.	.	.	.	.	.	4
											<hr/>
											16

NOTE: An unusually large number of these planted trees died, although careful watering was given them.

## APPENDIX B (GENERAL ACCOUNT)

Appropriation for Public Work	.	.	.	.	.	.	.	.	.	\$8,700 00
Expenditures	.	.	.	.	.	.	.	.	.	8,645 51
										<hr/>
Balance reverting to Treasurer	.	.	.	.	.	.	.	.	.	\$54 49

## APPENDIX C (PRIVATE ACCOUNT)

Appropriation . . . . .	\$3,000 00
Expenditures . . . . .	1,525 05
Balance reverting to Treasurer . . . . .	\$1,474 95
Receipts from Private work . . . . .	1,556 70
Total reverting to Treasurer . . . . .	\$3,031 65
Receipts . . . . .	\$1,556 70
Less Expenditures . . . . .	1,525 05
Profit from Private work . . . . .	\$31 65

## SAW MILL ACCOUNT

*Credits*

17,000 feet of lumber sawed at \$10 per 1,000 . . . . .	\$170 00
Receipts from cord wood . . . . .	70 00
Receipts from lumber sold . . . . .	14 00
Receipts from saw dust . . . . .	15 00
	<u>\$269 00</u>

*Expenses*

Cost of Electricity . . . . .	\$38 00
Cost of Labor . . . . .	62 50
	<u>100 50</u>
Credit Balance . . . . .	\$168 50

Respectfully submitted,

RALPH E. FORBES,  
Tree Warden.

MOTH DEPARTMENT

Milton, Mass., December 31, 1932.

To the Honorable Board of Sélectmen:

I beg to submit the following report of the work of the Moth Department of this town, for the past year.

SUPPRESSION WORK

The infestation of the Gypsy Moth is noticeably less than last year, although we found nests scattered throughout the town; some in regions where they have not been found for a year or two.

No Brown-tail Moths have been found during this year.

The falling off of requests for private work must be attributed largely to the depression.

APPENDIX A. (GENERAL ACCOUNT)

Appropriation	\$4,700 00
Expenditures	4,679 29
Balance reverting to Treasurer	\$20 71

APPENDIX B. (PRIVATE ACCOUNT)

Appropriation	\$2,500 00
Expenditures	1,396 31
Balance reverting to Treasurer	\$1,103 69
Receipts from private work	1,408 35
Total reverting to Treasurer	\$2,512 04
Receipts	\$1,408 35
Less Expenditures	1,396 31
Profit on private work	\$12 04

Respectfully submitted,

RALPH E. FORBES,  
Local Moth Superintendent.

## REPORT OF BOARD OF HEALTH

Milton, Mass., December 31, 1932.

*To the Citizens of Milton:*

The number of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1932	1931	1930
Anterior Poliomyelitis . . . . .	0	6	0
Chicken Pox . . . . .	66	60	70
Diphtheria . . . . .	4	4	5
German Measles . . . . .	11	27	25
Lobar Pneumonia . . . . .	9	16	6
Measles . . . . .	46	50	54
Mumps . . . . .	84	24	45
Scarlet Fever . . . . .	113	50	29
Tuberculosis (Pulmonary) . . . . .	5	7	6
Tuberculosis (all other forms) . . . . .	1	0	4
Whooping Cough . . . . .	17	135	15
Dog Bite . . . . .	13	19	14
Typhoid Fever . . . . .	0	0	2
Septic Sore Throat . . . . .	0	0	3
Malaria . . . . .	0	1	0
Ophthalmia Neonatorum . . . . .	1	0	0
Actinomycosis . . . . .	1	0	0

The Board organized March 17th, 1931. Mr. Hervey W. King was elected Chairman and Mr. Philip Y. DeNormandie, Secretary. The following appointments were made: Agent, Dr. Paul W. Kimball; Inspector of Milk, S. R. Ramsdell; Inspector of Plumbing, L. E. Young; Deputy Plumbing Inspector, B. F. Murray; Agent for Issuing Burial Permits, G. F. Kemp; General Contractor, A. B. Snow; Inspector of Slaughtering, P. W. Kimball. The contract for collecting ashes and garbage was awarded to S. G. Craig.

73 permits for connecting houses with the common sewer were issued during the year.

The report of the Milk Inspector indicates that a higher grade of milk is being furnished the Town than in former years as more of this milk whether raw or pasteurized is coming from Tuberculin tested herds.

The usual Schick test clinics were held this year and through the cooperation of the School Department we were able to have these clinics during school hours instead of in the latter part of the afternoon as in the past. The result of this change of time has been of great convenience to all of those taking the treatments. A total of 508 persons visited the clinic. 239 were given the Schick test and of these 219 proved to be immune. 289 persons were given the full course of three Toxin-Antitoxin treatments. A total of 1168 treatments were given at a cost of \$260.10 or slightly more than 22 $\frac{1}{4}$  cents per treatment. This shows a reduction of .21 $\frac{1}{4}$  cents per treatment from last year.

The report of the physician in charge of the Tuberculosis Clinic points out that one new case of Tuberculosis was discovered and treated at home with success. The successful treatment of this one case at home instead of at the Norfolk County Hospital practically saved the full expense of the clinic for the year. Six of the other cases admitted were definitely cleared of the suspicion of Tuberculosis and enabled to return to work.

Cases of Scarlet Fever during the year showed an increase of nearly 125% over the previous year. This however is in line with a similar general increase throughout the State.

A direct reflection of the prevailing economic conditions now existing is seen in the considerable increase in the cost of caring for cases of Tuberculosis and Contagious Diseases at Hospitals for the last year. At the close of the year the Board was caring for a larger number of cases of Tuberculosis in the Norfolk County Hospital than at any time in the last ten years. It now takes from two to three months to get a case admitted where formerly it took two or three weeks. The Board has also had to care for a larger number of cases of Scarlet Fever in the Hospital than at any time in the past.

An examination of the condition of Unquity Brook for possible pollution from sewage has been carried out with the cooperation of the State Engineers and the Board is taking steps to correct such pollution in the future.

Respectfully submitted,

HERVEY W. KING, *Chairman*,  
PAUL R. WITHINGTON, M.D.,  
PHILIP Y. DENORMANDIE, *Secretary*,  
*Board of Health of Milton.*

## REPORT OF THE MILTON TUBERCULOSIS CLINIC

*To the Milton Board of Health:*

I have the honor to submit the report of the Chest Clinic for the year ending December 31, 1932.

During this year, certain changes in the organization of the Clinic have occurred, notably in relation to our x-ray procedure. This is now done at the Norfolk County Hospital instead of at the Milton Hospital and is done for us free of charge.

The Clinic has been well attended and the details are given in the following table:

Clinics Held . . . . .	12
Number of New Cases Admitted . . . . .	28
Visits to the Clinic . . . . .	77
Nurses Visits to Homes . . . . .	209
X-rays at Norfolk County Hospital . . . . .	15

Of the twenty-eight new cases admitted, eight were admitted because of suspicious findings in their own history by their own physicians or others. Of these, one active case was uncovered which has been treated at home with success. So far, the reports on the cases treated last year indicate that they continue to remain well. The other twenty new admissions were admitted because of contact with cases of known tuberculosis. No active tuberculosis was found in this group.

One of the important parts of the Clinic is the follow-up work on cases previously reported as contacts. We have checked all the children who had a negative intradermal tuberculin test last year and have applied the test to all children examined this year. We are now watching the ten children with negative tests and will repeat these annually. This is an important part of our work, as it is desirable to know at what time the children of the community acquire their immunizing tuberculous infection.

From an economic point of view, I wish to emphasize that in a number of cases we have been able, by means of our x-ray facilities especially, to determine whether or not various men should continue the employment which they then had. In times like these this is a particularly important decision for the individual and his family. The care of even one case of active tuberculosis with proper isolation and rest treatment is of distinct value in preventing the spread of this disease. It is in this same calendar year that we have been able to discharge as arrested, the cases previously treated.

It is a great pleasure to record my appreciation of the help and efficiency of the district nurses and officials of the Social Service League.

Respectfully submitted,

G. PHILIP GRABFIELD, M.D.  
*Physician in Charge.*

## REPORT OF COLLECTION OF ASHES AND GARBAGE

Dec. 31, 1932.

*To the Board of Health:—*

DEAR SIRS:—I herewith submit my report for the year ending December 31, 1932. There have been collected 1,146 truck loads and 6,004 double loads of ashes, and 387 cords of garbage.

Respectfully submitted,

SAMUEL G. CRAIG.

---

## REPORT OF GENERAL CONTRACTOR

Milton, Mass., Jan. 9, 1933.

*To the Board of Health:*

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1932.

2 vaults cleaned.

34 cesspools cleaned.

43 loads removed from same.

2 dead animals removed and buried the same.

Yours respectfully,

ALVAH B. SNOW.

---

## REPORT OF INSPECTOR OF MILK

Milton, Mass., Dec. 31, 1932.

*To the Board of Health:*

GENTLEMEN: During the year ending Dec. 31, 1932, there were issued 58 licenses to sell milk and cream. Of this number 55 cover the sale of milk and cream that has been pasteurized and three are for the sale of raw milk and cream from cows that have been tuberculin tested and maintained in accordance with State and Federal regulations. It is of interest to note that an increasing amount of the pasteurized milk is also being produced from tested cows.

One dealer was registered to sell oleomargarine. Four Milton establishments were licensed to pasteurize milk. Two were licensed to manufacture ice cream.

The total daily consumption of milk in Milton is 6600 quarts of which 94% is pasteurized. Of the above total 32% is produced within the state and 19% is produced in Milton.

During the past year there were collected and chemical and bacteriological tests were made on 347 samples of milk.

Respectfully submitted,

SHERMAN R. RAMSDALL,  
*Inspector.*

# REPORT OF INSPECTOR OF PLUMBING

Milton, Mass., December 31, 1932.

To the Board of Health:

GENTLEMEN: Herewith I submit annual report for the Department of Inspection of Plumbing for the year 1932.

<i>Month</i>	<i>Permits Granted</i>	<i>Valuation as per Applications</i>
January . . . . .	12	\$3,788 00
February . . . . .	6	1,475 00
March . . . . .	10	4,945 00
April . . . . .	17	7,280 00
May . . . . .	20	8,890 00
June . . . . .	21	7,375 00
July . . . . .	14	4,925 00
August . . . . .	21	8,675 00
September . . . . .	14	4,730 00
October . . . . .	13	6,450 00
November . . . . .	15	3,515 00
December . . . . .	12	4,930 00
	175	\$66,978 00

Of the above permits 77 (44%) were for installation of new work in new buildings and 98 (56%) for new work and alteration work in old buildings.

As reference to my report for 1931 will show, the number of permits issued this year is less than 62% of the number issued last year. This falling-off is due to the prevailing inactivity in the building industry and in real estate operations.

The new Code of By-Laws became operative in the autumn, after approval of the Attorney-General, and the provisions of the Code are now being enforced. While, under the new Code, some changes in installation methods are required and, in fairness to the plumber, some explanations in detail at the scene of work are necessary, little difficulty is being experienced, as a very large majority of the plumbers to whom permits are granted show real interest in and a disposition to comply with the new By-Law.

I beg to thank you for your continued confidence and co-operation.

Respectfully submitted,  
  
LORENZO E. YOUNG,  
*Inspector of Plumbing.*

## REPORT OF INSPECTOR OF SLAUGHTERING

December 31, 1932.

*To the Board of Health, Milton:*

GENTLEMEN: No animals were passed for food during the year 1932.

Respectfully submitted,

PAUL W. KIMBALL,  
*Inspector of Slaughtering.*

---

## REPORT OF INSPECTOR OF ANIMALS

Milton, Mass., December 31, 1932.

*To the Honorable Board of Selectmen:*

Gentlemen:

I herewith submit my report for the year ending December 31, 1932.

I visited and inspected 37 barns and premises where cattle are kept and found conditions pertaining to health and sanitation of animals generally satisfactory.

Physical examination was given to 369 cows and 8 bulls.

Five barns and premises were inspected for approved disinfection following the removal of reactors to the tuberculin test.

It was necessary to quarantine 33 dogs that had bitten people.

Interstate shipments of cattle have been complied with.

Respectfully submitted,

ROBERT H. SEWELL,  
*Inspector of Animals.*

# REPORT OF INSPECTOR OF BUILDINGS

Milton, Mass., December 31, 1932.

*Honorable Board of Selectmen:*

Gentlemen:

I herewith submit my report for the Building Department for the year ending December 31, 1932.

<i>Month</i>	<i>No. of Permits</i>	<i>Permits for New Dwellings</i>	<i>Permits for Alterations</i>	<i>Permits for Garages</i>	<i>All Other</i>	<i>Valuation</i>
January	12	4	6	2	0	\$21,875.00
February	10	4	4	2	0	23,950.00
March	30	16	7	5	2	86,850.00
April	32	9	14	9	0	63,700.00
May	48	12	20	16	0	100,057.00
June	34	5	18	11	0	31,847.00
July	27	10	10	5	2	104,960.00
August	36	3	12	14	7	31,735.00
September	31	6	10	8	7	66,180.00
October	33	3	21	5	4	24,285.00
November	32	7	19	6	0	48,915.00
December	22	8	6	8	0	24,750.00
Totals	347	87	147	91	22	\$629,104.00

Making valuation as per applications \$629,104.00.

Respectfully submitted,

G. E. BURT,  
*Inspector of Buildings.*

REPORT OF SUPERINTENDENT OF WIRES

Milton, Mass., December 31, 1932.

To the Honorable Board of Selectmen,  
Town of Milton, Massachusetts,

GENTLEMEN:—I herewith present the report of the Wire Department for the year ending December 31, 1932.

This department has supervision of the Fire and Police Signal System, inspection of all buildings equipped with electric light service and all poles and wires on town streets.

Interior Wiring				1931	1932
Certificates issued for light and power	.	.	.	224	297
Number of inspections	.	.	.	867	630
Number of incandescent lights wired for	.	.	.	7,942	5,155
Number of motors installed	.	.	.	34	24
Total horsepower	.	.	.	47	52
Number of electric heaters and ranges installed	.	.	.	12	23
Total watts	.	.	.	705,240	198,420

Radio

All outside antenna wires must be protected by a lightning arrester.

Fire and Police Signal System  
(Overhead and Underground)

Emergency calls 222.

Have replaced arms on poles reset by different companies in town.

New construction from Brook Road and Central Avenue to Blue Hills Parkway, and on Randolph Avenue from Hillside Street to Box 351.

Changed wires on poles from top to bottom on Granite Place.

Ran 2,000 feet of cable to replace old wire on Central Avenue.

Care of signal lights.

Respectfully submitted,

E. E. CHOATE,  
Superintendent of Wires.

# REPORT OF PARK COMMISSIONERS

---

Milton, Mass., Dec. 31, 1932

*To the Citizens of the Town of Milton:*

The Park Commissioners herewith present their report for the year ending December 31, 1932.

The personnel of the department was as follows:

Superintendent . . . . .	John L. Kelly
Playground director (2 months) . . . . .	Aaron H. Yeaton
Assistants . . . . .	Miss Helen Kelly
	Miss Ethel Hannigan
	Miss Barbara Hart
Supervisor of Academy Tennis Courts. . . . .	Paul McPeake

The ordinary routine of the department was conducted as usual. Clearing of heavy underbrush both at East Milton Playground and Hollingsworth Field was accomplished with the assistance of the Forestry department.

Six hundred feet of chain-link fence was installed upon the playground along Brook Road. This fence is seven feet high and affords a much needed protection both to persons using the grounds and to the Playground itself from the trespassing of automobiles thereon. A field-stone wall, two hundred and fifty-seven feet in length, was erected in front of the field house and a chain-link fence erected thereon to match the almost completely fenced boundary of Brook Road.

Considerable filling was obtained from the highway department and used in grading the south end of the Brook Road Playground. It is the hope of your Commissioners to bring this section of the grounds up to the grade of the baseball diamond, thereby establishing an area which may be used for football or girls hockey.

The tennis courts at Brook Road enjoyed a tremendous use due in part to unemployment. The townspeople were again indebted to the Milton Academy Trustees who have so generously allowed them the use of the two courts upon their grounds near Brook Road the past three summers.

The baseball diamonds upon the Brook Road Playground enjoyed almost constant use. The Mattapan Baptist Church, Milton Police Department baseball team, Milton Ice Company baseball team and the Milton Town Team played their home games here. Football games were played every Sunday afternoon in the autumn by the Milton Athletic Association.

Large groups of older boys who on account of the depression were forced into unemployment were kept busy by the playground director during the summer months with baseball, horseshoes, paddle tennis and so forth. Altogether a very successful playground season was enjoyed by all.

Your Commissioners ask for a maintenance appropriation of \$5,300 to conduct the usual routine of the department in 1933. This is \$1000 less than the 1932 appropriation due to economy program put into effect by this department for 1933.

Respectfully submitted,

WM. G. RODD,  
JOHN F. KERRIGAN,  
GEO. OWEN, Jr.,  
*Board of Park Commissioners.*

# REPORT OF POLICE DEPARTMENT

Milton, Mass., January 10, 1933.

To the Honorable Board of Selectmen:

GENTLEMEN: I herewith submit my report of the Police Department for the year ending December 31, 1932.

Suicides . . . . .	2
Writs served for other departments . . . . .	380
Amount of property reported stolen . . . . .	\$27,406 18
Amount of stolen property recovered . . . . .	6,395 10

### Crime

Milton with its increasing population and situated as it is between two large cities has had comparatively few cases of serious crime.

Several schools were entered and recently two safes were broken open in the High School. Three young men have been apprehended in this case and one admitted being implicated in breaking the safes. Five juveniles were apprehended for breaking into houses in the East Milton and Mattapan sections of the Town.

Detective Sergeant John J. Haley is in charge of criminal investigations.

I appeal to the citizens to telephone the police station as soon as they observe any suspicious act of a person. With this help crime can be lessened.

### Traffic

The motorcycle officers did good work in apprehending violators of the motor vehicle laws and helping to make the highways of the Town safe for everybody. The Department has co-operated with the Governor's Committee on Street and Highway Safety.

I recommend again the installation of automatic signal lights at Randolph Avenue and Reedsdale Road; overhead automatic flashing lights at Central Avenue and Eliot Street; and automatic flashing lights at Blue Hill Avenue, Bradlee Road and Atherton Street.

### Police Alarm

The re-call system which was completed this year is an important utility and provides an effective way of getting in quick communication with officers on the streets.

The teletype makes communication possible within a few moments with neighboring towns and cities as well as those throughout the State and has been helpful in many instances.

### Motor Service

Two small automobiles with two officers in each are used to patrol the Blue Hill, Brush Hill, Scott Woods, Milton Center and Milton Hill sections of the Town. The Town is also patrolled by a sergeant in another automobile.

New machines should be purchased to replace one motorcycle and the Chevrolet coach.

The station garage will not house all the equipment and I recommend that it be enlarged.

The increasing use of motor vehicles by criminals makes it more essential that the Department be equipped with adequate motor vehicle equipment and radio. I strongly stress the value of radio-equipped patrol cars. With this equipment reports are received as soon as a crime is committed.

### Revolver Practice

There has been a marked interest shown in revolver practice. August 11, a revolver team was entered in a tyro match of the New England Police Revolver League and finished fourth. This was very pleasing as out of twenty-three teams competing, Milton was the only Massachusetts team outside of Boston that won a place. Sergeant Richard Chamberlain, Patrolmen John Dalton, James Dalton, John Chamberlain and William Coghlan were members of the team.

Two revolvers, gifts of former Selectmen Laurence B. Flint, were awarded Sergeant John Shields who made the highest score in the annual shoot held November 5, and Patrolman John Driscoll who had the highest yearly average. Six officers were given sharpshooter and marksman badges for having attained a yearly average of seventy-five per cent or over.

### The Force

A police force is an important factor in any town, not only in the suppression of crime but also in a multitude of other ways.

Policing the Town to the best interests of its citizens has become a problem with the present number of officers. I recommend the appointment of two patrolmen to fill vacancies.

Patrolman William S. Fallon who was retired July 1, after thirty-three years of faithful service, died September 5.

September 15, Mrs. Edith E. Stebbins was appointed a Special Police Officer by the Selectmen.

Patrolman Frank H. McDermott was retired December 31, after thirty-three years and seven months of faithful and efficient service.

Officers are called on continuously to do extra work without any additional compensation. Night officers are called out daily to take care of school crossings and do so willingly but this practice should be discontinued as it is unfair to have them work day and night.

The conduct of the Department in general has been good. Several officers were reprimanded and given punishment duty for infractions of the Police Rules.

### Conclusion

I thank the Selectmen and other Town Officials; the Justices of the Court and their assistants; and citizens for their helpful information and assistance. I appreciate the co-operation of the members of the Department.

Respectfully submitted,

JAMES R. TRAVERS,  
*Chief of Police.*

## REPORT OF PUBLIC WELFARE

January 14, 1933.

*To the Citizens of the Town of Milton:*

Twelve months ago your Board of Public Welfare faced the year with real anxiety. It did not seem possible at that time that we would be able to meet the problems that were ahead. That we have gone through this difficult year with such success is due largely to the work of the Employment Committee, which has provided jobs for all the able bodied men who applied to us for relief. In return this Board has been of very real assistance to the Employment Committee through our agent, Mr. Green. He has taken many case histories of the men who were applying for work and has always been ready to help the Employment Committee workers at the Town Hall with wise and sympathetic advice.

We are now well established in our new room, which was set apart from the small Town Hall. This is furnished with the necessary furniture, almost all of which we were able to purchase most advantageously at second hand. Mr. Green has been working hard over the records and files and is introducing a new and much improved system, which will make our records more complete and also easily available for reference. The regular monthly meetings of the Board are now held in our own office where we have all records at hand for consultation during the discussion of any problems.

The number of inmates at the Town Farm is the same as last year, two men and two women. We have had one death and one addition. The net cost of maintaining the farm is greater this year as the income from the sale of vegetables was less through the effect of the dry summer. We are satisfied however that we are acting wisely in caring for these people in this way and we are very grateful to both Mr. and Mrs. Dexter for their devotion and interest.

There are twenty three men and women who are receiving old age assistance, the sums varying from two to eight dollars a week. There are no Mother's Aid cases in the Town at present.

Respectfully submitted by Members of Town of Milton Board of Public Welfare.

H. N. PLUMMER,  
HUGH McCUE,  
JOHN TALBOT,  
FREDERICK CHASE,  
EDITH ENDICOTT STEBBINS.

## REPORT OF THE PLANNING BOARD

Milton, Mass., January 15, 1933.

*To the Citizens of Milton:*

### Turner's Pond

At the annual meeting last March the question of acquiring Turner's Pond for the Town was referred to us. Owing to a material difference of opinion as to the value of the property we regret to report that no progress has been made toward obtaining it.

### Traffic Developments

The building of new roads and the improvement of old ones has been rapid in Massachusetts during the past ten years, and Milton has enjoyed its share of the benefits arising from the work done. It may be of interest to recall some of the recent changes:

Blue Hill Avenue—Now a State highway.

Randolph Avenue—From the Reservation to Reedsdale Road a State highway.

Granite Avenue—Improved from East Milton to the Boston line and beyond.

The Blue Hill River Road—Well under way as an outer belt line for the Metropolitan District.

The Southern Artery—From the junction of Blue Hill Avenue and Morton Street through Neponset and around Quincy.

The car tracks removed from our own streets and most of these rebuilt to carry an ever increasing volume.

Among the problems yet unsolved, Milton has a lively interest in the proposed extension of Reedsdale Road through the quarries to West Quincy. An expensive new bridge at Weymouth must probably come first, however.

Pierce Square is a center where traffic is rapidly growing and a good deal of it, including bus lines, is bound through Milton via Eliot Street and Central Avenue. The recent improvement of Central Avenue from Brook Road to Columbine Road has helped handle this traffic.

Respectfully submitted,

J. S. RUSSELL,  
DAVID A. HEFFERNAN,  
ALFRED J. ELLSWORTH,  
JAMES F. BALLARD,  
FRED N. RUSSELL,  
*Planning Board.*

# REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January 12, 1933.

*To the Citizens of the Town of Milton:*

The readiest measure of the usefulness of a public library is, of course, the circulation of its books. After the branch building at East Milton was opened (December 1, 1931) it would not have been surprising had that branch diverted some of the use from the Central Library, but the figures seem to show that such was not the case, as follows:

	<i>Central</i>	<i>Mattapan</i>	<i>East Milton</i>	<i>Russell</i>	<i>House- to-House</i>	<i>Total</i>
1931 . . . . .	71,876	42,227	35,061	3,408	14,046	166,618
1932 . . . . .	84,405	45,410	64,165	3,501	14,230	211,711

With such a showing it seems almost impossible to answer the demands of the times and cut expenses. Nevertheless the Trustees feel that they can maintain the system with an appropriation of twenty-one thousand two hundred seventy-eight dollars (\$21,278) against twenty-two thousand seven hundred fifty dollars (\$22,750) for 1932.

To further answer the demands, and as they understand that other Departments are doing, the Trustees are making a 10% reduction from all salaries at present of \$1,000 or over. Any reduction in salaries is made with very great regret as we appreciate the devoted services of the staff. Many of the salaries we would have recommended raising in a time of prosperity.

By the death of Frederic M. Stone, April 8, a valuable and congenial Trustee was lost. Mr. Stone was for a time Treasurer of the Board and served on important committees. His literary taste was of great assistance as was his general interest. He was first appointed a Trustee, June 25, 1909.

Ruth Eliot Pierce (Mrs. Roger Pierce) was unanimously appointed by the Selectmen and the Library Trustees sitting jointly May 26 to fill the vacancy until the March meeting, and her name will be placed in nomination to fill the balance of Mr. Stone's term. Mrs. Pierce is the first woman Trustee on the Board.

The bequest of Mrs. Mary E. Lamson, 153 books, was received. In each volume a plate has been inserted stating that it is a part of this bequest in memory of Joseph E., Barbara A., and Olive A. Whiteher.

The Milton Lions Club (now called Milton Town Club) presented Federal and State colors to be kept in the East Milton Branch where they are now displayed. The thanks of the Board have already been conveyed to the Club, but may well be here repeated.

The exterior of the main library building needs repairs, and unless these are attended to at once a much larger sum than we now ask will be required.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,  
FRANK E. LANE, *Treasurer*  
STANLEY CUNNINGHAM, *Secretary*,  
JAMES F. BALLARD,  
VINCENT LEROY BENNETT,  
RUTH ELIOT PIERCE,  
ROBERT L. RAYMOND,  
ROGER L. SCAIFE,  
ROGER WOLCOTT,

*Trustees of the Milton Public Library.*

## REPORT OF LIBRARIAN

Milton, Mass., January 12, 1933.

*To the Trustees of the Milton Public Library:*

GENTLEMEN: I have the honor to submit my report for the year ending December 31, 1932.

In January of 1924, when the report for 1923 was presented, we mentioned with considerable pride that our circulation had at last reached and passed the 100,000 mark, the figures for that year being 100,525.

Nine years later we report with equal pride the passing of our second centennial, for our circulation for the year just ended was 211,711, an increase of more than 100% in less than a decade. This is larger than 1931 by 45,093, a gain of 27%. Our per capita circulation was 12. Two factors contributed in a large degree to this increase, the opening of the new East Milton Branch and the widespread unemployment which has come to so many people.

I can remember no time during my 32 years association with the library when there have been such insistent calls for serious and worth while books. Our problem is no longer how we shall attract readers, but rather how can we satisfy the heavy demands made upon us each day.

People are evidently using their enforced leisure to good advantage, judging by the requests for books on business and technical subjects, and we are continually asked to assist those taking University and College Extension Courses.

In analyzing the figures for the year it was somewhat surprising to see that the largest gain in non-fiction was in the circulation of periodicals, the next largest was literature, with history and sociology coming next.

Strangely enough in this year when lack of employment is one of the major causes of a large circulation, we have collected \$1,269.45 in fines, an increase of \$127.89 over last year. Most libraries are reporting that their fines have fallen far below the figures of 1931.

There has been a proportionate increase in every phase of the work. We have answered more reference questions, sent more books to the schools, rebound more volumes, catalogued more books, and this has been done with no increase in the personnel of the staff.

As a matter of record, the library in 1932, with a circulation of over 200,000 functioned with the same number on the staff as were employed in 1923 when the circulation was only 100,000.

This of course means that every one connected with the system is working under pressure most of the time. There are days when the Branch assistants are deluged with the rush which comes to their desks and it is not an uncommon thing for the Central Library to circulate from 500 to 600 books on a Saturday.

In addition to the actual work of handing out books at the issue desks, there is always work to be done behind the scenes, work which is not visible to the public but which takes hours of time each day and which is so essential to the final passing out of a book to a borrower.

That this increased amount of work has been done cheerfully speaks volumes for the character of the eight members of the Staff.

A librarian in the Far West read a paper a few years ago at a library meeting in which she said the letters A.L.A. do not mean the American Library Association, but "Ask Librarians Anything". As we look back over some of the questions which came to the desk last year we know that there are many people in Milton who believe that statement. One person wanted to know how many votes were cast in Massachusetts from 1920 to 1926; someone else wanted old books to put on a table to give atmosphere in a stage setting; another inquiring mind wanted material on immigration laws following the Civil War and a telephone call on February 2, 1932 wanted to know if the ground hog was a wood chuck or a skunk.

When we began the New Year the East Milton Branch had been in its new home one month. The first complete year has more than justified our hopes of what this branch might do for the community. The circulation was 64,165, a gain of 29,104 over the pre-

vious year. We had expected a substantial gain but in our most optimistic moments we had not anticipated one of 80%.

The people of East Milton have from the beginning shown appreciation by their varied gifts. In the Spring an offer came from the East Milton Garden Club, to supply the Branch with flowers and at no time since April has the copper vase given by the East Milton Neighborhood Club been without its bouquet.

While the Mattapan Branch has not had such a spectacular growth as East Milton it has nevertheless had a very busy and useful year. The circulation of 45,410, a gain of 3,183, is also a gain of 14,000 since the completion of the building in November 1929. Miss Hills too reports a much greater use of books on serious subjects and her gain has been wholly from adult users.

The Branch has had two conspicuous gifts. Dr. Harris Kennedy gave the library a pastoral scene painted by Thomas H. Hinckley and it seemed quite appropriate that it should be placed on the walls of the Branch in that section of the town where Mr. Hinckley lived for so many years. In October Mr. Kidder planted shrubs and evergreens which add much to the beauty of the grounds.

For two years there was little use of the Assembly Room. Since September, however, it has been used on an average of two evenings a week. We would be glad if a similar use could be made of the East Milton room.

Russell Reading Room seemingly has a gain of only 93 in circulation, but the weekly deliveries have increased by 724, so in reality the people in the neighborhood served by our smallest branch have read over 4,000 books against 3,400 last year.

The Children's Room has been a busy place with its regular activities and with the work with the schools which is so closely allied to this department. The gain of 1,669 in circulation was small but throughout the system the adult gain has been far greater than the juvenile.

In closing I would remind you that this year marks the sixtieth anniversary of the founding of the library.

This was most fittingly observed by the publication of "The First Sixty Years of the Milton Public Library" written and gratuitously distributed by Mr. Nathaniel T. Kidder. Requests for it have come from all over the United States, and last week we were asked to send one to the Philippine Islands.

The town once more owes a debt of gratitude to Mr. Kidder for this valuable contribution to the history of Milton.

Respectfully submitted,

CARRIE S. ALLEN,  
*Librarian.*

## APPENDIX I.

### Art Room Exhibits

Oil paintings by Virginia Pearsons; Washington Exhibit loaned by Miss Mary Bowditch Forbes; Water colors by Annette Tisch; Oils by Janina Federkiewicz; Paintings by Aimee Lamb; Paintings by Omer Lassond; Etchings from the James Henry Whitman Collection, owned by the Library; Paintings by Artists of Milton; Art work by pupils of the Milton Public Schools.

### Gifts of Books, Magazines and Flowers

Mrs. Richard M. H. Harper; Mrs. M. Vassar Pierce; Miss Hilda Foster; Mrs. William E. Wyman; Mrs. Frederick Chase; Mrs. Charles M. Junkins; Mr. John W. Renard; Miss Emily A. Blanchard; Mrs. Walter S. Hinchman; Mr. John J. Moore; Miss Emma Tufts; The Hon. Richard B. Wigglesworth; Mr. Albert W. Hunt; Miss Eliza H. Burton; Mr. Albert H. Stonestreet; Mrs. Frank E. Harrington; Mrs. Holden McGinley; Miss Hester Cunningham; Miss Clara S. B. Pinckney; Mrs. Nathaniel M. Safford; Mrs. Charles S. Sheldon; Mrs. Wallace C. Tucker; Mrs. William S. Esau; Dr. Harris Kennedy; Mrs. Ernest W. Bowditch; Mr. Richard A. Fisher; Mrs. Walter H. Neaves; Mrs. Edwin O. Baker; Mr. Nathaniel T. Kidder; Mr. Horace I. Crane; Miss Ellen F. Vose; Mrs. Walter T. Harrison; Mrs. Harriet L. Chase; Miss Josephine F. Farrell; Mrs. Henry S.

Forbes; Mrs. John F. Perkins; Miss Aimee Lamb; Miss Rosamond Lamb; Miss Edith S. Tilden; Mrs. John C. Cobb; Mrs. Hiram C. Tuell; Mrs. Burton H. Smalley; Mrs. Richard W. Bourne; Miss Alice T. Hurd; Mrs. Philip Y. DeNormandie; Mr. William L. Caldwell; Mr. Henry M. Rogers; Mrs. Edward P. Hamilton; Mr. Roger L. Scaife; Mrs. Ernest W. Osborne; Mrs. Norton Wigglesworth; Mrs. William F. Mooers.

#### **Gifts of Flowers and Books to East Milton Branch**

East Milton Garden Club; Mrs. Alexander Abel; Miss Marie Badot; Mr. Russell Goodwin; Mrs. George M. Jack; Mrs. Richard W. Folsam; Mrs. Elmer C. Bassett; Miss Ruby B. Kidder; Mrs. John Buchanan.

#### **Gifts of Flowers and Books to Mattapan Branch**

Miss Mary Mossman; Mrs. John Tucker; Miss Agnes Cullen; Mrs. Morris Monahan; Miss Josephine F. Farrell.

#### **Glass Cases and Kidder Hall Exhibits**

Chinese writing paper, loaned by Miss J. Dorothy Gordon; Reticules, loaned by Mrs. Horatio A. Lamb; Photographs of scene of "Peking Picnic" loaned by Miss J. Dorothy Gordon; Old embroideries loaned by Mrs. Alfred Rogers; Hand-made jewelry made and loaned by Miss Beatrice Crossman; Pottery, silver and coins from Siam, loaned by Mr. Thomas F. Morrison.

# REPORT OF THE SEWER COMMISSIONERS

January 1, 1933.

The Board of Sewer Commissioners makes the following report of operations of the Sewer Department during the year ending December 31, 1932.

## General

Population by the Assessors' census of 1932	.	.	.	.	.	17,207
Estimated length of streets of the town (miles)	.	.	.	.	.	85.14
Percentage of length provided with sewers	.	.	.	.	.	36.26
Method of disposal	.	.	.	.	.	Metropolitan system

## Collection Mains

	FOR SEWAGE			For Sewage and Surface Water
	Town-built Sewers	Privately built Sewers	Total Town and Private	
Linear feet:				
Total, Dec. 31, 1931.	153,643.6	13,018.9	166,662.5	700. (storm overflow)
Extended, 1932	5,678.1	....	5,678.1	
Total, Dec. 31, 1932	159,321.7	13,018.9	172,340.6	700.

Number of manholes	.	.	.	.	.	.	.	.	844
Number of inverted siphons	.	.	.	.	.	.	.	.	2
Number of storm overflows	.	.	.	.	.	.	.	.	1
Number of emergency overflows	.	.	.	.	.	.	.	.	1
Number of automatic pumping stations	.	.	.	.	.	.	.	.	1
Linear feet of force-main (12")	.	.	.	.	.	.	.	.	960.6
Number of gate chambers on force-main	.	.	.	.	.	.	.	.	1

## House Connections

Number made during the year	.	.	.	.	.	.	.	.	72
Number relaid during year	.	.	.	.	.	.	.	.	15
Number of stoppages coming to the notice of the department	.	.	.	.	.	.	.	.	44

## Discharge of Sewers

Estimated population using the sewer system	.	.	.	.	.	.	.	.	12,780
Number of buildings connected	.	.	.	.	.	.	.	.	2,561

## Financial

Total cost of collection mains to December 31, 1932 (including the East Milton sewer and drain through Babcock Park district)	.	.	.	.	.	.	.	.	\$619,073.30
Bonded debt at date (including East Milton sewer and drain bonds)	.	.	.	.	.	.	.	.	161,000.00
Average rate of interest on bonds	.	.	.	.	.	.	.	.	3.97%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The sewer extensions made during the year were as follows:

Street	Size of Pipe	Length (Feet)	No. of MH's.
Channing Street . . . . .	8"	313.4	1
Elm Street . . . . .	8"	946.3	4
Essex Road . . . . .	8"	135.0	
Leslie Street . . . . .	12"	268.9	3
Leslie Street . . . . .	15"	392.5	2
Milton Street . . . . .	8"	142.0	1
Wendell Park (West side) . . . . .	10"	636.0	4
Wendell Park (West side) . . . . .	12"	1418.0	6
Wendell Park (Brook crossing) . . . . .	8"	150.0	1
Wendell Park (East side) . . . . .	8"	1276.0	5
<b>Total . . . . .</b>	—	<b>5678.1</b>	<b>27</b>

The Board took action in accordance with the vote to request the Sewer Commissioners and the Selectmen to cooperate in an endeavor to consolidate all Sewer Engineering work under the direction of the Town Engineer passed on Article 13, Section 5 at the Town Meeting, March 12, 1932, and, after a meeting held with the Selectmen, appointed a representative to meet with one of the Selectmen and a member of the Warrant Committee. The position taken by the Sewer Board at this meeting is embodied in a report to be made by the Board to the Warrant Committee early in January, 1933.

The Supreme Court of the Commonwealth having decided that, in determining the cost of Milton sewers for the purpose of making assessments under Acts of 1895, Chapter 304, the cost to the Town of assessments paid to the Commonwealth as Milton's share of the Metropolitan sewer, should not be included, this Board proposes to reassess those assessments which have not been paid in full or which have been paid under such circumstances that they can be recovered back, for the years in which assessments were similar to the assessment in the Mullen case, to wit: construction years 1927-1931 inclusive, and assessments made in 1928 to 1931 inclusive.

The Board is advised that it has no authority to deal with sewer assessments which have been paid in full or with amounts paid in part payment of sewer assessments (except to credit the latter on reassessment), but it recommends to the Town the adjustment of paid assessments, and it has instructed the Town Counsel to draft an enabling act for this purpose, to be presented to the Legislature at the coming session and to be voted upon by the Town at the March meeting.

In redetermining the assessments the Board has had to decide the question as to what share of the cost of Milton sewers the Town should pay. Taking into consideration that the general taxpayers have to pay the entire metropolitan assessment, the Board is of the opinion that it is a fair adjustment of the cost of town sewers that the Town shall pay 25% and the abutters 75%, and that the resulting assessments will not exceed the benefit which the abutters receive from sewers.

The total cost of the construction of the town sewers from 1895 to December 31, 1931, is, in round numbers, \$582,000. The total payments on account of the metropolitan sewer, in the same period, have been approximately \$541,000. The general taxpayers (who pay the metropolitan assessment) accordingly bear 48.2% of the total expenditure for sewers. If there is added to the amount which they shall bear, 25% of the cost of the town sewers, then the amount to be paid by the general taxpayers will be approximately 61.1% of the total expenditure on account of sewers, and the abutters will bear 38.9% of the total of such expenditure.

If the cost of constructing sewers should diminish in the future, both the general taxpayers and the abutters will receive the advantage of the lower cost.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass., January 14, 1933.

*Honorable Board of Selectmen:*

GENTLEMEN: I herewith submit my report as Sealer of Weights and Measures for the year 1932.

Number of Scales, Weights and Gas Pumps sealed	.	.	.	.	.	930
Number condemned	.	.	.	.	.	3
Number incorrect and adjusted	.	.	.	.	.	16
Number of inspections and re-weighings	.	.	.	.	.	350

Respectfully submitted,

JAMES SANGSTER,  
*Sealer of Weights and Measures.*

# REPORT OF HIGHWAY DEPARTMENT

Milton, Mass., December 31, 1932.

*Honorable Board of Selectmen, Milton, Massachusetts:*

GENTLEMEN: I herewith submit my report for the year ending December 31, 1932. The work of the Highway Department has been carried on during the year as planned.

## Highway—General

Walnut Street, Maple Street, a portion of Blue Hill Terrace Street, Capen Street and Central Avenue were roads reconstructed out of the Highway—General Account.

Walnut Street was a narrow road with a rough surface and was used by the general public as an approach to the Public Buildings.

This road is 908 feet long, 24 to 32 feet wide, and contains 3,170 square yards of roadway. The cost of this roadway, exclusive of the sidewalk, was \$1.00 per square yard.

The construction consisted of the usual gravel base and stone penetrated top.

Maple Street has a ten inch gravel base and a four inch penetrated top.

This roadway is 960 feet long, 24 feet wide and contains 3,170 square yards.

The cost of this work was 95 cents per square yard.

Blue Hill Terrace Street was widened 10 feet. The widening was on the land abutting that of Mr. Martin Gibbons, at the corner of Blue Hill Terrace Street and Blue Hill Avenue. Part of the excavation done on this roadway was ledge.

The reconstructed area was 228 feet long and was connected with the work completed last year. The area built contained 647 square yards and cost 94.2 cents per square yard.

This road, from Blue Hills Parkway to Blue Hill Avenue, now has a good penetrated surface and is a much needed improvement.

Capen Street was reconstructed by leaving most of the old road bed intact and covering the surface with broken stone and penetrating with asphalt. It was necessary, in places, to widen the sides to make a uniform width of roadway. The sidewalks were shaped and covered with stone dust. The total cost of this work was \$1,638.79.

Central Avenue, from Brook Road to Columbine Road, has had a new penetrated surface. The old road surface had two crowns and gutters each side of the area where the street car tracks had been removed. Most of this area had a slight gradient causing water to settle in the low areas.

The road has been stoned from one old road crown to the other, with an average of five inches of stone at the center and running to a feather edge on each side. The work done on this road will eliminate the settling of water.

Due to the lateness of the season, and the lack of funds, it was considered advisable to discontinue work on this road for the year.

The total square yards of roadway is 5,570 and the cost per square yard is .7028 cents.

The Town expended \$11,245.93 during the year 1932 for sanding and the removal of snow and ice.

All our regular men, the Special Employment men and a few outside men were used on this work.

The regular road patching was carried on during the year and 528 individual requests were investigated.

The repair shop at the Town Yard has been moved into what was the steam roller shed. With the addition of a concrete floor, a few windows, and additional lights, this building gives space enough to work on two trucks at one time. In the old building there was scarcely room enough to work on one machine.

Other work done by this Department during the past year was the usual road oiling. Many of the streets were oiled with a heavy 85% asphaltic road oil and covered with stone chips.

The total expenditure for this work was \$7,475.01. This work has shown quite a decrease in cost during the past few years due to the fact that the streets treated with 85% asphaltic road oil and covered with pea stone do not need yearly oiling.

The expenditures from the Highway—General Account are grouped as follows:

Highway—General

Operation . . . . .	\$55,846 36
Road repair . . . . .	7,237 59
Sidewalk repair . . . . .	3,177 50
Road oiling . . . . .	7,475 01
Road construction . . . . .	13,528 58
Total expenditure . . . . .	\$87,265 04
Balance . . . . .	34 96

Highway—General Appropriation . . . . . \$87,300 00

The following is a list of the Appropriations, Expenditures and Balances from this Department as of December 31, 1932:

	Appropriation	Expenditure	Balance
Highway—General . . . . .	\$87,300 00	\$87,265 04	\$34 96
Granite Avenue Bridge . . . . .	4,898 69	4,106 20	801 80
Refund . . . . .	9 31		
	\$4,908 00		
Drainage . . . . .	35,489 00	35,484 12	4 88
Permanent Construction . . . . .	20,565 00	20,230 18	334 82
Sidewalks . . . . .	8,000 00	7,970 11	29 89
Audubon Road . . . . .	5,253 90	3,618 79	1,635 11
Bradford Road . . . . .	4,940 47	3,541 36	1,399 11
Johnson Street . . . . .	2,423 93	1,956 66	467 27
Milton Street . . . . .	1,236 06	1,137 24	98 82
Parkway Crescent . . . . .	11,456 60	9,706 69	1,749 91
Pilgrim Road . . . . .	2,805 57	2,061 20	744 37
Private Work . . . . .	3,000 00	1,584 31	1,415 69
New Equipment . . . . .	2,700 00	2,700 00	
Alteration of Granite Place and Adams Street Corner . . . . .	1,400 00	744 03	655 97
Special Employment Account . . . . .	25,459 09	25,459 09	

Betterment Streets

Audubon Road, Bradford Road, Johnson Street, Milton Street, Parkway Crescent and Pilgrim Road were the six Betterment Streets constructed during the year 1932.

No particular difficulties were encountered and the work was carried on as planned.

These roads have a ten to twelve inch gravel base and a four inch penetrated, broken stone surface. The sidewalks are of a gravel base with a topping of stone dust. The loam used on the planting spaces was purchased from C. A. Crowley and is of very good quality.

This Department has had quite a few requests regarding grading back of the street line on Betterment Streets. In some instances the work was necessary in order to give the street a better appearance when finished.

A tabulated list of these streets will be found in the Engineers' Report.

Drainage

During the year a great amount of drainage work was completed by this Department. A list of the drainage installed will be found in the Engineers' Report.

The drainage done in the Brook Road valley section, during the first three months of the year, was planned, not only because of the necessity of the drain, but to make work for many who were unemployed. There were about one hundred men used on this job; about fifty more than the regular Highway crew.

The Water Department's Excavator was used and did very efficient work.

Beginning in July about sixty extra men, hired through the Unemployment Committee, have been under the supervision of this Department in the laying of drains. These men are working under our own regular foremen who are thoroughly experienced in this work.

These extra men are taking an interest and doing very good work.

### Sidewalks

All sidewalk work was carried on by our own men. The concrete was purchased and delivered by the Transit Mix trucks as needed.

Transit mixed concrete has proved to be the most economical method of handling this material.

The section of Brook Road where the new walk was laid, between Waldeck Road and Pleasant Street, required much excavation, and has made a much needed improvement to this part of the Town.

I recommend the purchase of two new 1½ ton trucks for the Highway Department. These machines are inexpensive and pay for themselves in one season.

The Department now has two large dump trucks of 5 to 7 ton capacity, and four small dump trucks of 1½ ton capacity and one 1 ton express body truck. There is hardly a working day of the year that all of these machines are not in use. There are two old dump trucks that should be junked and should not be on the road. These old trucks were put into commission when the Special Employment crews were added to this Department. The new trucks mentioned above are to replace these old trucks.

I recommend the redecking of the Town's part of Central Avenue Bridge. The present decking is of 2 inch spruce planking over a second deck of 4 by 8 inch planking. The lower decking is in good shape and the most costly. To save this decking I recommend the replacing of the top planking which has been in service about three years and is now worn out.

We regret the loss by death of Mr. Thomas J. Rodgers on January 27, 1932. Mr. Rodgers worked for the Town of Milton for over twenty years and held the position of General Foreman in the Highway Department for three years and was loved by all who worked with him.

Mr. Walter Bates was hired to take Mr. Rodgers' place. Mr. Bates came to this Department well recommended and has had much experience in handling men.

The regular employees of the Highway Department have worked faithfully and tried to give the Town a day's work for a day's pay. Most of the men have lived in Milton a great number of years and are as interested in seeing our highways kept in good condition as any other citizen.

In closing, I wish to thank the Board of Selectmen for their co-operation in carrying out the year's programme.

Respectfully submitted,

FORREST J. MAYNARD,  
*Superintendent of Streets*

# REPORT OF BOARD OF WATER COMMISSIONERS

Milton, Mass., January 14, 1933.

*To the Citizens of the Town of Milton:*

The Board of Water Commissioners submits its Annual Report for 1932:

Probably the primary interests of the citizens in their Water Department beyond its honest, efficient and economical operation, are its physical ability to supply enough good water, and the cost they pay for it. In this report we shall attempt to acquaint the citizens with both subjects in detail.

First, during 1932 the system has proved adequate, fortunately, for most demands made upon it. We say "fortunately" because we have before us a report on our system by the New England Insurance Exchange made at the request of the Board of Selectmen. This report discloses that in certain parts of the Town the supply of water for fire fighting is lower than it should be. Unless this deficiency is remedied, our citizens will be faced with higher fire insurance rates.

The reasons for the condition are two: growth of the Town, and certain deficiencies in the supply delivered to our system by the Metropolitan District Commission.

The Water Department promptly called in Messrs. Metcalf and Eddy, Consulting Engineers, who were familiar with our system from an earlier survey, and they recommend that the Town protect itself.

1. By erecting adequate storage tanks in the Blue Hills Reservation.
2. By inducing the Metropolitan Commission to improve their regular supply at Brush Hill.
3. By improving the emergency connection at East Milton. Several other improvements are planned, such as laying larger mains in certain streets and cleaning one of the East Milton feeder lines.

The Commissioners, believing that all the recommendations made are sound and prudent, and that these necessary improvements can never be made at a lower cost than now, are planning to proceed with them in 1933. They believe that our citizens should be spared an increase in insurance rates and hope that the recommended works can be completed without advancing the water rates, provided the Town grants the Articles in the Warrant prepared by the Commissioners.

Normal improvements and extensions of the system were made during 1932. Some work scheduled for later years was set ahead to provide employment. The Commissioners take pleasure in assuring our citizens that the Department was economically as well as efficiently operated.

Care will be taken that storage tanks where and as erected will be suitably landscaped and made as sightly as possible without extravagance.

Effective January 1st, 1933, the salaries and wages of all employees have been adjusted to a basis which the Commissioners, with Mr. McCluskey dissenting, believe fair to both employees and the Town, in accordance with general readjustment in other Town Departments.

In considering the amount our citizens pay for water it should be kept in mind that the *Commissioners are obliged by law* to fix rates and charges which will *yield annually* as nearly as may be *a surplus after paying*:

1. All expenses of Maintenance and Operation (including cost of Water).
2. All interest on Borrowed Money.
3. \$10,000.00 for Extension of Mains.

The above-mentioned surplus must be used for repayment of Borrowed Money.

So that our citizens may see that the Water Commissioners past and present have endeavored to assess rates and charges, as nearly as may be, as required by the law, we show below a complete schedule of the Revenue and Expenses which the law says shall be used in rate making.

The figures are from 1924 to date:

ACCORDING TO SEC. 13 OF ENABLING ACT THESE FIGURES SHOULD BE USED BY  
WATER COMMISSIONERS IN RATE MAKING

Revenue				Expenses						% of Excess
	Sale of Water and Hydrant Rental	Non- Operating	Total Revenue	Main- tenance and Operating	Borrowed Money	Extension of Mains Chap. 307 Sec. 13 Acts of 1902	Total Expenses	Excess of Revenue	Excess of Expenses	
1924	.	\$ 5,069 33	\$73,713 62	\$41,648 17	\$13,220 84	\$10,000 00	\$64,869 01	\$ 8,844 61	.....	12.0
1925	.	4,775 35	77,918 51	44,501 38	18,251 96	10,000 00	72,753 34	5,165 17	.....	6.6
1926	.	4,604 85	79,783 93	50,431 91	25,433 32	10,000 00	85,865 23	.....	\$6,081 20	7.6
1927	.	5,652 80	85,997 43	52,737 93	29,005 25	10,000 00	91,743 18	.....	5,745 75	6.7
1928	.	7,425 56	100,392 11	55,284 69	34,499 31	10,000 00	99,784 00	608 11	.....	.6
1929	.	6,904 79	113,758 06	57,331 71	40,138 87	10,000 00	107,470 58	6,287 48	.....	5.5
1930	.	4,555 32	118,015 68	66,673 11	38,990 01	10,000 00	115,663 12	2,352 56	.....	2.0
1931	.	6,811 15	128,606 10	68,439 98	41,405 32	10,000 00	119,845 30	8,760 80	.....	6.8
1932	.	3,864 99	143,368 27	72,134 43	43,252 80	10,000 00	125,387 23	17,981 04	.....	12.4

Some of the headings in the foregoing schedule may need explanation:

**Hydrant Rental** is money paid the Water Department from the General Tax Levy not only for the installation and upkeep of hydrants and the water used from them, but also provides in part for the carrying charges on larger mains installed principally for improved fire protection.

**Non-Operating Revenue** is money received from installation of water-services, miscellaneous jobbing, etc.

**Maintenance and Operating Expense** includes:

1. Cost of Water.
2. Salaries and Wages.
3. Cost of Materials.
4. Cost of Equipment.

**Borrowed Money Expense** includes the interest on all bonds or notes and repayment when due.

**Extension of Mains Expense.** The law *requires* the Commissioners to raise \$10,000.00 from rates each year for extending or relaying water mains.

The schedule clearly shows that during the last nine years the Commissioners have operated almost a million-dollar business with a margin of safety of only 4%. If operations had fallen short the Town would have been obliged by law to make good the deficit from the General Tax Levy.

The Commissioners hope that by continued prudent management the Water Department can reinforce the system to give proper fire protection and extend mains to care for any normal growth of the Town without being forced to increase rates and charges.

It is also apparent from the foregoing figures that our experience this year has been particularly fortunate and, being now relieved for the future from an annual payment on account of bonds issued for the original purchase of the system, the Commissioners for the first time feel warranted in considering a reduction in the current rates. Such a reduction amounting to \$1.00 in the minimum quarterly charge will be made on the next billing in April.

Respectfully submitted,

EDWARD L. HURD,  
EDWARD E. FORD,  
WILLIAM J. McCLUSKEY,  
*Board of Water Commissioners.*

# REPORT OF MILTON EMPLOYMENT COMMITTEE

Milton, Mass., January 24, 1933.

*The Honorable Board of Selectmen,  
Milton, Massachusetts.*

DEAR SIRs:

The Milton Employment Committee, appointed by the Selectmen late in October, 1931, herewith submits its report from that date to December 31, 1932. The Committee has had no change in personnel since its appointment.

At the first meeting of the Committee held November 2, 1931, the general plan was formulated to handle the problem as it existed at that time, which did not appear then to be developing in any serious way. It was decided, however, at the start that the question of unemployment should be distinct and separate from all cases which required Welfare attention, and this policy has been pursued up to date.

It was further decided at that time that it was the chief duty of the Committee to find work for those in need and that a fair wage should be paid for services rendered. The Committee opened an office at the Town Hall for registration, having representatives of the Committee present for three days a week to tabulate the names of all applicants for work and to get all information possible regarding the condition of each individual and his or her previous occupation. With the exception of three months in the summer of 1932 this office has been in active operation, at first for three days a week, and later two days per week. The work of investigating each individual case and its needs has been laborious and required much patience, but we believe that our card files at present are complete in every detail, and the work in this connection of Mrs. Roderick Stebbins and Mrs. Henry E. Sheldon cannot be too highly commended.

In the effort to see that the most pressing and deserving cases were handled properly, the applicants were classified and those with dependents were given preference. Due consideration was given to the classification of each applicant and wherever possible he was assigned to work for which he was best qualified. The several Town departments have at all times been most helpful and cooperative, and the heads of these departments have put themselves to no end of trouble to help the Committee in its work.

It was not until February, 1932, that it became apparent that private funds must be solicited to help the situation, and a letter was sent out at that time. Through individual gifts, through churches, clubs, entertainments and allocation of funds from the Boston Employment Drive, the sum of approximately \$22,000 was received and has been ably handled by our Treasurer, Mr. Baxter. This money has been paid out in wages, to the extent of about 97% of the total amount received, at a maximum of \$3.20 per day, and the balance of the cash was used for incidental expenses, but no member of the Committee, or other person in charge of the work, has received any compensation.

The Fall of 1932 saw our funds diminishing so that the money appropriated by the Town for unemployment relief at their two meetings in the Spring was called upon. This amounted to \$30,000. Special drainage work was decided upon by the Selectmen as the best means of keeping men at work and giving the Town some real benefit from the money expended. This work was carried on until the end of the year and by careful planning the funds in hand were sufficient to meet the pay rolls.

Registration at the office ran as high as 850 during 1932, including men and women, those with, and those without, dependents. Besides the work provided as above described, every effort has been made to have our citizens give odd jobs to those so much in need and, although we have had some response to our repeated appeals, we believe that more help should come from this quarter. A group of ladies last autumn opened a small office in Milton Village, called "Opportunity Center" for the purpose of furthering this effort. Your Committee is most grateful to them for their work which is showing real results.

We regret that the outlook for the coming year is not as bright as we might wish. There are no signs of diminishing requests for work, and the number of those with dependents is increasing. The Committee must depend largely on such sums as the Town

appropriates for Employment Relief, but it must also ask the citizens of Milton for private subscriptions to take care of certain situations for which Town money is not available. We are perfectly aware that this method of providing work for the unemployed may run into a large sum of money, but until the number of persons effected grows to larger proportions, it seems the best method of handling the problem both for the individual and for the Town. This decision was arrived at after careful study of the methods used in other communities similarly situated.

Respectfully submitted,

PHILIP S. DALTON, *Chairman*  
JESSE B. BAXTER, *Treasurer*  
MRS. HENRY E. SHELDON, *Secretary*  
MRS. RODERICK STEBBINS  
MRS. CHARLES H. WILLIAMS  
KENNETH D. JOHNSON  
MICHAEL W. O'BRIEN

## REPORT OF TOWN ACCOUNTANT

Milton, Mass., January 19, 1933.

*To the Honorable Board of Selectmen:*

I herewith submit the report of the Town Accountant for the year ending December 31, 1932, arranged as follows:

1. Detailed accounts of all receipts as classified in accordance with the requirements of the Division of Accounts of the State.

2. Details of all departmental accounts showing appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.

3. Balance sheet as of December 31, 1932, showing debit or credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1932, and all Trust Funds in the custody of the Treasurer and Wadsworth Fund Trustees have been examined and found to be correct.

Respectfully submitted,

MARY A. BERNI,  
*Town Accountant.*

## REPORT OF THE TOWN TREASURER

*To the Citizens of Milton:*

Apparently, it has been customary for the Town Treasurer to include in his report only the financial statements, accounts for cash balances and Trust Funds. For the reason that 1932 was marked with circumstances of unusual nature, it occurs to me that a brief statement in addition to figures, may not be amiss.

In the death of Maurice A. Duffy, the Town lost a loyal citizen. Over a period of many years, he served his Townsmen, not only as a friend, in ways that only those who received his kindly acts can appreciate, but also at all times he stood ready to devote himself to public service, when called upon. The duties of office he carried out conscientiously, and with little thought of personal inconvenience. Citizens of such disposition, friendly, tactful and unselfish in readiness to serve their neighbors and their Townsmen, are rare.

Recommendations that I have made to the Warrant Committee in connection with the office of Town Treasurer, especially as regard reduction of the salary, has no reflection on my predecessor whatever. Undoubtedly, he, himself, would have made recommendations along similar lines, because 1932 has been a year of experimentation in the organization of this office. The establishment of the office at the Town Hall, together with the services of an assistant, a part of whose time was paid directly by the Town, simply marked the beginning of a change to new conditions in conformity with changes that have taken place in other departments in which the increase of business has required more organization, with assistants trained to the growing details of the department. Such growth necessarily requires more time than elected officials can be expected to devote to public office when the compensation cannot represent full time consideration of the abilities required. A department organization, with competent assistants should make it possible for the responsible elected officials to devote less time to routine detail and more time to matters requiring judgment. It is fundamentally inherent in public office, properly conducted, that service, requiring judgment, cannot be fully met by compensation. In other words, a large proportion of ability is contributed for the public welfare, regardless of compensation.

The recommendations that I have made, brings the conduct of the Treasurer's office further in line with modern practices, properly organizing the work of the Town Treasurer. This work is not arduous and affords an interesting public duty for men whose business experience qualifies them for such office. Furthermore, it is my belief there are ways of reducing the mechanical work of some of the routine to less proportions so that the office should not take undue time of any man having the necessary aptitude to fulfill the job.

In closing, I wish to express my gratitude for the co-operation that has been given me by all Town officials and employees during my term of office.

Respectfully submitted,

THEODORE T. WHITNEY, JR.,  
*Town Treasurer.*

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1932. . . . . \$96,554 50

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes.

Jason Reed Fund

Amount held December 31, 1932 . . . . . \$2,626 67

The Income of this fund is paid over to the Trustees of the Cemetery.

E. T. L. Reed Public Park Fund

Amount held December 31, 1932 . . . . . \$7,044 48

Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The Second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

Mary L. Peabody Fund

Amount held December 31, 1932 . . . . . \$5,157 50

The clause under which this bequest is given as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

SCHOOL COMMITTEE

1932-1933

	Term expires in March of
MARY MILEY 19 Lothrop Avenue, Milton	1933
JAMES G. RUSSELL 312 Edgehill Road, East Milton	1933
FRANCIS C. BATES 453 Adams Street, East Milton	1934
GEORGE J. DESMOND Vose Hill Road, Milton	1934
LEONARD M. PATTON 26 Valley Road, Milton	1935
ARTHUR W. VOSE 207 Pleasant Street, Milton	1935

Organization

ARTHUR W. VOSE	Chairman
JAMES G. RUSSELL	Secretary

MEETINGS

The Committee holds its regular meetings in the High School building on the first and third Monday evenings of each month at eight o'clock.

## **SUPERINTENDENT OF SCHOOLS**

**HORACE F. TURNER, A.B., Ed.M.**

Office: High School Building

Telephone: Bluehills 0111

Residence: Gaskins Road, Milton

Telephone: Bluehills 5114

Office Hours: School Days at 4 p.m.

### **Superintendent's Secretary**

Frances E. Considine, 17 Oak Street, Milton

### **Superintendent's Clerks**

Elizabeth G. Park, 36 Reservation Road, East Milton

Charlotte Park, 36 Reservation Road, East Milton

### **School Physician**

Dr. David W. Sherwood, 829 Beacon Street, Newton Center

### **School Dentist**

Dr. Wilber H. Morrill, 1169 Washington Street, Dorchester

### **School Nurse**

Hilda M. Rogers, 8 Jackson Court, Lexington

### **Supervisors of Attendance**

Henry F. Brierly, 52 Antwerp Avenue, East Milton

Artemus A. MacQuarrie, 31 Woodlawn Avenue, Mattapan

## **SCHOOL CALENDAR, 1932-1933**

Schools open on Wednesday, September 7, 1932.

Schools close on Friday, December 23, 1932.

Schools open on Tuesday, January 3, 1933.

Schools close on Friday, February 17, 1933.

Schools open on Monday, February 27, 1933.

Schools close on Thursday, April 13, 1933.

Schools open on Monday, April 24, 1933.

Schools close on Friday, June 16, 1933.

## REPORT OF THE SCHOOL COMMITTEE

### *To the Citizens of Milton:*

The School Committee herewith submits its report for 1932.

Continued economies, maintained teaching efficiency, accomplishment of most urgent repairs to buildings, and co-operation in unemployment relief work demanded the best effort of the Committee during the year. The outlook for 1933 is filled with uncertainties. One of the most serious problems is the badly overcrowded condition of the High School, the use to capacity of the Tucker School, and the rapid filling of other buildings. Your attention is invited particularly to enrollment figures contained elsewhere in this report.

### Gifts

The School Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

#### High School

Plaque—Washington at Trenton—Eue—Class of 1932.  
Framed Picture—Amalfi—Constantin Gorbatoff—Class of 1932.  
Two framed Washington Pictures—Mr. Frederick M. Haynes,  
Black and Colored Inks for Printing—Mr. John R. Donahue,

#### Collicot School

\$100 47—Belcher-Collicot Association.  
150 00—Milton Woman's Club.  
122 00—Milton Public School Teachers' Association.  
5 00—Proceeds from dance at Cunningham Gymnasium.  
25 00—Vose School Association.  
100 00—Mrs. Frederick Chase.  
10 00—Mrs. Dwight Evans.  
1 00—Mrs. George Winchester.  
4 00—Thomas Howard and Frederick Young.  
40 00—Neighborhood Club.

#### Tucker School

Picture—George Washington—Mrs. M. A. Perry.  
Bulbs—Milton Garden Club.  
Goldfish—Mrs. J. P. Merrill.  
Two sample books of Wall Paper—Mr. Max Lowman.

#### Belcher School

\$25—Belcher-Collicot Association.  
Bulbs—Milton Garden Club.  
Map of Massachusetts—Mrs. James Park.

#### Vose School

Bulbs—Milton Garden Club.

### Standing Committees Discontinued

For many years it has been the practice of School Committees in Milton to organize with Standing Committees of Finance, and Text-Books and Courses of Study. The bulletin upon Massachusetts Public School Administration states, "The practice of electing a number of subcommittees is inadvisable. In the interest of efficiency, school business should be transacted by the committee as a whole, and not delegated to subcommittees. When the transaction of a specific item of business is facilitated by reference to a special committee, such committee should be appointed temporarily."

This policy was adopted when the Committee organized in March and business during the remainder of the year has been transacted accordingly.

### Economies

Strict economy was practised by the School Committee during 1932 in order to relieve the financial burden upon the Town due to unemployment. Total expenditures and per capita expenditures were reduced:

- (1) by withholding all salary increments.
- (2) by eliminating two teaching positions.
- (3) by replacing teachers who resigned with others at lower salaries.
- (4) by securing contracts for coal and transportation on more favorable terms.
- (5) by making minimum allotments for repairs to buildings.
- (6) by limiting expenditures for text-books and school supplies to lowest amounts permissible considering increased enrollment.

### Appropriation for 1933

For 1933 the School Committee asks no increase in the number of teachers although a large increase in pupils to be enrolled is certain. The appropriation of \$299,631, which we ask, is fifteen thousand dollars less than voted last year, and will be possible only by a ten per cent release from all salaries in excess of \$1,000. Unanimous and prompt acceptance of the proposal leading to this reduction of appropriation for schools is most gratifying evidence of the fine spirit prevailing in the Milton Public School System.

### Social Service

Throughout the year it has been our purpose to insure the highest quality of teaching service for the children in the public schools by maintaining the morale of the teaching staff. The spirit of service has prompted teachers in Milton to contribute generously to social welfare far beyond the requirements of their contracts. Cordial relations, large and enthusiastic membership, and virile programs of parent-teacher associations have been due largely to leadership within the schools. These organizations and the teachers' association have quietly and tactfully contributed to relief work for children. Generous effort has been given to promotion of recreational activities outside of school hours; and, as reported elsewhere, the maintenance of classes for unemployed young men and women through voluntary services of teachers has been a contribution of considerable significance.

### Salaries and Enrollment

The pay roll of the School Committee lists 145 regular full time or part time employees, —teachers, clerks, caretakers of buildings, and others. The annual salaries are graded from \$270 (for part time work) upward as shown in the appendix. For many years it has been the practice of Milton School Committees to pay low initial salaries which are, in the majority of cases, increased by schedule to fixed maxima. The wisdom, justice, and advantages of this salary policy have always been recognized.

(1) Systematic advancement has been an inducement through which the Town has profited by contracts with excellent teachers at low pay for early years of service.

(2) Systematic salary adjustments have retained good teachers. They have been free from the dissatisfactions and uncertainties which would tend to keep them continuously searching for positions elsewhere at higher salaries.

(3) "Politics" and "pull" are eliminated as a means of securing promotion, thus avoiding one of the worst conditions that might effect the high standard of our schools.

(4) Provision of small increments (\$50) for completion of approved courses of professional study has stimulated advanced training in progressive methods of teaching.

(5) Maximum salary ratings, usually attained after approximately ten years of continuous service, provide an opportunity for moderate savings and decent retirement.

All provisions for annual and professional increments, and sabbatical leave privilege were cancelled for 1932 in order to effect a saving which amounted to \$4,000. As conditions of 1933 appear unfavorable, the School Committee has obtained releases of ten per cent of all salaries of \$1,000 or over. Adjustments have been made in salaries of eight teachers who completed professional studies already in progress in January, 1932, before the ruling of the Committee was made. Annual increments were automatically restored in 1933, as the suspension of that portion of the salary schedule was limited by

the Committee to 1932 only. The average salary for all full-time employees (ten per cent releases considered) is now \$1,736.42. Under the State law, a further deduction of five per cent is taken from salaries of teachers in contribution to retirement funds. Therefore, salaries of teachers listed in the table referred to in the appendix are reduced by approximately fifteen per cent. The saving to the Town by the ten per cent releases of school employees is estimated at \$27,324.80.

During 1931 the number of teachers in the schools decreased while the enrollment of pupils increased by 142. In September, 1932, a further increase of 162 in enrollment demanded the services of three additional teachers of so-called general subjects. As already stated two teaching positions for "special" subjects were abolished. The estimated 1933 pay roll for teachers, all adjustments, releases, changes in personnel, enrollment increase included, totals \$224,345, or \$13,394.68 less than actually expended in 1932.

Superficial examination does not reveal the great variation in responsibilities and duties of the large number of employees of the schools, but study of the table of salaries will give an idea of the complex nature of the salary problem.

### School Enrollment

Increase of enrollment in our schools for 1932 was 162. The rapid growth of the Town continues, as shown by chart on Page 315 and in the following table:

#### MEMBERSHIP DECEMBER 31

<i>Schools</i>	1931	1932	<i>Increase</i>
Senior High . . . . .	531	602	71
Junior High . . . . .	686	739	53
Belcher . . . . .	306	293	—12
Collicot . . . . .	491	529	38
Tucker . . . . .	668	668	0
Vose . . . . .	280	269	—11
Glover . . . . .	83	106	23
Totals . . . . .	3,044	3,206	162

### Building Needs

The Belcher and Collicot School buildings are adequate for present needs, but it appears that the enrollment in the Collicot School will reach the capacity of the building (600) in about two years under the existing rate of population increase within the district.

In the Glover School there are three classrooms, each accommodating two classes taught by one teacher. There are now about thirty-five pupils for each teacher and any larger enrollment in this building would make it more difficult to maintain proper standards.

The Wadsworth School has not been in use since the Collicot was completed. The building affords no possibility for relief of the High School, and it is not required for elementary pupils within the district east of Randolph Avenue. It is an old wooden building, a fire hazard, and expensive to maintain and operate. The relatively large expenditure needed to put this old building into condition would be considered a waste of money.

However, the Committee is unprepared to release the building until some definite progress is made in solving the present acute housing problem.

The Tucker School continues to be overcrowded. As registration in this district remained practically unchanged during 1932 no new problem has arisen. The congested condition of the Tucker School should be relieved as soon as the Town can undertake the expenditure necessary.

At the present time the School Committee does not recommend the construction of an elementary school on Eliot Street, although such extension of facilities would afford much-needed relief.

Alterations within the Vose School as recommended to the Town at the May meeting by the Special Committee on Schoolhouse Accommodations would afford a considerable increase in the seating capacity of the elementary schools at a minimum expense.

The High School was designed for one thousand pupils. Within this building classes are now maintained for 1341 pupils. All rooms are in use and two corridors have been converted into classrooms. It is probable that the office of the principal will be moved into a corridor, and the office of the Superintendent moved into another building in order to make room for additional classes in September, 1933. This will utilize the building to the absolute limit. Ten years' enrollment figures show constant or accelerated growth. Indications are that the school will number 1600 pupils in September, 1934, and 1750 the following year. It now appears inevitable that some form of platoon system will be forced upon the High School before new space is provided. This eventuality is most unfortunate and detrimental. Such a condition is sure to arouse justifiable criticism and protest over neglect or failure to provide schoolhouse accommodations for the growing population of the Town.

There are suitable building sites which may be acquired by the Town at reasonable cost. This step should be taken without delay.

Statistics

From statistics it is possible to make authoritative statements. Without the data compiled by the Massachusetts Department of Education reports upon matters of importance would at times be largely opinions.

In the appendix we submit a tabulation of expenditures for support of schools in terms of local tax rates. This table supplements the information upon school costs and municipal valuations included in the report of the Committee last year.

The Town of Milton received \$23,492.50 at the close of 1932 from the State in partial reimbursement for school expenditures. The amount of this credit is dependent upon the standard of school support by the Town, and is subject to forfeiture if the Town fails to comply with certain minimum requirements.

It will be noticed that fifty cities and towns, including Boston and surrounding localities, expended from local taxation for school support sums varying from \$4.82 per \$1,000 valuation for Brookline to \$15.22 for Revere. The portion of local tax allotted to schools varies from less than twenty per cent to more than forty per cent. The table shows conservative management of Milton public schools. The same indication is given in the costs per pupil reported by the School Committee in 1931. Comparison with State averages is as follows:

YEAR ENDING DECEMBER 31, 1931

	<i>Expenditure for School Support from Local Taxa- tion per \$1,000 Valuation</i>	<i>Rate of Total Tax per \$1,000 Valuation</i>
Milton . . . . .	\$7 83	\$25 60
State Average . . . . .	9 03	29 92

From these figures it is evident that a ten per cent reduction of school costs in Milton is equivalent to a difference of 78 cents in the tax rate, or a saving of \$7.83 to the owner of real estate assessed at \$10,000. Clearly our economic problem can be relieved to a scarcely appreciable extent through further curtailment of public school support.

For presentation of the real values from public schools we urge your thoughtful consideration of the report of the Superintendent.

Respectfully submitted,

ARTHUR W. VOSE, *Chairman*,  
JAMES G. RUSSELL, *Secretary*,  
FRANCIS C. BATES,  
MARY MILEY,  
GEORGE J. DESMOND,  
LEONARD M. PATTON.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Milton School Committee:*

Public school education is vitally necessary to maintain stability of our social order and sound democracy in government in Milton as elsewhere. Present conditions stress the need of placing supreme emphasis upon supreme values in our community life. Surely the education of our children is among the first of these.

Taxpayers assent to this as an abstract proposition, yet allow it to be defeated in practice by the undermining influences that attack the details essential to successful functioning of the whole. The schools belong to the people. It is imperative that the people understand the importance of these details to the complete educational service of the public schools.

## Education At Ten Cents An Hour

Education of our children, unlike most other community responsibilities, is a large-scale undertaking that effects the life of all the people in a very vital way because children are a large and vital part of that life. Their development has to do with the present, but in an even larger measure with a generation or more of the future.

Statistical measurement cannot comprehend all the influences of public school education in the lives of children or in the life of the community that pays the bills. Tangible blocks of educational development cannot be set down as a column of figures in a financial report over against a column of expenditures of the annual appropriation for support of schools and a balance or deficit shown; the loss in children's education due to reading books several times instead of reading more books cannot be shown with a slide rule, yet it is plainly evident in the budgetary item for text-books; the influence upon children of attending school in a rundown building, or in an overcrowded room, or worse still with an inadequately trained, inexperienced, harassed teacher, cannot be reduced to figures, but will permit a so-called saving in the financial column of the annual budget. The return of a normal day will reveal the results of unwise retrenchments forced upon public school education in some communities as measures of expediency or compromise under pressure of various money-saving forces. Those who profit most in money are not the same as will lose most in education. The loss to the community is deferred to a later day. To foresee and avoid these conditions is the part of wisdom.

General education has been the greatest factor in the brilliant material progress in this country, yet its nature is such that it cannot be set forth on a financial sheet. "In education we invest money but we take out something vastly different. The product of education is character, personality, skills, and the abiding changes wrought in the child. The product of education is not dividend in money." Because of this, the public schools become the object of attack particularly in a time of financial stress. The total cost looms large when considered alone, it is quite different when other related facts are considered. **The cost from town taxes for support of schools in Milton for the year 1932 was less than ten cents an hour of school time per pupil. Can Milton, which ranks tenth in valuation among all towns in the Commonwealth with population over five thousand, afford to spend less?**

## High School Accommodations

Your attention has been called month by month and year by year to the increasing number of pupils in the High School building. The rate of increase accelerates. Superior ability of the Principal to organize and provide for all of the complex activities of the school has made it possible for 1,340 pupils to attend school this year in the space originally planned for 1,000. Corridors and storage room have been converted into classrooms. At the beginning of the next school year the 259 pupils now of sixth-grade rank will come into the building to take the place of 132 of twelfth grade to be graduated at the close of the present school year. A net increase of 127 is expected. It will take several years to provide a new building. The parents of children now in school should know that money is being saved to the detriment of their children's education.

The report of the Principal of the High and Junior High Schools deals with the matter more fully.

### Mass Education

In our schoolrooms the teachers are working faithfully to provide such educational development for each pupil that he will think things through for himself to a tolerant understanding of real values, and to preserve all of his growing individual characteristics that are worth while. These are necessary in the constant readjustment he is compelled to make to fast-changing conditions of living.

Mass-production methods are economical and may be efficient in some phases of school work such as the system of grades, standardized rooms, furniture, books, equipment, drill and chorus work, and class schedules. It must be noted, however, that the feature of mass-production that is the most valuable in industry is the most deadly in public school education. That is the principle of standardized product which requires that each unit produced must be like every other.

In every group of unselected school children there is a wide range of capacity for education just as there is great difference in height, weight, and other more noticeable characteristics. This is commonly recognized. Rigid application of the mass-production principle to public school education fails at this point. Even though it may be stated that it is not the children but their particular qualities that are standardized, the application is as objectionable as it is impossible.

Economic pressure may bring about crowded classrooms in which both the rate and content of instruction are gauged to the learning capacities of about three-fourths of the pupils with no further provision for the very slow or the brilliant, yet within the large group there remain unsatisfied a wide diversity of individual needs. Valuable personal traits of some are provided with no outlet for development. Pupils who learn at a slow rate build up attitudes of defense because they cannot keep up to the pace set for the group.

For several years we have studied the problem and encouraged measures to preserve and develop the desirable traits of each child. The special class, required by law, is providing constructive teaching for backward children who cannot profit by that given in the graded classes. This type of pupil has long been recognized as needing such attention. The fact that children endowed with exceptional capacities also need special opportunities for development, has not been so generally recognized.

In three of our elementary schools opportunity rooms are open to children in the intermediate grades who give evidence of capacity for more rapid and extensive development than is provided for in the regular graded classrooms. Increasing enrollment in the schools has made it possible to organize these groups without greatly increasing the cost. At the Tucker School no room is available. Our problem becomes more acute with the constant increase in number of pupils and lower appropriations for support of schools. And yet, "The most important fact about any population, as regards its potential wealth, industry, standard of living, and general culture, is the proportion of its members who grade above a certain high level of intelligence. Individuals of surpassing intelligence create national wealth, determine the state of industry, advance science, and make general culture possible."

The policy of providing for educational development according to individual capacity should not only continue in our schools, but should receive greater emphasis.

Provision should be made to determine more scientifically what each pupil is capable of doing. Advantages of opportunity rooms should be extended to more pupils. Self-education should be encouraged, not as home-study assignments, but as directed activities in line with the pupil's own interests and fostered by parents. These should supplement all the recognition a teacher can give to individual ability in the regular classroom. In this direction the path of progress is open.

## REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

*My dear Mr. Turner:*

My sixth annual report as principal of the high school and junior high school is herewith submitted.

### Enrollment

The most urgent current problem that confronts the high school is the provision of available space for the rapidly expanding student body. The enrollment of the senior high school section has increased one hundred and thirty-two per cent during the past ten years. The size of the graduating classes has doubled. The total membership in the building has increased eighty per cent.

During the four months which have just elapsed thirteen hundred and seventy-two pupils have registered. The normal daily enrollment exceeds by more than one third the specified capacity of the building. The accession of new or additional pupils continues without diminution. The increase is caused primarily by the increase in the number of homes in the town. The constant absorption of extra pupils gives rise to a very pungent question. How crowded, dangerous, or intolerable must conditions be in the public secondary schools of Milton before tangible provisions will be made to remedy the situation? Unless constructive plans are quickly instituted to enlarge the space available for high school classes the school day for each child must be shortened to a few hours and the high school operate on a two-platoon system.

### No Increase in Teachers

Additional teachers will not be needed during the ensuing year. The pupil teacher ratio during the current year is twenty-five pupils for each teacher. Of course a larger school enrollment will increase the pupil average for each teacher. However, there can be no relief from additional teachers next year. Extra rooms in the building will not be available. More pupils must be jammed into the present available quarters. Perhaps more seats can be placed in the front of some rooms. Perhaps aisles can be eliminated. Perhaps two pupils can share one seat. The question inevitably arises how flagrantly must the laws which concern fire hazards, health, and education be broken or ignored before individuals are denied the opportunity of enrollment.

### Post Graduates

The number of post graduates has increased very perceptibly during the current school year. The causes of the increase are primarily economic. I do not believe that the post graduate tendency ought to receive permanent encouragement. Pupils have been accepted with as light or as heavy schedules as they wished. Leniency has been extended in order that these youths might be developing worthwhile interests during months of unemployment or adjustment. Many high schools make restrictions that post graduates shall take a complete schedule, or that their standard of work shall be passing in every subject, or that they shall maintain a college certificate grade average.

### Unemployment Classes

Many special students who have not been registered as members of the school have received instruction during the autumn and winter. Specialized work has been carried on by some pupils. Extension courses under the guidance of a local instructor have been pursued by several. Teachers have freely contributed their services during late afternoon classes for unemployed young people. The greater part of this work is in the commercial field. Several youths have evinced remarkable interest in the opportunity.

### Curriculum

The current extensive organized program of propaganda for wholesale retrenchment in public school opportunities occasions a scrutiny of the offerings of the program of studies. It is true that attention is focussed today on different subject matter than in the previous century. It is also true that many subjects have been supplanted by more modern courses. These changes have been inevitable. Some of the old courses would be as useful today as the town watering trough. Changes have been made in response to the new demands of life. Moreover, the high school of today is not a selective institution. It aims to offer education to all the children of all the people. Secondary school education as a step toward a professional career was once the primary function of high school. Today the minor positions of industry and business demand the equivalent of a high school education as an entrance requirement. The general educational place of economic and social life has advanced.

The growth of Milton High School in the past decade has been exceptional. The twenty-five hundred per cent growth of high school population in the entire country during the past few decades has been phenomenal. This marvelous increase necessarily has involved expense. It costs more to educate every boy in ten than to educate one boy in ten. The results, however, justify the expenditure. "Education is our only indispensable business." It is a debt to youth—an obligation of one generation to another. This obligation society cannot afford to default. High school education is a long-term investment by society. Is it mere coincidence that the national wealth increased enormously during the past four decades? The national domain or raw materials increased not at all. Is it mere coincidence that out of all the centuries of known history the greatest period of scientific discovery and invention followed quickly the adoption of a system of free public school education? How many youths of adolescent age can afford secondary education at a private school with a tuition many times the cost of the public school? Would our country benefit by lowering the level of general education? Would a system of secondary school education for a few youths of affluence be a solution for our social problems?

Opportunity for education accessible to all the children of all the people involves the problem of curriculum offerings. The education should be varied according to the capacity of the individuals and the needs of democracy. The public high school should provide education for living, whether the recipient enters industry, commerce, agriculture, or the professions. Some young people are able to master and absorb very little of educational value from Latin, French, or abstract mathematics. It is not only a waste of a child's time (a more valuable potential resource than any other I know) but it is a flagrant waste of public money for a child to be compelled to struggle towards an impossible accomplishment. This condition is already entirely too prevalent due to parental aspirations. Of high school pupils only the upper one third in intellectual ability or scholastic achievement derive any real benefit from a standard collegiate education.

Many young people at Milton High School intend to enter business life as soon as possible after graduation. It is essential not only for the welfare of these young people but also for the benefit of society of which they will be a part that they should have had opportunities to develop accurate clerical skills, to understand the broad principles of business, and to acquire the knowledge and inclinations which are the bulwarks of good homes and good citizens.

There is another group of pupils who are especially unfitted for courses with any form of abstract thinking. These young people are frequently endowed with personal attributes and qualities which are valuable assets. However, regardless of their innate abilities or social attributes they will intermingle with society in all phases of public and private life. It is not only to their personal advantage but the public welfare makes it imperative that opportunities commensurate with their abilities and in accord with their needs be provided.

It is my personal belief that, all factors considered, there is small difference in the school costs of various courses. The courses with a high degree of cultural and civic value cost neither more nor less than courses with a high degree of utility value. The subjects primarily designed for college preparation are neither more expensive nor less expensive than the commercial branches. Courses which pertain to foods, clothing, physical education, work with tools, or music cost neither more nor less than traditional academic studies. Specialized facilities in school are not expensive if they are kept occupied with pupils. Education—the patrimony of youth—the seed corn of democracy—must be protected.

### Standing of the School

The determination of school standing as generally understood is an evanescent problem which cannot be solved at present. Frequently the statement is made that a certain high school ranks today or has ranked in the past first, second, tenth, or sixteenth in the state. Presumably the reference implies a scholastic rating or standing. There is no agency or institution—governmental, collegiate, or otherwise—that attempts to rank high schools upon any academic evidence. There are state reports which show how well various communities furnish financial support for their high schools. The Massachusetts state reports clearly show in statistics that the Town of Milton does not expend as much money on its high school as the position of the town in valuation and current resources warrants. This statement is not intended as a criticism of the Town. It is merely intended to show that in the sole available statistical ratings of high schools the scholastic results of the school are not measured. The sole factor rated is the willingness of the town to support education as attested by the financial support the town has rendered.

It is my opinion that Milton High School ranks high. This opinion is gleaned from direct investigations I have conducted concerning the records of individuals at higher educational institutions, from opinions of college deans, members of the Massachusetts State Department of Education, and members of the National Survey Commission; from reports contributed by employers, and from information from the graduates of the school.

It seems more than a coincidence that there are always Milton High School graduates in the large national universities who establish exceptional scholastic records. It evokes a sense of pride to know that year after year many graduates with wholesome and substantial scholastic backgrounds are making creditable records in the upper divisions of their classes at higher institutions of learning. The commendable showing of Milton High School is almost entirely attributable to devoted teachers who remained at their posts by the decade while pilots at the helm succeeded one another in rapid succession. These real lovers of growing youths have kept the ship true to the charted course while new principals have struggled to get their educational bearings.

Respectfully submitted,

GEORGE C. MARSDEN,  
*Principal.*

January 5, 1933

### REPORT OF SCHOOL PHYSICIAN

*My dear Mr. Turner:*

This report will cover the time from May, 1932, when I began my duties as school physician, to the present date. Prior to May, 1932, the school health work was in excellent condition under the supervision of Dr. Chester L. Glenn. When I assumed my duties I found there was little I could suggest in the way of constructive criticism to the well-functioning organization which was caring for the health of school children in Milton.

At this date the health work is being carried on efficiently with the able assistance of Miss Rogers, the school nurse, and the enthusiastic cooperation of the teachers and parents.

During the last part of the school year of 1931-32 the daily visits by the school physician to each school were continued. No matter of importance occurred. During the time covered by this report, however, several emergency calls have been received. I am glad to be able to report to you that they were answered promptly. The injured child in each case was cared for without delay and treatment was given by the child's own physician after the necessary first aid treatment had been done.

Our work during the first term of this year was concerned mostly with the yearly physical examinations. During the course of these examinations several cases of severe illness were discovered where there was no suspicion that trouble existed. These children were sent to their own physicians for advice and treatment at a time when their illnesses could be better treated than they might have been at a later date. The fact that we were able to offer this assistance was gratifying.

The yearly physical examinations have been completed and notices of defects have been sent to the parents. This year all the children except the girls of the high school were examined by the school physician. This is a change from the procedure followed last year when the school physician examined only the boys. The girls in the high school were examined by Dr. Janice Rafuse.

The results of these examinations are as follows:

	<i>Examinations</i>	<i>Defects</i>	<i>% Defective</i>
High School . . . . .	1343	361	27
Vose School . . . . .	269	44	16
Tucker School . . . . .	665	138	21
Glover School . . . . .	105	24	23
Collicot School . . . . .	560	127	23
Belcher School . . . . .	296	79	27

The defects noted above do not include teeth and minor defects of posture. On the other hand they are not all serious defects but merely represent conditions that should be called to the attention of the parents in order to promote the future welfare of the child. The defects in posture, except the most severe conditions, are cared for in posture clinics in the schools. These posture clinics, I believe, form an important part of the school health program.

The Fresh Air Room at the Collicot School is functioning well and provides an important link in the school system as it allows the children who have certain physical handicaps to continue their school work. Without this valuable service these children would, in many instances, lose many months in school.

The children who are mentally retarded and those who are unable to do the usual school work for their respective ages are also being excellently cared for at the Collicot School in a special class. The aim of this service is to give a child all the school training he has capacity to absorb. If he shows by trial that he cannot go on with school work, parents are so advised. If the child is merely slow to learn he is taught in a manner which allows him to learn within his capacity to absorb his school work. These children need this special attention as they would be unable to continue in the regular classes.

Both of these classes have a definite economic value to the school system and society. The Fresh Air Room enables children to continue their education at a time when they might have to postpone it indefinitely. In this manner they can take their respective places in society sooner than they would if valuable time were lost by absence from school. The special class for the backward children enables each child to find the place he is able to fill in society much sooner than he would without this special training. If one of these children is unable to continue at high school, it is a waste of parent's money and teacher's time to try to force him to do so. It is better to meet the facts and know that certain children can do so much at school and no more. In properly grading children according to their mental capacities actual dollars and cents can be saved.

In conclusion, I wish to thank Miss Rogers for her kind cooperation and express my appreciation of the enthusiastic help which has come from the teachers in charge of the children. It is only by working together that we shall succeed.

Very sincerely yours,

DAVID W. SHERWOOD, M.D.

January 2, 1933.

## REPORT OF SCHOOL NURSE

*My dear Mr. Turner:*

It is sometimes well to view a "field of battle," so to speak in a new place, while one is in an unbiased and open frame of mind. While I am still in that frame of mind, I should like to say that Milton's School Health Department is workable, practicable, adaptable, and productive of results. The foundation laid by our predecessors is one of the finest that I have ever seen. Dr. Sherwood and I have been very busy carrying on the work involved in the wide-spread program of Dr. Glenn and Miss Robinson. We pay the highest tribute to them.

Speaking of the vastness of this program, I should like to outline the main features constituting health work from a nursing point of view, and to give a few statistics handed over to me by Miss Robinson, the former school nurse. School always opens in September with a tremendous amount of energy ready to be released in all departments. Teachers and pupils alike feel physically fit. Then physical health examinations begin and we discover just how fit everyone actually is and if not what can be done about it. These examinations, plus corresponding notices sent home, which list various defects and suggest a further check-up and treatment by family physician or dentist, take us through the Christmas vacation.

This period is necessarily punctuated by every-day routine such as First Aid, Clinics, Conferences, necessary home visits, and a careful check-up of Fresh Air Room applicants. These are mostly self explanatory except, perhaps, the State Ten Year Follow Up Clinic, originated as one of the most outstanding steps taken by the State in early detection and prevention of Tuberculosis. Every fall the State authorities send out an X-ray technician, followed by a doctor and Nutritionist to re-X-ray and re-examine those pupils still remaining in the clinic. There were thirteen left to be examined this fall. This dwindling number is a great source of satisfaction, considering that when the clinic started in 1927-28 there were sixty-seven candidates recommended for further follow-up. The Fresh Air Room, under the leadership of Miss Phipps, with an enrollment of nineteen pupils, is doing its best toward solving physical problems, and at the same time attempting to keep up the educational progress of each pupil. Milton has just cause to be proud of this room, with its record of results already accomplished. In this room are pupils who would doubtless be unable to attend school; some who would be able to attend for only part time; those who, because of extreme malnutrition, excessive nervousness, or some special handicap attributable to various causes would have great difficulty in keeping up with a regular classroom curriculum. It is very evident that the parents have co-operated and have manifested their active interest and are as pleased as we are with the results.

It might be well to mention immunization tests for Diphtheria. This year the Board of Health, in co-operation with the School Department gave tests during school hours. This should greatly facilitate keeping our records more accurately. I find that many people are confused regarding this test. Perhaps the following information furnished by the State may prove to be helpful.

1. All children under ten years of age should receive three doses of Toxin-Anti-Toxin. This should be followed in 6 to 12 months by the Schick Test, which test is merely a scratch on each forearm with a toxin and control. This is inspected by the doctor within three days and the results are either a negative reading, which means the child is immune from diphtheria for life, or a positive reading, which means the child is susceptible to diphtheria and should have the whole performance repeated.
2. All children over 10 years of age, as well as adults, should have the Schick Test first. This should be read within 3 days, and if a positive reading is made the person should have 3 doses of Toxin-Anti-Toxin followed in 6 to 12 months by the Schick Test, with its subsequent reading. Due to this preventive treatment, Diphtheria is becoming more and more a disease of the past.

The second stretch of work, extending through the winter months, is, with the exception of regular routine previously listed, devoted to defects. Compiling lists of defects for the various departments is necessary. This means that all examinations must be completed, i.e., physical, dental, eye and ear tests. Most important is the co-operation with the parents in securing correction of the outstanding defects.

Soon after this branch of the work is completed comes "May Day"—a day set aside all over the country, known more commonly as Child Health Day. On this occasion,

Physically Fit Tags are given to pupils who have no defects; Improvement Tags to those who are still in the process of having their defects corrected and Teeth Tags to those who have completed their dental work. The number of Physically Fit Tags given out last year was indeed a credit to the close co-operation between parents and the school.

Last, but not least, comes the Pre-School Clinic. This is best explained by the slogan "Enter your child in school in September 100% Physically Fit!" By having a physical examination in the early summer adequate time is allowed before school opens for a correction of defects if any are found. This saves loss of school time later on and insures a better start for the beginner. Last year the results were as follows: At the school clinic 85 Pre-School children were examined and found to have defects of major importance and the follow-up work on these cases was turned over to the Milton District Nurse Association. Information from the Metropolitan Life Insurance Company shows a greater improvement in Health in 1932 than in any of the past 10 years, due to co-operation and continuous efforts of combined Public Health Services. Let us continue so that there will be no depression in Health in 1933.

At this time I wish to express my thanks to all departments, organizations, and parents for the support they have given me during my first six months in Milton.

Very truly yours,

HILDA M. ROGERS,  
*School Nurse.*

January 3, 1933.

## THE FRESH AIR SCHOOL

The Fresh Air Room is located in the Collicot School in East Milton. It consists of a schoolroom, a sun porch and a kitchen. It is equipped with windows each of which open in two sections so that they can be tilted to keep the air fresh and cool without any draft blowing on the children. A door from the room opens on to a balcony where the children rest three times a day except in storms or extreme weather. Another door leads to a small, compact kitchen where the meals are prepared.

Each child has his own cot and blanket which he keeps for the year. The cots are the army, folding type. Each child also has an Eskimo suit consisting of a jumper, trousers, a hood and socks. This suit is worn in cold weather, for the temperature in the room is kept low as the name "Fresh Air School" implies.

The children begin school in the morning at the regular time and continue their school activities until ten o'clock. At ten they are served milk and crackers or cocoa and crackers. Then they lie on their cots for half an hour. School work is done until 11.45 at which time they rest until about 12.40. Then they get up and have a hot, hearty dinner. At 2.15 they have their final rest period, and may have crackers, or fruit or some such "snack" before going home. Thus the school day is shortened for them and the frequent rest periods keep them from getting nervously fatigued.

The supplies for this school are bought at wholesale and an effort is made to run the room economically and yet give each child plenty of well-balanced, nourishing food. Besides giving him at least a pint of milk to drink each day, he has dinner. The following are two typical menus:—Hamburg loaf, mashed potato, buttered beets, bran muffins, tomato juice, tapioca pudding; creamed salmon, baked potato, green peas, lettuce sandwiches, plum sauce. A child may have as much as he will eat and he is encouraged to eat heartily. We are fortunate in having a woman in the kitchen who takes a keen interest in the children's welfare and serves the meals attractively and economically. This winter, if sufficient money is raised, the children will be given cod liver oil under the direction of the school doctor.

Each child is weighed every week and individual charts are kept. A child at this age is expected to gain about half a pound a month. The average gain from September to December this year has been  $4\frac{1}{2}$  lbs. per child, with a range of from  $\frac{3}{4}$  lbs. to 7 lbs.

The children in the room are recommended for admittance by the school nurse, the school doctor, the State clinic, social workers and by local doctors. Many parents request that their children be admitted to this room and it is always used to its capacity of twenty children.

The children include those seriously underweight; those who need special care either following an illness or before an operation; tuberculosis suspects and contact cases; children who are excessively nervous, several asthma sufferers and a few who because of some physical handicap could not be in school otherwise.

Several times during the year the school physician meets each mother by appointment. At these private interviews the child is given a physical examination and the doctor discusses any problem of health. The consultations are welcomed by the mothers and

result in having defects such as enlarged tonsils and decayed teeth corrected and more attention given to diet and routine at home. That the parents are interested and feel that the work is beneficial is manifested in the following example of their co-operation.

We had found from experience that these children usually all lost weight during the Christmas holidays. In an attempt to minimize the losses we decided to write each mother before Christmas urging that the rest schedule be kept during the vacation. We were very gratified to find that all the children had either gained weight or held their weight except six. Of those six, two were ill and only four did not try to rest sometime every day.

It is very fortunate that the school has a well trained teacher with the disposition and temperament needed for working with this group of children. The regular school work is carried on and the children benefit from being in a small group.

The attendance of these children at school is usually better than when they were in the regular class rooms. Besides gains made in weight and in general health an improvement is noticeable in their social adjustment and in their attitude toward school and life. When children feel well and strong, they are happier, more enthusiastic and more normal in their reactions to their environment.

The cost per day for the food is twenty-five cents for those who can afford that amount. Some pay a part of that while others cannot pay at all. However, no child is refused admittance because of inability to pay and it is for these children who cannot pay and who need the care so much that money from outside agencies is needed.

The room may be visited at any time and the routine observed. A cordial invitation to visit is extended to those who have so kindly donated money in the past and to anyone interested in this work.

January 19, 1933.

JESSIE L. BOYD,  
*Principal, Collicot School.*

REPORT OF SCHOOL DENTIST

*My Dear Sir;*

The annual report of the School Dental Clinic is herewith attached. There are several changes and recommendations that are mentioned here for your consideration and that of the School Committee.

Due to increase in the school enrollment and to the economic situation there has been a very large increase in the demand for services at the clinic. The applications that are being received at this time are coming from a new source, that is from home owners and business men who have never requested dental service for their children since formerly they were not eligible for treatment at the clinic. Because of this situation the clinic is very much overcrowded with work.

A recommendation is offered that the investigation of family incomes and resources, now made at the time of the first application, be made annually and filed upon a suitable card with the school nurse. The children so approved after this investigation should be treated some time during that year. The next year a new list of children eligible for the clinic may be made. This should correct any unequalities that arise during the year.

I would recommend that all children in the lower grades be treated and educational work on the care of the mouth and teeth be included, so that when the children advance into the Junior High and High Schools no demands of this kind would be made of the school clinic. The work at this stage should be done at the office of the private practitioner. If this recommendation were carried out, I believe that more children in the lower grades would be benefited. To do this work in its entirety more time would be needed at the clinic or a hygienist should be employed.

There were examined during the months of September and October 3,151 children.

Number of children treated at clinic . . . . .	149
Number of appointments . . . . .	332
Number of children, work completed . . . . .	108
Number of extractions . . . . .	190
Number of cleanings . . . . .	119
Number of amalgam fillings . . . . .	169
Number of cement fillings . . . . .	139
Number one-half days at clinic . . . . .	65

Respectfully submitted,

December 31, 1932.

DR. WILBER H. MORRILL.

## REPORTS OF SUPERVISORS OF ATTENDANCE

Dear Sir:

I hereby submit my report as Supervisor of Attendance of Belcher-Collicot districts for the year ending December 31, 1932.

	<i>Belcher School</i>	<i>Collicot School</i>	<i>Senior High School</i>	<i>Junior High School</i>
Number of notices received . . . . .	24	0	10	6
Number of pupils kept by parents . . . . .	7	0	0	0
Number of pupils kept at home on account of illness . . . . .	4	0	0	1
Number of pupils kept at home for want of clothing . . . . .	3	0	0	1
Number of pupils kept at home for other causes . . . . .	11	0	0	0
Number of truants . . . . .	6	0	4	3

Respectfully yours,

December 31, 1932.

HENRY F. BRIERLY.

Dear Sir:

I herewith submit my report as Supervisor of Attendance for the year ending December 31, 1932.

	<i>Tucker School</i>	<i>Vose School</i>	<i>Senior High School</i>	<i>Junior High School</i>
Number of notices received . . . . .	0	0	0	4
Number of different pupils . . . . .	0	0	0	2
Number of pupils kept at home by guardians . . . . .	0	0	0	1
Number of truants . . . . .	0	0	0	1
Cases taken to Court . . . . .	0	0	0	1

Respectfully submitted,

ARTEMUS MACQUARRIE.

January 3, 1933.

### Conclusion

This report places particular emphasis upon the importance of public school education in Milton, the need to maintain it at a high level of value to our children in order that their development may best meet the requirements of living conditions both in the present and in the months and years ahead of them, and the general policy underlying all school activities to provide for individual growth so far as that can be done in mass education. The basic activities in our educational program continue with such adaptations to changing conditions as the demands of conservative progress make necessary.

The fine qualities of all with whom I am working are even more noticeable this year than in a year of general prosperity.

More specific information in respect to activities in the school system in their charge is presented in the reports of the Principal of the High and Junior High Schools, Physician, Nurse, Dentist, and Supervisors of Attendance.

Respectfully submitted,

HORACE F. TURNER,  
*Superintendent of Schools.*

January 16, 1933.

SPECIAL REPORTS  
AND  
STATISTICS

---

---

## QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

---

### 1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year, or later if their residence in Milton began after the beginning of the school year.

### 2. Tuition Pupils

Section 69. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High School, \$100 (One Hundred Dollars) per year in the Junior High School, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week from the time the bills have been rendered shall be required to discontinue their attendance at school.

### 3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at:

7:15 means no school sessions for all schools for entire day.

7:30 means no school sessions for all schools below the Junior High School for the entire day.

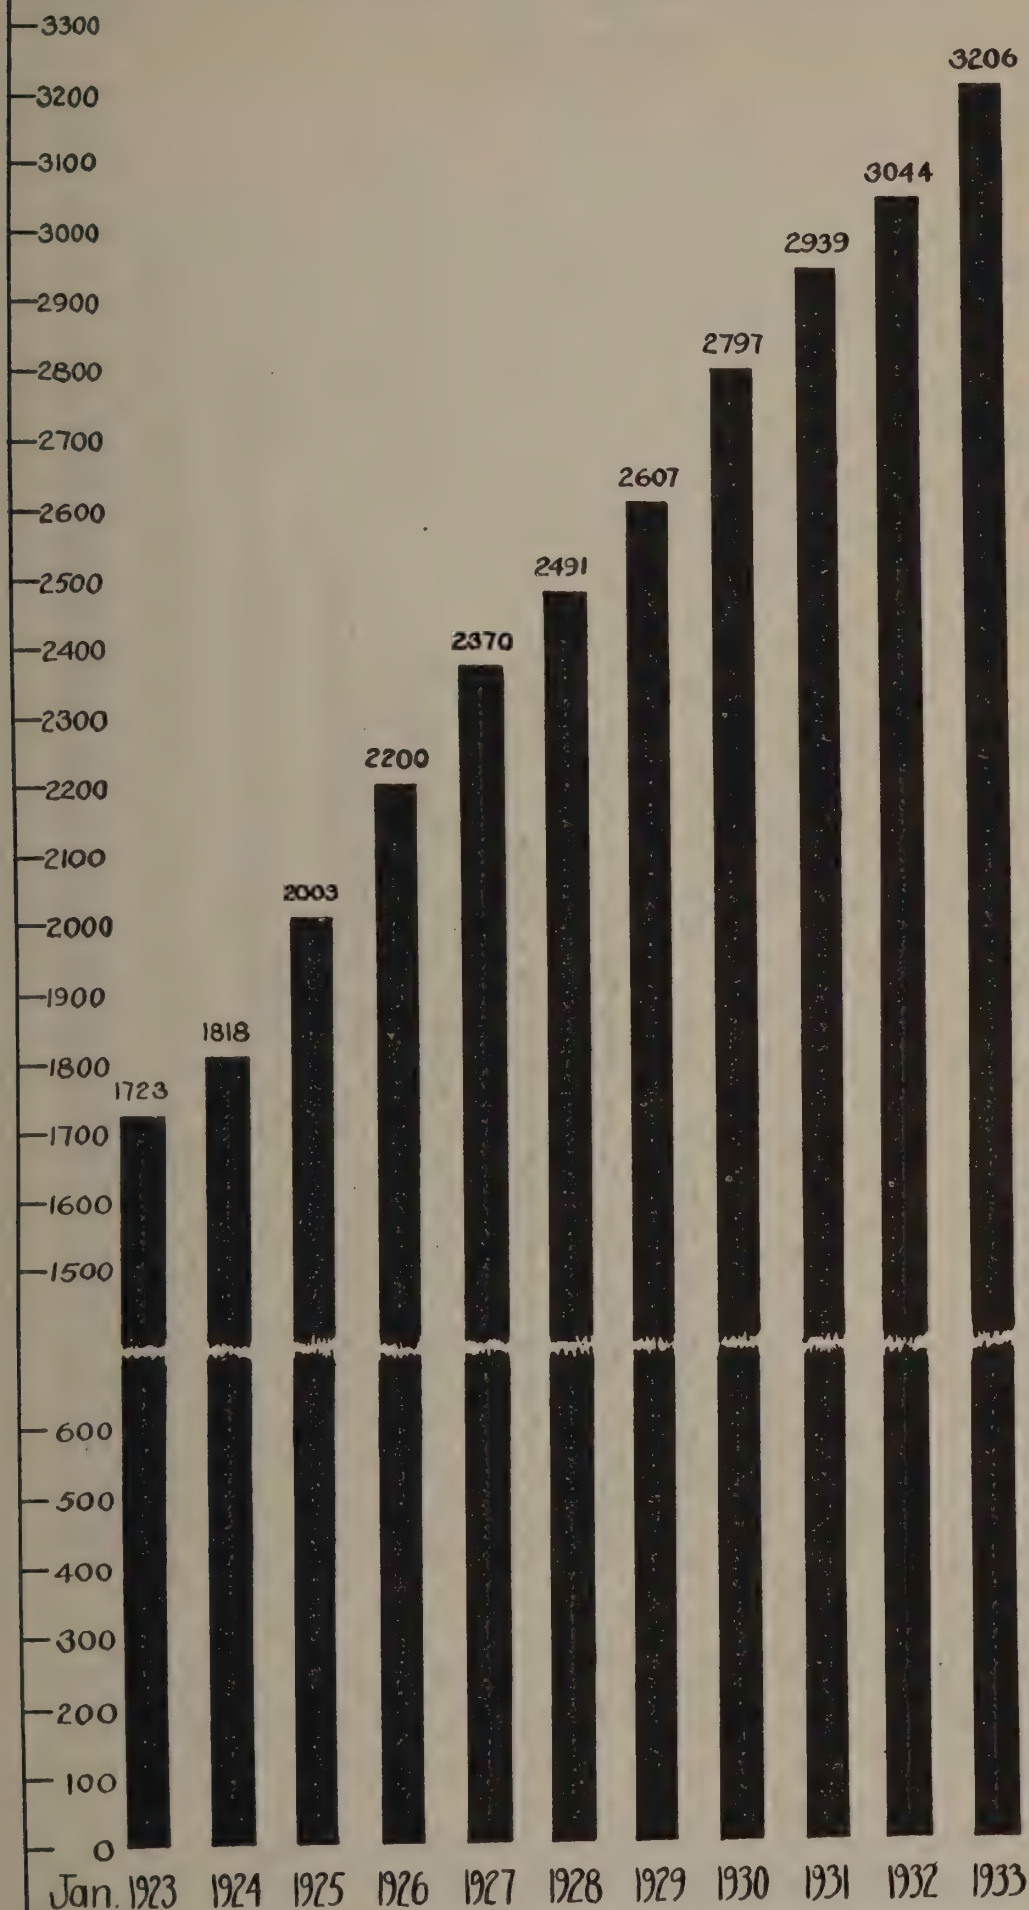

11:40 means no afternoon session for all schools below the Junior High School. This signal will not be sounded if the 7:15 or the 7:30 signal has been sounded. The session at the Vose School will not be affected by this signal.

The 7:15 signal will rarely be sounded, as it includes the closing of the High and Junior High Schools.

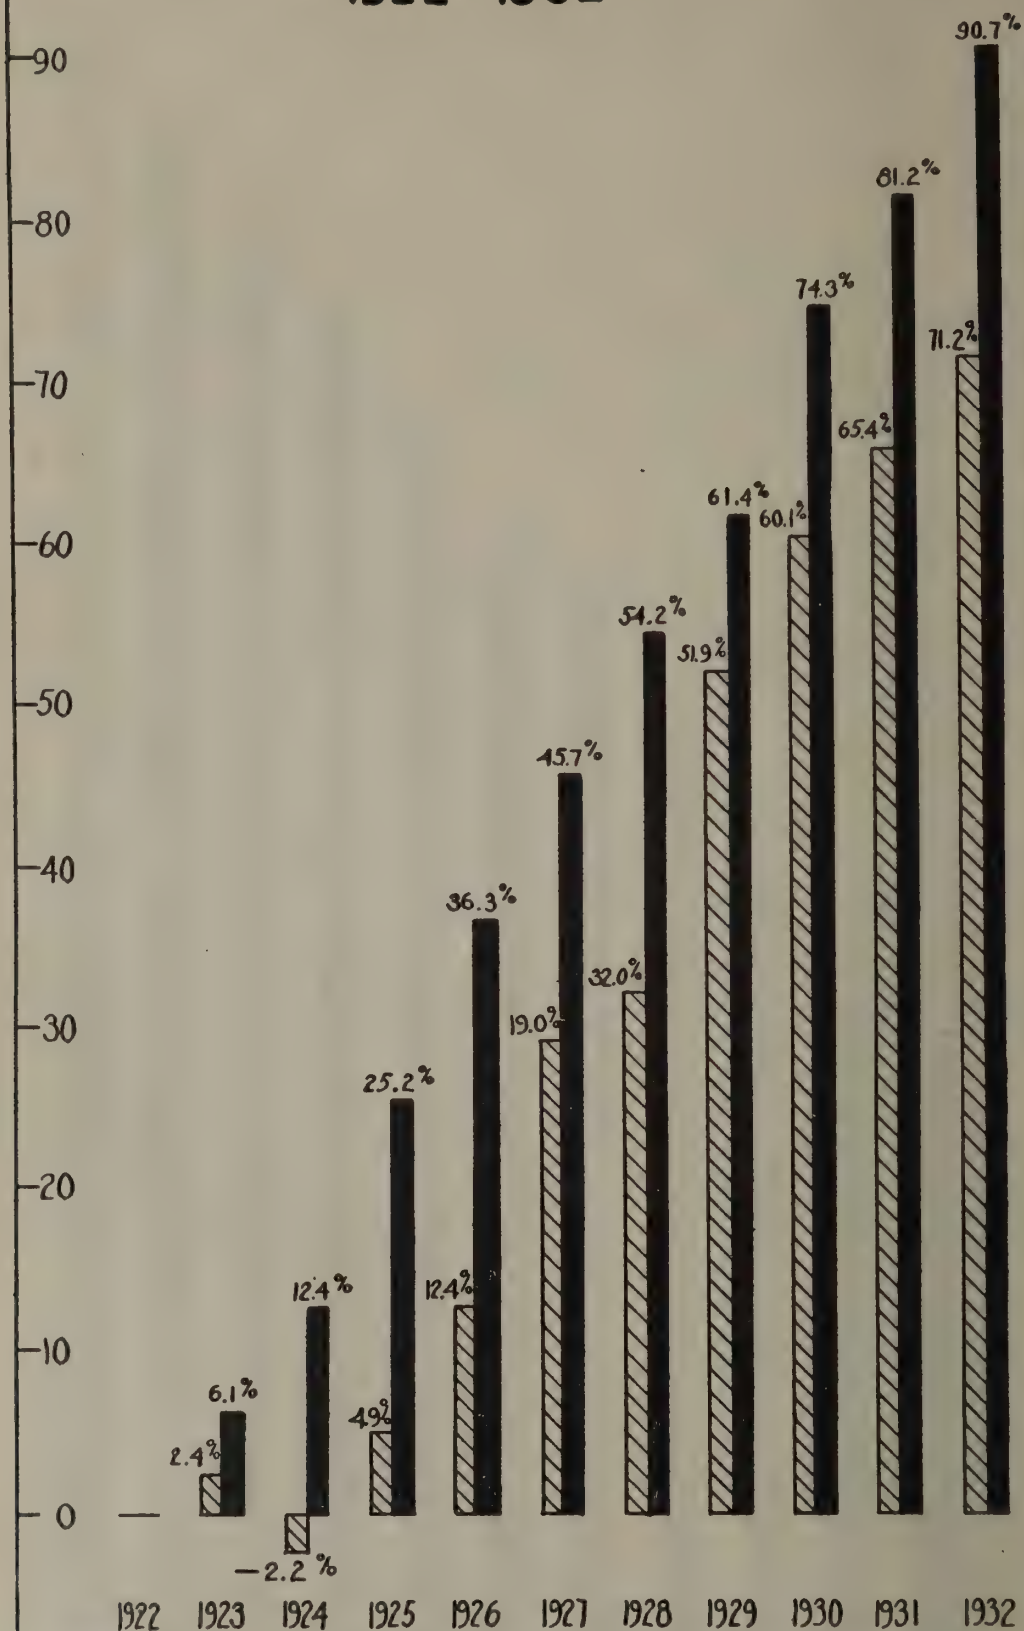

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

# INCREASE IN NUMBER OF PUPILS IN MILTON'S SCHOOLS

# COMPARISON IN PER CENT BETWEEN INCREASE IN NUMBER OF PUPILS IN MILTON'S SCHOOLS AND TOTAL EXPENDITURES FOR SUPPORT OF SCHOOLS 1922-1932

 Per cent increase of pupils in net average membership  
 Per cent increase in total expenditures for support of schools

From figures in columns 15 and 28 of annual report of The Department of Education Part II.

# EXPENDITURE FOR SCHOOL SUPPORT FROM LOCAL TAXATION PER \$1000 VALUATION YEAR ENDING DEC. 31, 1931

## HONOR ROLL

BARBARA ALBRET  
MILTON BERNARD  
ALICE BISBEE  
RUTH CLOSSON

GEORGE DOULL  
GEORGE FULTON  
LILLIAN MURDOCK  
HELEN REOCH

Members of the graduation honor roll have won yearly certificate marks in all their subjects during the three years of their course. They have been members of three successive annual honor rolls.

# STATISTICS OF CLASS OF 1932, MILTON HIGH SCHOOL

Total number of pupils in class—130

	<i>Boys</i>	<i>Girls</i>	<i>Total</i>
Colleges. . . . .	22	14	36
Other Institutions . . . . .	6	13	19
Graduate course, Milton High School . . . . .	6	19	25
	—	—	—
Total . . . . .	34	46	80
At work . . . . .	9	9	18
At home . . . . .	11	21	32
	—	—	—
Total . . . . .	54	76	130

Institutions now being attended by graduates of the class of 1932 is as follows:—

Boston University . . . . .	6	Lawrence Academy . . . . .	1
Massachusetts Institute of Technology . . . . .	5	Katherine Gibbs Secretarial School . . . . .	1
Simmons . . . . .	4	Cambridge Hospital . . . . .	1
Bridgewater State Teachers College . . . . .	2	Yvonne Hair Dressing School . . . . .	1
Mt. Holyoke . . . . .	2	Higgins Commerical School . . . . .	1
Boston College . . . . .	2	Boston College High School . . . . .	1
University of Chicago . . . . .	1	Chandler Secretarial School . . . . .	1
Duke University . . . . .	1	Morning Glory Beauty School . . . . .	1
Massachusetts School of Art . . . . .	1	Fisher Business College . . . . .	1
Northeastern University . . . . .	2	Massachusetts General Hospital . . . . .	2
Regis College . . . . .	2	Williston Seminary . . . . .	1
Holy Cross . . . . .	1	Bentley School of Accounting and Finance . . . . .	1
Kirkville School of Osteopathy . . . . .	1	Mount Hermon School . . . . .	1
Tufts College . . . . .	1	Thayer Academy . . . . .	1
Middlebury College . . . . .	1	Barry Shorthand School . . . . .	1
University of Alabama . . . . .	1	Chamberlain School of Everyday Art . . . . .	2
Lebanon Valley College . . . . .	1	Atherton Hall . . . . .	1
Hyannis State Teachers College . . . . .	1		
Springfield Y.M.C.A. College . . . . .	1		

The request for pupils' services the past year has decreased, as has all employment. However, we have succeeded in placing in temporary work, 26 different students. The work for most part was mother's helpers, and general work, such as raking leaves and washing windows. Of the 18 pupils who received permanent employment the Advisory Bureau placed 8.

# REVISED BY-LAWS

## Town of Milton, March 2, 1902

*Adopted by the Town and approved by the Superior Court May 20, 1902*

*The amendments to Chapters 2, 3, 4, 7, 8, and 10, adopted by the Town March 2, 1914, March 13 and September 1, 1915, March 11, 1922, March 14, 1925, March 13, 1926, March 12, 1927, March 10, 1928, June 13, 1928, May 28, 1932, March 11, 1933, were approved by the Attorney-General, December 10, 1914, May 8 and September 22, 1915, April 6 and July 19, 1922, March 26, 1925, March 18, 1926, April 20, June 21, 1927, June 11, 1928, September 24, 1928, June 1, 1929, June 29, 1932, May 12, 1933.*

*Chapters 12 and 13, adopted by the Town July 10, 1922 were approved July 11 and 21, 1922*

*The amendment to Chapter 12, adopted by the Town March 13, 1926 was approved March 17, 1926, March 11, 1933, May 18, 1933*

### CHAPTER 1

#### General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being thirteen chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not effect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word public way shall include any highway, town way, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; the owner or occupant of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word person may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any

act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

Sect. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

## CHAPTER 2

### Town Meetings

Section 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, the sense of the meeting shall be taken by the voices of the town meeting members and the Moderator shall first announce the vote as it appears to him by the sound.

If the Moderator is unable to decide by the sound of the voices or if his announcement made thereupon is doubted by seven town meeting members arising in their places for that purpose, the Moderator shall request the town meeting members to be seated, and shall appoint tellers; the question then shall be distinctly stated, and those in the affirmative and negative respectively shall be requested to rise and stand in their places until they are counted by the tellers, who shall report their count to the Moderator.

If the vote is further doubted and twenty-five town meeting members arise in their places and ask for a division of the meeting by the taking of the yeas and nays, then the roll of the meeting shall be called in alphabetical order and no town meeting member shall be allowed to vote after the vote is declared.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a certain time,
- to commit (or recommit) or refer,
- to amend or substitute,

shall have precedence in the order in which they are placed in this section; provided however, no article in the warrant shall be finally disposed of by a vote to lay upon table, to indefinitely postpone, or to take no action thereunder.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

Sect. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

### CHAPTER 3

#### The Warrant Committee

Section 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town Meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town.

On or before January first of each year each board, committee or officer of the Town shall file with the Selectmen, who shall transmit the same to the Warrant Committee, a statement in detail of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

The Warrant Committee shall include in its report of recommendations for the annual Town Meeting a statement setting forth the total appropriations so requested, the appropriations recommended, and the totals of such appropriations requested and recommended, and an estimate of the tax rate for the ensuing year if such recommendations are adopted.

### CHAPTER 4

#### The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors,

of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and land of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 480 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

Sect. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

Sect. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. The Selectmen shall keep full accounts in respect to the several separate appropriations and the drafts made against each and shall not approve any draft which does not state specifically the appropriation against which it is drawn, whether general or special.

Sect. 9. The Warrant Committee shall send to the Selectmen and to the Auditors certified copies of all votes whereby transfers are made out of the Reserve Fund for extraordinary or unforeseen expenditures.

Sect. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

Sect. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town,

the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

Sect. 14. The Selectmen shall appoint a Town Accountant, who shall perform the duties prescribed by law. At the close of each fiscal year he shall cause an audit of the accounts of the Town to be made under the supervision of the Director of Accounts, as provided by Section 35 of Chapter 44 of the General Laws.

Sect. 15. Whenever damages may be recovered against the Town under General Laws, Chapter 79, entitled "Eminent Domain" and acts in amendment thereof and in addition thereto, the Board of Selectmen, unless otherwise provided by vote of the Town, may exercise in the name and behalf of the Town all the powers granted in Section 39 of said Chapter relative to settlement of damages, assumption of betterments, offers of settlement, and other matters in said section contained.

Sect. 16. (a) The collector of taxes shall collect, under the title of Town Collector, all accounts due the Town, excepting interest on investments of sinking or trust funds.

(b) If it shall seem advisable to the Town Collector that suit, or suits, should be instituted and prosecuted in the name of the Town, in connection with the collection of an account, or accounts, due to the Town, he shall so advise the Board of Selectmen who shall have authority as agents of the Town to institute and prosecute the same.

(c) All accounts due the Town when this section takes effect and all accounts coming due thereafter shall forthwith be committed by the several boards and officials of the Town to the Town Collector for collection hereunder.

(d) This section shall take effect on March 6, 1933.

## CHAPTER 5

### The Cemetery

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of not less than fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such land marks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

## CHAPTER 6

### Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

Sect. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

Sect. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

Sect. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

Sect. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

Sect. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes,

dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

Sect. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

Sect. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

Sect. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

Sect. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 17. No person shall throw stones, snowballs, sticks, or other missiles, or

kick a football or play at any game in which a ball is used, or fly any kites or balloons in any public way.

Sect. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

Sect. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Sect. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other buildings whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Sect. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

Sect. 22. No person shall distribute papers, circulars or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

Sect. 23. No person shall fire, discharge, explode or set off any gun, firearm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

Sect. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Sect. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

Sect. 26. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Section 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Section 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 27. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

## PROSECUTIONS AND PENALTIES

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

## CHAPTER 7 and 8

## Revised By-Laws

At the Annual Town Meeting in March 1932 it was voted:

"To amend Chapter 7 of the Revised By-Laws, entitled 'Construction and Inspection of Buildings,' known as the Building Code, and Chapter 8 of the Revised By-Laws, entitled 'Regulation and Inspection of Plumbing,' by striking out the entire chapters and inserting in place thereof the 'Proposed Building and Plumbing Laws.'" The Building and Plumbing Laws thus adopted were approved by the Attorney General June 9, 1932 as shown in "Building and Plumbing Laws of the Town of Milton" now available in pamphlet form in the Selectmen's Office, and included in these By-Laws by reference thereto. The Building and Plumbing Laws became effective on October 15, 1932 by publication.

## CHAPTER 9

## Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid in the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the traveling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

## CHAPTER 10

## Town Ways

Section 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than fifty feet in width, provided, however, that this section shall not prevent the layout of any way, which, prior to the time this amendment takes effect, shall have been duly approved by the Board of Survey. Provided, however, that upon written certification by the Board of Survey, in respect to the layout of a particular way, that the requirement of a width of fifty feet will cause practical difficulty or unnecessary hardship, such way, or ways, may be laid out less than fifty feet but not less than forty feet in width.

Sect. 2. If an existing private way the fee of which is in the abutters shall be laid out for the acceptance of the Town as a town way such way shall not be accepted unless and until the Selectmen shall have certified in writing that such way is well built, and as constructed it is equal to the average construc-

tion of existing highways of the Town; provided, however, that this section shall not apply to ways laid out subject to the provisions of law relating to the assessment of betterments.

Sect. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

## CHAPTER 11

### Billboards

Section 1. No person or corporation shall erect or maintain a billboard sign or other outdoor advertising device, except as provided in Section 32 of Chapter 93 of General Laws, on any location within three hundred feet of any public park or playground or Metropolitan Park or Parkway, if within public view from any portion of such parks, playgrounds, or parkways; or within three hundred feet of any other public way and within public view from any portion of the same, if such billboard, sign or device exceeds five feet in height or eight feet in length, and no billboard, sign or device placed within three hundred feet of any such public way and within public view shall be nearer than fifty feet to any other such billboard, sign or device; or at the corner of any public ways and within the radius of one hundred and fifty feet from the point where the center lines of such ways intersect; or in any place unless the lowest portion of such billboard, sign or device is at least three feet from the ground, and the entire structure, including its braces and supports, is maintained in good repair, painted, and free from accumulation of rubbish and filth and from the pupae, eggs and caterpillars of gypsy and brown-tail moths and other tree and shrub destroying pests; provided that this section shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof if for sale or to let.

## CHAPTER 12

### Use of Buildings

Section 1. **Districts.**—A residence district is hereby created in the Town of Milton to be known as District A, the bounds of which shall be as set forth in the Zoning Map hereinafter in this By-Law referred to, the said district comprising all territory within the corporate limits of the Town of Milton, excepting the districts marked B and C on said Zoning Map, which are bounded and described as follows:

**District B.**—Beginning at a point in the boundary line between Milton and Quincy at the junction of the northeasterly side line of Bryant Avenue, and said boundary line: thence running northwesterly along said northeasterly boundary of Bryant Avenue to a point where the northwesterly side line of Martin Terrace extended northeasterly would intersect said line of Bryant Avenue: thence turning and running southwesterly along said extension of the northwesterly side line of Martin Terrace and said northwesterly side line itself to the end of said Martin Terrace at the land of L. A. Dame: thence turning to the right and running northwesterly along said land of L. A. Dame to the southeasterly side line of Boulevard Street: thence continuing in a northwesterly direction across said Boulevard Street to the intersection of the northwesterly side line of Boulevard Street with the southeasterly side line of Edge Hill Road, thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road to a point where the boundary line between land of the Town of Milton on which the East Milton Branch Library stands and land of Jesse B. Baxter extended southeasterly would intersect said southeasterly side line of Edge Hill Road: thence turning and running northwesterly along said extension of the boundary line between said land of the Town and said land of Jesse B. Baxter and along said boundary

line itself in two lines to the southeasterly side line of Hollis Street: thence turning and running northeasterly along said southeasterly side line of Hollis Street to the southwesterly side line of Adams Street: thence turning and running southeasterly along said southwesterly side line of Adams Street to the southeasterly side line of Edge Hill Road: thence turning and running northeasterly along said southwesterly side line of Edge Hill Road extended across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company: thence turning and running northwesterly along said easterly boundary line to a point where the southeasterly side line of Wood Street extended southwesterly would intersect said easterly boundary line: thence turning and running northeasterly along said southeasterly side line of Wood Street to a point distant 200 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning at right angles and running southeasterly in line parallel with the northeasterly side line of Granite Avenue and 200 feet distant therefrom to a point distant 200 feet northerly from the northerly line of Adams Street: thence turning and running easterly in a line parallel with said northerly side line of Adams Street and distant 200 feet therefrom to the westerly side line of Church Street: thence turning and running southerly along the westerly side line of Church Street to a point where the westerly side line extended intersects the southerly side line of Adams Street: thence turning and running westerly to the westerly side line of Mechanic Street: thence turning and running southerly along the westerly side line of Mechanic Street 100 feet: thence turning to the right and running westerly on line parallel with the southerly side line of Adams Street and 100 feet distant therefrom to a point 100 feet northeasterly from the northeasterly side line of Granite Avenue: thence turning and running southeasterly in a line parallel with the northeasterly side line of Granite Avenue and 100 feet distant therefrom to the boundary line between Milton and Quincy: thence turning and running southwesterly along said boundary line to the point of beginning.

**District C.**—Beginning at a point in the boundary line between Milton and Boston at the Neponset River, said point being at the intersection of the southerly boundary of land of the New England Telephone and Telegraph Company extended easterly and said boundary line between Milton and Boston: thence running westerly along said extension of the southerly boundary line of the New England Telephone and Telegraph Company and said southerly boundary line itself, to the easterly side line of Adams Street: thence continuing in the same general westerly direction across Adams Street and Canton Avenue to a point 100 feet distant westerly from the westerly side of High Street extended: thence turning and running northerly parallel with the westerly side line of High Street and distant westerly 100 feet therefrom to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to Pine Tree Brook: thence turning and running along the center line of said Brook southerly and southwesterly to the southwesterly boundary of land of the Town of Milton used for a Police Station: thence turning and running northwesterly along the southwesterly boundary and southwesterly line extended across Central Avenue to land of Octavia L. Horne: thence turning and running in a general northerly direction along the westerly boundary line of land of said Octavia L. Horne, and said westerly boundary line extended to the northerly side line of Eliot Street: thence turning and running westerly along said northerly side line of Eliot Street to the westerly boundary of land now or formerly of the National Biscuit Company: thence turning and running along said westerly boundary and said westerly boundary produced across land of the New York, New Haven and Hartford Railroad Company to boundary line between Boston and Milton at the Neponset River: thence turning and running in a general easterly and southerly direction along said boundary between Boston and Milton to the point of the beginning.

**Sect. 2. Zoning Map.**—(a) The Zoning Map prepared by C. Frederick Joy, Jr. Civil Engineer, dated June 23, 1922, bearing the signatures of the Board of Selectmen and showing the boundaries of Districts A, B, and C, is declared to be a part of this By-Law.

(b) Where a boundary line divides a lot in a single ownership at the time of the adoption of this By-Law, the regulations as to District A shall not apply provided the lot does not extend more than twenty-five feet within the boundary line of said District A.

**Sect. 3. Residence Purposes.**—In District A, except as herein otherwise provided, no building shall be used, and no building shall be erected or altered which is intended or designed to be used for a store or shop, or for manufacturing or commercial purposes, or any other purpose except for one or more of the following:

(a) A dwelling for one or more families.

(b) A hotel or a lodging or boarding house.

(c) A club other than a club the chief activity of which is a service customarily carried on as a business.

(d) A church, school or academy.

(e) Other purposes which are not particular industries, trades, manufacturing or commercial purposes.

(f) A railroad passenger station.

(g) A farm, truck garden, nursery or greenhouse.

(h) An accessory purpose customarily incident to the above purposes and not detrimental to the use of other property in the district for the above purposes, including a private garage for not more than two automobiles. An accessory purpose shall not include an advertising sign except a real estate sign advertising for sale or rent the property on which it is placed, but may include a sign not over one square foot in area, bearing a name and the designation of any authorized occupation, and being such a sign as is customary on any building used for the purposes permitted by this section of this By-Law.

(i) A garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Board of Appeal shall determine, the Board of Appeal shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

**Sect. 3A. Location of Buildings in District A.**—After this section shall be duly adopted by the Town and become effective pursuant to law, in District A,

1. **Set-back:** No part of a building except steps, and eaves not exceeding 18" wide, shall be built within 15 feet of the sideline of the street on which it fronts, provided that no building need be set back more than the average of the set-back of the buildings on the lot next thereto on either side, a vacant lot or a lot occupied by a building set back more than 15 feet being considered as occupied by a building set back 15 feet and provided further that on a lot less than 100 feet deep of record in the Registry of Deeds at the time this section becomes effective no building need be set back more than 15 per cent of the depth of the lot, and provided that in such cases exception shall be permissible as in the case of buildings to which the 15 foot set-back applies.

2. **Rear Yards:** No part of the building except steps, and eaves not exceeding 18" wide shall be built within 25 feet or a distance equal to one-quarter of the mean depth of the lot, whichever is the less, from the rear lot line, provided that for each foot that the building sets back from the front line in addition to the requirements in the preceding paragraph its distance from the rear lot line may be reduced one foot, but in no case under this provision to less than 20 feet, excepting that buildings of accessory use as defined in Section 3, paragraph (h) may be built within said twenty-five foot or lesser strip.

3. **Side Yards:** No part of the building except steps, chimneys, and eaves not exceeding 18" wide, and buildings of accessory use as defined in Section 3, paragraph (h) shall be built within 8 feet of a side line on a lot or street, provided that the width of one side yard may be reduced one foot for each foot that the width of the other side yard is increased, but no side yard shall be reduced to less than six feet, and provided further that on no lot of record in Registry of Deeds at the time this section becomes effective shall the build-

able width, with the same permissible exceptions, be reduced to less than 25 feet.

4. Garages: No part of a garage, unless contained within the body of the house, shall be built within 40 feet, or a distance equal to 40 per cent of the mean depth of the lot, whichever is the less, from the front line of the lot, or within 15 feet of a street line forming the side line of a corner lot.

5. Area: No dwelling, exclusive of piazzas, eaves, and steps, shall occupy more than one-third of the lot on which it is placed, and no building other than a dwelling shall occupy more than one-half of the lot on which it is placed, except that on corner lot an additional area of 400 square feet may be occupied, however, subject to the requirements contained in all other paragraphs of this section.

6. No lot shall be so reduced in area that the dimensions of the open spaces thereon shall be smaller than herein prescribed.

7. No building shall be built within 16 feet of any other building on the same lot excepting buildings of accessory use as defined in Section 3, paragraph (h).

**Sect. 3B. Single Family Dwellings.**—After this section shall be duly adopted by the Town and shall become effective pursuant to law, no dwelling shall be erected in District A which is intended or designed to be other than a single family detached dwelling, and no building shall be altered so as to be or become a dwelling other than a single family detached dwelling, and no building erected or altered in violation hereof, shall be used as a dwelling provided, however, that a building may be used, erected or altered which is intended or designed to be used as a dwelling for not more than two families on any lot if, at the time this section becomes effective—

1. It is between two lots on which are buildings designed for occupation by two or more families each, located on the same side of the street and less than 100 feet apart, or if

2. The majority of all the frontage on the same street as the lot on a street or streets in substantially direct continuation thereof and within 300 feet of the site of the proposed building is occupied by buildings designed for two or more families each or side yard adjacent thereto, no such side yard to exceed 10 feet width, all frontage between buildings designed for two or more families and less than 100 feet apart being considered as occupied by dwellings for two families.

**Sect. 3C. Validity.**—The invalidity of Section 3A or Section 3B, or any provision of said Sections, shall not affect the validity of any other Section or provision of said Sections, and said Sections shall affect the provisions of Chapter 12 in force when this amendment becomes effective only so far as said Sections are inconsistent therewith and valid.

**Sect. 3D.** So much of this amendment as is approved by the Attorney General shall go into effect upon its publication, or notice by delivery, as required by law.

**Sect. 4. Existing Buildings.**—Any building or part of a building in District A which at the time of adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Board of Appeal as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case that after a public hearing of which fourteen days'

notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the district for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Board of Appeal shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

**Sect. 5. Incidental Use of Residential Buildings.**—Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the district for the purposes permitted in Section 3, and shall issue a permit therefor.

**Sect. 6. Enforcement.**—Whoever violates any of the provisions of this By-Law shall be punished by a fine of not more than twenty dollars for each violation. Upon any well founded information from any citizen that this By-Law is being violated or upon his own initiative, the Inspector of Buildings shall take immediate steps to enforce the By-Law.

**Sect. 7. Validity.**—The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

**Sect. 8.** The provisions of this By-Law shall be construed as being additional to and not as limiting or lessening to any extent whatsoever the requirements of Chapters 7 and 8 of the Revised By-Laws of the Town.

**Sect. 9.** So much of this By-Law as is approved by the Attorney-General shall go into effect upon its publication, or notice by delivery, as required by law.

**Sect. 10.** Wherever the words "Board of Appeal" appear in this Chapter, the Board of Appeal appointed under the building and plumbing laws adopted March 19, 1932, is intended.

## CHAPTER 13

### Planning Board

A Board consisting of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held in March, 1923, there shall be elected one member of such Board to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected at the annual meeting in each year one or two members to such Board to fill the places of members whose terms of office expire in such year. The members of such Board shall serve without pay.

The Board shall perform the duties prescribed by Sections 70 and 71 of Chapter 41 of the General Laws. It shall be the duty of the Board also to consider and advise upon municipal improvements in regard to which the advice of the Board, at any time, may be asked by any officials of the Town. The Board may upon its own initiative make to any official or officials of the Town such recommendations in regard to municipal improvements as the Board may from time to time think proper or expedient.

## LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

---

March 19, 1866. **Voted**, To establish a high school, according to the provisions of Section 2 of Chapter 38 of the General Statutes. (Repealed, 1893, Chapter 496, Section 36.)

March 2, 1874. **Voted**, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the town of Milton. (Special Act.)

March 4, 1878. **Voted**, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers. (General Laws, Chapter 48, Section 45.)

March 3, 1879. **Voted**, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee. (General Laws, Chapter 41, Section 1.)

December 8, 1879. **Voted**, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children. (Repealed, 1919, Chapter 363, Section 16.)

March 7, 1881. **Voted**, To accept the act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners." (General Laws, Chapter 41, Section 1.)

March 5, 1883. **Voted**, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children. (Repealed, 1898, Chapter 496, Section 36.)

March 3, 1890. **Voted**, To accept the first nine sections of Chapter 51 of the Public Statutes, said Chapter being entitled, "Of Betterments and other Assessments on Account of the Cost of Public Improvements." (General Laws, Chapter 80.)

February 12, 1891. **Voted**, To accept the act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882. (General Laws, Chapter 45, Sections 1 to 11.)

March 2, 1891. **Voted**, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of town officers. (Repealed 1893, Chapter 417, Section 345.)

February 3, 1894. **Voted**, that the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of 1893, relative to the election of a separate Board of Assessors. (General Laws, Chapter 41, Section 1.)

November 23, 1894. **Voted**, To accept the provisions of Chapter 324 of the Acts of 1894, entitled an "Act Relative to the Reservation of Spaces in Public Ways." (General Laws, Chapter 82, Section 34.)

March 4, 1895. **Voted**, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, authorizing towns to license groves to be used for picnics and other lawful amusements. (General Laws, Chapter 140, Sections 188 to 190.)

March 4, 1895. **Voted**, To accept the provisions of Section 272 of Chapter 417 of the Acts of 1893, relative to the election of Sewer Commissioners. (General Laws, Chapter 41, Section 1.)

March 4, 1895. **Voted**, To accept the provisions of Chapter 462 of the Acts of 1893, relative to the establishment of a building line on Public Ways. (Repealed, Acts of 1917, Chapter 344, Part 8, Section 1.)

March 4, 1895. **Voted**, To accept the provisions of Chapter 218 of the Acts of 1894 as amended by Chapter 473 of that same year, relative to the election of Boards of Health in towns. (General Laws, Chapter 41, Section 1.)

March 4, 1895. **Voted**, To accept the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relative to the establishment and grading of sidewalks by the Selectmen. (General Laws, Chapter 83, Section 25.)

March 4, 1895. **Voted**, To accept the provisions of Chapter 304 of the Acts of 1895, authorizing the town of Milton to construct one or more systems of sewerage. (Special Act.)

March 8, 1924. **Voted,** To accept the provisions of Chapter 337 of the Acts of 1921, relative to the pensioning of call men.

March 8, 1924. **Voted,** To accept the provisions of Chapter 391 of the Acts of 1923, relative to the collection of water rates.

March 14, 1925. **Voted,** To accept Chapter 9 of the Acts of 1925, authorizing the retirement and pensioning of John H. Higgins of the Police Department.

March 5, 1927. **Voted,** To accept Chapter 27 of the Acts of 1927, an act to erect and constitute in the Town of Milton representative town government by limited town meetings.

March 10, 1928. **Voted,** To accept the provisions of Sections 42, 43 and 44 of Chapter 48 of the General Laws to establish a Fire Department to be under the control of an officer to be known as the Chief of the Fire Department.

March 11, 1933. **Voted,** To accept the provisions of Section 26 of Chapter 46 of the General Laws, limiting the aggregate compensation to be allowed to the Town Clerk.

# MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1933

1933

## MARCH MEETING WARRANT

Commonwealth of Massachusetts:

Norfolk, ss.

To any of the Constables of the Town of Milton in said County,  
Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town Affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1.—Polling Place, Town Hall, Canton Avenue,

In Precinct 2.—Polling Place, Tucker School Hall, Blue Hills Pkway,

In Precinct 3.—Polling Place, Police Station, Central Avenue,

In Precinct 4.—Polling Place, Belcher School, Church Street,

on Saturday, March fourth next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

A Moderator for the term of one year.

A Town Clerk for the term of one year.

A Town Treasurer for the term of one year.

A Collector of Taxes for the term of one year.

Three Selectmen and Surveyors of Highways for one year term.

One Assessor for the term of three years.

One member of the Board of Public Welfare for the term of three years,  
and two for two years.

One Sewer Commissioner for the term of three years.

A Tree Warden for the term of one year.

Two members of the School Committee for the term of three years.

One member of the Board of Health for the term of three years.

One Trustee of the Cemetery for the term of five years.

Three Library Trustees for the term of three years.

One Library Trustee for the term of one year to fill vacancy.

One Park Commissioner for the term of three years.

One Water Commissioner for the term of three years.

One Trustee of the Wadsworth Fund for the term of three years.

One member of the Planning Board for the term of three years.

Four Constables for the term of one year.

Ninety-five Town Meeting Members as follows:

Precinct 1. Nineteen for three years. One for two years to fill vacancy.

Precinct 2. Thirty-three for three years. One for two years to fill vacancy.

One for one year to fill vacancy.

Precinct 3. Eleven for three years.

Precinct 4. Twenty-eight for three years. One for one year to fill vacancy.

For these purposes the polls will be open at each and all of said Precincts at fifteen minutes before six o'clock in the forenoon and will be closed at four o'clock in the afternoon.

And thereupon, by adjournment of said meeting, to meet on the following Saturday, to wit, March eleventh next, at thirty minutes past one o'clock in the afternoon at the Town Hall in said Milton, then and there to act upon the following Articles, to wit:

#### **Adjourned Meeting, March 11, 1933**

Town Meeting Members Present 249; Town Meeting Members Absent 17. The Meeting was called to order at 1:30 P. M. by the Moderator.

ARTICLE 1. To choose all such Town Officers as are not required by law to be chosen by ballot.

The following officers were elected viva voce, namely:

Ralph E. Forbes	Bird Warden
George E. Burt	Measurer of Lumber
Carl R. Horne	Measurer of Lumber

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

Voted, That the report of the Town Accountant be accepted and placed on file.

#### **Report of the Legislative Committee**

Milton, January 2nd, 1933.

The Legislative Committee appointed for the year 1932 followed its usual course in connection with legislation, by employing Mr. L. B. Kent to examine all bills and then to report to the Committee such as seemed to affect the interests of the Town of Milton. The Committee also, through one or more of its members, examined all bills filed, and met and discussed suggested legislation. Bills that seemed to be of sufficient interest to the Town, were passed on to the Selectmen with the recommendation of the Committee. The Selectmen then took such action as seemed to them proper, through the legislative counsel.

Respectfully submitted,  
LINCOLN BRYANT,  
Chairman for the Committee.

Voted, That the above report of the Legislative Committee be accepted and placed on file.

Voted, That the report of the Committee on additional fire protection be accepted and the committee discharged.

Voted, That the report of the Committee on Salaries and Wages be accepted and the committee discharged.

Voted, That the report of the Committee on Contributory Pensions be accepted and the committee discharged.

Voted, That the report of the Committee relative to Water Supply be accepted and the committee discharged.

## REPORT OF SPECIAL COMMITTEE ON SCHOOL ACCOMMODATIONS TOWN OF MILTON

**Town Meeting March 11, 1933**

Your committee has in conformity with the vote of the Town at the March meeting of 1932 made a study of school-house accommodations in the town with particular reference to the adequacy of present accommodations and the necessity for additional facilities.

Your committee believes that two serious situations confront the town in the matter of additional schoolhouse accommodations.

The present combined Junior and Senior High School building was designed to accommodate approximately 1000 pupils. By making certain changes, and by utilizing all available class room space to its maximum, this capacity may reasonably be stated now as 1210 pupils. There are at present enrolled in this school a total of 1342 pupils. The excess of 132 pupils over the maximum capacity of 1210 are now being accommodated in corridors which are being used as class rooms. This practice, while at present necessary, is objectionable and should be discontinued at as early a date as is possible.

The Tucker School is overcrowded, and pupils who logically should attend this school are being transported to the Collicott School which, although now only in its fourth year of operation, is rapidly approaching its maximum enrollment.

Your committee believes that some relief must be given the grade schools and repeats its recommendation made to the special meeting of May 28, 1932 that by changes and alterations in the Vose School five additional class rooms be made available in that school. Your committee recognizing the fact that the expenditure of any considerable sum of money in this year is undesirable, suggests that these alterations might be made by persons who may be employed as a result of the effort of the town to give relief to those in need, and recommends that the possibility be given serious consideration.

Your committee finds that additional housing facilities must be provided for the relief of the existing high school. The enrollment as of January 27 was—Junior High School 743, Senior High School 599, a total of 1342 previously mentioned in this report. Basing our estimates on the rate of growth as demonstrated in the past ten years and giving full weight to the probability that population will not increase as rapidly in the next few years as in the past, we believe that an average annual increase in combined enrollment in Junior and Senior High Schools of 90 pupils may occur for the next four years, or a total probable increase of 360 pupils. The total enrollment in high schools may therefore be expected to be 1702 pupils by the beginning of the school term of 1936. To care for this number of pupils with present usable housing facilities is practically impossible, except by having recourse to a two platoon system or other similar expedient involving less hours of attendance.

Your committee believes that three courses are open to provide for this increasing population; one of these is to provide a third floor on the old section of the present high school building which would provide 8 rooms which would normally house approximately 280 additional pupils, or if used at maximum capacity as all rooms in the existing building are now used approximately 320 pupils. The newer section of the present school will not support an additional floor. The second and possibly the most economical course when considered as applying over a considerable term of years is to establish a new High School in the East Milton section, preferably west of the N. Y. and N. H. and Hartford railroad tracks. This school should preferably be planned to house approximately 700 to 750 pupils as an initial unit, as our estimates indicate that by the time such a unit may be made available there may be 500 pupils who may logically be assigned to it, and we believe that if a step of this magnitude is taken, a reasonable provision for future growth should be made. The third and probably the least expensive course is to carefully consider the possibilities of reconditioning the Wadsworth School with possible additions and alterations as may be required to make it a usable unit. Your committee suggests the possibility of doing a considerable proportion of any work which

might be undertaken in this school in the same manner as that suggested for the Vose School.

We recommend that the town vote to instruct the moderator to appoint a committee of citizens to study available sites for a school in the recommended location and to report to the town on or before December 1, 1933 as to their findings and recommendations both as to a new site and the suggested alteration of the existing buildings, and that their report include approximate estimates of the cost of each alternative proposed.

Your committee having finished its work and believing that no useful purpose may be served by its continued existence asks that it be discharged.

No part of the appropriation of \$100 made for the use of this committee has been expended and your committee recommends that this sum be made available for the use of the committee which shall succeed it in the event of its recommendation being adopted by the town.

Respectfully submitted,

THOMAS M. GIBBONS  
JESSICA M. SCAMMELL  
ARTHUR W. VOSE  
DONALD C. WATSON

by H. E. MURPHY, Chairman.

Voted, That the above report on School Accommodations be accepted and a Committee of Five (5) citizens be appointed by the Moderator to make a further study and report at the next annual meeting. No appropriation.

### GENERAL GOVERNMENT

ARTICLE 3. To see what sum of money the Town will vote to appropriate for General Government for salaries and expenses of the following departments, and other purposes the present year, and for unpaid bills of 1932.

Voted, To appropriate the following amounts:

1. Warrant Committee	\$500.00
2. Selectmen	4508.00
Including salaries of \$450 for each Selectman.	
3. Accountant	2325.00
4. Town Engineer	11601.07
5. Assessors	8115.00
Including \$2520.00 salaries Chairman \$1080.00 2nd and 3rd members \$720.00.	
6. Treasurer	2357.20
Including \$500.00 Salary	
Unpaid bills of 1932	20.00
7. Tax Collector and Town Collector	4084.50
Including \$2187.50 salary.	
8. Town Clerk	2364.50
Including \$1200.00 salary.	
9. Election and Registration	1895.00
Including salaries for each appointed member at \$75.00.	
10. Law	5310.00
11. Town Hall and Lot, and Thatcher Building	5942.00
Further sum to lessen unemployment	562.00
12. Insurance	9640.06
13. Town Reports	2000.00
14. Planning Board	200.00
15. Board of Appeal	200.00

\* ARTICLE 4. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary or unforeseen expenditures during the current year.

**Voted,** To appropriate the sum of \$45,000.00 for the Reserve Fund for extraordinary or unforeseen expenditures during the current year, it being understood that of this amount the sum of \$30,000 is appropriated to cover extraordinary expenses which may be incurred either by Town departments in the effort to lessen unemployment in the Town, or by the Board of Public Welfare in the effort to provide welfare relief in the Town; and it is further voted to request the heads of the departments to pay a maximum wage of not over \$3.20 per day for eight hours when any part of this sum of \$30,000 is used for relieving unemployment in the Town.

ARTICLE 5. To see what sum of money the Town will vote to authorize the Assessors to use out of the Excess and Deficiency Account in fixing the tax rate for 1933.

**Voted,** To authorize the Assessors to use the sum of \$15,000 out of the Excess and Deficiency Account in fixing the tax rate for 1933.

ARTICLE 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1933.

**Voted,** That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money to an amount not to exceed \$750,000 from time to time in anticipation of the revenue of the financial year beginning January 1, 1933, and to issue a note or notes therefor, payable within one year, and to renew such note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws; any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1933.

(Unanimous vote)

ARTICLE 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1934 in anticipation of the revenue of the financial year ending December 31, 1934.

**Voted,** That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1934 to an amount not to exceed \$200,000 from time to time in anticipation of the revenue of the financial year beginning January 1, 1934, and to issue a note or notes therefor, payable within one year, and to renew such note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws; any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1934

(Unanimous vote)

ARTICLE 8. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector, may use.

**Voted,** To authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

**Voted,** To authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

(Unanimous vote)

ARTICLE 10. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have full power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

**Voted,** To authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the calendar year next following its appointment, to have full power to fill vacancies in its own number, and to report to the Town at the Town Meeting next following the close of its term of office.

**Committee**

Lincoln Bryant  
John J. Moore

Francis S. Moulton  
George F. Moulton

**PROTECTION OF PERSONS AND PROPERTY**

**ARTICLE 11.** To see what sum of money the Town will vote to appropriate for the protection of persons and property the present year.

**Voted,** To appropriate the following sums:

1. Police Department . . . . .	\$71,250.88.
of which \$995 is for replacement and new equipment and \$100 for the necessary expenses of officers and employees of the Department incurred outside the Commonwealth in securing information on matters in which the Town is interested or which may tend to improve the service of the Department.	
2. Fire Department . . . . .	\$50,611.38.
of which \$50.00 is for traveling expenses outside the Commonwealth.	
3. Hydrant Service	
<b>Voted,</b> to appropriate from the general taxes for the current year the total sum of \$22,225 as Hydrant Rental, payable to the Water Department in quarterly installments upon presentation of its bill, and to be expended by the Water Commissioners for "Maintenance and Operation," in addition to any other appropriation for "Maintenance and Operation."	
4. Wire Department . . . . .	\$4,880.28
Including \$650.00 for replacement and new equipment.	
5. Inspector of Wires . . . . .	\$1,690.00
To be appointed by the Selectmen.	
6. Tree Warden	
For Public Work . . . . .	\$5,537.63
For Private Work . . . . .	\$2,800.00
7. Moth Department	
For Public Work . . . . .	\$3,000.00
For Private Work . . . . .	\$2,400.00
8. Street Lighting . . . . .	\$30,111.80
9. Additional Lights . . . . .	\$250.00
10. Building Inspector . . . . .	\$2,525.00
11. Sealer of Weights and Measures . . . . .	\$500.00

**HEALTH AND SANITATION**

**ARTICLE 12.** To see what sum of money the Town will vote to appropriate for Health and Sanitation the present year, and for unpaid bills of 1931.

**Voted,** To appropriate the following sums:

1. Health-General . . . . .	\$9,790.00
and for unpaid bills for 1931 . . . . .	\$293.33
2. Dental Dispensary for schools . . . . .	\$225.00
3. Inspector of Animals . . . . .	\$100.00
4. Vital Statistics . . . . .	No Appropriation
5. Sewer Maintenance . . . . .	\$4,200.00
6. Maintenance and Repairs of Norfolk County Hospital . . . . .	\$9,332.17
7. Maintenance of Tuberculosis Clinic . . . . .	\$500.00

**ARTICLE 13.** To see what sum of money the Town will vote to appropriate for the disposal of garbage, ashes and other refuse and offal for the present year, and to see if the Town will authorize the Board of Health to make a contract therefor in the name and behalf of the Town for a term of years under the provisions of Chapter 40, Section 4 of the General Laws.

**Voted,** That the sum of \$22,320 be appropriated for the expenses of the current year and further voted that the Town do not authorize the Board of Health to make a contract therefor for a term of years.

Meeting adjourned at 5:53 p.m. until the following Saturday.

#### **Adjourned Meeting, March 18, 1933.**

Town Meeting Members present 242, Town Meeting Members Absent, 24.

The meeting was called to order at 1:30 P.M. by the Moderator.

**ARTICLE 14.** To see if the Town will vote to transfer from the surplus water revenue as of December 31, 1932 the sum of \$40,000 to meet the appropriation made at the annual town meeting of 1932 for the water mains extensions, and also vote to rescind \$40,000 of the amount voted to be borrowed for said purpose at said meeting, or take any action relative thereto.

**Voted,** To transfer from the surplus water revenue as of December 31, 1932 the sum of \$40,000 to meet the appropriation made at the annual town meeting of 1932 for the water mains extensions, and also voted to rescind \$40,000 of the amount voted to be borrowed for said purpose at said meeting, or take any action relative thereto.

**ARTICLE 15.** To see if the Town will vote to appropriate the sum of \$4,448.98 to be taken from the balance of water receipts accumulated as of December 31, 1932 and the further sum of \$138,326.02 for the use of the Water Department the current year, to be expended by the Water Commissioners pursuant to the provisions of Acts of 1902, Chapter 307, and acts in amendment thereof and in addition thereto, said expenditures to include payment of the Metropolitan Water assessment, the interest on bonds and notes outstanding in Town of Milton water loans, and other expenditures authorized under said act, and that the further sum of \$15,000 be taken from the water balance Account to be expended for the retirement of bonds due in 1933 and to see if the Town will vote to transfer from the surplus Water Revenue as of December 31, 1932 the sum of \$40,000 to meet the appropriation made at the annual Town Meeting of 1932 for water mains extensions; and also vote to rescind \$40,000 of the amount voted to be borrowed for said purpose at said meeting, or take any action relative thereto.

**Voted,** That the Town do not so vote.

**ARTICLE 16.** To see what sum of money the Town will vote to appropriate for the Water Department for the present year, to be expended by the Board of Water Commissioners and act on anything relating thereto.

**Voted,** To appropriate the sum of \$142,775 including \$4,448.98 from the surplus water revenue, as of December 31, 1932, for the general use of the Water Department for "Maintenance and Operation" during the current year, to be expended by the Water Commissioners pursuant to the Acts of 1902, Chapter 307, and Acts in Amendment thereof and in addition thereto, said expenditures to include payment of:

- (a) The Metropolitan Water Assessment.
- (b) The Retirement of bonds due in 1933.
- (c) The interest on bonds or notes outstanding in Town of Milton Water Loans.
- (d) \$2,500.00 for new equipment.
- (e) \$250.00 for travel outside the Commonwealth.
- (f) Other lawful expenditure.

Said sum of \$142,775 is to be derived from receipts of the Water Department.

**ARTICLE 17.** To see what sum of money not exceeding \$100,000 the Town will vote to raise and appropriate under the provisions of the now existing General

Laws and amendments and additions thereto for the erection of standpipes and connections and the installation of water mains of not less than six inches nor more than sixteen inches in diameter and act on anything relating thereto.

**Voted,** To appropriate the total sum of \$100,000 for the erection of standpipes and connections and installation of mains in accordance with the now existing General Laws and Amendments and additions thereto, and that the Town Treasurer be and hereby is authorized to provide this sum from the following sources:

- (a) By transfer of \$10,000 from the General Appropriation of the Water Department for the current year to their account for "Extension of Mains."
- (b) By transfer of \$15,000 from the surplus water revenue existing as of December 31, 1932, to the Water Department's account for "Extension of Mains."
- (c) By sale of Bonds. And it is further voted:—That the Town Treasurer be and hereby is authorized in the name and behalf of the Town and under authority granted in, and in compliance with, the provisions of Section 8 of Chapter 44 of the General Laws and other acts applicable thereto, to borrow a sum not exceeding \$75,000, the same to be expended by the Board of Water Commissioners for the erection of standpipes with connections and installation of water mains of not less than six inches in diameter, nor more than sixteen inches in diameter, and to issue bonds and/or notes of the Town not exceeding said sum. Said bonds shall bear on their face the words "Town of Milton, Water Loan," and shall be payable as required by said Section 8 of Chapter 44 of the General Laws. They shall be sold at not less than par value thereof, from time to time by the Treasurer. Each bond shall be subject to registration as to principal, and may be exchanged in compliance with the Statutory provisions for a registered certificate representing an equivalent obligation for principal and interest. The coupon bonds shall not be obligatory without the authenticated certificate of the First National Bank of Boston thereon. And it is further voted: That the Town Treasurer may in lieu of issuing said bonds and/or notes temporarily provide the Water Department with funds for the "Extension of Mains" as authorized herein by borrowing from current Water Department free cash in anticipation of bonds and/or notes to be issued, said borrowing from free cash to be replaced if and when such bonds and/or notes are issued, in accordance with this vote.

(Unanimous Vote)

ARTICLE 18. To see what sum of money the Town will vote to expend for the construction of sewers for sanitary purposes and for sewage disposal and to raise and appropriate money for the same.

**Voted,** That no appropriation be made.

#### HIGHWAY

ARTICLE 19. To see what sum of money the Town will vote to appropriate for the Street Department the present year, and for unpaid bill of 1925.

**Voted,** To appropriate the following amounts:

1. General Expense . . . . .	\$75,453.00
and no appropriation for unpaid bill of 1925.	
2. Permanent Construction.	
No appropriation voted.	
3. Drainage . . . . .	\$20,000.00
and to lessen unemployment in the town the further sum of	\$15,486.00
4. Sidewalks	
No appropriation voted.	
5. Private Work . . . . .	\$1,500.00
6. New Equipment . . . . .	\$850.00

ARTICLE 20. To see what the sum of money the Town will vote to appropriate for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

**Voted,** To appropriate the sum of \$3,100 for the care and maintenance of Granite Avenue Bridge over the Neponset River, under Chapter 58, General Acts of 1915.

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the Public Welfare Department the Present year, and for unpaid bills for 1931 and 1932.

**Voted,** To appropriate for the Public Welfare Department the present year the sum of \$22,200 and in addition the sum of \$698.22 for unpaid bills of 1931 and 1932.

#### SOLDIERS' BENEFITS

ARTICLE 22. To see what sum of money the Town will vote to appropriate for Soldiers, Relief the present year, and for unpaid bills of 1931.

**Voted,** That the sum of \$6,500 be appropriated for Soldiers, Relief the present year and in addition the sum of \$56.00 for unpaid bills of 1931.

ARTICLE 23. To see what sum of money the Town will vote to appropriate for State and Military Aid under General Laws, Chapter 115, the present year.

**Voted,** To appropriate the sum of \$1,000 for State and Military Aid under General Laws, Chapter 115, the present year.

ARTICLE 24. To see what sum of money the Town will vote to appropriate for the observance of Memorial Day, 1933.

**Voted,** That the sum of \$450 be appropriated for the observance of Memorial Day, 1933.

ARTICLE 25. To see what sum of money the Town will vote to appropriate for the observance of Armistice Day, 1933.

**Voted,** That the sum of \$100 be appropriated for the observance of Armistice Day, 1933.

ARTICLE 26. To see what sum of money the Town will vote to appropriate for the celebration of the Fourth day of July, 1933.

**Voted,** That the sum of \$500 be appropriated for the celebration of the Fourth of July, 1933, to be administered by the Board of Selectmen.

#### SCHOOLS AND LIBRARIES

ARTICLE 27. To see if the Town will vote to accept contributions made by the employees of the School Department for the year 1933 and authorize the Town Accountant and the Town Treasurer to credit all such contributions which may have been made or which are received up to December thirty, nineteen hundred and thirty-three to the appropriation voted for the School Department, in addition to such sums appropriated by the Town.

**Voted,** That the Town do not so vote.

(Roll Call—Yes 108; No 134.)

ARTICLE 28. To see what sum of money the Town will vote to appropriate for the support of Schools for the present year.

**Voted,** To appropriate for the support of Schools the present year the sum of \$211,920.60 to cover the salaries of principals, teachers and instructors and the sum of \$63,238.63 for all other expenses, and the further sum of \$2310 to lessen unemployment in the Town.

(Roll Call— Yes 117; No 122, on Amendment which was Lost.)

ARTICLE 29. To see what sum of money the Town will vote to appropriate for Vocational Education under the provisions of General Laws, Chapter 74, and act upon anything relating thereto.

Voted, That the sum of \$1,500 be appropriated for Vocational Education under the provisions of General Laws, Chapter 74.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, That the sum of \$21,880.33 be appropriated for the Public Library the present year.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the general use of the Board of Park Commissioners the present year.

Voted, That the sum of \$4,900 be appropriated for the general use of the Board of Park Commissioners the present year.

### PENSIONS

ARTICLE 32. To see what sum of money the Town will vote to appropriate for Pensions and Annuities the present year.

Voted, That the following appropriations be made for:

1. Pensions, Police and Firemen . . . . .	\$3,150.00
2. Annuity, Chapter 16, Special Acts 1919 . . . . .	300.00
3. Pensions, Police and Firemen's Widows . . . . .	1,200.00
4. Laborers' Pensions . . . . .	10,518.17
5. School Teachers' Pensions . . . . .	1,425.00
6. Pension, Chapter 9, Acts of 1925 . . . . .	1,000.00

ARTICLE 33. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, To appropriate the sum of \$13,070 for the improvement of the Cemetery the present year and the further sum of \$1,642 for the improvement of the cemetery in connection with unemployment in the town.

### MISCELLANEOUS

ARTICLE 34. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt the present year.

Voted, That the following sums be so appropriated:

1. Interest . . . . .	\$45,820.00
and for unpaid bill for 1932 . . . . .	90.00
2. Maturing Debt . . . . .	85,000.00

ARTICLE 35. To see what sum of money the Town will vote to appropriate for office and administration expenses for the Employment Committee appointed by the Selectmen for the present year.

Voted, To appropriate the sum of \$200 for office and administration expenses for the Employment Committee appointed by the Selectmen for the present year.

ARTICLE 36. To see if the Town will vote to install Traffic Lights at the junction of Randolph Avenue and Reedsdale Road and raise and appropriate money for the same.

Voted, That the Town do not so vote.

ARTICLE 37. To see if the Town will vote to transfer the following unexpended balances to the Excess and Deficiency Account, and act upon anything relating thereto:

Police Signal System . . . . .	\$64.00
Audubon Road Construction . . . . .	1,635.11
Bradford Road Construction . . . . .	1,399.11
Johnson Street Construction . . . . .	467.27
Milton Street Construction . . . . .	98.82
Pilgrim Road Construction . . . . .	744.37
Parkway Crescent Construction . . . . .	1,749.91
Pilgrim Road Construction . . . . .	744.37
Committee on Eliot Street Schoolhouse site . . . . .	294.26
Committee on Public School Survey . . . . .	327.45
Committee on Investigation of Salaries of Wages . . . . .	75.00

**Voted,** To transfer the following unexpended balances to the Excess and Deficiency Account:

Police Signal System . . . . .	\$64.00
Audubon Road Construction . . . . .	1,635.11
Bradford Road Construction . . . . .	1,399.11
Johnson Street Construction . . . . .	467.27
Milton Street Construction . . . . .	98.82
Parkway Crescent Construction . . . . .	1,749.91
Pilgrim Road Construction . . . . .	744.37
Committee on Eliot Street Schoolhouse Site . . . . .	294.26
Committee on Public School Survey . . . . .	327.45
Committee on Investigation of Salaries of Wages . . . . .	75.00

ARTICLE 38. To see if the Town will authorize the Moderator to appoint a committee to consider the advisability of the adoption by the Town of a contributory pension system, said committee to report to the Selectmen and Warrant Committee not later than January 1, 1934, and if the committee recommends the adoption of such a system, to prepare and submit a draft of an Act for approval by the Town, and to see if the Town will appropriate the sum of \$1,500 for the use of said committee, and to act on anything relating thereto.

**Voted,** That the Town do not so vote.

ARTICLE 39. To see if the Town will vote to elect its Selectmen and Highway Surveyors for a term of three years under the provisions of General Laws, Chapter 41, Section 1, and to elect at the Annual Meeting in March 1934 one Selectman and Highway Surveyor to serve for three years, one for two years and one for one year and one annually thereafter for three years.

**Voted,** That the Town do not so vote.

ARTICLE 40. To see if the Town will instruct the Selectmen to take such action as may be necessary to enable a subsequent Town Meeting to act upon the question of authorizing the appointment of a Commissioner of Public Safety in connection with the administration of the Police and Fire Departments of the Town.

**Voted,** To instruct the Selectmen to take such action as may be necessary to enable a subsequent Town Meeting to act upon the question of authorizing the appointment of a Commissioner of Public Safety in connection with the administration of the Police and Fire Departments of the Town.

ARTICLE 41. To see if the Town will vote to instruct the Board of Selectmen to use all means in their power to further the passage of a bill introduced before the General Court of Massachusetts which is an Act to Amend and Make Certain Changes in the Acts of 1902, Chapter 307, Being an Act to Supply the Town of Milton with water.

**Voted,** To instruct the Board of Selectmen to use all means in their power to further the passage of a bill introduced before the General Court of Massachusetts which is an Act to Amend and Make Certain Changes in the Acts of 1902, Chapter 307, Being an Act to Supply the Town of Milton with Water.

ARTICLE 42. To see if the Town will vote to instruct the Board of Selectmen to use all means in their power to further the passage of a bill introduced before the General Court of Massachusetts which is an act to modify the method of distributing the Metropolitan Water Assessment.

**Voted,** To instruct the Board of Selectmen to use all means in their power to further the passage of a bill introduced before the General Court of Massachusetts which is an act to modify the method of distributing the Metropolitan Water Assessment.

ARTICLE 43. To see if the Town will vote to place the Chief of the Fire Department under Civil Service.

**Voted,** That the Town do not so vote.

ARTICLE 44. To see if the Town will vote to accept Waldo Road running from Eliot Street, as a Town Way as laid out by the Selectmen, and act upon anything relating thereto.

**Voted,** To accept Waldo Road, running from Eliot Street, as a Town Way as laid out by the Selectmen.

ARTICLE 45. To see if the Town will vote to accept the re-location and alteration of Canton Avenue and Brook Road at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

**Voted,** To accept the re-location and alteration of Canton Avenue and Brook Road at their junction, as laid out by the Selectmen, and that no appropriation be made.

ARTICLE 46. To see if the Town will vote to accept the re-location and alteration of Thacher Street and Canton Avenue at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

**Voted,** To accept the re-location and alteration of Thacher Street and Canton Avenue at their junction, as laid out by the Selectmen, and appropriate the sum of \$450 therefor.

ARTICLE 47. To see if the Town will vote to accept the re-location and alteration of Church Street and Church Place at their junction, as laid out by the Selectmen, and to raise and appropriate money therefor, and to act upon anything relating thereto.

**Voted,** to accept the re-location and alteration of Church Street and Church Place at their junction, as laid out by the Selectmen, and appropriate the sum of \$400. therefor.

ARTICLE 48. To see if the Town will vote to accept the re-location and alteration of Edge Hill Road and Huntington Road at their junction, as laid out by the Selectmen and to raise and appropriate money therefor, and to act upon anything relating thereto.

**Voted,** To accept the re-location and alteration of Edge Hill Road and Huntington Road at their junction, as laid out by the Selectmen, and appropriate the sum of \$150 therefor.

ARTICLE 49. To see if the Town will vote to accept the re-location and alteration of Edge Hill Road at its junction with Otis Street as laid out by the Selectmen and to raise and appropriate money therefor and to act upon anything relating thereto.

**Voted,** To accept the re-location and alteration of Edge Hill Road at its junction with Otis Street as laid out by the Selectmen and appropriate the sum of \$550 therefor.

ARTICLE 50. To see if the Town will vote to return to Grace E. Maxwell the sum of seven hundred forty-nine dollars and sixty cents (\$749.60) for value received, she having paid the aforesaid sum to the Town of Milton Water Department for the laying of a water pipe in Dean Road.

**Voted, That the Town do not so vote.**

ARTICLE 51. To see if the Town will vote to Accept Chapter--- of the Acts of 1933, entitled, "An Act to permit the Town of Milton to repay certain sewer assessments and charges, and to re-assess certain sewer assessments".

ARTICLE 52. To see what sum of money the Town will vote to appropriate and raise for the repayment of certain sewer assessments and charges under the provisions of Acts of 1933, Chapter-- entitled, "An act to permit the Town of Milton to repay certain sewer assessments and charges, and to reassess certain sewer assessments" and act on anything relating thereto.

**Voted, Under Article 51 and 52 that the town do not so vote, and no action be taken.**

(See Sewer Articles 1 and 2 at the close of this Warrant).

ARTICLE 53. To see what sum of money the Town will vote to appropriate for the installation of sprinkler systems in the school buildings of the Town.

**Voted, That no appropriation be made.**

ARTICLE 54. To see if the Town will authorize the Board of Selectmen to accept in the name and behalf of the Town, the sum of \$14,760 as damages on account of the taking by the Commonwealth of Massachusetts, under order of the Department of Public Works dated October 20, 1931, and recorded in the Norfolk Registry of Deeds on November 10, 1931, of a certain parcel of land bounded and described as follows:

Parcel No. 7. From the Town of Milton. A parcel of land in said Milton comprising a portion of the 1931 State Highway layout and located on the northwesterly side of Brush Hill Road, so-called, between stations 169-81 and 182-82, bounded as follows: Northwesterly by the northwesterly location line of the 1931 State highway layout for about 1287 feet; northeasterly by the southwesterly boundary of land of the Commonwealth of Massachusetts (Metropolitan District Commission) for about 31 feet; southeasterly by the northwesterly side of Brush Hill Road, so called, for about 1301 feet; southwesterly by the northeasterly boundary of other land of said Commonwealth of Massachusetts for about 59 feet; containing about 49,200 square feet.

and will authorize the Board of Selectmen in the name and behalf of the Town, to execute and deliver to the Commonwealth of Massachusetts all proper instruments and deeds releasing the claim of the Town for damages and conveying all interest of the Town in the said parcel, to the said Commonwealth of Massachusetts, and to make appropriation for the expenses incurred in connection with said settlement, and act on anything relating thereto.

**Voted, To authorize the Board of Selectmen to accept in the name and behalf of the Town, the sum of \$14,760 as damages on account of the taking by the Commonwealth of Massachusetts, under order of the Department of Public Works dated October 20, 1931, and recorded in the Norfolk Registry of Deeds on November 10, 1931, of a certain parcel of land bounded and described as follows:**

Parcel No. 7. From the Town of Milton. A parcel of land in said Milton comprising a portion of the 1931 State Highway layout and located on the northwesterly side of Brush Hill Road, so-called, between stations 169-81 and 182-82, bounded as follows: Northwesterly by the northwesterly location line of the 1931 State highway layout for about 1287 feet; northeasterly by the southwesterly boundary of land of the Commonwealth of Massachusetts (Metropolitan District Commission) for about 31 feet; south-

easterly by the northwesterly side of Brush Hill Road, so-called, for about 1301 feet; southwesterly by the northeasterly boundary of other land of said Commonwealth of Massachusetts for about 59 feet; containing about 49,200 square feet.

and voted to authorize the Board of Selectmen in the name and behalf of the Town, to execute and deliver to the Commonwealth of Massachusetts all proper instruments and deeds releasing the claim of the Town for damages and conveying all interest of the Town in the said parcel, to the said Commonwealth of Massachusetts; and no appropriation be made for the expenses incurred in connection with said settlement.

(Unanimous Vote)

ARTICLE 55. To see if the Town will appropriate the funds received from the Commonwealth of Massachusetts in settlement for damages on account of the taking by the Commonwealth of 49,200 square feet of land, more or less, on Brush Hill Road, for the purpose of improving the Brush Hill Road playground, to be expended by the Park Commissioners, or to make other disposition of said funds, and to act on anything relating thereto.

Voted, That \$5000 of the \$14,760 to be received from the Commonwealth of Massachusetts for land taken from the Brush Hill Road Playground be placed at the disposal of the Milton Park Commissioners to be used for the improvement of said playground; and that the remainder of said \$14,760 be held by the Town Treasurer pending further action by the Town as to its disposal.

ARTICLE 56. To see if the Town will vote to accept Chapter--- of the Acts of 1933, or House Bill No. — entitled "An Act relative to vacations of laborers in certain towns employed under welfare or unemployment appropriations".

Voted, To approve an amendment of the Statute Law granting two weeks annual vacations to laborers so that the same shall not apply in the Town of Milton to persons employed by the Town under unemployment relief appropriations and/or projects undertaken for the relief of unemployment, and to authorize the Board of Selectmen to draft appropriate legislation and introduce the same in the General Court.

ARTICLE 57. To see if the Town will amend Chapter 12 of the Revised By-Laws, known as the Zoning By-Law, as follows:

In section 3, paragraph (1) thereof, by omitting therefrom the word "Selectmen" wherever said word appears in said section, and by substituting therefor in each instance the words "Board of Appeal," so that the same shall read as follows:

(i) A Garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Board of Appeal shall determine, the Board of Appeal shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

In section 4 thereof, by omitting therefrom the word "Selectmen" wherever said word appears in said section, and by substituting therefor, in each instance, the words "Board of Appeal," so that the same shall read as follows:

Sect. 4. Existing Buildings.—Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permission of the Board of Appeal as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially en-

large the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the District for purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Board of Appeal shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A which is not constructed in accordance with the terms of such permit.

In Section 5 thereof, by omitting therefrom the word "Selectmen" wherever said word appears in said section, and by substituting therefor, in each instance, the words "Board of Appeal", so that the same shall read as follows:

Sect. 5. Incidental Use of Residential Buildings. — Any building in District A designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the District for the purpose permitted in Section 3, and shall issue a permit therefor.

By adding to said Chapter 12 the following section:

Section 10. Wherever the words "Board of Appeal" appear in this Chapter, the Board of Appeal appointed under the building and plumbing laws adopted March 19, 1932, is intended.

Voted, To amend Chapter 12 of the Revised By-Laws, known as the Zoning By-Laws, as follows:

In section 3. paragraph (i) thereof, by omitting therefrom the word "Selectmen," wherever said word appears in said section, and by substituting therefor in each instance the words "Board of Appeal," so that the same shall read as follows:

(i) A Garage for more than two automobiles, or a telephone exchange or transforming station, provided in each case that after a public hearing, fourteen days' notice of which shall be given, in such manner as the Board of Appeal shall determine, the Board of Appeal shall rule that such use in a building or buildings located, designed and constructed as described by them in their ruling, will not be seriously detrimental to the use of other property in the district for the purpose specified in the preceding paragraphs of the section, and provided that the use is confined to a building or buildings conforming to the description of said ruling.

In section 4 thereof, by omitting therefrom the word "Selectmen" wherever said word appears in said section, and by substituting therefor, in each instance, the words "Board of Appeal," so that the same shall read as follows:

Sect. 4. Existing Buildings. — Any building or part of a building in District A which at the time of the adoption of this By-Law is being used for a purpose forbidden in said District may continue to be used for the same purpose or for a purpose not substantially different in character. Any such building or part of a building and any addition thereto made by permis-

sion of the Board of Appeal as hereinafter provided may be structurally altered or added to at any time provided the alterations or additions do not substantially enlarge the part of the building used for such purpose; and any such building or part of a building or such addition which is partially or wholly destroyed by fire or other casualty may be repaired or replaced by a structure of substantially the same size and character and used for the purpose for which it was formerly used or for a purpose not substantially different in character.

Any such building may be added to or enlarged at any time and such addition or enlargement used for the purpose for which the original building may lawfully be used under the provisions of the foregoing paragraph of this section provided in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that such addition or enlargement and the use to be made thereof will not to any substantial extent be more detrimental to the use of other property in the District for the purposes permitted in Section 3 than the building to which such addition or enlargement is to be made or the use then lawfully made thereof, and shall issue a permit therefor. Each such permit issued by the Board of Appeal shall specify the size and character of the addition or enlargement and no such addition or enlargement shall be constructed or used for any purpose forbidden in District A. which is not constructed in accordance with the terms of such permit.

In Section 5 thereof, by omitting therefrom the word "Selectmen" wherever said word appears in said section, and by substituting therefor, in each instance, the words "Board of Appeal," so that the same shall read as follows:

Sect. 5. Incidental Use of Residential Buildings. — Any building in District A. designed solely for residential purposes, and used primarily and principally for residential purposes, may be used incidentally for a purpose forbidden in said District, provided, in each case, that after a public hearing, of which fourteen days' notice shall be given in such manner as the Board of Appeal may decide, the Board of Appeal shall determine that the use of such building is incidental only, within the meaning hereof, and that such incidental use will not be detrimental to the use of other property in the District for the purposes permitted in Section 3, and shall issue a permit therefor.

By adding to said Chapter 12 the following section:

Section 10. Wherever the words "Board of Appeal" appear in this Chapter, the Board of Appeal appointed under the building and plumbing laws adopted March 19, 1932, is intended

(Unanimous Vote)

ARTICLE 58. To see if the Town will vote to instruct the Moderator to appoint a committee of five citizens to study the Town By-Laws, said committee to report its recommendations and conclusions in writing to the Selectmen and Warrant Committee not later than January 1, 1934, including in the report such articles as may be required to cover the changes and recommendations advised by the committee.

Voted, To instruct the Moderator to appoint a committee of five citizens to study the Town By-Laws, said committee to report its recommendations and conclusions in writing to the Selectmen and Warrant Committee not later than January 1, 1934, including in the report such articles as may be required to cover the changes and recommendations advised by the committee.

ARTICLE 59. To see if the Town will vote to amend Chapter 2, Section 3 of the Revised By-Laws by striking out the words "the following Saturday at 1:30 o'clock in the afternoon" and inserting therein the words "the second Monday following at 7:00 o'clock in the evening," so that Section 3 as amended shall read as follows:

Section 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the second Monday following at 7:00 o'clock in the evening.

**Voted, That the Town do not so vote.**

ARTICLE 60. To see if the Town will vote to amend Chapter 4 of the Revised By-Laws of the Town, by striking from Section 2 thereof, the following words, to wit: "A list of all taxes assessed except the poll tax," so that Chapter 4, Section 2 shall read as follows:

Section 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the taxpayers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments and abatements, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and fund of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

**Voted, To amend Chapter 4 of the Revised By-Laws of the Town, by striking from Section 2 thereof, the following words, to wit: "A list of all taxes assessed, except the poll tax," so that Chapter 4, Section 2 shall read as follows:**

Section 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the taxpayers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers, of the Fire Department, the Collector's account of receipts, payments and abatements, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and fund of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the Town.

Boston, Mass., May 12, 1933.

The foregoing By-Law is hereby approved.

JOSEPH E. WARNER.  
Attorney General.

**ARTICLE 61.** To see if the Town will establish fees to be charged on building permits issued by the Inspector of Buildings, and will amend the building and plumbing laws adopted by the Town, March 19, 1932, by inserting there in Section 1, as Paragraph C, the following:

"C. The following fees shall be charged on all building permits issued by the Inspector of Buildings:

Fire-Resisting buildings, valuation not exceeding \$5000	\$5.00
Slow-burning buildings, valuation not exceeding \$4000	4.00
Wooden buildings, valuation not exceeding \$3,000	3.00
Alterations of buildings and erection of sheds, garages and like small buildings, valuation not exceeding \$1000	1.00
Elevators	3.00
Grade foundations and cellars	2.00

An additional fee of fifty cents per \$1000 valuation over the above table shall be charged, provided, however, that the maximum fee to be charged shall not exceed the sum of \$150.

Fees shall accompany the application and are to be refunded if the permit is not granted"

Or, to establish such other fees and make other appropriate amendment, relative to such fees, of said building and plumbing laws as the Town shall determine, and act on anything relating thereto.

**Voted.** To establish fees to be charged on building permits issued by the Inspector of Building, and to amend the building and plumbing laws adopted by the Town March 19, 1932, by inserting therein in Section One, as Paragraph C, the following:

"C. The following fees shall be charged on all building permits issued by the Inspector of Buildings:

Fire-resisting buildings, valuation not exceeding \$5000	\$5.00
Slow-burning buildings, valuation not exceeding \$4000	4.00
Wooden buildings, valuation not exceeding \$3000	3.00
Alterations of buildings and erection of sheds, garages and like small buildings, valuation not exceeding \$1000	1.00
Elevators	3.00
Grade foundations and cellars	2.00

An additional fee of fifty cents per \$1000 valuation over the above table shall be charged, provided, however, that the maximum fee to be charged shall not exceed the sum of \$150.00.

Fees shall accompany the application and are to be refunded if the permit is not granted."

**ARTICLE 62.** To see if the Town will vote to limit the aggregate compensation to be allowed to the Town Clerk under the provisions of General Laws, Chapter 46, Section 26.

**Voted,** that the aggregate compensation allowed to the Town Clerk be limited to the sum of \$1,200 paid him as his annual salary and that all fees and moneys received by him in his official capacity be accounted for by him and paid over to the Town Treasurer to the use of the Town.

**ARTICLE 63.** To see if the Town will vote to amend the paragraph defining District B in Chapter 12, Section 1 of the Revised By-Laws of the Town of Milton, by striking from the clause in said paragraph reading as follows: "Thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company, the words: "and con-

tinuing northerly in the same line" and inserting in place thereof the following:

"To a point where the boundary line between land of the Town of Milton on which the East Milton Branch Library stands and land of Jesse B. Baxter extended southeasterly would intersect said southeasterly side line of Edge Hill Road: thence turning and running northwesterly along said extension of the boundary line between said land of the Town and said land of Jesse B. Baxter and along said boundary line itself in two lines to the southeasterly side line of Hollis Street; thence turning and running northeasterly along said southeasterly side line of Hollis Street to the southwesterly side line of Adams Street: thence turning and running southeasterly along said southwesterly side line of Adams Street to the southeasterly side line of Edge Hill Road: thence turning and running northeasterly along said southwesterly side line of Edge Hill Road extended"

so that said clause as amended will read as follows:

"Thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road to a point where the boundary line between land of the Town of Milton on which the East Milton Branch Library stands and land of Jesse B. Baxter extended southeasterly would intersect said southeasterly side line of Edge Hill Road: thence turning and running northwesterly along said extension of the boundary line between said land of the Town and said land of Jesse B. Baxter and along said boundary line itself in two lines to the southeasterly side line of Hollis Street: thence turning and running northeasterly along said southeasterly side line of Hollis Street to the southwesterly side line of Adams Street: thence turning and running southeasterly along said southwesterly side line of Adams Street to the southeasterly side line of Edge Hill Road: thence turning and running northeasterly along said southwesterly side line of Edge Hill Road extended across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company."

and act on anything relating thereto.

Voted, To amend the paragraph defining District B in Chapter 12 Section 1 of the Revised By-Laws of the Town of Milton, by striking from the clause in said paragraph reading as follows: "Thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road and continuing northerly in the same line across Adams Street to the easterly boundary line of land of the New York, New Haven and Hartford Railroad Company," the words: "and continuing northerly in the same line" and inserting in place thereof the following:

"To a point where the boundary line between land of the Town of Milton on which the East Milton Branch Library stands and land of Jesse B. Baxter extended southeasterly would intersect said southeasterly side line of Edge Hill Road: thence turning and running northwesterly along said boundary line itself in two lines to the southeasterly side line of Hollis Street: thence turning and running northeasterly along said southeasterly side line of Hollis Street to the easterly side line of Hollis Street to the southwesterly side line of Adams Street: thence turning and running southeasterly along said southwesterly side line of Adams Street to the southeasterly side line of Edge Hill Road: thence turning and running northeasterly along said southwesterly side line of Edge Hill Road extended"

so that said clause as amended will read as follows:

"Thence turning and running northeasterly and northerly along said southeasterly side line of Edge Hill Road to a point where the boundary line between land of the Town of Milton on which the East Milton Branch Library stands and land of Jesse B. Baxter extended southeasterly would intersect said southeasterly side line of Edge Hill Road: thence turning and running northwesterly along said extension of the boundary line between said land of the Town and said land of Jesse B. Baxter and along said boundary line itself in two lines to the south-

easterly side line of Hollis Street: thence turning and running northeasterly along said southeasterly side line of Hollis Street to the southwesterly side line of Adams Street: thence turning and running southeasterly along said southwesterly side line of Adams Street to the southeasterly side line of Edge Hill Road: thence turning and running northeasterly along said southwesterly side line of Edge Hill Road extended across Adams Street to the easterly boundary line of the New York, New Haven and Hartford Railroad Company."

(Carried by a two-thirds Vote.)

Boston, Mass., May 18, 1933.

The foregoing amendment to the By-Laws is hereby approved.

JOSEPH E. WARNER,  
Attorney General.

**Voted,** That the following resolution be adopted:

**Resolved:** That the Town of Milton in town meeting assembled directs its representatives in the General Court to vote for a reduction in State expenditures for the year 1933 so that there may be no increase of the net 4 1-2 million dollars which was imposed by the State on the cities and towns of the Commonwealth in 1932, and instructs the Town Clerk to forward a copy of this resolution to Milton's representatives to the General Court.

At the close of the meeting the following resolution was offered by Mr. Felix Rackemann — "That a Vote of Thanks be extended to the Warrant Committee and Moderator."

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of the Warrant in each of the post-offices of said Town fourteen days at least before said Fourth of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said Fourth of March, next.

Given under our hands at Milton, the 16th day of February, Nineteen Hundred and Thirty-three.

(signed) GEORGE S. MURRAY  
JOSIAH BABCOCK  
WM. B. THURBER  
Selectmen of Milton.

Commonwealth of Mass. Norfolk ss.

Milton, Mass. Feb. 28, 1933.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purpose therein mentioned by posting attested copies of the same in the post-offices of the town and leaving copies at the dwellings of the inhabitants.

(signed) WILLIAM B. LADD,  
Constable of Milton.

### **SPECIAL TOWN MEETING — MARCH 11, 1933 WARRANT**

(The articles in the following warrant were taken up at the regular March Meeting, March 11, 1933. The meeting was called to order at 2 P. M., the articles passed on, and the meeting adjourned at 2:07 P. M.)

Commonwealth of Massachusetts

Norfolk ss.

To any Constable of the Town of Milton, in said County,  
Greetings:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified

to vote in Town affairs to meet at the Town Hall in said Milton upon Saturday, the eleventh day of March next, at two o'clock in the afternoon, then and there to act upon the following articles, to wit:

ARTICLE 1. To see if the Town will accept Chapter 37 of the Acts of 1933 entitled, "An act to enable the Town of Milton to repay in part certain sums paid as sewer assessments."

Voted, To accept Chapter 37 of the Acts of 1933, entitled, "An act to enable the Town of Milton to repay in part certain sums paid as sewer assessments."

ARTICLE 2. To see what sum the town will vote to appropriate and raise to carry out the purposes of Chapter 37 of the Acts of 1933 entitled, "An act to enable the Town of Milton to repay in part certain sums paid as sewer assessments," and act on anything relating thereto.

Voted, That the subject matter of this article be referred to the Board of Sewer Commissioners to report to the Town its determination of the amounts payable under the provisions of Chapter 37 of the Acts of 1933, said report to be filed at the office of the Selectmen on or before October 1, 1933.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned by posting attested copies of this Warrant in each of the post-offices of said town fourteen days at least before said eleventh day of March, and leaving printed copies thereof at the dwelling houses in said town at least four days before said date.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said eleventh day of March, next.

Given under our hands at Milton the twenty-fifth day of February, nineteen hundred and thirty-three.

(signed) GEORGE S. MURRAY  
JOSIAH BABCOCK  
WILLIAM B. THURBER  
Selectmen of Milton.

Commonwealth of Massachusetts

Norfolk, ss. March 6, 1933

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and place and for the purpose therein mentioned by posting attested copies of the same in the post-offices of the town and leaving copies at the dwellings of the inhabitants.

(signed) WILLIAM B. LADD,  
Constable of Milton.

March 18, 1933 at 6:40 P. M.

Voted, That the Meeting be dissolved.

The foregoing meeting was opened March 4, 1933 at 5:45 A. M. by the Wardens in the several precincts.

Attest,

G. FRANK KEMP,  
Town Clerk.

# JUNE SPECIAL MEETING

1933

## WARRANT

Commonwealth of Massachusetts,  
Norfolk, ss.

To any Constable of the Town of Milton, in said County,  
Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote for State Officers and in Town affairs to meet at the several designated polling places in their respective precincts in said Milton, to wit:—

In Precinct I. Polling Place, Town Hall, Canton Avenue,  
In Precinct II. Polling Place, Tucker School Hall, Blue Hills P'kway,  
In Precinct III. Polling Place, Milton Police Station, Central Avenue,  
In Precinct IV. Polling Place, Belcher School, Church Street,

on Tuesday, June thirteenth next, at twelve o'clock noon, then and there to bring in to the Precinct Officers of their respective precincts, their votes for three delegates to a convention to act upon a proposed amendment to the Constitution of the United States relative to the repeal of the Eighteenth Amendment, and to vote on the question, "Shall licenses be granted in this town for the sale therein of wines and malt beverages?"

For these purposes the polls will be open at each and all of said precincts at twelve o'clock noon, and will be closed at eight o'clock P. M.

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Town at least fourteen days, and by leaving printed copies thereof at the dwelling houses in the Town at least four days, before the day of said meeting in said several precincts.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said June thirteenth next.

Given under our hands at Milton, the twenty-fifth day of May, nineteen hundred and thirty-three.

FREDERICK A. GASKINS  
JOSIAH BABCOCK  
GEORGE S. MURRAY  
Selectmen of Milton.

Commonwealth of Massachusetts

Milton, Mass. June 8, 1933

Norfolk, ss.

10:00 A. M.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post-offices of the town and leaving copies at the dwellings of the inhabitants.

WILLIAM B. LADD,  
Constable of Milton.

Result of Balloting was as follows:

Election of Delegates to a Constitutional Convention called to Ratify or Reject the Following Amendment to the Constitution of the United States, proposed by joint resolution of Congress.

Text of the Proposed Amendment:

"Sec. 1. The eighteenth article of amendment to the Constitution of the United States is hereby repealed.

"Sec. 2. The transportation or importation into any state, territory, or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited.

"Sec. 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by conventions in the several States, as provided in the Constitution, within seven years from the date of the submission hereof to the States by the Congress."

Reports of  
SPECIAL COMMITTEES  
Appointed at the  
ANNUAL TOWN MEETING  
MARCH, 1933

---

---

# **REPORT OF THE BOARD OF SEWER COMMISSIONERS TO THE TOWN OF MILTON**

Milton, Mass., September 29, 1933.

At the Town Meeting held on March 11th, 1933, it was voted, under Article 1, to accept Chapter 37 of the Acts of 1933 entitled, "An act to enable the Town of Milton to repay in part certain sums paid as sewer assessments."

Article 2 of the warrant for said meeting read,—

"To see what sum the Town will vote to appropriate and raise to carry out the purposes of Chapter 37 of the Acts of 1933 entitled, 'An act to enable the Town of Milton to repay in part certain sums paid as sewer assessments', and act on anything relating thereto."

Under this article it was voted,—

"That the subject matter of this article be referred to the Board of Sewer Commissioners to report to the Town its determination of the amounts payable under the provisions of Chapter 37 of the Acts of 1933, said report to be filed at the office of the Selectmen on or before October 1, 1933."

Pursuant to the above direction, the Board of Sewer Commissioners reports as follows:

Sewer assessments in the Town of Milton are assessed under the provisions of Statutes of 1895, Chapter 304. Section 9 of this act provides (in part),—

"Said board of sewer commissioners shall determine what proportion of the cost of said systems of main drains and of sewerage said town of Milton shall pay, provided that it shall not pay less than one quarter nor more than two thirds of the whole cost. The remaining cost of each of said systems shall be borne by the owners of estates situated within the territory embraced by it and benefited thereby."

In the original calculation of the assessments for the years 1927 to 1931 inclusive, the Board of Sewer Commissioners included as a part of the cost, the sums paid by the Town of Milton as its share of the cost of the south district metropolitan sewer.

In the recent case of Mullen v. Sewer Commissioners, the Supreme Court held that the method of assessment adopted by the Board was correct in all particulars, except that the Town's share of the cost of the metropolitan sewer should not have been included in determining the cost to be assessed on persons benefited by the sewer.

After careful deliberation, the Board decided and voted that it would be fair, if the Town was to bear the full expense of the metropolitan assessment, that the persons directly benefited by the sewers should bear 75% of the direct cost of the local sewers, and the Town 25%. Detailed figures have been prepared and are submitted with this report, but it may be stated in general that, on this basis, the total cost of sewers to individuals would be at the rate of about \$2 per front foot, whereas it had been at the rate of \$3 per front foot. (These figures include both the assessment for frontage and the assessment for area). In other words, the reduction in cost to the abutters would be about one third.

In most cases where nothing had been paid on sewer assessments or where sewer assessments had not been paid in full, adjustment could be made by reduction in the assessments, and this was accordingly done by the Board, in December 1932.

## BOARD OF SEWER COMMISSIONERS

Where assessments had been paid in full or in an amount greater than the amount after recalculation, it was not within the power of the Board to order refunds. The Board accordingly had an enabling act prepared and introduced into the Legislature of 1933. The Committee on Taxation did not accept the bill in the form prepared by the Commission but drafted a bill which was passed and now appears as Statute of 1933, Chapter 37 as above referred to.

In accordance with the vote above quoted, we report to the Town our determination of the amounts payable as contained in the detailed tables of the calculation filed herewith marked "A" and made a part of this report. The sum as calculated to August 1, 1933 is \$39,563.30.

We recommend an appropriation by the Town of the amount of \$40,000.00 to cover the repayment of the total amounts so determined, and to allow a margin for possible adjustments.

Respectfully submitted,

J. W. ROLLINS

FRED Y. MARSHALL

S. CUNNINGHAM

*Board of Sewer Commissioners.*

## REPORT OF COMMITTEE ON REVISING BYLAWS

Milton, Mass., December 26, 1933.

To the Selectmen and the Warrant Committee  
of the Town of Milton.

Gentlemen:

The committee appointed under Article 58 of the March 1933 Town Meeting to study the Town By-Laws submits herewith its recommendations and conclusions.

The committee has held many meetings since its appointment, and held a public hearing at the Town Hall on October 20th which was advertised in the **Milton Record** and notice of which was sent to a number of officers and individuals who the committee felt would be interested in the subject. The hearing was well attended and a number of valuable suggestions were received. It was noteworthy that no one suggested any weakening of the by-laws,—on the contrary every recommendation was either for strengthening some provision or for the better enforcement of the statutes and the Town bylaws. With enforcement the committee of course has nothing to do; the matter must be left to the proper executive officers.

Our work has been principally to bring the bylaws up to date by changes such as those in **Chapter 6, Police Regulations**, due to the present widespread substitution of automobiles for horse-drawn vehicles, changes to comply with statutes adopted since the last revision, and the omission of **Chapter 9, Street Railways**, because the matter is fully covered by statute and the regulations of the Department of Public Utilities.

Important strengthening additions have been made to the Building Code, renumbered as **Chapter 7**, and to **Chapter 12, Use of Buildings**, renumbered and renamed as **Chapter 10, Zoning**. Less important additions have been made elsewhere which will be self-explanatory. In general the omissions made are of provisions covered by statute or by regulations of boards having jurisdiction superior to that of the Town. In other words every citizen should realize that our bylaws do not define every right and duty of individuals, boards or officers. Their provisions must be considered in every case in connection with those of laws of the United States and of the Commonwealth and of the rules, regulations and orders of all commissions, boards and officers having jurisdiction superior to that of the Town.

ROGER WOLCOTT, Chairman,  
WILLIAM B. THURBER, Secretary,  
LINCOLN BRYANT,  
LUKE E. KEELEY,  
FRED N. RUSSELL,

by Roger Wolcott,  
Chairman.

Note:— The Committee's recommendations are embodied in an appropriate Article in the March, 1934, Warrant.

## REPORT OF SELECTMEN

To the Citizens of Milton:

The Selectmen of the Town of Milton respectfully submit the following report for the year ending December 31, 1933.

Many unusual things have come up through the year, particularly because of the employment situation. Owing to the smaller appropriation for the year, very little road construction was undertaken. There was no appropriation for betterment streets and no appropriation for new construction of public streets, therefore the year was one of strict economy. After laying off all the extra men on the Street Department, it was found that there was still not sufficient money to carry the regular men for the balance of the year, and the question arose whether it was advisable to lay off sixteen men for the rest of the year or whether some other form of economy should be practiced. It was decided to keep all of the men in the regular Street Department on part time work. The men were therefore divided into three groups, and a stagger system was inaugurated. Each group worked ten days out of every fifteen working days until August 1, when it was possible to put all the men to work five days a week for the remainder of the year. The Selectmen felt that it was better to give all the men some work than to let a third of the men go, thus throwing them into the ranks of the unemployed. It also seemed to be good judgment to have the system already described apply in the spring and summer, when it would be possible for the men to get along with less money than in the winter months when they would require coal, heavy clothing, etc.

Central Avenue was re-surfaced for a distance of a little less than 1,000 feet between the Police Station and Griggs Avenue. This road was in very bad condition prior to the re-surfacing, owing to the fact that the street car tracks were in the center of the street and the paving between the tracks was in a deplorable state. A section of Canton Avenue between Brook Road and Reedsdale Road was reconstructed, because heavy traffic was obliged to use this piece of road instead of Center Street. As much as possible of the sub-grading of this road was given to the unemployed, the Highway Department doing the work which required more skilled men. On Canton Avenue there were several dangerous places, because the old construction had a high crown, and the piece of road Southwest of Atherton Street was broken up and reshaped and banked in order to make it safer. Two other pieces of Canton Avenue which were in a bad condition were broken up and re-surfaced. The regular men when not employed on these repair jobs were employed on regular street work.

Oiling for the year was cut down to a low figure, and oiling was done only on roads where it was required to keep them from going to pieces. Drainage projects which utilized a number of the unemployed were carried on as will appear in the report of the Town Engineer.

In December the Selectmen were called upon to lay out projects under the Civil Works Administration program inaugurated by the Federal Government. The various projects which were approved have been employing between 350 and 400 men since about the first of December.

The Board is of the opinion that it is not economy in the long run to reduce the budget for street maintenance. They are of the opinion that unless sufficient money is appropriated to keep the streets in repair, the cost of rebuilding those which cannot be taken care of under the present plan will be far greater than it will be if the budget is large enough to do a fair amount of work each year.

Respectfully submitted,

FREDERICK A. GASKINS  
GEORGE S. MURRAY  
JOSIAH BABCOCK

*Selectmen of Milton*

## REPORT OF THE BOARD OF APPEAL

December 31, 1933

To the Citizens of the Town of Milton:

The Board of Appeal present the following report for the year 1933.

Mr. George S. Murray, whose term expired in March, was reappointed to serve until the Annual Town Meeting to be held in March, 1936. Mr. Murray was unanimously reelected Chairman of the Board.

During the year we have had four appeals which have been disposed of as follows:

Application of Nathalie Alsop for permission for the incidental use of her house at 100 Edge Hill Road, East Milton for the showing and sale of dresses in a portion of her residence. Petition granted.

Application of Nora B. Will for permission to relocate, erect and maintain an existing building 14 feet by 14 feet square on premises situated on Blue Hill Avenue about 588 feet north of Dollar Lane to be used in connection with a gasoline service station and for the storage and sale of gasoline, lubricating oils, and other products customarily stored and sold in connection with a gasoline service station, and the erection and maintenance of two tanks for containing gasoline—one to contain 500 gallons and one to contain 1000 gallons—with pumps, apparatus and other customary appliances for the sale of gasoline. Petition denied.

Application of G. H. Bent Company for permission to erect a garage for more than two automobiles at rear of No. 7 Pleasant Street, Milton. Petition granted.

Application of John D. Cruckshank for permission to erect a building to be used as a one car garage, as an addition to the two car garage now on his premises numbered 41 Windsor Road, Milton. Petition granted.

Respectfully submitted,

GEORGE S. MURRAY, Chairman  
FRED N. RUSSELL,  
OSCAR W. HAUSSELMANN.

# **REPORT OF TOWN ENGINEER**

Milton, Mass., December 31, 1933

To the Honorable Board of Selectmen  
Gentlemen:

I herewith respectfully submit the annual report of the Engineering Department for the year ending December 31, 1933.

## **Town Survey**

The important work of completing the town survey and plans was accomplished early in the year. These valuable record plans are now on file in this office and are constantly being referred to for data in giving street lines, tracings of property for owners, many of whom see their holdings on a plan for the first time. They are also used considerably by public utility companies for location of poles, underground structures, etc. From these plans all buildings in town were assigned their correct street number. (This was done at the request of the United States Postal Department for the purpose of speeding the delivery of mail.)

This year also was completed an authentic wall map of the Town of Milton on a scale of 200 feet to an inch. It is planned that this map will be a comprehensive record drainage plan showing all of the streams, the divides or water shed areas, and the underground drainage now installed. This plan will be of great value in designing future drainage systems as the town develops.

Much work has been done this year in establishing street lines for other engineers engaged in private surveying and for property owners as requests for the same were made.

## **Cemetery Department**

Lines, grades, and plans have been furnished the Cemetery Department for the construction of avenues. Many lots have been staked out for burial purposes.

## **Police Department**

Street plans have been made of all fatal accidents and lines were run for the marking of streets for traffic purposes.

## **Park Department**

Lines and grades for the erection of fences were given to the Park Department. Surveys and plans were made in connection with land transfers and submitted to the Commissioners.

## **Water Department**

All services and main pipe installed during the year have been located and are being plotted during the winter months. Much preliminary and location work was done for this department in locating the two new standpipes in the Blue Hills. We have been called on to locate lines for all new water mains as they are about to be installed.

Wherever a pipe line crossed private property, or ran through private ways, it was necessary for easement plans to be made by the Engineering Department and descriptions for recording same were furnished.

## **Highway Department**

The Engineering Department is constantly supplying services to the Highway Department for lines and grades on various kinds of work, such as setting curbing, street castings, grading stakes, lines for ditches, batterboards to lay pipe, setting stone bounds, staking out sidewalks, estimates for work, and other small items too numerous to mention.

Details of part of the above mentioned work are submitted as follows:

## Drainage installed during 1933

HIGHWAY BRIDGES

Adams Street Bridge

This year lines for widening Adams Street and taking plans were made to meet the lines established by the City of Boston over the Neponset River. We have designed and drawn detail plans for the widening of the bridge on the Milton side of the Neponset River. Conferences were held with the bridge division engineers of Boston so that our design and type of construction would compare favorably with that of the City of Boston.

Granite Avenue Bridge

Granite Avenue Bridge is a steel girder bridge with a wooden decking and is much too light for the present heavy traffic. During the late spring several wooden stringers were sheared off, thus necessitating immediate repairs. The number of wooden stringers were doubled and have served to the present time as a temporary repair.

In 1934 it is proposed to re-deck the entire bridge, except the draw section, with steel and reinforced concrete at an approximate cost of \$12,000.00, one half of which is to be paid by the Town of Milton.

Assessors' Plans

A complete set of town plans have been furnished the Assessors' Department. Most of these sheets are on a scale of forty feet to an inch, while

others are on a smaller scale so that entire estates could be shown on one sheet. When these large areas are eventually subdivided into blocks and lots they can easily be plotted on the forty foot scale which is the standard adopted for town plans.

During the year several plans were prepared and submitted to the Assessors for use in connection with cases before the Board of Tax Appeals.

### Civil Works Administration

Most of the work under the Civil Works Administration in Milton was planned and estimated by this department. This work required the making of many plans to accompany proposed projects. I might add that this work could not have been so promptly accomplished without the aid of the large section plans. When projects were awarded, the field work was handled from this office.

### School Department

Plans and estimates have been supplied the School Department as requested. Much of the work done by unemployed men was in connection with the construction of a football field, a girls' athletic field and a parking yard adjacent to the High School building. The two latter jobs are now complete.

The football field has reached the stage of construction where but very little more labor can be used without an appropriation for material. The work done on this field to date consists of laying part of the wall along Pine Tree Brook, a retaining wall abutting the parking space, the installation of a main drain with laterals in the football field area and bringing the whole field to a rough subgrade.

Material to be purchased is loam and grass seed, estimate cost of which has been furnished the School Department.

I would recommend the erection of a fence around the entire area proposed for sports.

### Unemployed

Every possible effort to co-operate with the Unemployment Committee has been made by this Department and our associations have been most pleasant. All men who worked during the year were employed through the Unemployment Committee after investigations were made by Mrs. Elizabeth Sheldon and Mrs. Edith Stebbins. These men, as a whole, have worked well and accomplished during 1933 the following work:

Subgrading 2000 linear feet of roadway and the installation of the following drainage:

<i>Location</i>	<i>Length feet</i>	<i>Catch Basins</i>	<i>Line Man Holes</i>
Bonad Road . . . . .	649.0	4	1
Blue Hill Terrace Section . . . . .	1444.0	2	11
Brush Hill Section . . . . .	2156.8	6	9
Bryant Avenue . . . . .	1540.0	10	6
Canton Avenue . . . . .	283.5	2	2
Central Avenue . . . . .	283.0	2	1
Clapp Street . . . . .	1908.1	10	7
Fairbanks Road . . . . .	406.6	4	2
High School Playground . . . . .	1900.6	2	1
Milton Street . . . . .	1055.0	1	4
Randolph Avenue . . . . .	255.0	0	0
School Street . . . . .	261.5	4	0
Sheldon Street . . . . .	440.4	2	1
Squantum Street . . . . .	143.8	1	2
State Street . . . . .	130.0	0	0
Vose School Yard . . . . .	236.0	3	0
<b>Totals . . . . .</b>	<b>13093.3</b>	<b>53</b>	<b>47</b>

As a result of a reduced appropriation in March it was necessary to decrease the personnel of the Engineering Department so that only two men were available for outside field work. Another rodman, however, is very much needed to make the field party an efficient three man unit. I have recommended that one be provided for in our 1934 yearly budget.

Every effort has been made by this department to give the citizens prompt and efficient service.

A financial statement of this department's expenditures will be found in the Town Accountant's Report.

I thank the Board of Selectmen and heads of all other departments for their generous co-operation.

Respectfully submitted,

FORREST J. MAYNARD,  
Town Engineer.

## REPORT OF ASSESSORS OF TAXES

December 30, 1933

To the Citizens of the Town of Milton:

The Assessors of Taxes herewith submit their report for the year 1933.

At the annual election of town officers for 1933, Mr. William W. Churchill was elected for the three year term, and on March 6th, the Board voted to organize as follows for the ensuing year: William W. Churchill, Chairman; Robert Bowie, Secretary. Miss Dorothy L. Maxwell was appointed Clerk of the Board, and Miss Bertha M. Johnson was appointed Secretary to the Board.

Approximately 17,364 tax bills have been committed by the Assessors to the Tax Collector during the past year, their classification being as follows: 5,052 real estate taxes; 433 personal property taxes; 6,531 Motor Vehicle Excise taxes; 5,348 combination poll tax and Old Age Assistance tax bills.

Because the State Legislature did not adjourn until an unusually late date this year (July 22d), the Assessors were unavoidably delayed in announcing the local tax rate. As a direct result of this delay, the Assessors were unable, for the first time in several years, to send out the real estate and personal property tax bills before October 1st.

Two important changes in legislation have been made during 1933. Chapter 254 of the Acts of 1933 changes the legal date of assessment from April first to January first of each year. Although this change does not go into effect until January 1, 1935, another change in the statute (Chapter 266 of the Acts) has shortened the time for making application for abatement to nine months from the date of assessment; thus, all applications for abatement of 1933 taxes (levied as of April first) were required to be in this office before December 31, 1933. Under the old regulations, an entire year from the date of assessment was allowed to applicants for abatement.

The Assessors have been obliged this year to employ an additional clerk for a much greater length of time than ever heretofore. The revision of several hundred sewer assessments, made necessary by a Court decision against the Town of Milton Sewer Commissioners, caused a great deal of extra work in this Department. Additional work was caused also by the change in the Town Engineer's office of approximately eight hundred house numbers within the town.

On April first of this year, the Town Engineer delivered to the Assessors a complete new set of plans, in accordance with an agreement made between the two departments in 1931. On these plans, the town is divided into sections, blocks, and lots, and at the present time an extra clerk, who is employed under the C. W. A. program, is at work on the new card system which is made necessary by the installation of the new plans. One other C. W. A. project is being superintended by the Assessors; that is the enlargement of their vault and office quarters. The former kitchen is being converted into a main office, and the former office is to be made into a private room for the use of the Assessors.

The 1933 tax rate (\$24.80) showed a decrease of \$1.50 over that of 1932 (\$26.30). The following figures were used by the Assessors in determining the tax rate for 1933:

#### 1933 Expenses

State Tax	\$44,910.00	
Auditing Municipal Accounts	752.43	
Metropolitan Parks Tax	15,391.26	
Metropolitan Planning Board	153.83	
South Metropolitan Sewer Tax	28,935.46	
Charles River Basin Tax	3,027.00	
Canterbury Street Highway	205.32	
Land-takings on State Highway, Revere	400.67	
Ocean Avenue, Revere	404.86	
West-Roxbury-Brookline Parkway	1,806.35	
Ways in Malden, Braintree, Weymouth, Hingham	7.50	
Public Health in Valley of Neponset River	1,125.39	
Abatement of Smoke Nuisance	324.23	
Boston Elevated Railway Company Deficiency	17,967.83	
Deficiency in Rental Payments—Boston Elevated (Boylston Street Subway)	495.90	
Investigation of Boston Elevated Railway Company	29.75	\$115,937.78
County Tax		26,825.74
Town Appropriations, March, 1933		1,108,100.77
Town Appropriations, March, 1933. (Unexpended balances transferred from 1932 accounts, by vote at town meeting)		59,448.98**
Overlay deficit of 1931		309.76
Soldiers' Exemption		115.41
		<hr/>
		\$1,251,289.46
Special State Tax—Old Age Assistance		5,348.00
		<hr/>
		\$1,256,637.46

The population of the town, as computed by the Assessors for the year ending April 1, 1933, was 17,507.

Other statistics are as follows:

Number of dwelling houses assessed	3,941
Number of acres of land assessed	6,218
Number of licensed dogs	1,194
Number of persons liable for military duty	3,188

Number of livestock assessed:

Horses	164	
Cows	294	
Sheep	26	
Swine	35	
Fowl	1304	1,823

#### Total of all Taxes Committed by Assessors to Tax Collector

Real estate taxes (April levy)	\$840,904.76
Real estate taxes (December levy)	213.28
Personal property taxes (April levy)	89,098.96
Personal property taxes (December levy)	128.96
5,348 poll taxes at \$2.00 (April levy)	10,696.00
14 poll taxes at \$2.00 (additional levy)	28.00
5,348 Old Age Assistance taxes at \$1.00 (April levy)	5,348.00
14 Old Age Assistance taxes at \$1.00 (additional levy)	14.00

Motor Vehicle Excise tax:

Commitment of March 31st	\$24,858.37	
Commitment of June 30th	15,037.37	
Commitment of November 6th	5,289.24	
Commitment of December 30th	680.40	45,865.38

Special assessments added to 1933 real estate tax bills:

Sidewalk taxes and interest	\$687.01	
Sewer taxes and interest	11,386.12	
Street Betterment taxes—interest]	15,749.63	
Moth taxes	74.25

W. W. CHURCHILL,  
CARL R. HORNE

Assessors of Taxes.

## REPORT OF BIRD WARDEN

Milton, Mass., December 30, 1933.

*To the Citizens of the Town of Milton:*

I beg to submit to you my report as Bird Warden for the year 1933.

There was no appropriation and there are no accounts to be submitted.

I have very little to add to the reports which I have made for the last three years in respect to the bird-life in the town.

I wish, however, to state again that the European Starling is increasing and is driving away several of the desirable birds, and that as a song bird it is not attractive and its assistance in the control of insect pests is apparently not important. That it does damage to fruit, gardens and orchards is becoming more evident and the bird, therefore, is generally classed as a very undesirable resident.

I wish to repeat my hope that the citizens of the town who are interested, will aid in the destruction of this bird by shooting and trapping.

I wish also to urge as usual, the maintenance of feeding stations during the winter months for the Juncos, Chickadees, Nuthatches, Woodpeckers and such of the Sparrows as remain in the winter months.

Respectfully submitted,

RALPH E. FORBES,  
Bird Warden.

## REPORT OF MILTON CEMETERY

January 10, 1934.

To the Citizens of Milton:

The Trustees of the Cemetery Department report as follows for the year 1933:

There were one hundred sixty-three interments in the Cemetery during the year, ninety-eight of which were from out of town.

Fifty-five new lots were completed. There were thirty-nine lots taken by residents of the town and nine single graves sold to residents.

Perpetual care was placed on twenty-seven lots.

Fifty-eight cement foundations for monuments and headstones were made and twenty-seven markers were set up on the different lots.

Twenty-eight lots and one entire section consisting of fifty-six single graves were filled to grade, regraded and reseeded.

During the year the Department assisted the Special Employment Committee of the Town by taking on men as follows:

January	11	July	11
February	11	August	12
March	15	September	13
April	15	October	8
May	13	November	9
June	11		

At the expense of the United States Civil Works Administration (the "C. W. A.") a "project" has been started in the Cemetery which employs thirty men. The project includes the building of a retaining wall in the southern section of the Cemetery furnishing available ground for more lots, and also the construction of a new road. The work was begun in December and will continue for several months.

Trustees:

PERCY E. SHELDON,  
Chairman.

REGINALD L. ROBBINS,  
Treasurer and Secretary.

THOMAS K. CUMMINS,  
ASAPH CHURCHILL,  
W. PRESCOTT WOLCOTT,

Superintendent

THOMAS W. POND.

# REPORT OF THE FIRE DEPARTMENT

Milton, Mass., January 3, 1934.

To the Honorable Board of Selectmen,  
Milton, Massachusetts.  
Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1933.

## Alarms

There have been 269 alarms received as follows:

122 bell alarms, 147 still alarms, 33 calls to Boston.

Boston apparatus has responded to Milton 24 times.

## Alarms each month

January . . . . .	19	May . . . . .	46	September ] . . . . .	10
February . . . . .	8	June . . . . .	16	October . . . . .	16
March . . . . .	30	July . . . . .	17	November . . . . .	33
April . . . . .	39	August . . . . .	9	December . . . . .	26

## Classification

## Other Calls

Calls for Pulmotor. Assist persons to enter house. Take child from locked bathroom.

## Property at risk

Value . . . . .	\$510,800.00	Insurance paid . . . . .	\$8,815.89
Fire loss . . . . .	9,375.59	Per capita loss . . . . .	.51

## Work performed

Feet of hose laid . . . . .	14,150	Feet of ladder raised . . . . .	1,278
Gallons of chemical used . . . . .	1,117	Miles travelled . . . . .	1,507.3

## Permits issued

Out of door fires . . . . .	1,106	Explosive . . . . .	10
Oil burners . . . . .	275	Fireworks . . . . .	8
Range Burners . . . . .	316		

## Inspections

On oil burners . . . . .	297	Stores, garages, filling stations . . . . .	
On range burners . . . . .	388	bowling alleys, factories, etc. . . . .	470
Garage locations . . . . .	121		

### Personnel

After 35 years of faithful and efficient service, Lieut. J. F. Tolman was pensioned the first of this year.

Promotions have been made as follows:

1 from fireman to lieutenant, 1 from callman to permanent fireman; 1 from substitute callman to callman.

A. F. McLeod and F. E. Whelan have completed the Firemen's Training Course conducted by the State Board of Education at Brookline.

### Apparatus

Hose No. 4 purchased in 1915, replaced broken crankshaft, made minor repairs.

Pump Engine purchased in 1916, new radiator, new battery, minor repairs.

Hose No. 2 purchased in 1919, new rear tires, repainted, minor repairs.

Ladder Truck purchased in 1926, minor repairs.

Combination purchased in 1930, minor repairs.

Chief's car purchased in 1927, repainted, new battery, tires, minor repairs.

Oldsmobile purchased in 1919, held in reserve as utility truck.

### Buildings

Fire Headquarters and Hose house No. 4 are in very good condition. Outside trimmings at Headquarters have been repainted and minor repairs have been made at both houses.

Hose house No. 2 is not in very good condition. It has had a coat of varnish on walls and ceiling of lower main floor and hall and stairway, and constant repairs have been made throughout the year.

### Recommendations

Again I wish to impress on the minds of the citizens the need of more permanent firemen, a new engine house and a new ladder truck for East Milton. I recommend the replacement of the two oldest pieces of apparatus, namely Hose No. 4, and the Pump Engine.

I recommend for this year, addition to the permanent force of 4 men.

2—750 gallon Pump Engines, new Chief's Car.

Since 1926 the population of the town has increased more than 21%; the number of dwellings has increased more than 27%; over 1,300 garages have been erected. Nothing has been added to the personnel or apparatus to keep pace with these increases.

Unless something is done soon in the way of more permanent firemen and replacement of old apparatus, our class B rating with the New England Insurance Exchange is liable to be jeopardized.

I wish to thank your Honorable Board for your assistance throughout the year.

I wish to thank the Police Department for their co-operation.

I sincerely thank the officers and men of this department for their hearty co-operation and their excellent work during the entire year.

Respectfully yours,

J. HARRY HOLMES,  
Chief of Department.

REPORT OF THE TREE WARDEN DEPARTMENT

Milton, Mass., December 30, 1933.

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Tree Warden Department of this town, for the past year.

Trimming

There has been no serious damage to trees from storms during the past year. The regular necessary trimming and some additional trimming has been done during the year.

Planting

We have planted 168 trees and have replaced a few trees including some that were struck by automobiles.

Insects

The infestation of the Elm Leaf Beetle is about the same as last year. We have been able to keep the Satin Moth and Tent Caterpillar under control. The Fall Webb Worm has been very noticeable during this year but we have been able by cutting the nests, to keep the street trees clean.

A new menace of which we have had considerable warning, called the Dutch Elm Blight, has been reported from some sections, but as yet we have found no evidence of it in Milton.

Saw Mill

The work done at the Saw Mill was about the same as last year. Owing to having the Saw Mill Plant struck by lightning in July, additional expense was incurred, which appears in the Saw Mill Account.

Plans For Next Year

We would like at least to plant as many trees as we did this year, during the coming year.

It is to be hoped that if the business depression improves, the requests for private work will return to normal. This year it showed a marked falling off, but I believe it would be a mistake to reduce the appropriation as the town loses nothing by making it large enough to cover any probable work desired, owing to the fact that the money not used reverts to the Town Treasurer.

Appendix A.

Trees planted:	
Norway Maples.	168
Trees removed:	
American Elms	9
Maples	3
Ash	1
Pine	2
Hickory	3
Willow	5
	23

Credit Balance . . . . .	\$147.60

Respectfully submitted,

RALPH E. FORBES,  
Tree Warden.

MOTH DEPARTMENT

December 30, 1933

To the Honorable Board of Selectmen:

I beg to submit the following report of the work of the Moth Department of this town, for the past year.

Suppression Work

The infestation of the Gypsy Moth is noticeably more in some sections, than last year. We are now finding nests scattered throughout the town.

No Brown-tail Moths have been found during this year.

The falling off of requests for private work which I reported last year, has continued and must be attributed largely to the depression.

Appendix A. (General Account)

Appropriation . . . . .	\$3,000.00
Transfer from Reserve Fund . . . . .	290.00
	<hr/>
	\$3,290.00
Expenditures . . . . .	\$3,282.86
	<hr/>
Balance reverting to Treasurer . . . . .	\$7.14

	<hr/>

\$24.57 Profit on Private work

Respectfully submitted,

RALPH E. FORBES,  
Local Moth Superintendent

# REPORT OF BOARD OF HEALTH

December 31, 1933

To the Citizens of Milton:—

The number of Diseases Dangerous to the Public Health reported to the Board of Health for the past three years has been as follows:

	1933	1932	1931
Anterior Poliomyelitis . . . . .	2	0	6
Chicken Pox . . . . .	21	66	60
Diphtheria . . . . .	3	4	4
Dog Bite . . . . .	18	13	19
German Measles . . . . .	2	11	27
Ophthalmia Neonatorum . . . . .	0	1	0
Suppurative Conjunctivitis . . . . .	1	0	0
Lobar Pneumonia . . . . .	14	9	16
Malaria . . . . .	0	0	1
Measles . . . . .	21	46	50
Mumps . . . . .	17	84	24
Scarlet Fever . . . . .	45	113	50
Tuberculosis (Pulmonary) . . . . .	7	5	7
Tuberculosis (Hilum) . . . . .	1	0	0
Tuberculosis (All other forms) . . . . .	3	1	0
Whooping Cough . . . . .	84	17	135
Trichinosis . . . . .	1	0	0
Relapsing Fever . . . . .	1	0	0
Actinomycosis . . . . .	0	1	0
Gonorrhea . . . . .	10	12	15
Syphilis . . . . .	8	6	9

The Board organized March 8, 1933. Mr. Hervey W. King was elected chairman and Mr. Lincoln W. Pierce, Secretary. The following appointments were made. Agent, Paul W. Kimball; Inspector of Milk, S. R. Ramsdell; Inspector of Plumbing, L. E. Young; Deputy Inspector of Plumbing, B. F. Murray; Agent for Issuing Burial Permits, G. F. Kemp; General Contractor, A. B. Snow; Inspector of Slaughtering, P. W. Kimball. The contract for collecting ashes and garbage was awarded to S. G. Craig.

Sixty permits for connecting houses with the common sewer were issued during the year 1933.

Fifteen Licenses for the sale of denatured alcohol were issued.

One establishment for the bottling of non-alcoholic beverages was inspected and licensed.

The report of the Milk Inspector indicates that all but a small percentage of the pasteurized milk sold in the town is now produced from tuberculin-tested herds. During the year, 378 samples of milk and ice cream were collected and tested. These samples of milk are taken from the wagons of dealers delivering milk in Milton, as well as from the stores selling milk. The inspection of the milk also includes the examination of the farms producing milk in the town of Milton and examination of the pasteurizing plants and an inspection of plants manufacturing ice cream.

The clinics for the Schick Test and Toxin-Antitoxin treatment were held as usual this year in cooperation with the school department. The clinics were held during school hours, which arrangement has again proved to be very satisfactory. A total of 612 persons visited the clinic. 328 were given the Schick Test and of these, 293 proved to be immune. 276 persons were given the full course of three toxin-antitoxin treatments. A total of 1232 treatments were given at an approximate cost of 21¾ cents per treatment.

The disposal of ashes and refuse becomes more difficult each year. The advent of the oil burner has caused a considerable increase in the amount of

combustible refuse to be disposed of and a decrease in the amount of ashes. This makes it increasingly difficult to keep the dumps in proper condition as formerly there were sufficient ashes to bury the refuse. The large amount of refuse unless completely covered with ashes affords a breeding place for rats, and this makes it necessary that as much as possible of the combustible matter be burned on the dumps. The Board has the dumps under constant supervision by its agent and the contractor burns the refuse during the daytime, so that the fires will be practically out by nightfall. To accomplish this result the contractor in cooperation with the Board has at his own expense, installed a water line to the Thacher Street dump. From time to time, unauthorized persons going on the dumps on days when they are not being used by the contractor, start fires for which the contractor is not responsible.

Attention is called to the report of the director of the Tuberculosis clinic printed on an adjoining page, which outlines the activities of the clinic in detail. It is important to note that the clinic was able to return 15 of 23 suspected cases to their normal activities by reaching a conclusion that they did not have tuberculosis. It is also to be noted that three of the active cases were treated by prolonged bed rest at home instead of being sent to the Norfolk County Hospital which would have entailed an expense to the town of nearly \$1400. or more than twice the cost of maintaining the clinic. 13 clinics were held, with a total attendance of 128 persons. 38 new cases were admitted. Of these, 15 were contacts with known cases of tuberculosis and 23 were cases where a suspicion of tuberculosis existed. 34 X-rays were taken and 20 skin tests were made. A total of 435 home visits were made by the clinic nurses to clinic cases and to other known cases of tuberculosis.

During the year 2 diptheria carriers were discovered and their condition cured. A smaller number of contagious diseases were reported to the Board in 1933 than usual. Unfortunately in many other cases, owing to economic conditions, no doctor was called in and there were undoubtedly a number of cases unreported and unrecognized. The attention of all citizens is called to the fact that when a doctor is not called, the law requires all householders or those having knowledge of a contagious disease, to report the same to the Board of Health, in order that proper quarantine may be established, and the public be protected against the spread of such diseases.

Respectfully submitted,

HERVEY W. KING, Chairman.

PAUL R. WITHINGTON, M. D.

LINCOLN W. PIERCE, Secretary.

Board of Health of Milton.

# REPORT OF THE MILTON TUBERCULOSIS CLINIC

Milton, Mass., January 12, 1934.

To the Milton Board of Health:

In the past year, the Tuberculosis Clinic has shown a considerable increase in numbers, the total attendance at the Clinic being 128 as opposed to 77 last year. It is likely that this is due in large part at least, to the industrial conditions which have prevailed in the past years. The slight underfeeding of a group of individuals over a period of years would certainly produce changes which predispose to tuberculosis. The following considerations indicate that this is a factor.

We have divided the cases referred to the Clinic into 2 groups: that group which were considered entirely well but were referred because they had been exposed to a patient with active tuberculosis; and, secondly, those who were referred on account of the suspicion of active disease in themselves. The first group we have called "contacts", and the second we have called "suspects". If our reasoning, as outlined above, is correct, we should have seen an increase in the number of the cases referred to us as suspicious, in comparison with the number of contacts during the current year. Such has been found to be the case, as there were 23 referred as suspects and 12 as contacts in 1933, whereas in 1932 only 9 were referred as suspects and 7 as contacts. Those patients referred by physicians as suspicious cases were largely people who were underweight and who, perhaps, had "colds that didn't clear up". Although the figures are small, they show the increase in individuals with malnutrition and lowered resistance in our population. It is gratifying to report that we were able to reassure 15 of the 23 by reaching a negative conclusion. The facilities that the Clinic provides for ruling out tuberculosis and allowing "suspects" to return to work is one of its important functions. On the contrary, we have decided that 6 patients either had definitely active tuberculosis or required further observation to determine this fact. The remaining 2 cases in this group are arrested cases which we have followed for a number of years for annual examinations. Both are working. One of these has been treated through this Clinic. Of the 5 active cases, 3 patients were treated by prolonged bed-rest and 1 was considered to be arrested and is back at work at the present time; the other 2 cases are still under treatment; 2 were sent to sanatoria.

The Clinic provided 34 x-ray examinations during the year. The Norfolk County Hospital does these x-rays free of charge, through this Clinic, and I take pleasure in acknowledging their help.

There were 13 clinics held this year and 38 new patients admitted. Of the 128 visits, 62 were adults and 66 children. 361 home visits were made by nurses.

We have tried to keep track of all the patients that have been seen in the Clinic. The efficiency of the district nurses in this respect can be seen in the following statistics.

There were 31 re-examinations done on patients whom we had not discharged from the Clinic. Only 9 patients that should have been re-examined this year have not been done and, of these, 5 have moved out of Milton, which leaves us with only 4 patients who needed re-examinations who have not been examined in the year 1933. Similarly, with the skin tests on the children, 10 of the 14 previously negative skin tests have not been repeated. Of the 4 done, 2 remained negative and 2 have become positive. In the year 1933, we did 20 skin tests. Of these, 16 were negative and 4 were positive. We are making every effort to keep track of the children with negative skin tests to see whether they fare very much better than those with positive tests, as the latter are getting special hygienic care.

From an economic point of view, the Clinic has again more than paid its way in caring for 3 patients with active tuberculosis in the town. Had these patients all gone to Norfolk County Hospital, the expense would have been something over \$1,400, which is more than twice the total cost of maintaining the Clinic.

In addition, the Clinic has recommended many treatments and changes in hygiene for many of the children of the town. It has arranged for some in the Open Air Room of the Collicott School, has sent a number to camps, has recommended appropriate medical care with either their own physicians or at one of the hospital clinics for conditions found that were not due to tuberculosis. A measure of economy that we plan to institute this year is to notify our patients by post-card when the time comes for re-examination, and sending the district nurses only if they do not respond to the postcard.

Although the economic situation seems to be steadily getting better, particularly in the group which we see, it is likely that the peak of the effects of the last four years of economic and social stress will not be seen, from our point of view, for another year. Our organization is now capable of handling an increase over this year's attendance should this become necessary in the next two years.

Respectfully submitted,  
G. PHILIP GRABFIELD, M. D.,  
Physician-in-Charge.

## REPORT OF COLLECTION OF ASHES AND GARBAGE

Milton, Mass., December 31, 1933.

To the Board of Health:

Dear Sirs:— I herewith submit my report for the year ending December 31, 1933. There have been collected, 1,284 truck loads and 5,972 double loads of ashes, and 381 cords of garbage.

Respectfully submitted,  
SAMUEL G. CRAIG.

## REPORT OF GENERAL CONTRACTOR

December 31, 1933.

To the Board of Health:

Dear Sirs:— I herewith submit my report for the year ending December 31, 1933:

2 vaults cleaned.  
36 cesspools cleaned.  
47 loads removed from same.

Respectfully submitted,  
ALVAH B. SNOW.

## REPORT OF INSPECTOR OF MILK

Milton, Mass., December 31, 1933

To the Board of Health:

Gentlemen:—

During the year ending December 31, 1933, there were issued 60 licenses for the sale of milk and cream almost equally divided between store and vehicle delivery. Of this number 57 cover the sale of milk and cream that has been pasteurized and three are for the sale of raw milk and cream from cows that have been tuberculin tested and maintained in accordance with State and Federal regulations. All but a small percentage of the pasteurized milk sold in the town is now produced from tested herds.

One dealer was registered to sell oleomargarine. Four Milton establishments were licensed to pasteurize milk. Two were licensed to manufacture ice cream.

The total daily consumption of milk is 7,900 quarts of which 16 per cent. is produced in Milton.

During the past year 378 samples of milk and ice cream were collected and tested for chemical composition and bacterial count.

Respectfully submitted,  
SHERMAN R. RAMSDELL.  
Inspector.

## REPORT OF INSPECTOR OF PLUMBING

December 30, 1933.

To the Board of Health:

Gentlemen:

Herewith I submit, annual report for the Department of Inspection of Plumbing for the year 1933.

<i>Month</i>	<i>Permits Granted</i>	<i>Valuation of Work</i>
January . . . . .	13	\$4,865.00
February . . . . .	11	2,505.00
March . . . . .	11	1,820.00
April . . . . .	10	2,545.00
May . . . . .	20	3,625.00
June . . . . .	29	7,937.00
July . . . . .	25	6,150.00
August . . . . .	25	9,485.00
September . . . . .	15	5,895.00
October . . . . .	18	6,275.00
November . . . . .	15	13,315.00
December . . . . .	10	3,025.00
	202	\$67,442.00

Of the above permits 135 (67 per cent.) were for alteration work and 67 (33 per cent.) were for new work in new buildings under construction.

There has been an increase of about 15 per cent. in number of permits granted, as compared with 1932. Increase in valuation of work installed, however, is less than one per cent. (1 per cent.).

With appreciation of your continued confidence and cooperation this report is respectfully submitted.

LORENZO E. YOUNG,  
Inspector of Plumbing.

## REPORT OF INSPECTOR OF SLAUGHTERING

December 31, 1933.

To the Board of Health:

Dear Sirs:— No animals were passed for food during the year 1933.

Respectfully submitted,

PAUL W. KIMBALL.

Inspector of Slaughtering.

---

## REPORT OF INSPECTOR OF ANIMALS

December 31, 1933.

Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31, 1933.

I visited and inspected 38 barns and premises where cattle are kept and found conditions satisfactory.

Physical examination was given to 417 cattle and to 6 bulls.

Three barns and premises were inspected for approval on disinfection following the removal of cattle reacting to the tuberculin test.

It was necessary to quarantine 34 dogs that had bitten people and to submit one dog to laboratory test for rabies. None of the above developed or had rabies.

Interstate shipments of cattle have been complied with during the year.

Respectfully submitted,

ROBERT H. SEWELL

Inspector of Animals

## REPORT OF INSPECTOR OF BUILDINGS

Milton, Mass., December 31, 1933.

Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Building Department for the year ending December 31, 1933.

<i>Month</i>	<i>Number of Permits</i>	<i>Permits of New Dwellings</i>	<i>Permits of Alterations</i>	<i>Permits of Garages</i>	<i>All Other</i>	<i>Valuation</i>
January	14	6	3	3	2	\$35,950.00
February	15	3	7	5		11,105.00

September	48	13	17	18		60,900.00
October	43	9	22	12		98,840.00
November	29	7	9	12	1	38,450.00
December	14	5	3	2	4	28,879.65
Totals	401	90	209	90	12	\$545,662.65

Making valuation as per application \$545,662.65.

Collections for permit fees during the period from June 15 to December 30, 1933, amounted to \$446.50. This money has been paid to the Town Treasurer.

Respectfully submitted,

G. E. BURT,  
Inspector of Buildings.

## REPORT OF SUPERINTENDENT OF WIRES

Milton, Mass., January 3, 1934.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith present the report of the Supt. of Wires. All apparatus and wires (inside and outside) connected with the Fire and Police signal systems, and the care of all traffic signals are under the supervision of the Wire department.

All emergency calls from both systems have been taken care of. Cross arms and wires have been transferred from old poles to new poles reset by the Edison and Telephone companies. Due to the new Paul's Bridge, old overhead wires were replaced by new ones underground at that point. Short sections of old wire that have broken down under the strain of winds and storms have been replaced. Five old type Fire Alarm boxes have been replaced. Ten rectifiers, to take care of charging the 10 circuits in Fire Alarm Headquarters, have been installed replacing a generator which has been in service over 11 years. These rectifiers are now in service, but there still remains some more work to complete the system. Under this new system only one set of batteries is needed in place of two sets which were formerly used; the batteries will receive a more even charge, plates will last about twice as long as under the old system; in fact, when completed this arrangement will be the most up to date method known to the Gamewell Co.

### Recommendations

At the present time there is only one man to take care of the work of this department, and in order that the work may be carried on more effectively and efficiently, I feel that it is necessary to appoint an assistant, therefore I strongly recommend that this be done at once, so that there will be two men on duty at all times, except for days off and vacations. I recommend that the very old wires on Canton Avenue and Centre Street from the Town Hall to Randolph Avenue be replaced with a 10 conductor cable (this change will carry on the work started a few years ago in conjunction with the Police wiring). I recommend that the old and troublesome wiring on Blue Hill Avenue between Robbins and Atherton Streets be replaced with a 4 conductor cable, and between Atherton and Milton Streets with a 2 conductor cable. I recommend that the practice of replacing old type Fire Alarm boxes with latest type be carried on (this is a recommendation of the N. E. Ins. Ex.). I recommend that the balance of the battery charging system be completed this year 1934, thus helping to bring the Fire Alarm System up to date.

You understand of course the foregoing report is based on information obtained from records of the late Supt. Ernest E. Choate, and my records since my appointment October 6, 1933.

I wish to thank your Honorable Board for all assistance.

I wish to thank the Edison and Telephone Companies for their co-operation and help on numerous occasions.

At this time, may I express my deep appreciation to Robert Park for his untiring, cheerful, and efficient service.

Respectfully yours,

J. HARRY HOLMES.

Superintendent of Wires.

**REPORT OF THE INSPECTOR OF WIRES**

Milton, Mass., January 3, 1934.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith present the report of the Inspector of Wires.

Number of inspections made	575
“ “ certificates issued	169
“ “ incandescent lamps wired for	5,478
“ “ motors installed	47
total horsepower	28½
“ “ heaters and ranges installed	34
total wattage	231,370

This report is submitted from information received from records of the late Ernest E. Choate, former Inspector of Wires, and my records since my appointment on November 2, 1933.

Respectfully yours,

J. HARRY HOLMES,  
Acting Inspector of Wires.

**REPORT OF FENCE VIEWERS**

December 31, 1933

To the Honorable Board of Selectmen, Milton, Mass.:

Gentlemen:

We hereby submit our report for the year ending December 31, 1933.

We had ten calls to settle disputes as to right of fences, kind and height.

We worked no miracles, but were able to settle disputes satisfactorily and prevented three pending lawsuits.

Respectfully submitted,

JOHN REYNOLDS  
MAXWELL B. LOWMAN  
Fence Viewers

## REPORT OF PARK COMMISSIONERS

---

Milton, Mass., Dec. 31, 1933.

*To the Citizens of the Town of Milton:*

The Park Commissioners herewith present their report for the year ending December 31, 1933.

The personnel of the department was as follows:

Superintendent	John L. Kelly
Playground Director (2 months)	Aaron H. Yeaton
Assistants	Miss Ethel Hannigan
	Miss Barbara Hart
Supervisor of Academy Tennis Courts	Paul McPeake

The ordinary routine of the department was conducted as usual.

With the assistance of the Milton Garden Club and the East Milton Garden Club the department planted shrubbery and trees at Crane Field, cleaned up the Town Landing property and the Dollar Lane Playground.

Considerable filling was obtained from the new high school athletic field project and was used in grading the southern side of the Brook Road Playground. It is hoped to complete the subgrade of this area in the near future so that additional tennis courts may be erected thereon.

The baseball diamonds upon the Brook Road Playground enjoyed almost constant use. A league of seven organizations was formed including the Mattapan Baptist Church, Milton Ice Company, Cunningham Gym, Copelands, Knights of Columbus, Milton Catholic Club and Saint Mary's Club. The games of this league were played upon the Brook Road Playground giving entertainment to large groups throughout the summer evenings.

Football games were played every Sunday afternoon during the season.

The playground activities were conducted as usual upon the Brook Road Playground and Hollingsworth Field. As an economy measure it was found necessary to curtail these activities somewhat.

The tennis courts loaned to the town by the Milton Academy Trustees enjoyed much greater use than heretofore.

Your Commissioners ask for an appropriation of \$4900 to conduct the activities of the department for 1934.

WILLIAM G. RODD

JOHN F. KERRIGAN

GEORGE OWEN, Jr.

*Board of Park Commissioners*

REPORT OF POLICE DEPARTMENT

January 10, 1934

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report of the Police Department for the year ending December 31, 1933.

ROSTER OF THE DEPARTMENT

Deputy Chief  
Timothy McDermott

Detective Sergeant  
John J. Haley

Sergeants  
Norman R. Bowman  
Richard F. Chamberlain  
John B. Shields

Patrolmen

George P. Bertram	Charles F. Duffy
Robert J. Blake	Joseph F. Duggan
William H. Byrnes	James J. Foley
Thomas J. Callahan	William D. Kearney
John A. Chamberlain	Edward F. Lee

Suicide . . . . .	1
Writs served for other departments . . . . .	313
Amount of property reported stolen . . . . .	\$14,843.44
Amount of stolen property recovered . . . . .	\$9,210.76

### Crime

During the summer season, when many houses were closed temporarily, we had numerous reports of houses broken into and property stolen to the amount of about \$8,000. The man responsible for nearly all the breaks was apprehended, was indicted in twenty-seven counts and is now serving a sentence of imprisonment. Much of the property stolen consisting mainly of jewelry was lost owing to the demand for gold, but through the persistent work of Detective Sergeant Haley, about 60 per cent. of it was recovered.

### Traffic

Conditions in regard to traffic continue about the same as in former years. It will be necessary in order to keep the cars in service and save expenses in repairs, to exchange two cruising cars and one motorcycle during the coming year.

The Radio in cruising cars has proved to be a valuable aid in places where it is in use and it seems worthy of consideration here.

### Station

Through a grant by the Federal Government under the C. W. A. program, we have been enabled to provide for the addition to the garage recommended last year and the work is now in progress together with painting of the station.

### Revolver Practice

The members of the Department have had the usual amount of revolver practice during the year, and during the month of December four teams comprised of all the members of the Department, either as regulars or alternates, were entered in a contest in the New England Revolver League. All four teams made creditable records.

### Conclusion

In conclusion, I wish to express my sincere gratitude to your Honorable Board for your kind consideration, to the people of the Town in general for forbearance, and to all the members of the Department for cordial cooperation.

Respectfully submitted,

TIMOTHY McDERMOTT,  
Deputy, Acting Chief.

## REPORT OF PUBLIC WELFARE

Milton, Mass., January 11, 1934.

To the Citizens of the Town of Milton:

This has been a difficult year. For your Board of Public Welfare it has been made less difficult by a spirit of co-operation in the town that has united all departments in continuous effort to help solve the problems that arise from poverty, and solve them in the right way. The hungry must be fed, and distress must be relieved, but this should be done by making people self supporting through giving them work. In our town able bodied men have been provided with jobs and so supplied the needs of their families themselves. This has been done through the appropriation of the town for the relief of unemployment and through the activity of the Employment Committee and the Opportunity Centre in devising projects, creating jobs, and raising additional funds. Their efforts however would have been of little avail without the co-operation of certain town superintendents who planned work and carried out projects and oversaw men. To Mr. Allen of the Moth and Tree Department, Mr. Pond of the Cemetery, Mr. Maynard of the Street Department, and Mr. Dexter of the Town Farm is largely due the success of the plan which kept the able bodied men of our town off the list of those who received direct poor relief. An added burden was placed on the Milton Hospital, the Milton Visiting Nurses and Social Service League, and all other charitable organizations in the town. That we have come through the year so well is due to the helpful neighborly service of countless individuals also as well as the organizations named. The employment of four women under the C. W. A. the first of December was a direct help in reducing relief.

There are at present three inmates at the Town Farm. There were two losses by death and one addition. The cottage in the pasture is rented and thus brings to the town some income. The lane which leads to the farm from Canton Avenue has been given the name of Governor Stoughton Lane by the Selectmen. In this happy way the name of the generous donor of the property is preserved. The Town Farm continues to justify the expense of its upkeep in many ways. It serves as an ideal home for those who have no relatives or friends with whom to live, as at the Town Farm we can be sure their care is what it should be in every respect. This year we are using it also as a distribution centre for the Federal grants of pork and apples and eggs. It would be difficult if not impossible to take care of such provisions in the small office in the Town Hall. From the Farm we have also been distributing the gift of twenty cords of wood donated by one of our generous citizens for the relief of the poor.

There are thirty one men and women receiving Old Age Assistance. This is an increase of eight over last year. The amounts of the aid given vary from two to eight dollars a week. There are no women in the town receiving Mother's Aid.

We consider that we are most fortunate in our Agent of the Board, Mr. Frederick F. Green. His experience in working for the State has given him a knowledge of the legal aspects of settlement that is apparent often in a direct saving of money for the Town. He is quick to sympathize with those who merit his sympathy, but he is also keen in his understanding of human nature of all types. It is a new experience in our town to have people demand aid when such help is not actually needed and we are fortunate to have an agent who in dispensing relief does not forget the rights of the taxpayers who must pay for that relief. We feel sure that no one in the town has suffered for lack of adequate care and every effort has been made that no money be wasted.

It is with deep regret that we report the death on January 20, 1933 of Horace

N. Plummer. Mr. Plummer had been a member of the Board continuously since 1904 when it was first set apart from the Selectmen as the Board of Overseers of the Poor, and since 1918 he had served as Chairman. His wide acquaintance in the town, his shrewd insight, and his kindly humor combined with his conscientious regard of his public office as a public trust made him a most valuable member of the Board. Dr. Lester D. Watson was appointed in his place and Mr. John Talbot elected Chairman.

Respectfully submitted by Members of Town of Milton Board of Public Welfare.

JOHN TALBOT, Chairman  
FREDERICK CHASE, Secretary  
HUGH McCUE,  
LESTER D. WATSON,  
EDITH ENDICOTT STEBBINS,

## REPORT OF THE PLANNING BOARD

Milton, Mass., January 15, 1934.

To the Citizens of Milton:

Your Planning Board has enjoyed a quiet year; and spent \$65.00 of its \$200.00 appropriation.

The Metropolitan District Commission recently improved the skating pond on Canton Avenue and Blue Hills Parkway. We suggested this and are glad to see it done.

In our report last year we spoke of the proposed state highway from the Fore River bridge in Quincy to Quarry Lane and Pleasant Street opposite Reedsdale Road in Milton.

In its report of December 5, 1933, House document 164, the Massachusetts Department of Public Works discusses two routes, one 5 miles and the other 5.4 miles, to cost \$1,706,000. and \$1,415,700 respectfully; but advises no legislation at present.

This is the major traffic problem, now under consideration, in which Milton will share and we hope to have a voice in seeing it handled to the Town's advantage.

Respectfully submitted,

JAMES S. RUSSELL, Chairman.  
DAVID A. HEFFERNAN, Secretary.  
JAMES F. BALLARD.  
ALFRED J. ELLSWORTH.  
FRED N. RUSSELL.  
Planning Board.

# REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

To the Citizens of the Town of Milton:

January 11, 1934.

This year, for the first time since 1901, the Librarian's Report to the Trustees is not printed in full.

The following table shows at a glance that the total circulation continues to grow, the growth at Central being especially marked, though with no perfectly clear explanation.

Comparative Statistics, 1932-1933

	Central	Mattapan	East Milton	Russell	House-to-House Del.	Total
1932 . . . . .	84,405	45,410	64,165	3,501	14,230	211,711
1933 . . . . .	94,335	48,359	64,274	2,966	14,189	224,123

After the 80 per cent. increase in the use of the East Milton Branch during the first year in the new building we have been surprised that it has not fallen off some. It has, however, continued to increase though only moderately.

The Librarian stresses several points. Amongst them, " \* \* \* that the gain has been almost entirely among the adult readers; that although the gain is distributed, the largest has been at the Central Library; that the greatest gain in individual classes has been in biography, religion and useful arts; that it has cost only .09 to circulate each volume and the per capita cost of maintaining the Library has been but \$1.24. Both of these figures are the lowest ever attained."

The Library's work in cooperation with the schools and in the Children's Room continues and grows. Exhibitions of interest to children are frequently held, as well as art and other displays in the art room.

The Librarian's report also gives a list of subjects of utilitarian and educational books added, showing that fiction and books for mere pastime figure less and less on the shelves.

"Registration shows that 959 people, who have never used the library before, took out cards in 1933." This is more than three times the growth of the Town during the same period. More than 50 per cent. of the population now hold cards.

We regret that borrowers are often careless in the matter of returning books. Not only does this cause extra trouble, but also it keeps books out of circulation.

The Central Library continues to be used as a meeting place for local organizations and committees. The Mattapan Branch is also thus used. At East Milton, however, the building has been little used for meetings.

The Librarian, in closing her report, refers to gifts of books and flowers and other substantial evidences of friendly interest in our work. Most cordially the Trustees second her expressions of appreciation of all that has been done and said.

We are receiving and forwarding books to the camps in the Blue Hills. The Workers there are welcome to the use of our system and have expressed their appreciation.

Repairs to the exterior of the building at the Centre have been made. As this and the branch buildings grow older they must be kept in thorough repair.

We ask the Town this year for an appropriation of \$21,880 the same received last year.

We sincerely hope that the time is very near at hand when we may restore the salaries on their former basis and reward faithful services with increases.

Respectfully submitted,

NATHANIEL T. KIDDER, Chairman.

STANLEY CUNNINGHAM, Secretary.

JAMES F. BALLARD.

VINCENT LEROY BENNETT,

RUTH ELIOT PIERCE.

ELIOT T. PUTNAM.

ROGER L. SCAIFE.

ROGER WOLCOTT.

Trustees of the Milton Public Library.

Total, Dec. 31, 1933	160,087.7	13,018.9	173,106.6	700.

Number of manholes . . . . .	848
Number of inverted siphons . . . . .	2
Number of storm overflows . . . . .	1
Number of emergency overflows . . . . .	1
Number of automatic pumping stations . . . . .	1
Linear feet of force-main (12") . . . . .	960.6
Number of gate chambers on force-main . . . . .	1

## House Connections

Number made during the year . . . . .	58
Number relaid during year . . . . .	9
Number of stoppages coming to the notice of the department . . . . .	36

## Discharge of Sewers

Estimated population using the sewer system . . . . .	12,954
Number of buildings connected . . . . .	2,619

## Financial

Total cost of collection mains to December 31, 1933 (including the East Milton sewer and drain through Babcock Park district) \$623,848.65  
 Bonded debt at date (including East Milton sewer and drain bonds) \$143,000.00  
 Average rate of interest on bonds . . . . . 3.97%

For details of sewer construction and maintenance accounts, reference is made to the Financial Report compiled by the Town Accountant, as shown elsewhere.

The sewer extensions made during the year were as follows:

Street	Size of Pipe	Length (Ft.)	No. of MH's
Frothingham Street . . . . .	8"	52.7	—
Granite Avenue . . . . .	8"	123.5	—
Stanton Road . . . . .	8"	280.0	2
Waldeck Road . . . . .	8"	100.7	1
Ellsworth Road . . . . .	8"	209.1	1
Total . . . . .	—	766.0	4

The above sewers have been built by the department, using men supplied by the Employment Committee from their list of unemployed citizens of the Town.

During the past summer a crew of the unemployed, under the supervision of the superintendent, erected a new wire fence along the boundary line of the town owned land on the Lincoln Street side of Pine Tree Brook, between Brook Road and Thacher Street, part of the cost of this work being borne by the town, and part by the Employment Committee from their privately subscribed funds.

In accordance with the vote of the town under Article 2, of the Special Town Meeting held March 11, 1933, the Sewer Commissioners have filed with the Selectmen a report, dated September 29, 1933, of their determination of the amounts of the sewer assessment refunds payable under the provisions of Chapter 37, Acts of 1933.

J. W. ROLLINS,  
FRED Y. MARSHALL,  
S. CUNNINGHAM,  
Board of Sewer Commissioners.

## REPORT OF SEALER OF WEIGHTS AND MEASURES

Milton, Mass., January 9, 1934.

Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year 1933.

Number of scales, weights and gas pumps sealed	952
Number condemned	5
Number incorrect and adjusted	15
Number of inspections and re-weighings	470

Respectfully submitted,

JAMES SANGSTER,  
Sealer of Weights and Measures.

# REPORT OF HIGHWAY DEPARTMENT

Milton, Mass., December 31, 1933.

Honorable Board of Selectmen:  
Gentlemen:

I herewith submit the annual report of the Highway Department for the year ending December 31, 1933.

The average number of employees for the year was fifty, the rate of pay was \$4.50 per day for eight hours work.

After the Town Meeting in March the only working appropriations made were to Highway-General and Drainage Accounts. There were no Betterment Streets to build or sidewalks to lay and no money appropriated for new construction of public streets. The year developed into one of rigid economy. It was therefore decided that every extra man would have to be laid off. After reporting to the Board of Selectmen I laid off the employee listed as general foreman, and assumed the extra work with the aid of two regular foremen at salaries of \$25.00 each per week. Other men who received more than \$4.50 per day were skilled men such as roller-men, a mechanic and brick mason. During the year, for economical reasons, it was found necessary to either lay off about sixteen men or put into operation a stagger system of employment. The latter method was decided on after consultation with the Board of Selectmen and this system started April 13 and ended July 5. The men worked in three crews with one week's lay off very third week. I also arranged for two weeks' vacation during the month of August, when the Department was practically shut down except for eight men who constituted a skeleton crew. This plan proved to be an economical one, as there were no materials purchased during that period. The employees of this Department have taken much interest in their work and have given the Town full value in labor for a day's pay. They are all residents and taxpayers of Milton.

The resurfacing done during the year was as follows:

## Central Avenue

Central Avenue was resurfaced from a point near the Police Station, at the end of the present sheet asphalt, to Griggs Lane, a distance of 998 linear feet and contained 5052 square yards.

The cost of this roadway was \$3,864.79.

The total cost per square yard was 77 cents.

Extra work was done, such as shaping sidewalks, planting spaces, driveways and curbing reset, at a cost of \$451.06.

The total amount spent on this section of the street was \$4,315.85.

## Canton Avenue from Brook Road to Reedsdale Road

This section of Canton Avenue is 2,008 feet long and 27 feet wide. It was considered necessary to construct this road for heavy traffic as the section of Centre Street, between Brook Road and Reedsdale Road, has been closed for trucking.

The work of the rough subgrading was done by the Unemployed at a cost of \$3,043.51 and as soon as this crew had finished the sub-grading our men, who are more skilled workers, laid the finished surface of broken stone, penetrated with asphalt.

There were 7,187 square yards of roadway and the cost was as follows:

Work done by the Unemployed	\$ 3,043.51
Work done by the Highway Department	5,789.40

---

Total cost of road \$ 8,832.91  
Cost per square yard, \$1.23

### Canton Avenue from Blue Hills Parkway Easterly 1853 Feet

This part of Canton Avenue was in very poor condition and several cars have been wrecked. There were many complaints received regarding the condition of this roadway and the Board of Selectmen ordered that some work must be done to improve this part of the roadway.

The old surface was broken, reshaped, a small amount of gravel rolled in, broken stone spread over the area and penetrated with asphalt. This work was done in four weeks' time and the roadway is about five feet wider than formerly but is only a retread job and should give several years of service.

This section is 1853 feet long and not less than 27 feet wide and contains 6225 square yards. This road including repairs to sidewalk entrances to Avenues amounted to \$3,699.12.

### Canton Avenue

Two other areas where work was done on Canton Avenue are just southerly of Atherton Street, a length of 725 feet, and widened to 26 and 31 feet and at a curve near Dr. Thom's residence, a length of 500 feet and a width of 22 to 28 feet.

These two places were dangerous curves and many accidents have occurred at these locations due to the shape of the road which had never been designed for high speed motor travel.

On the curve near Atherton Street a steam shovel was used and the street at one place was lowered nearly three feet and the curve banked eighteen inches on the outer edge. This work required the lowering of the Water Department's main for a distance of about 200 feet.

The other area, near Dr. Thom's residence, required filling on the outer edge to make an 18 inch bank and material was taken from one job and used on the other. Both of these places were left with a gravel sub-grade to allow for settlement and it is planned to stone and penetrate these areas next spring as soon as the weather permits.

### Church Street and Belcher Circle

These two streets in the East Milton section have developed into much used thoroughfares since the development in Babcock Park. Many school children use these roads going to and from the Belcher School.

Drainage had been installed the year before and as these public ways needed much repairing to make them safe for travel, it was decided that the most economical method was to reshape the entire surface and have a much more lasting job.

Belcher Circle was reshaped for a length of 485 feet and 21 feet wide.

Church Street was reshaped for a distance of 982 linear feet from 24 to 27 feet wide.

The total cost of construction of these roads was:

Church Street . . . . .	\$1,549.42
Belcher Circle . . . . .	564.57

### Adams Street

Adams Street, from Centre Street to Churchill's Lane, was repaired with Amiesite. This work merely filled in between the high spots and made the riding a little easier, but is not a permanent repair. The sidewalk was repaired, thus making it safe for pedestrians.

I recommend that this street be rebuilt. There is but very little gravel left on the road area and should be excavated, a good gravel base laid, and covered with a penetrated macadam surface.

### Road Oiling

Due to the great demand for road repairing of a major nature, and no appropriations having been made for construction, it was necessary to neglect road oiling, except the roads where oiling was required to keep them from going to pieces. The total expenditure for road oiling for the year was \$2,857.34.

**Drainage**

For the first three months of the year the principal work carried on was the installation of a thirty inch drain on the southerly side of Canton Avenue from the brook at Wendell Park, westerly, to intercept another brook, thus doing away with the flooding of citizens' property on Gulliver Street and Elm Street.

The length of this thirty inch drain, laid in 1933, was 862 feet and cost \$7,369.82. In connection with this work a smaller pipe was extended more westerly on Canton Avenue with catchbasins and connections built.

A list of the drainage will be found in the Town Engineer's Report and the work listed under Canton Avenue was done by the Highway Department, as well as that listed as open trench. Two concrete culverts were built on Unquity Brook, one at Reservation Road and one at Rowe Street. These culverts have an open area of twenty-eight square feet and should take care of any maximum storm that may occur.

The Highway Department is growing the same as all other departments and more equipment is necessary to carry on the work efficiently. I am asking this year for a power grader to replace the old broken and obsolete ones now stored at the Town Yard.

An automobile mechanic is carried on our payroll to do our repairing and this man also cares for the Police Department cars.

Two watchmen have been kept at the Town Stable so that the Plant is protected twenty-four hours a day.

Three section-men are also kept, one in the Mattapan section, one at the Lower Mills and one in East Milton.

During the year 589 requests were attended to.

The following is a list of the various appropriations, expenditures and balances to December 31, 1933 relative to this department:

	<i>Appropriations</i>	<i>Expenditures</i>	<i>Balances</i>
Highway—General . . . . .	\$75,453.00	\$75,441.44	\$11.56
Granite Avenue Bridge . . . . .	3,100.00		
Refund . . . . .	2.33		
Transfer . . . . .	50.00		
	<hr/>		
	3,152.33	3,131.83	20.50
Drainage . . . . .	20,000.00	19,987.79	12.21
Drainage—Unemployed men . . . . .	22,842.26	22,535.01	307.25
Drainage—Unemployed men . . . . .			
Employment Committee, Private Funds	1,000.19	1,000.19	
Highway—General—Unemployed Men	\$5,372.00	\$5,311.83	\$60.17
Relocation and alteration of Church Street and Church Place Corner	400.00	398.18	1.82
Relocation and alteration of Edge Hill Road and Huntington Road Corner	150.00	149.20	.80
Relocation and alteration of Edge Hill Road and Otis Street Corner	550.00	534.30	15.70
Relocation and alteration of Thatcher Street and Canton Avenue Corner	450.00	396.19	53.81
Private Work . . . . .	1,500.00	670.37	\$29.63
New Equipment . . . . .	850.00	838.99	11.01
Highway—General—Unemployed men.			
Blue Hills Bank and Trust . . . . .	66.05	66.05	
Alteration of Granite Place and Adams Street Corner	655.97	650.00	5.97

I recommend that the Town continue to appropriate money for Highway Construction. Most of our main thoroughfares are in good condition but there are some sections that should be constructed before they get beyond repair.

I wish to take this opportunity to thank the Board of Selectmen and other Department heads for their co-operation in carrying on the Highway work this past year.

Respectfully submitted,

FORREST J. MAYNARD,  
Town Engineer and Superintendent of Streets

# REPORT OF BOARD OF WATER COMMISSIONERS

Milton , Mass., January 8, 1934.

To the Citizens of the Town of Milton:

Your Board of Water Commissioners submits herewith its report for 1933.

The erection of two standpipes in the Blue Hill Reservation—one on "Great Blue" with a capacity of 600,000 gallons, the other on "Chickatawbut" with a capacity of 150,000 gallons—has been completed, on sites selected by the Metropolitan Commission. Preliminary tests indicate that when the necessary connections are finally finished there will be an ample supply of water in the high-pressure area. Both standpipes are set at the same elevation as that of Bellevue Standpipe of the Metropolitan System from which we receive our high-pressure service, thus avoiding pumping and automatic valves, the water flowing in or out as the demands require.

We have asked the Metropolitan Commission to make certain improvements which will further improve our conditions.

The work to improve the supply of water in the low-pressure area is progressing, and the cleaning of the pipes on Adams Street has resulted in a substantial increase in water.

If the Town approves the Department's request for additional funds for the balance of its reinforcement plans, we expect the entire program will be completed some time during 1935, and that thereafter an adequate supply of water for fire protection will exist in both the high- and the low-pressure areas. At that time there will have been borrowed and spent almost \$600,000.00 in this reinforcement program. The Town should bear in mind that practically all of this money is non-income producing, and that the cost to the Department in carrying this burden will then approximate \$65,000.00 annually, which is at the rate of almost \$100.00 a hydrant. This is a very heavy burden for your Department to bear, and this year's Warrant Committee is being asked for an increase in the Town's contribution as "Hydrant Service," so that an additional charge to users of domestic water can be avoided.

We are glad to report that our Enabling Act was amended by the last Legislature, in accordance with recommendations made by Mr. Felix Rackemann's Committee which reported prior to the last Town Meeting.

Last year an attempt was made to induce the Legislature to adopt a more equitable method of assessing the cost of water in the Metropolitan District. This attempt failed because of lack of interest. It would have saved the Town about \$8,000.00 annually. The bill has been reintroduced, and an attempt will be made to develop more interest during the present session.

In an endeavor to provide work for our citizens we have set ahead some of our work planned for later in the year, and are operating under cold weather conditions. This work will cost somewhat more than usual, but we believe the increased cost is warranted because of the unusual circumstances.

The Department continues to be operated both economically and efficiently. It has been operated within the appropriations, and there is a small "water balance."

The articles required for the Department to operate during 1934 have been filed with the Selectmen, and the needs of the Department will be fully explained to the Warrant Committee.

Respectfully submitted,

E. L. HURD.  
EDWARD E. FORD.  
WILLIAM J. McCLUSKEY,  
Board of Water Commissioners.

## REPORT OF MILTON EMPLOYMENT COMMITTEE

Honorable Board of Selectmen,  
Town of Milton, Milton, Massachusetts  
Dear Sirs:

The Committee on Unemployment herewith submits its report for the year 1933 with a very sincere hope that this may be our last one.

There have been two changes in the personnel of the Committee during the year. On account of the time of the meetings it was impossible for Mr. Schindler to attend so he felt he should resign which he did in September. Mr. William B. Thurber was added to the Committee and has been a very valuable member.

The work was continued along the general lines as last year, Mrs. Stebbins and Mrs. Sheldon being in charge of the office and giving the same careful thought to the placing of applicants. The amount of data which these two ladies have accumulated during the past years has been very large and their intelligent method of handling it can never be really appreciated.

From January 1 to the time of the Town meeting in March the Committee authorized expenditures to the amount of \$20,000, practically all of which went for labor. At the March meeting this amount was reimbursed to the Departments by vote of the Town and a further sum of \$30,000 was voted to the Reserve Fund and was earmarked Unemployment and Welfare Relief, a total for the year of \$50,000.

On January 1, 1933 the Committee had on deposit in private funds the sum of \$3,927.32. During the year donations, including receipts from the Horse Show, amounted to \$8,989.16, making a total of \$12,916.38.

Of public funds practically the entire amount was expended for unemployment and welfare up to the time in the early part of December when the Government took over general supervision of public expenditures for welfare relief under the C. W. A.

Of the private funds \$10,347.15 was expended which leaves us a balance of approximately \$2,500. The Committee will expend this sum with care and look after certain cases which the Government will be unable to attend to.

The Federal Government took charge of our office on December 5 and under the law appointed a man to take over all the work of placing men on our lists in different projects which had the consent of the State Director, Mr. Bartlett. Since that time our Committee has had very little to do and we imagine that for the present at least our work is over. We cannot thank the heads of the different departments in the Town enough for the hearty cooperation they have always given us, even to the extent of their private time. We sincerely trust that this Committee has functioned to the satisfaction of the citizens and those seeking its help.

Yours respectfully,

PHILLIP S. DALTON, Chairman  
JESSE B. BAXTER, Treasurer  
MRS. H. E. SHELDON, Secretary  
MRS. RODERICK STEBBINS  
MRS. CHARLES H. WILLIAMS  
JAMES W. ROLLINS  
WILLIAM B. THURBER  
MICHAEL W. O'BRIEN  
KENNETH D. JOHNSON

# REPORT OF TOWN ACCOUNTANT

Milton, Mass., January 16, 1934.

To the Honorable Board of Selectmen:

I herewith submit the report of the Town Accountant for the year ending December 31, 1933, arranged as follows:

1. Detailed accounts of all moneys received by the town as classified in accordance with the requirements of the Division of Accounts of the State.
2. Details of all departmental accounts showing appropriations, credits, expenditures and balances. The expenditures are classified in accordance with the requirements of the Division of Accounts.
3. Balance sheet as of December 31, 1933, showing debit and credit balances on all open ledger accounts.

All original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1933, and all Trust Funds in the custody of the Town Treasurer, Wadsworth Fund Trustees and Library Trustees have, during the year, been examined and found to be correct.

In accordance with the provisions of Section 58, Chapter 41 of the General Laws, I am listing the following 1933 bills reported to me as unpaid.

## Selectmen:

The Milton Record	Advertising	\$29.00	
Mattapan-Milton News	Advertising	5.00	\$34.00

## Law:

Lincoln Bryant, Esq.	Balance retainer	538.10	
	Additional services	950.00	
	Reimbursement for cash expenditures	44.48	
			\$1,532.58

## Soldiers' Relief:

Milton Ice Company.	Fuel		6.50
---------------------	------	--	------

## Public Welfare: (1931, 1932, 1933)

Comm. of Massachusetts	Board and care	200.28	
City of Boston	Aid, board and care	2,138.81	
City of Quincy	Aid	49.35	
			\$2,388.44
			\$3,961.52

Respectfully submitted,

MARY A. BERNI,  
Town Accountant

## FUNDS HELD BY THE TOWN

---

### Perpetual Care Fund

Amount held December 31, 1933 . . . . . \$99,604.50

This Fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15-18, of the Public Statutes.

### Mary L. Peabody Fund

Amount held December 31, 1933 . . . . . \$5,157.50

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

### E. T. L. Reed Park Fund

Amount held December 31, 1933 . . . . . \$7,257.39

#### Extract from the Will of Elizabeth T. L. Reed

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the "Jason Reed Fund," and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

---

## FUNDS FOR IMPROVEMENT OF CEMETERY

---

### Jason Reed Fund

Amount held December 31, 1933 . . . . . \$2,626.67

### Sarah G. Vose Fund

Amount held December 31, 1933 . . . . . \$1,170.63

### E. G. Tucker Fund

Amount held December 31, 1933 . . . . . \$1,168.48

### Herrick Fund

Amount held December 31, 1933 . . . . . \$5,465.00

### Charles T. Pierce Fund

Amount held December 31, 1933 . . . . . \$1,024.51

Charles T. Pierce, late of Brooklyn, N. Y. and Greenwich, Conn. bequeathed to the Milton Cemetery the sum of \$1,000.00, "the income to be used for the care of my family lot."

**Oakland Hall Fund**

Amount held December 31, 1933 . . . . . \$11,835.75

The income from this Fund is paid out under the direction of the Trustees of the Public Library for purposes of the Mattapan Branch Library.

**Tuell & Hallowell Good Citizenship Prize Fund**

Amount held December 31, 1933 . . . . . \$1,056.81

**Excerpt from School Committee Records—September 10, 1923**

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of One Thousand Dollars (\$1,000) to be held as a fund in perpetuity, and the income thereof each year to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown in the highest degree, those qualities that make for good citizenship; the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School, who, in the opinion of the above said faculty has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, near the close of the school year.

PERCY E. SHELDON

President, Tuell Alumni Association.

June 22, 1923.

**William B. Weston Bequest**

The \$6,000 Hospital Fund left with the Massachusetts Hospital Life Insurance Company with accrued interest to December 31, 1933, amounts to \$13,694.49; \$398.87 of this amount being income for the year 1933.

The \$15,000 Poor Fund left with Francis C. Welch, Trustee, is held in the Weston Estate, the Boston Safe Deposit and Trust Company now being Trustees. No principal nor interest has accrued. Copy of the Will is in the custody of the Town Treasurer.

**NETTIE P. HOUGH****Died December 7, 1933**

Miss Hough taught in a fifth grade position at the Tucker School from 1898 to 1926 when she became Principal of the Glover School where she continued in service to November, 1933.

Her pupils have received the impress of her cheerful, inspiring personality, and benefited by her sympathetic counsel. Her associates have known her as a loyal worker and faithful friend. The community has long appreciated her untiring attention to her pupils' interests in school and out, her broad sympathy and loyalty to the welfare of the community. She leaves as a heritage to all who knew her the influence of a life well-lived.

**EDITHA M. KEEFE****Died December 31, 1933**

The teaching service of Miss Keefe was continuous in the Belcher School kindergarten from 1894 to the end of the school year in 1933. A paragraph in the letter from the School Committee to her on the occasion of her retirement from active service is eminently fitting here.

"Into the developing characters of more than a thousand children, many of them now parents, has been woven your beneficent influence throughout the hours and days of the year they were entrusted to you. They cannot adequately measure, nor can the community determine, the value of all you have given them. That which they have received from you goes on in ever widening influence."

## SCHOOL COMMITTEE

1933-1934

	Term expires in March of
Francis C. Bates . . . . . 453 Adams Street, East Milton	1934
George J. Desmond . . . . . Vose Hill Road, Milton	1934
Helen M. McPeake . . . . . 16 Blue Hills Parkway, Milton	1934
Leonard M. Patton . . . . . 26 Valley Road, Milton	1935
Arthur W. Vose . . . . . 207 Pleasant Street, Milton	1935
James G. Russell . . . . . 312 Edgehill Road, East Milton	1936

## ORGANIZATION

Arthur W. Vose . . . . .	Chairman
James G. Russell . . . . .	Secretary

## MEETINGS

The Committee holds its regular meetings in the High School building on the first and third Monday evenings of each month at eight o'clock.

## SCHOOL CALENDAR, 1933-1934

Schools open on Wednesday, September 6, 1933  
 Schools close on Wednesday, December 20, 1933  
 Schools open on Tuesday, January 2, 1934  
 Schools close on Friday, February 16, 1934  
 Schools open on Monday, February 26, 1934  
 Schools close on Friday, April 13, 1934  
 Schools open on Monday, April 23, 1934  
 Schools close on Friday, June 15, 1934  
 Schools will also be closed on  
                                   October 12, March 30, May 30

## REPORT OF THE SCHOOL COMMITTEE

### To the Citizens of the Town of Milton:

The School Committee herewith submits its report for 1933. Further essential information concerning the public schools will be found attached in the report of the Superintendent, which includes the reports of others employed by the Committee.

### GIFTS

The School Committee acknowledges with pleasure the receipt of the following gifts to the several schools as indicated:

#### High School:

Framed Picture—Blue Boy—Gainsboro—Class of 1933.  
Who's Who—1933—Class of 1933.  
Girls' Field Hockey Equipment—2 Basketballs; 30 Blankets—Directed by Mrs. Charles Gilman—Sponsored by Milton Woman's Club.  
2 Cots—Public Health Committee of the Milton Woman's Club.  
Diagonal Eye Piece for Telescope—Piccard Science Club 1933

#### Belcher School:

\$25—Belcher-Collicot Association—for general purposes.  
Radio—Belcher-Collicot Association.

#### Collicot School:

\$ 94.50—Belcher-Collicott Association Bridge Party—for Fresh Air Room.  
75.00—Tucker School Association—for Fresh Air Room.  
35.00—Neighborhood Club—for Fresh Air Room.  
25.00—Belcher-Collicot Association—for general purposes.  
15.00—Vose School Association—for Fresh Air Room.  
295.00—Public Health Committee of the Milton Woman's Club.  
7.00—"Goodies"—for Fresh Air Room.  
3.60—Hiking Club, M. H. S.—for Fresh Air Room.  
1.00—A Friend—for Fresh Air Room  
Eskimo Suit—Mrs. Philip Young—for Fresh Air Room.

#### Glover School:

Radio—Mrs. Stanley Howard.

#### Tucker School:

\$31.18—Social Service League—for free milk fund.  
\$23.49—Tucker School Association—for free milk fund.  
Book—Popular Official Guide of the New York Zoological Park—Mrs. Everett Turner.

#### Vose School:

Rubber Plant—Mrs. Michael Hannigan.

#### Elementary Schools:

Nature Camp Scholarship for Teacher—Milton Garden Club.

We desire further to acknowledge the loyalty and faithfulness of all employed in the service of the Milton Public Schools. Their cooperation has been of greatest value in maintaining the schools intact during a year marked by most unfortunate conditions.

### **RESIGNATION OF DWIGHT D. EVANS ELECTION OF MRS. HELEN M. McPEAKE**

Mr. Dwight D. Evans resigned from the Committee in May. Under provisions of the General Laws, Chapter 41, Section 11, the School Committee acting jointly with the Board of Selectmen elected Mrs. Helen M. McPeake to fill the vacancy.

### **1933 APPROPRIATION AND EXPENDITURES**

Economies compelled by the drastic reduction of the budget for schools voted at the March meeting have followed the general lines indicated in the special communication to the citizens of the town prior to the vote on appropriations.

The plan to effect economy by dismissal of teachers and discontinuance of kindergartens met with opposition by large numbers of citizens. The Committee obtained from the Massachusetts Department of Education an advisory report upon the financial problem of the Milton Public Schools, and then modified the most drastic of the measures in question in accordance with the Department's recommendations. The school term was shortened in December when available funds were exhausted.

### **TRANSFER FROM THE RESERVE FUND**

A transfer of \$5,000 from the reserve fund to the school account was voted September 14, 1933, by the Warrant Committee although this action was not requested by the School Committee owing to doubts as to the legality of such procedure.

### **TRANSPORTATION**

Curtailment of transportation service resulted in some saving during the spring term. Those adversely affected, however, appealed to the State authorities under Chapter 71, Section 68, of the General Laws, and obtained a ruling which gave transportation at the expense of the Town to all pupils living more than two miles from the school they were entitled to attend.

The results of furnishing only transportation as required by law are four:

1. The annual expense to the Town for transportation of pupils has increased about \$3,000.
2. Certain pupils in the upper grades who hitherto had not received free transportation are now obtaining the privilege through requirements of the statutes.
3. Hardship falls upon many small children who live at considerable distances, but less than two miles, from their school building. These children have received transportation at the expense of the Town under the former policy of the School Committee—a policy of long standing.
4. If smaller children are to be provided with transportation as formerly, the total cost of transportation for 1934 may be estimated at \$14,000.

Sharp complaints of the present limited transportation service have been received. These are principally:

1. Minor injuries to pupils attributed to dismissal of matrons.
2. Sickness from exposure to severe weather conditions.
3. Exposure of younger children to traffic hazards.

It should be noted that the Police Department has assigned all available men to traffic duty for protection of school children, yet there remain danger points unprotected through lack of sufficient number of available police officers.

### **MUNICIPAL USE OF SCHOOL BUILDINGS**

As the development of building areas in Milton has progressed, the demand for municipal use of school buildings has increased. Use of school buildings for social and recreational purposes is not essential from an educational standpoint, and the cost of such use should not be a charge against the general appropriation for school support. We, therefore, request a separate appropriation of \$1,000 to defray the cost of public use of school buildings. Precedent for such special appropriation has been established by favorable action of the Town under Warrant articles in the years 1918 to 1923 as follows:

Year	Appropriations
1918 . . . . .	\$ 1,500
1919 . . . . .	1,500
1920 . . . . .	1,500
1921 . . . . .	1,500
1922 . . . . .	2,000
1923 . . . . .	2,000

### NEED OF RELIEF FOR HIGH SCHOOL

The problem of accommodation for the high school is acute. Three corridors are now in use as classrooms. Citizens of the Town already have registered complaints of existing conditions with the State Department of Public Safety.

1. Corridors have inadequate lighting—daylight as well as artificial.
2. Heating of corridors as classrooms is unsatisfactory.
3. Classrooms are crowded to such an extent that furniture blocks exits.
4. Air space is below the requirements of accepted standards.

The alternative is the platoon plan of operation. This plan would provide education far inferior in both quantity and quality. The platoon plan would be expensive. Extra teachers would have to be employed.

Last year the Special Committee on School Accommodations recommended that definite steps be taken to bring about building construction. Nothing was done.

Suitable land well located may be obtained for the erection of a junior high school in East Milton.

With the generous assistance of Mr. Ralph G. Stebbins of Milton, Schoolhouse Architect, we are able to state that approximate building costs would be as follows:

22-room building . . . . .	\$200,000
Auditorium and gymnasium additional . . . . .	70,000
Grading of land . . . . .	25,000
Estimated cost . . . . .	\$295,000

These figures do not include the cost of land.

We have inserted in the Warrant for the next Annual Town Meeting an article under which we recommend immediate action to bring about building construction.

### UNEMPLOYMENT RELIEF AND IMPROVEMENT OF SCHOOL PROPERTY

All possible assistance in unemployment relief has been cheerfully and conscientiously given by the School Committee and Superintendent. In most instances work has been provided in cooperation with the Employment Committee and C. W. A. agency. A very large part of the cost of emergency employment has been met through special transfers from the contingent fund, and these expenditures are accounted for in a separate financial statement.

The greatest improvement to school property, through expenditures for relief purposes, is the development of playgrounds at the rear of the high school. When completed the larger field will contribute greatly to the support of athletics. About \$2700 is needed for loam cover and seeding and \$4000 for fencing. When this field is seeded and enclosed, it will be possible to furnish support of athletics through gate receipts. Use of public funds for a large part of the requirements of major sports is not legal.

### STATISTICS

Charts and tables in the appendix of this report continue the study of Milton public school costs in comparison with similar figures for other cities and towns near Boston.

In 1931 attention was directed to the extraordinary rate of increase in pupil enrollment of the Milton schools, beginning about ten years ago. Examination

of the expenditures per pupil showed that Milton costs were very near the average for the State, although the valuation of the Town in proportion to its population is about 20% higher than that of the State as a whole. It was shown further that school expenditures per pupil in Milton were about five or six dollars below similar expenditures in towns of approximately the same per capita valuation as Milton.

In 1932 it was pointed out that for a ten-year period the enrollment of the schools had increased at a rate consistently more rapid than the corresponding appropriations for support.

Figures on tax rates and expenditures for support of schools per \$1,000 valuation showed conservative management in Milton.

Appended to this report are charts of figures tabulated on Page 10 of the School Survey Committee Report in 1931. Over a period of thirteen years **the proportion of taxes applied to Milton public school support has steadily decreased from 31% to 24%.**

Charts designated "A" and "B" show itemized costs of public schools in Milton and six other towns over a three-year period. This group was named in the advisory report by the State Department of Education as comparable with Milton. A study of costs thus analyzed demonstrates statistically that continued drastic limitations of the budget for Milton public schools must enforce a standard far below that which the citizens of this Town should rightfully expect.

#### APPROPRIATION FOR 1934

During the three-year period ending June, 1933, membership has been increased by 402 pupils. Additions must be made to the number of teachers. More funds should be provided for repairs to buildings, and for purchase of desks and books for larger classes, for compulsory costs of transportation, and for other urgent needs throughout the system. Expedients of the year past cannot be long continued. The appropriation of \$315,835.95 which we ask is \$2,000 less than the amount voted in 1931 and is made possible only by the continued ten per cent reduction in salaries of all employees.

(Mr. Desmond dissents from the amount of the appropriation for 1934.)

Respectfully submitted,

ARTHUR W. VOSE, Chairman  
JAMES G. RUSSELL, Secretary  
HELEN M. McPEAKE  
FRANCIS C. BATES  
GEORGE J. DESMOND  
LEONARD M. PATTON

January 15, 1934.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

### To the Milton School Committee:

This report is written in retrospect. It is of considerable import, however, that it be looked upon not so much from that point of view as from that of its relation to possibilities that lie ahead.

There are no means available of knowing the number of voters who will read the school report. But whether the number be great or small, it is essential that information be made available here for any whose interest in the public schools may lead them to study it.

It is not my intention to duplicate that which appears in the report of your Committee, or in the reports of those in the school system which I am presenting over their own signatures. I give my active approval and support to all that is set forth there. That which follows is intended to supplement it and to reach into other phases of our public school education.

After the Annual Town Meeting the School Committee took definite action to keep expenditures within the reduced amount allowed for the support of schools. It was voted to stop the use of school buildings by groups of townspeople not officially connected with the schools, discontinue all free transportation of children who live within two miles of the school they attend, close all kindergartens, eliminate several teaching positions, close the Glover School and dismiss the janitor, require principals to teach full time, reduce the sick leave period with pay for teachers from ten to five days, and reduce the salaries of teachers and other employees. The dental clinic was stopped when the amount of money provided in the appropriation for the Board of Health for that purpose was used up. It was not possible to administer the school system under these restrictions and at the same time assimilate the increased number of pupils who demanded admission, without detriment to the educational development of the children. It is not out of place to call attention here to some of the conditions.

Financial and material problems have consumed time and attention to the exclusion of matters that pertain particularly to educational development. Schools are maintained to educate the children of all the people. In office employment, industry, transportation, and the many other fields of occupation into which boys and girls go from Milton's schools sooner or later, the work of a routine nature has been taken over by machinery. One educated, intelligent individual accomplishes more today with mechanical extension of his own power than many could a brief while ago without it. Thought, judgment, and intelligent adaptation have become increasingly necessary to hold a position and make a living. Moreover the shorter work day is here. The six-hour day has taken the place of the ten-hour day which many of us knew. The balance between work and leisure has been upset, and a preponderance of weight is on the side of leisure time. It is reasonable that conditions of unemployment following displacement of hand labor by highly developed machinery, and the increased amount of leisure time forced upon those who go out from school, should call for some change in teaching method and that which is taught. It is important for the community, as well as for the children now in school, that mastery of tool subjects be supplemented with a school experience that will develop power of intelligent adaptation to changing conditions in earning a living, and wholesome use of time not used for wage-earning. Conditions forced upon the schools in 1933 have tended to defeat such a program of education and undo much that has been laboriously built up over a period of years.

When the schools began in September some of the restrictions were removed. Kindergartens were opened with more pupils and fewer teachers. Two well-trained assistants were secured to teach without pay. The Glover School was continued. For these adjustments there were insistent demands by organized groups of parents. To make them possible it was necessary to divert funds

from other items of the budget and close all schools before the usual end of the fall term. There remains the need to continue the restoration for the well-being of the whole community. To this end I am offering specific recommendations below.

### SCHOOL ACCOMMODATIONS

The number of pupils that may be provided for in the high school building so that the organization may function with optimum educational value does not lend itself to as definite calculation as may be applied to an elementary school building. The wide difference in room capacities, in the number taking a particular subject, and in grade enrollments, present difficulties. The capacity of the building is reputed to be one thousand pupils. When the number of pupils was twelve hundred, the school was functioning smoothly under wise planning and supervision of all activities. It has long since passed that number.

I am reviewing here some comments on conditions from previous reports.

In 1930 the enrollment was 1,141. "Since the building which now accommodates both high and junior high grades is filled to capacity, steps should be taken to provide additional space. \* \* \* As a temporary arrangement the short enclosed corridors at the center of the building may be used for classrooms. \* \* \* These will accommodate the increase in enrollment in high and junior high school grades for one or possibly two years." (Superintendent)

In 1931 the enrollment was 1,226. "The continued growth of the school population is a problem that needs immediate consideration. Already there are more pupils in the school than the designers of the building intended. Storage rooms and conference rooms have been converted into classrooms. Permissible temporary expedients within the building, such as the utilization of certain corridor spaces for class purposes, cannot avert demoralizing conditions for more than two years." (Principal)

In 1932 the enrollment was 1,341. "The most urgent current problem that confronts the high school is the provision of available space for the rapidly expanding student body. \* \* \* The normal daily enrollment exceeds by more than one-third the specified capacity of the building. \* \* \* Unless constructive plans are quickly instituted to enlarge the space available for high school classes, the school day for each child must be shortened to a few hours and the high school operate on a two-platoon system." (Principal)

"Attention has been called month by month and year by year to the increasing number of pupils in the high school building. \* \* \* Corridors and storage room have been converted into classrooms. \* \* \* The parents of children now in school should know that money is being saved to the detriment of their children's education." (Superintendent)

In 1933 the number of pupils is 1,427. On November 6, 1933, "The Superintendent recommended that the School Committee take proper action to bring before the Town at an early date the need of a new schoolhouse in that part of the Town known as East Milton together with the recommendation that an application with all necessary engineering, financial, and legal information be made to the Massachusetts State Engineer of the Public Works Administration for a loan to defray the cost of construction of said schoolhouse."

Following action by the School Committee, an article has been inserted in the Warrant for the 1934 annual Town Meeting:

"To see if the Town will vote to erect and equip a junior high school building and to determine how the money therefor shall be raised and to act on anything relating thereto."

### RECOMMENDATIONS

1. Immediate construction of a building for junior high school pupils in East Milton.

2. Action of the School Committee to restore the ten-day sick leave provision under Section 31 of the Rules and Regulations.

Office records show that for the school year 1932-1933, when the ten-day leave with pay for personal illness was allowed, of the 122 teachers employed, 76

were absent, but only 10 were absent for the full ten days each. For one of these it was the last illness. The fact that our teachers availed themselves of only 100 days with pay out of 1,220 possible under the Rule, is outstanding evidence of professional loyalty to duty. There was no abuse of privilege here.

3. Restoration of the provisions of the salary schedule for teachers.

Present payrolls are continuing hardships upon teachers, particularly those elected in recent years at low entering salaries.

4. Restoration of salaries of all employees of the School Committee.

The local conditions which were considered sufficient reason for reducing salaries to the extent voted on April 6, 1933, do not now exist.

5. Restoration of administrative authority to make expenditures within the allocation of the budget as provided originally in Section 11 of Rules and Regulations of the School Committee.

The purpose of this is to meet promptly the actual needs in the schools and relieve the Committee of time-consuming details that preclude consideration of educational problems.

## REPORT OF PRINCIPAL OF HIGH AND JUNIOR HIGH SCHOOLS

My dear Mr. Turner:

Please accept my seventh annual report as principal of the junior and senior high schools of Milton.

For several years the growth of the student body has been of such magnitude that a paragraph in the annual report was warranted. This year the housing problem has become so acute that it blots out many other problems. The enrollment increments of past years have been absorbed by means of various expedients. Obviously these makeshifts are exhausted. An estimate of the enrollment increment next September records one hundred additional pupils. In order to accept these pupils either three or more classrooms must be provided or a two platoon system must be instituted. There are no more corridors or storage spaces available for class purposes. Three additional classrooms will provide sufficient supplementary space for only one year. This request for the provision of only three more classrooms is based upon the continued temporary permission to use six makeshift rooms. Three additional teachers will also be needed next September.

There are sections or academic classes in the high school building with more than fifty members. There are teachers who have classes more than thirty periods a week—sometimes seven periods a day. The effect upon the teacher does not warrant attention except as it may react upon the pupil. The pupil suffers commensurately whenever the teacher is loaded with a crushing class burden.

The minimum standard space that has been accepted in the United States for classroom purposes is two hundred twenty-five cubic feet per child. Presumably for sedentary work continued hour after hour that amount of air space is essential. In this building at times the volume of air space per child in many classrooms is below the minimum as the following table indicates.

TABLE I

Room			cubic	volume	of	air	space	per	child	
Room 118	.	.								203
Room 114	.	.	"	"	"	"	"	"	"	201

The health and education of young people are jeopardized by jamming them into such crowded quarters.

In the two corridors back of the auditorium eighty-five pupils are accommodated. The cubic space is adequate. However, the corridors make very poor classrooms due to their shape and lack of ventilation. Moreover, corridors cluttered with furniture constitute a fire hazard. A basement storage room has been converted into a classroom. Classes exceeding forty are held there. The dim natural light comes through narrow slits of horizontal windows near the ceiling. They resemble cellar windows. Office space has been utilized for class purposes. Here pupils are huddled into the limited space until they protrude out through the door.

These conditions are not necessarily typical. They are the most flagrant. Enough of them have been cited so that you may know that they are frequent. Fifteen specific instances ought to be adequate. Last autumn the new state director of secondary education made an investigation of all high schools upon which to base grade A classification. The pupil-teacher ratio at Milton exceeded twenty-six pupils for each teacher. The academic class periods with more than thirty pupil members exceeded fifty-one per cent.

Not only are the facilities for mental work crowded. Other parts of the building such as the physical education department are also taxed to capacity. The following excerpts from the physical director's report indicate the degree of congestion.

"Each year the overcrowded condition of the locker rooms becomes more acute. Locker space originally planned for two boys now contains the accommodations for six in the form of box lockers. This type of locker is satisfactory for containing the gymnasium uniform and towel, but does not provide an adequate place for street clothes. Although the number of boys occupying the room at any one time has been greatly increased, there appears to be no possibility of increasing the seating accommodations making it rather difficult for boys changing from street clothes to gymnastic uniforms and vice versa. This crowded condition is largely responsible for the misplacing of material and tardiness to classes.

This increase in number of lockers means that ventilation and lighting is far from ideal, there being but three small windows in the old locker room and but one ventilation shaft. Towels do not dry out from one gymnastic period until the next. The odor of the locker room is anything but pleasant. Since the door separating the shower room from the locker room has been removed this condition has become worse, due to the added moisture coming from the shower room. This is causing padlocks (old type) to rust very badly.

The distance of the new locker room from the shower room increases the possibility of various skin diseases as well as causing proper locker room supervision to be rather difficult. The number of cases of athlete's foot and plantar warts reported and discovered so far this year seem to prove that these infections are increasing greatly in number each year.

The first is known to be a highly contagious infection while there seems to be some difference of opinion in the minds of medical men regarding the manner of transmissions of the latter. The nature of the floor in the old locker room makes it impossible to disinfect it in the most advisable way, by periodic scrubbing with disinfectant.

The drainage in the shower room is and always has been inadequate. So inadequate, in fact, that before the average size class can bathe it is necessary to wade through water that others have bathed in, which stands at a depth of several inches. This is due to the fact that the gang shower has a central drain, a plan no longer used in up-to-date plants, but also because the drain is inadequate to take care of the water supply."

#### NEW BUILDING

It is of vital interest to the pupils from all parts of the town that additional accommodations be provided to relieve congestion. An annex to this building does not seem practicable. The school is sufficiently unwieldy as it is. In my judgment the logical location for supplementary facilities is in East Milton. More than one-third of the enrollment of the junior-senior high school is domiciled in East Milton.

TABLE II

## Pupils East of Randolph Avenue

	Boys	Girls	Total	On Randolph Ave.
Grade VII . . . . .	63	55	118	2
Grade VIII . . . . .	41	45	86	6
Grade IX . . . . .	46	44	90	7
Total . . . . .	150	144	294	15
Grade X . . . . .	56	45	101	3
Grade XI . . . . .	42	28	70	3
Grade XII . . . . .	24	32	56	1
Total . . . . .	122	105	227	7
Post Graduates . . . . .	3	3	6	1

TABLE III

	Total Enrollment	East Milton J. H. S	East Milton S. H. S.
1930 . . . . .	1141	237	
1931 . . . . .	1226	266	198
1932 . . . . .	1341	271	219
1933 . . . . .	1427	309	241

The enrollment increment from East Milton has been more rapid for several years than from the remainder of the town. The daily transportation of the pupils from East Milton has grown to be a major problem. Moreover, as you probably realize, these pupils at present are transported at public expense.

I believe a new building for secondary school pupils in the east part of the town will redound to the interests of pupils in all parts of the town.

Respectfully submitted,

GEORGE C. MARSDEN,  
Principal

January 11, 1934.

## REPORT OF SCHOOL PHYSICIAN

Dear Mr. Turner:

The school year for 1933 from the medical point of view has been a satisfactory one. We have been fortunate in having no epidemic of any contagious disease. The few sporadic cases of contagious disease which did arise were isolated promptly and the children who were in contact with these cases were either isolated or under careful observation. The result was that the well children received adequate protection. This protection was made possible only by the constant vigilance of the teachers in observing the children daily and their enthusiastic cooperation with the school doctor.

During the year at the daily medical visits to the schools, 2,896 children were seen for various complaints by the School Physician. Many of these complaints were of a minor nature. Not infrequently, however, disease was found which was of serious consequence to the child examined. Such a child was immediately referred to his own doctor for treatment. The segregation of these children needing immediate medical attention is an important part of the routine daily visit of the School Physician. It is hoped in this manner to

protect the other children from the spread of disease and also start the sick child on the road to recovery at the earliest possible moment. The daily visit also makes it possible to care for minor injuries antiseptically and so stop the onset of infection. Prevention of disease by looking ahead and realizing the consequences which might follow by allowing one sick child to infect his schoolmates and they in turn to infect others is the aim of the daily medical visit to the schools. No treatment of disease can be wisely administered at these visits and children needing such treatment are always referred to their own doctors if their financial condition will permit it. Children unable to afford a doctor are cared for at various clinics on the advice of the school doctor and by the assistance of the school nurse.

The yearly examination of the pre-school children was held in May when 134 children were examined. Sixty-seven or fifty per cent were found with one or more defects. Parents were advised to have these corrected before the children entered school in the fall. In this way the children were given an opportunity to enter school in physical condition as near perfect as possible.

The yearly physical examinations were completed November 30. All the children in the elementary schools and the boys in the High School were examined by the School Physician. The girls in the High School were examined by Dr. Janice Rafuse. Results of these examinations were sent home on the term report cards this year, which was an innovation. Medical and dental care was advised when necessary. It is hoped in this way to bring the results of the yearly examination to the careful attention of every parent.

In the High School there were 538 children of the 1,428 examined, or 37.6%, who showed physical defects of some nature. Many of these can be remedied and there is work to be done which is evident by the percentage of defective children found. It is also evident that this work can be done only by the cooperation of the parent, family doctor and school physician.

The children in the Fresh Air Room and the children in the mentally retarded group were given special physical examinations in the presence of their mothers and an opportunity was available to talk over their difficulties with their parents and advise them accordingly. Both of these groups of children are receiving special care by enthusiastic and capable teachers with respect to their various physical disabilities and the results have been excellent.

I want to express my appreciation for the ever ready cooperation which Miss Rogers, the School Nurse, and all the teachers have given me in caring for the health of the schools. Without this support the present state of good health would be impossible to attain.

Sincerely yours,

DAVID W. SHERWOOD, M. D.

January 3, 1934.

### REPORT OF SCHOOL NURSE

My dear Mr. Turner:

I herewith submit my second annual report as school nurse. This past year has been one of changes and adjustments due largely to the economic situation and a great world-wide unrest. People seem to be questioning all things and trying to evaluate them. During the process some essential procedures are misplaced temporarily. The Dental Clinic suffered most last year. Due to lack of appropriation of funds it had to close much of the time, somewhat handicapping that part of the Health Program. Thanks to Dr. Bates, who offered his services, we were able to care for emergency cases of toothache and abscessed teeth. Other local dentists also have been most cooperative. The Social Service transported those children, needing care most, into the Forsythe Dental Clinic in Boston. This is a rather expensive service for them to maintain. In the High School alone there are at least 180 pupils with cavities, according to physician's findings. The Dental Certificate Report for Massachusetts is of interest.

## DENTAL CERTIFICATE REPORT

	1929-1930	1930-1931	1931-1932
No. cities and towns reporting . . . . .	178	226	243
Elementary school population for Mass. . . . .	483,833	487,480	485,957
No. of children receiving dental certificates . . . . .	90,763 (18%)	130,515 (25%)	127,797 (25%)
Dental Certificates awarded by:			
School dentist . . . . .	Not rep't	14,839	25,431
Clinic dentist . . . . .	45,989	51,624	64,106
Family dentist . . . . .	44,774	64,052	34,260

Editorial Note:—The decrease in the group of children cared for by private dentists was expected. The increase in the clinic total shows that last year clinic facilities were stretched to the limit. If clinics are discontinued this coming year thousands of children will be neglected.

The yearly physical examinations are completed. Dr. Sherwood examined all pupils in the elementary schools and the boys in the High School. Dr. Janice Rafuse examined girls in the High School. Home visits are being made on defects requiring immediate attention. Notices have been sent home on other defects. It is astonishing to us and it must be to parents to find so many seemingly normal healthy children having defects, no matter how slight. It is better in the long run to know what defects exist even though it may be nothing more than one degree flat feet, so that corrective exercises may be started at once rather than later when the condition may become more marked and cause disability later in life.

This year malnutrition seems to be on the increase. It probably is to be expected as one of the bad aftermaths of our situation of unemployment and reduced incomes. Malnutrition is a lowered physical and mental condition of the body brought about by faulty or inadequate diet and bad health habits. For those with lowered food budgets the State Department of Public Health, State House, Boston, issues free valuable information regarding balanced food menus at reduced cost. In cooperation with a number of local organizations milk and lunches are being supplied in the schools to pupils who most need them. In spite of our closest observations there are doubtless many who are getting along on half rations. Perhaps a secondary cause is home environment. Children worry more than we realize, therefore, we should strive to keep the home a place of happiness and encouragement.

Eye examinations show that out of approximately 1,300 High School pupils 78 have defective eyesight in either one or both eyes. Notifications were sent home and we hope our findings are being checked by an oculist.

The hearing of all pupils has been tested by means of the audiometer.

Under auspices of the Board of Health the Toxin Anti Toxin Clinic for prevention of diphtheria was held in the schools. The number of babies and pre-school children immunized is on the increase due to cooperation of the District Nursing Association. This is decidedly a step of progress. The total number treated was 319.

The local tuberculosis clinic has proved a valuable aid in checking up and X-raying boys and girls who are financially unable to secure follow-up treatment in any other way. Others who were run down and in need of change and rest were sent to various camps by the Social Service. They have returned to us much benefited in almost every instance.

At the Pre-School Clinic held last June, 135 candidates were examined preparatory to entering school 100% physically fit in the fall. Those found to have major defects were referred to the District Nurses for follow-up during the summer months. Of this number 75 were corrected or improved during the summer.

Child Health Day was celebrated by the Elementary Schools in June. Either tags or buttons were given out for physical fitness, improvement, and "O.K." teeth. Much enthusiastic effort was put forth and valuable corrections secured.

The interest of today's children in their own health will lay a firm foundation for a better citizenship tomorrow!

I thank you and the people of Milton for their cooperation.

The Fresh Air Room at the Collicot School continues a beacon pointing the way to what can be done under ideal conditions with children who are below par. More specific information is given in the report of the Principal and School Nurse as follows:

### FRESH AIR ROOM—1932-1933

"There is nothing so important in the world as children, nothing so interesting. If ever you wish to go in for philanthropy, if ever you wish to be of real use in the world, do something for children."

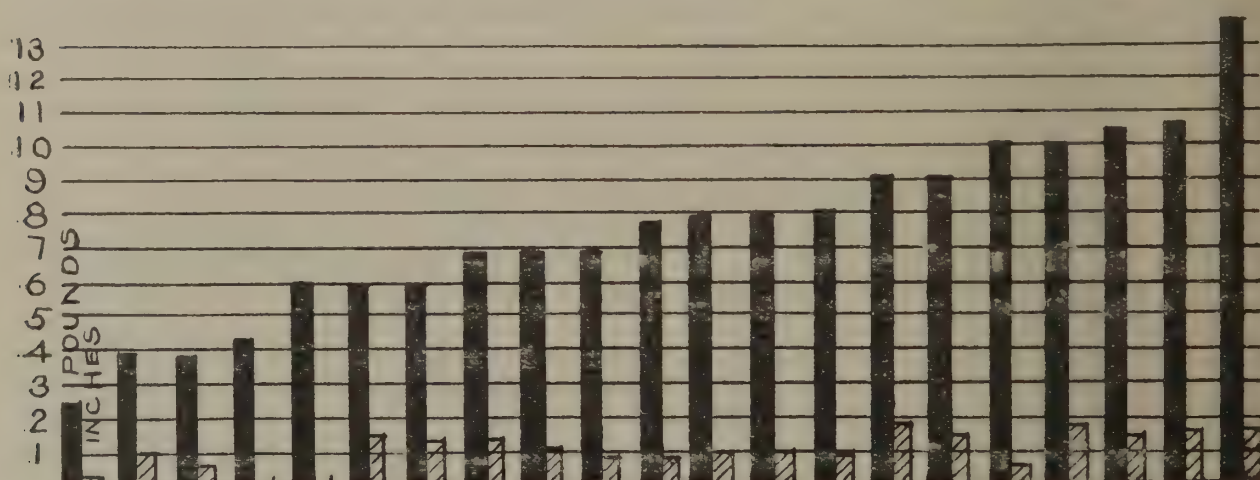

—David Starr Jordan.

Requests for the placement of children into the Fresh Air Room are made by teachers, principals, and parents. Actual placement in this room is made upon the findings of the school physician of local and out of town physicians, and of clinics.

Certain of these children are underweight and some are excessively nervous. There are also children who have asthmatic or heart conditions. Others have chronic conditions which are not contagious but require special care in regard to rest and food in order to effect a cure.

We are exceedingly fortunate in having Miss Frances Phipps for the teacher in this room. She is admirably fitted for her position. Her understanding of health problems and their reaction on educational and social values is unusually fine. Under her leadership there is a normal, wholesome atmosphere. The pupils work hard during hours set apart for working and with the individual work that is possible, keep up to grade in studies aside from having time for regular rest periods three times daily in the fresh air and sunshine. In these rest periods, plus the lunches, lie the secret of success in gaining weight and storing strength and energy.

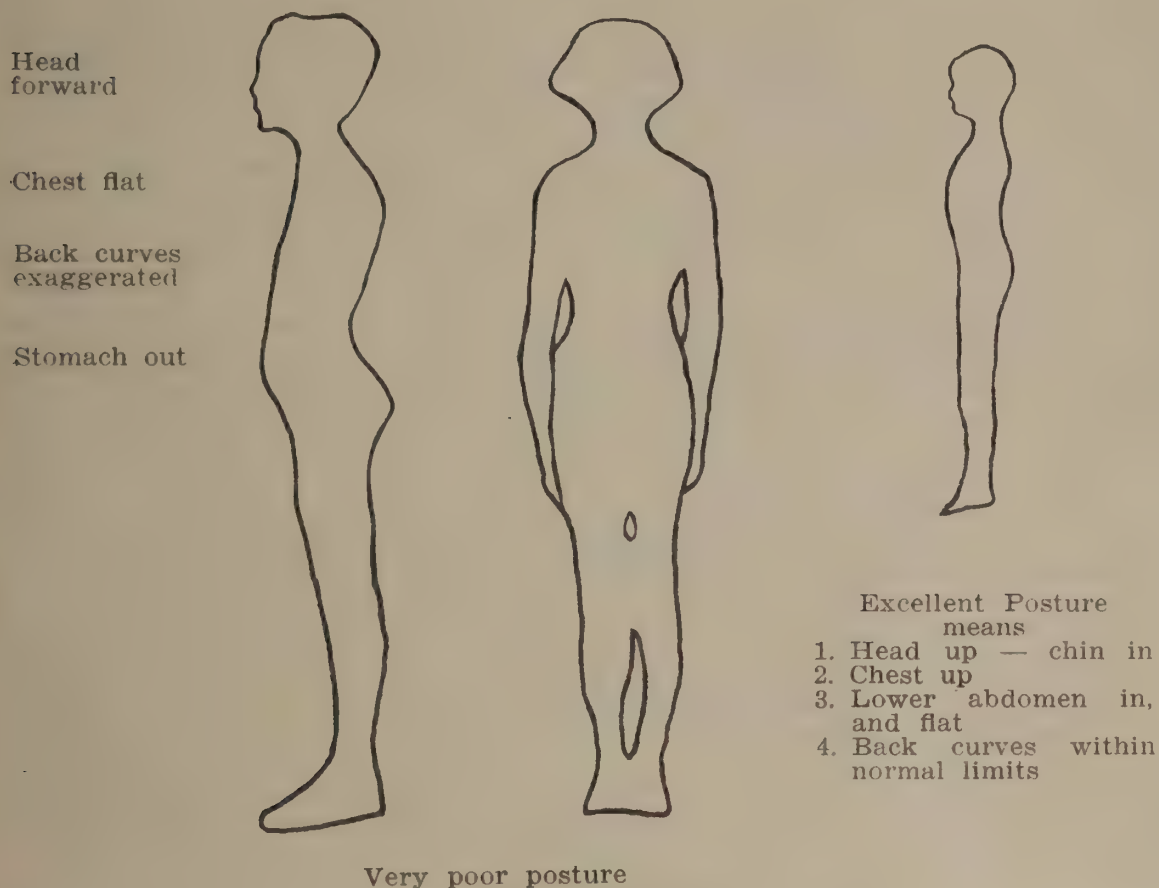

Following is a graph of the gain in weights and heights for this school year.

Each pupil is examined by the school physician at intervals during the year, with the parent present whenever possible. As a result no defect goes unchecked. When conditions warrant, it is urged that defects be corrected by the family physician. In Health Education we advocate more strongly than ever before, "See your family physician at regular intervals and keep fit." In other words, "An ounce of prevention is worth a pound of cure."

This year the class was taken into Boston University to have pictures taken of their posture. Each child was given a tracing of his own posture and of a model of excellent posture. Each child's defects were written in so that he could see what he had to correct. Then corrective exercises were given under the supervision of the physical education director. Below is an example of the posture tracings.

Economies in this room have been practiced in so far as possible without detriment to the children. With the coming of spring when appetites lag and the children are more active out of doors, the menu has been varied to include more salads, cream, eggs, and fresh vegetables. It has been necessary to have the cots recovered. Miss Mildred Stratton, the sewing teacher, has taken over the work of mending and patching the Eskimo suits which have become frayed. Thus we can make them do for another year.

This year we have had more children than usual who could not pay for lunches. Many who paid at the beginning are now able to pay only part of the cost. We find the parents very appreciative and willing to make an effort to pay some part of the expense of transportation and lunches. We encourage this attitude.

You have helped make all this possible through your donations of money for the maintenance of this room this year. We already have seventeen pupils who should either continue in or be admitted to this room next year and the fall physical examinations may reveal more. The work of this room is one of the school's outstanding achievements. Its influence is growing. We are proud of the history of results. We want you to know that we deeply appreciate your interest and generosity and we hope for your continued support.

HILDA M. ROGERS,  
School Nurse

REPORT OF SCHOOL DENTIST

Mr. dear Mr. Turner:

This report will cover the period spent at the Dental Clinic from the opening of the school term in September, 1932, until the closing of the Dental Clinic in March, 1933.

At the beginning of the school year a dental examination was made of the entire school system. The record of the dental defects were noted on the health cards. Many children were found to be in excellent condition while many more could be in the same condition after having a prophylactic treatment.

The largest percentage of children needing attention is found in the lower grades up to and including the sixth.

Our work was abruptly terminated early in March so that the number of children receiving attention and the amount of work done was much less than usual. However, many of the emergency cases and much of the routine work were disposed of in that period. Naturally a large amount of routine work was not finished.

The demand for treatment at the Clinic continues to grow as economic conditions remain as they are, proving that parents are not in a position to assume this work as before. It seems to me that a work well started should not be allowed to lapse.

Number of children treated at clinic	.	.	.	.	.	.	.	125
Number of appointments	.	.	.	.	.	.	.	256
Number of children, work completed	.	.	.	.	.	.	.	70
Number of extractions	.	.	.	.	.	.	.	79
Number of cleanings	.	.	.	.	.	.	.	93
Number of amalgam fillings	.	.	.	.	.	.	.	62
Number of cement fillings	.	.	.	.	.	.	.	59
Number of Silver Nitrate treatments	.	.	.	.	.	.	.	68
Number of half-days at Clinic	.	.	.	.	.	.	.	38

In conclusion I wish to thank you and all the parents and teachers for their hearty cooperation with me in this work.

Sincerely yours,

WILBER H. MORRILL, D. D. S.,  
School Dentist

January 12, 1934.

REPORTS OF SUPERVISORS OF ATTENDANCE

Dear Sir:

I hereby submit my report as Supervisor of Attendance of the Belcher-Collicot districts for the year ending December 31, 1933.

Number of notices received . . . . .	40
Number of pupils kept by parents . . . . .	11
Number of pupils kept at home on account of illness . . . . .	9
Number of pupils kept at home for want of clothing . . . . .	2
Number of pupils kept at home for other causes . . . . .	5
Number of truants . . . . .	13
Cases taken to Court . . . . .	2

Respectfully yours,

HENRY F. BRIERLY

Dear Sir:

I herewith submit my report as Supervisor of Attendance for the year ending December 31, 1933.

Number of notices received . . . . .	10
Number of different pupils . . . . .	4
Number of pupils kept at home by parents . . . . .	1
Number of truants . . . . .	1
Cases taken to Court . . . . .	1

Respectfully submitted,

ARTEMUS MacQUARRIE

A WORD MORE

We are still experiencing the disturbances that trail along in the wake of war. In those countries in which the masses of the people have not had the advantages of general schooling, the upheavals have been greater, even to the overturn of governments. The day is gone when educated leadership alone is all that is necessary to maintain economic, social, or political balance in a nation or a community. There must also be educated, intelligent followers. But these considerations are too general and remote to have meaning for people pushed to their limit in the activities necessary to maintain a living in the changing present.

The general welfare of our community as of the nation is inseparable from adequate support of public school education. The uncertainties that sprang from insufficient financial support of schools for the year that is gone must give place to confidence, if the educational development of their children expected and demanded by the people is to be restored. The ten cents an hour that has been the limit to educate a child in Milton under recent appropriations has been carefully spent. It will not yield more.

Our principals and teachers, loyal to their charges and their profession, have done much to lessen the effects upon children from insufficient funds for schools.

I am confident that there will come greater moral and financial support of schools in Milton.

Respectfully submitted,

HORACE F. TURNER,  
Superintendent of Schools

## QUOTATIONS FROM RULES AND REGULATIONS OF THE SCHOOL COMMITTEE

---

### 1. Admission to Kindergarten and to First Grade

Section 45. Children who will be five years old before January 1 of the following year may be admitted to the kindergarten during the month of September. Children who will be six years of age before January 1 of the following year may be admitted to the first grade during the month of September. Provided further that children mentally above the age requirement limit be admitted to school during the first month of the school year, or later if their residence in Milton began after the beginning of the school year.

### 2. Tuition Pupils

Section 69. Tuition fees at the rate of \$125 (One Hundred Twenty-five Dollars) per year in the High School, \$100 (One Hundred Dollars) per year in the Junior High School, and \$75 (Seventy-five Dollars) per year in the elementary schools shall be paid by non-resident pupils to the Town Treasurer at the beginning of each term. Pupils whose term bills have not been paid at the end of the second week, from the time the bills have been rendered shall be required to discontinue their attendance at school.

### 3. No-School Signal

Section 61. The signal 2-2 sounded four times on the fire alarm at:  
7:15 means no school sessions for all schools for entire day.

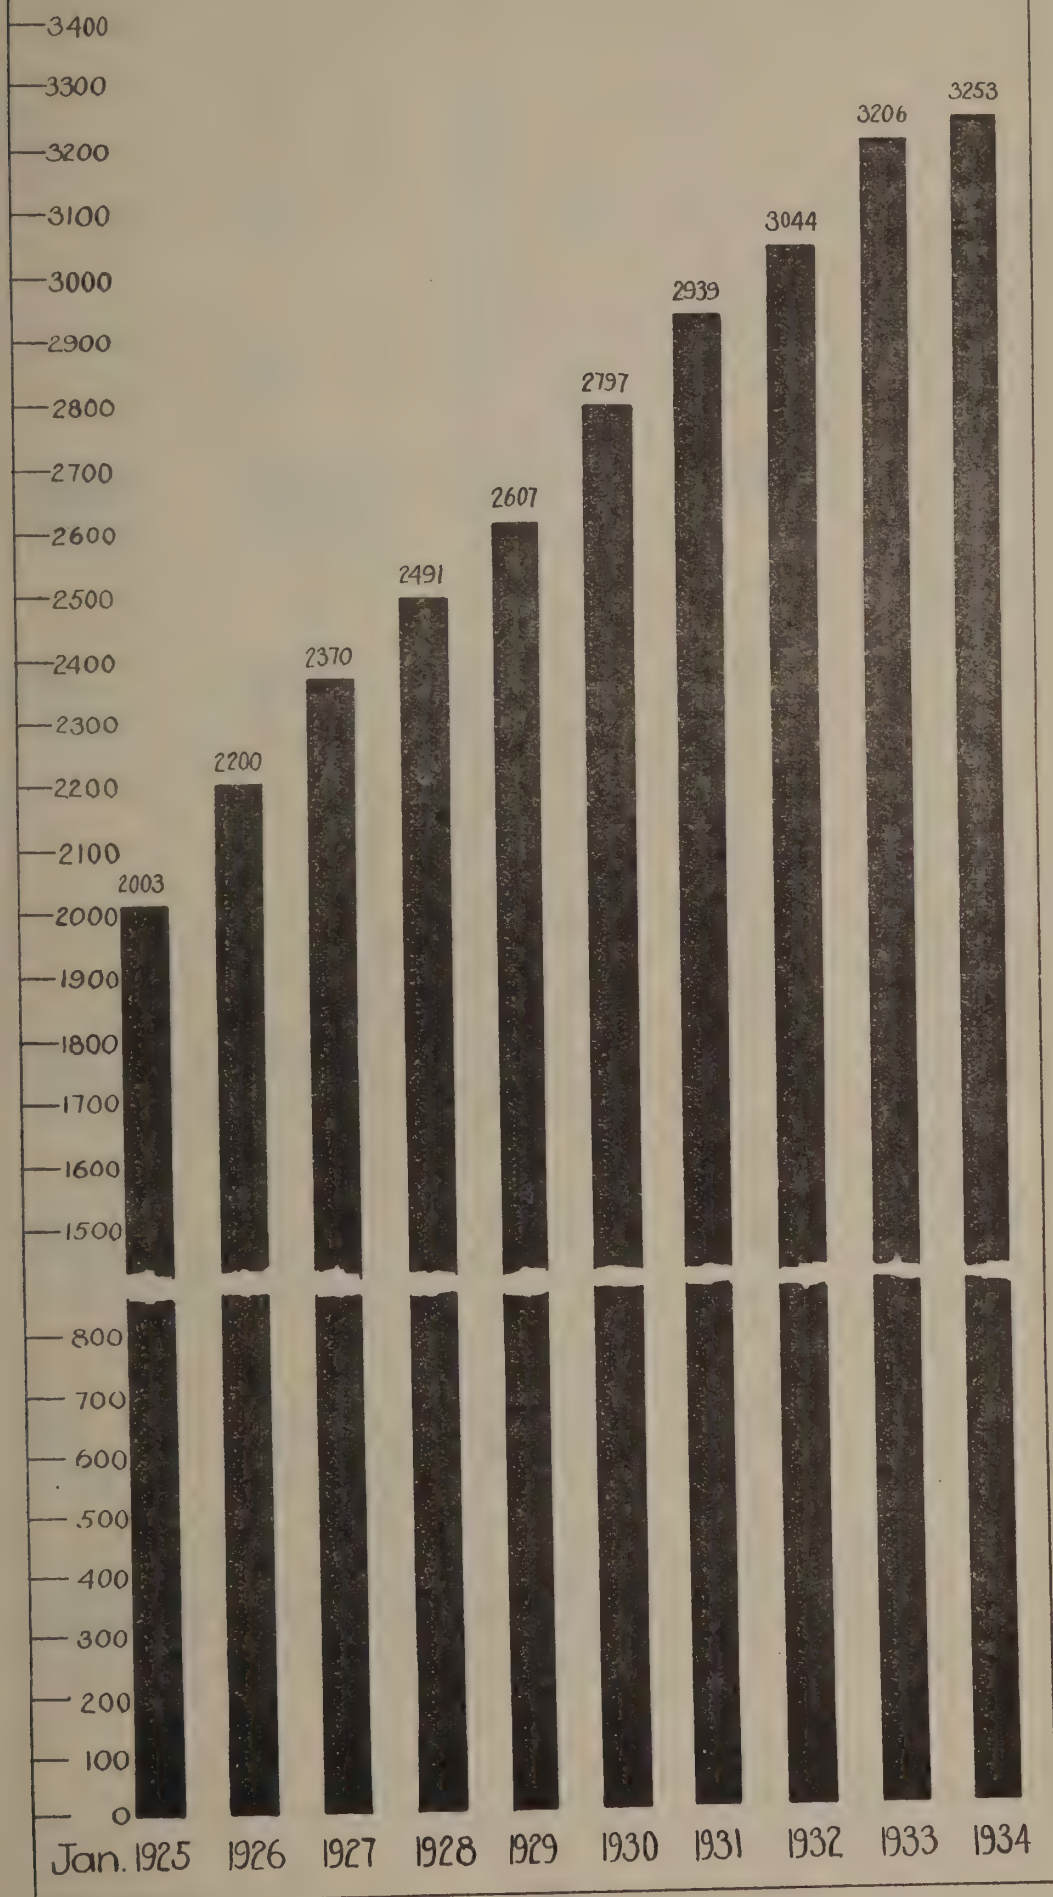

7:30 means no afternoon session for all schools below the Junior High School.

This signal will not be sounded if the 7:15 or the 7:30 signal has been sounded. The session at the Vose School will not be affected by this signal.

The 7:15 signal will rarely be sounded, as it includes the closing of the High and Junior High Schools.

The widely varying conditions in the several parts of Milton make it difficult to reach decisions equally fair to all interests. Parents are, therefore, expected to exercise discretion in regard to their own children.

Centenary College . . . . .	1	Miss Sackers School of Design . . . . .	1
Miami University . . . . .	1	Tilton School . . . . .	1
Bishop Cheverus . . . . .	1		

During the past school year the placement of needy pupils in part time work as well as permanent employment was somewhat discouraging. This was particularly true during the first half year. When school was open in the fall, however, a very decided change was noted and employment increased greatly. Many pupils seeking the aid of part time work have been placed and several graduates placed in permanent positions. The demand for girls to act as mothers' helpers seem to lead all other types of part time employment. Pupils have also been placed as temporary salesmen, general work, (such as cleaning rugs, washing windows, raking leaves, etc.) and several girls were asked to assist in the Schick Test Clinic conducted in the schools by the local Board of Health.

All demands for permanent employment have been for stenographers or typists.

**SIXTY-THIRD GRADUATION EXERCISES**  
**MILTON HIGH SCHOOL**

---

**Class of 1933**

Auditorium  
Thursday Evening, June Eighth  
Eight O'Clock

Senior Orchestra

# SEVENTEENTH CHORAL CONCERT

## given by Milton High School Glee Club and Chorus

School Auditorium

Friday, May 5, 1933, at 8.15 p.m.

Miss Carrie E. White, *Director*

Mrs. Anne Mackay Sears, *Accompanist*

Mrs. Marjorie Warren Leadbetter, *Soprano*

Mr. Raymond Eaton, *Baritone*

### An Evening of Opera

<p>Salutation . . . . .</p> <p>Music it was we brought from heav'n On an angel's breath so pure. And it alone may we carry back, As a thing which shall endure.</p>	<p style="text-align: right;">Samuel Richard Gaines</p> <p>And thus uplifted do we mount, Like some celestial throng, To realms of world-forgotten joy. On wings of living song.</p>
---	--

Triumphal March from "Aida" . . . . . *Giuseppe Verdi*

### Chorus and Glee Club

Gavotte: Lords and Ladies from "Mignon" . . . . . *Ambroise Thomas*  
Girls' Voices

Alice Dowdall, June McLaren, *Dancers*

Aria: Je Suis Titania from "Mignon" . . . . . *Ambroise Thomas*  
Marjorie Warren Leadbetter

Ambroise Thomas was one of the leading figures in French music and was a genius in the use of orchestral combinations, but his best known works are his operas, of which "Mignon" is a favorite.

In the second act of this opera, the actors and guests issue from the castle proclaiming the beauty and talent of "Filina." She, in the flush of her triumphs, likens herself to the gay and capricious fairy queen, "Titania," and sings this brilliant "Polonaise."

Aria: Vision Fugitive from "Herodiade" . . . . . *Jules Massenet*  
Raymond Eaton

Danse de la Gipsy from "Henry VIII" . . . . . *Camille Saint-Saens*  
Mary Hughes, *Dancer*

### PART TWO

Choral Fantasia from "Il Trovatore" . . . . . *Giuseppe Verdi*  
Glee Club, Mrs. Leadbetter, Mr. Eaton

<p>Standchen . . . . .</p> <p>My Mother Bids Me Bind My Hair . . . . .</p> <p>Valse du Colibri from "Mouille" . . . . .</p>	<p style="text-align: right;"><i>Richard Strauss</i></p> <p style="text-align: right;"><i>Joseph Haydn</i></p> <p style="text-align: right;"><i>Louis Varney</i></p>
---	--

Marjorie Warren Leadbetter

<p>Toreador Song from "Carmen" . . . . .</p> <p>Weyla's Song . . . . .</p> <p>The Rose Enslaves the Nightingale . . . . .</p>	<p style="text-align: right;"><i>Georges Bizet</i></p> <p style="text-align: right;"><i>Hugo Wolf</i></p> <p style="text-align: right;"><i>Nicholas Rimsky-Korsakow</i></p>
---	---

This ever-popular aria for baritone is sung by the toreador Escamillo in the second act of Bizet's "Carmen." The scene shows an inn where Carmen and her gypsy friends are singing and dancing. All hail with joy the arrival of Escamillo who tells them of the dangerous joys of the bull fight, in this remarkably descriptive aria.

Raymond Eaton

Choral Fantasia from "Tannhauser" . . . . . *Richard Wagner*  
Glee Club, Mrs. Leadbetter, Mr. Eaton

<p>Violins . . . . .</p> <p>Trumpet . . . . .</p> <p>Anvil, Gong . . . . .</p>	<p style="text-align: right;">Grace Ford</p> <p style="text-align: right;">Nancy Forbes</p> <p style="text-align: right;">Stephen Celi</p> <p style="text-align: right;">Donald Dodd</p> <p style="text-align: right;">John Lee</p>
